Notes

The employment estimates in this databook come from the ACS and therefore reflect the 5-year timeframe of 2010-2014; they are not directly comparable with the more timely Bureau of Labor Statistics estimates, which are released with a much shorter lag time. Since the BLS does not release local community area employment estimates, the ACS is the only source for this information..

The sum of all the Chicago Community Areas may not exactly match ACS totals for the City of Chicago because Community Area estimates must be of the methods used to allocate census tracts into community areas.

Chicago Community Areas by Race and Ethnicity
