Editor's Note:

The third annual issue of the *Osprey Journal of Ideas and Inquiry* would not have been possible without the generous financial support of the Office of Academic Affairs at the University of North Florida. Interim President David Kline has been instrumental in supporting the Undergraduate Research Program and in creating the journal.

I would also like to thank the University of North Florida Trustees and the UNF Foundation Board. Their generous financial support has made the Undergraduate Research Program and this journal possible. The *Osprey Journal of Ideas and Inquiry* is a tangible sign of their commitment to a first-class undergraduate education for our students. Whereas many universities are only beginning Undergraduate Research Programs, UNF's has become an institution.

My deepest gratitude goes to my student editor Karin Kovacova, an International Business major and a May 2003 graduate of the University of North Florida. Karin has devoted countless hours to editing the journal, preparing the graphs and pictures, and seeing the project through to completion. It is my good fortune that Karin will be remaining at UNF next year to enter the Masters of Business Administration program. I look forward to her continuing as my Student Editor.
