# ▶ MESSAGE TO THE COMMUNITY

FROM THE CHAIR AND PRESIDENT/CEO

## FORWARD

2013 was a great year in many ways, but perhaps most importantly the year's accomplishments hold their place in our ascending organizational timeline 2012...2013...2014...and beyond. We must always be moving forward. Not just onward. Not simply continuing. Forward. Our fund holders expect it, as does the nonprofit community and the people they serve.

Community foundations are full of data – assets, grants, funds – and these numbers do tell part of the story. In 2013 the CFMC grew to \$173 million in total assets. Granted \$10 million. Started 25 new funds and received gifts totaling \$12 million. Additionally, we began sharing information on Community Impact grant applications with our donor advisors. They responded by making \$280,000 in grants to support the high-priority projects of our nonprofit partners.

Data doesn't tell the whole story. In 2013 we committed to a deeper understanding and involvement in Salinas Valley and Southern Monterey County (defined as Chualar south). A Nonprofit Landscape Study was commissioned. 320 organizations surveyed. We listened at five focus group sessions. We wanted to learn about needs, services providers, and ways the CFMC could facilitate local giving. In King City a group of community leaders showed an interest in creating an affiliate fund, a geographically based fund with local funders and local advisors making local grants. Over the course of the year a leadership group emerged and formed the Southern Monterey County Foundation, an affiliate fund of the CFMC. This fund will focus on King City and areas south to the county line. Our goal is to utilize the template from this affiliate and put it to work in other parts of the county.

Data also doesn't tell the full story of Girls' Health in Girls' Hands, the CFMC initiative that is changing the lives of hundreds of girls in Monterey County. Nor does it speak to how the CFMC responded to the Pfeiffer Ridge Fire in Big Sur. The remarkable stories of people coming together to better some aspect of their community cannot be found in the size and number of awards in the Neighborhood Grants Program. Or how the LEAD program of the Center for Nonprofit Excellence is equipping the next generation of nonprofit leaders.

Forward. On all fronts. You expect no less. Neither should we.

Ann T. Brown  
Board Chair 2013

“WE MUST ALWAYS BE MOVING FORWARD.  
NOT JUST ONWARD. NOT SIMPLY CONTINUING. **FORWARD.**”

# ▶ INSPIRING PHILANTHROPY

Dena and Joel Gambord created a fund, "The Joel and Dena Gambord Foundation," with many of the benefits of a private foundation

## YOUR PARTNER IN PHILANTHROPY

*"What sets us apart is the personal service we provide and our interest in creating the greatest good for Monterey County, now and in the future."*

— CHRISTINE DAWSON, CFMC  
DIRECTOR OF PHILANTHROPIC SERVICES

The CFMC is your local center for philanthropy, working with donors and nonprofits to create healthy, safe, vibrant communities. We work with hundreds of individuals, families and businesses to provide a road map to fulfill their philanthropic vision. We act as a catalyst, providing a bridge between our fund holders and the needs of the community. Our staff has in-depth knowledge about the range of nonprofits working to make our communities stronger.

The CFMC offers a wide range of giving options to support agencies of your choice, including donor advised funds, charitable gift annuities, charitable remainder trusts, gifts of real estate or complex assets and more.

### NEW PHILANTHROPIC SERVICES

We have expanded our capabilities to offer even more options for the donor community.

#### Donor Services

The CFMC's philanthropic services offer expertise and local insight with customized solutions to reflect your charitable vision. Lawyers, estate planners, CPAs and wealth managers trust the CFMC to take the time to understand their clients' specific needs and deliver services that support thoughtful and impactful giving.

#### Private Foundation Services

We now provide a full menu of administrative service options to private foundations—grantmaking consultation and support, research and due diligence, site visits, accounting services and more—all while you retain your foundation identity. Services can be tailored to meet the needs of each foundation, reducing the administrative burden and maximizing charitable giving.

#### Corporate Funds

These funds offer custom services to help businesses plan, govern and operate their corporate giving program. The CFMC provides a range of grantmaking support, from research and proposal screening to the distribution and tracking of customized grant checks.

#### Donor Recommended Investment Management

Donors who wish to establish a fund at the CFMC (over a minimum threshold amount) can now have their assets managed by their current investment manager. This allows donors and advisors to maintain their investment relationships while benefiting the community.

▶ Please contact us at 831.375.9712 or visit [www.cfmco.org](http://www.cfmco.org) to learn how the CFMC can move your philanthropy forward.

## CELEBRATING PHILANTHROPY

The CFMC annually honors an individual or couple who has demonstrated exceptional generosity and commitment in supporting charitable causes in Monterey County. In 2013, the award was presented to Warren Wayland of Hayashi & Wayland. As the award recipient, he was able to designate a \$10,000 CFMC grant to the nonprofit of his choice, Public Recreation Unlimited, for Rabobank Stadium. "Warren contributes his time as an active board member as well as financial resources to strengthen local nonprofits, especially in the area of youth sports," said Ann Brown, 2013 Board Chair.

# GIVING NOW & LATER

## PAUL LAWRENCE AND MARIAN BUCCAFURNI

*“It is important for us to give back both during our lifetimes and when we are gone.”*

— PAUL LAWRENCE AND MARIAN BUCCAFURNI

Paul Lawrence and Marian Buccafurni founded a biotechnology company in Silicon Valley in 1985. Over the next 15 years, the company developed technologies, a large patent portfolio and manufactured products, becoming a desirable takeover candidate. After selling the company in 2000, Paul and Marian had more time and resources to devote to philanthropy. They moved to Pacific Grove full time, having been weekend and holiday residents since 1990. In 2007, Paul and Marian relocated to the Florida Keys, although they still return to the Monterey Peninsula for several months each year.

**Giving Now** Paul and Marian established a donor advised fund at the Community Foundation to facilitate their philanthropy today. They appreciate the flexibility in supporting their favorite nonprofit organizations. A primary area of support is education. Each year Paul and Marian provide partial scholarships to several students selected for their academic excellence, regardless of financial need. “It is a way to support those institutions that helped us during our high school and college years,” said Marian. Local areas of interest include animal welfare, science and the arts. Paul and Marian chose a donor advised fund because of the convenience. “The Community Foundation handles all the transactions and takes care of the documentation. I really like that. We don’t have to worry about it,” Marian commented.

**Giving Later** The couple also wanted to establish a charitable legacy through their estate. In 2001, Paul and Marian established a Charitable Remainder Unitrust (CRUT) with some of the stock from the sale of their company. The

Community Foundation is one of two beneficiaries, as well as the trustee. As Paul and Marian became more involved with the Community Foundation and familiar with its work, they realized that this vehicle was an excellent way to ensure that the funds were put to the most effective use in the community. In 2010, Paul and Marian donated additional assets to the trust.

**Working with the Community Foundation** Paul and Marian have maintained their connection with the Foundation, visiting each year when they return to the Monterey Peninsula. Before moving to Florida, Marian was involved with the Women’s Fund both as an officer and as a Board member. “It was a very rewarding experience and I am proud of what we all accomplished in growing the Women’s Fund and helping girls and women in Monterey County.”

*“We knew the foundation well, respected what it stood for and the work it did in the community.”*

— PAUL LAWRENCE AND MARIAN BUCCAFURNI

*Planned gifts allow you to create a legacy and support the mission of your favorite nonprofit. A Charitable Remainder Trust or Charitable Gift Annuity can provide valuable benefits such as income for you, a federal income tax deduction, elimination or reduction of capital gains tax, professional management of assets and estate and gift tax savings. The CFMC is available to assist you and your advisors in reviewing the various gift options and determining which might be best to accomplish your objectives.*

Marian Buccafurni and Paul Lawrence enjoy the benefits of partnering with the CFMC

## DISTINGUISHED TRUSTEE AWARD – WARREN WAYLAND (CONT.)

Warren has received many accolades including Salinas Chamber of Commerce Citizen of the Year (twice), Monterey County Cattleman’s Association Cattleman of the Year, the Jefferson Award and the Junior Achievement Laureate. He gave credit to the many individuals and businesses he worked with to accomplish his endeavors and expressed his gratitude to Margie, his wife of 46 years, and his family.

## LEGACY SOCIETY

A legacy gift is the most meaningful, forward-thinking gift of all. By carefully planning your estate, you can benefit yourself, your family and your community by supporting the causes you care about into the future.

Legacy gifts in partnership with the CFMC provide great peace of mind by knowing that your gift will be directed according to your intentions. Legacy Society members make a real and permanent difference in our communities and the quality of life throughout Monterey County.

▶ To learn more about legacy giving, visit [www.cfmco.org/legacy](http://www.cfmco.org/legacy).

The Legacy Society honors and celebrates individuals who have chosen to include the Community Foundation in their will or estate plan, made the CFMC the beneficiary of a life-income gift or created an endowed fund.

## \$9.9 MILLION GRANTED

In 2013 the Community Foundation for Monterey County, together with its fund holders, distributed nearly \$10 million in 908 grants to 440 grantees. Of that total, grants from donor advised funds comprised more than \$3.4 million or 35 percent.

\$4.2 million was distributed through the foundation's competitive grant programs and leadership initiatives to strategically invest in community improvements. These investments helped strengthen the good work of community organizations, primarily in Monterey County, addressing important challenges and critical needs.

CFMC's grant programs and initiatives contribute to the health and welfare of the county's most vulnerable. They support key organizations in the areas of children and youth, health and human services, community development, culture and the environment.

As one of the largest sources of grant funding for area nonprofits, the CFMC seeks to align its resources with the county's greatest needs, while at the same time encouraging collaboration to ensure that its philanthropic capital is effectively invested. Grant committees, made up of board and community representatives from across the county, review proposals and select projects with the greatest promise of making a meaningful difference in the lives of Monterey County's many diverse communities.

### Encouraging Co-investment

By sharing information on local needs with CFMC's fund holders and private foundation partners, more than \$1.4 million was added in local philanthropic support. CFMC fund holders contributed close to \$300,000 to the Community Impact and Neighborhood Grants programs. The Peggy and Jack Baskin Foundation, Clare Giannini Foundation, Monterey Peninsula Foundation, the David and Lucile Packard Foundation and the Nancy Buck Ransom Foundation are among the founders that provided grants to bolster many of CFMC programs and initiatives to strengthen communities.

TOGETHER WE ARE INVESTING IN HEALTHY, SAFE AND VIBRANT COMMUNITIES!

## COMMUNITY IMPACT GRANTS PROGRAM

### INVESTING IN OUR PEOPLE

**VISION:** Monterey County's children and youth are valued and prepared for success. People of all ages live healthy and independent lives and have access to basic health and human services.

- ▶ 57 grants totaling \$1,253,500
- ▶ Special Kids Crusade for the Monterey County Interagency Autism Consortium - \$20,000

▶ Volunteers represent Special Kids Crusade at the Easter Seals "Walk with Me" event at Salinas' Sherwood Park

Autism is the fastest growing developmental disability in the U.S. The Center for Disease Control estimated that in 2012, 1 in every 88 children (and 1 in every 54 boys) would develop autism. The Interagency Autism Consortium is a collaborative effort. Its member organizations include the Monterey County Special Education Local Plan Area, Easter Seals Central California, Monterey County Behavioral Health, King City Union School District and the San Andreas Regional Center. The Consortium's mission is to identify children between birth to 8 years who have or are at risk for mild-to-moderate Autism Spectrum Disorders and to develop a network of therapeutic and parent support services that eligible children and families can access. The program utilizes community health workers to help with outreach and referrals. This grant helped families in Salinas Valley and Southern Monterey County access early intervention Autism Spectrum Disorder services.

### STRENGTHENING OUR COMMUNITY

**VISION:** Communities throughout the Monterey County are cohesive, safe and prosperous places where people work together to build and sustain community assets.

- ▶ 21 grants totaling \$328,000
- ▶ Opportunity Fund of Northern California - \$14,000

▶ Manuel Lopez of Lopez Automotive in Salinas, was able to upgrade his equipment thanks to an Opportunity Fund loan

The 2010 Rural Entrepreneurship Report found entrepreneurship to be the single biggest driver of economic growth, job creation and industrial and technological innovation in California's rural regions. The Opportunity Fund is California's largest nonprofit micro lender, having made 3,500 loans totaling \$40 million since 1993 to California's new and small business owners. The mission of the Opportunity Fund is to advance the economic well-being of working people by helping them earn, save and invest in the future. Ninety percent of Opportunity Fund's borrowers' businesses survive. These businesses increase revenue by an average of 30% within two years of receiving a loan and each loan creates an average of 2.5 jobs. The Opportunity Fund recently expanded its work to the Central Coast and in its first six months in the region supported the start-ups of salon, trucking, landscaping, restaurant and construction businesses. This grant supported approximately 40 small business owners in Monterey County who would be unable to secure a traditional business loan from a commercial bank.

# 116 GRANTS TOTALING \$2,133,780

## CELEBRATING OUR CULTURES

**VISION:** Arts and culture add vitality and meaning to community life where residents and visitors enjoy diverse artistic and cultural opportunities and where historic resources are preserved for generations to come.

- ▶ 28 grants totaling \$411,780
- ▶ Arts Council for Monterey County - Cultural Diversity Project - \$15,000

▶ Aztec Dancers from Yaocuahtli Danza Cultural celebrate their heritage

The Arts Council was established in 1982 to strengthen and promote the arts in our region. Their programs nurture and promote access, participation and excellence in all arts disciplines along with providing technical and financial support. The Cultural Diversity Project supported 25 local cultural groups in their continued efforts in audience development and operations. These are typically volunteer-run, grassroots organizations that represent their unique cultural traditions from a wide variety of regions of the world. The project provides mini-grants, trainings and assistance with event promotion.

***“We were able to organize the first celebration of the Foundation of Mexico Ceremony with 800 community members and Aztec dancers from Northern and Southern California. The grant motivated us to continue this tradition, and now we are planning for the next one.”***

— IZTACOATL CAROL RUVALCABA,  
YAOCUAUHTLI DANZA CULTURAL

## STEWARDING OUR ENVIRONMENT

**VISION:** Monterey County residents engage actively as stewards of our natural environments and the welfare of animals.

- ▶ 10 grants totaling \$140,500
- ▶ Watsonville Wetlands Watch - \$10,000

▶ A Pajaro Middle School student learns to care for the environment through the Wetland Stewards program

Watsonville Wetlands Watch’s mission is to protect, restore and foster appreciation of the freshwater wetlands of Pajaro Valley. This grant was made in support of the Wetland Stewards program, which helps young people develop the necessary attitudes and behaviors to protect wetlands. The program’s three focus areas are: education on watershed ecology; promotion of wetland stewardship; and exposing students to environmental conservation career paths. The program involves high school students (many of whom are past program participants) as intern mentors to the younger students. Wetland Stewards involves inquiry-based activities at nearby wetlands, and its curriculum is compatible with California science standards. This grant supports the participation of Pajaro elementary and middle school students in the after-school program.

***“I worked as a Wetland Steward for a year which helped me grow more confident and conscious of the effects we have on the environment.”***

## CENTER FOR **NONPROFIT EXCELLENCE**

The Center for Nonprofit Excellence (CNE) uses a focused, in-depth approach to strengthen local nonprofit agencies. The CNE partners with organizations over time, listening closely to their concerns and offering multiple resources and support to lay the foundation for their long-term sustainability and success.

### Resources to Connect, Lead and Thrive

The CNE offers a broad menu of services:

- single and multi-session in-person seminars which allow organizations to learn and apply new skills (2013 topics included fundraising, program design and nonprofit business model analysis, among others)
- confidential consultation and resource referrals
- a robust web presence, where nonprofits can access a wide selection of resources and relevant webinars
- pro bono business consulting services from the Stanford Alumni Consulting (for selected nonprofits)
- organizational development grants
- leadership training and support

▶ To access these resources visit [www.cfmc.org/cne](http://www.cfmc.org/cne).

Sixty-eight organizations and 160 individuals participated in workshops, many in organizational teams. Multi-session seminars incorporated applied learning and one-on-one coaching from presenters in between sessions. Nonprofits built relationships to support the use of the newly-learned skills and possibilities for partnering.

### Strengthening Nonprofit Leadership

Leadership is key to organizational excellence. In 2013, twenty nonprofit board chairs and 12 executive directors participated monthly in separate leadership support groups, and 17 nonprofit managers graduated from the LEAD Institute. Thirteen board development “toolkits” are now available on the CFMC website, allowing board members to strengthen their skills and move their organizations forward.

### ▶ Spectordance Benefits From CNE Resources

SpectorDance in Marina offers world-class modern dance with pieces choreographed by its founder and inspired by local issues. Building such an organization has required inspiration, commitment and lots of hard work. Beginning in 2006, SpectorDance participated in a CFMC arts management institute, began attending workshops and consulting with staff. They have also used organizational development grants to develop a strategic plan, improve their website and marketing and participate in national professional development. As a result, SpectorDance has built a strong and vital board of directors and pool of volunteers and secured new and exciting opportunities, while still relying on a small staff and focusing resources on community programs. Organizations that utilize a variety of resources over time and maintain a commitment to ongoing learning benefit the most from CNE’s offerings.

*The Center for Nonprofit Excellence has received a generous grant from the David and Lucile Packard Foundation to support its activities.*

## CLP OF THE CENTRAL COAST

### More than \$1 Million Granted

The CFMC is proud to lead the Central Coast Collaborative of the Community Leadership Project (CLP). This three-year initiative works with the community foundations in San Benito and Santa Cruz counties to strengthen the long-term capacity of nonprofits serving low-income communities and people of color in the tri-county region. CLP benefits smaller organizations that provide important services in these communities.

With CLP grants of \$80,000 each over three years, 14 organizations have assessed their strengths and identified areas for growth. Using consultants, training and coaching, they are expanding their boards, clarifying job descriptions, developing plans for stronger fundraising and improving internal operations and community outreach. Two CLP grantees have enrolled staff in the CFMC's LEAD Institute. CLP grantees include:

**MONTEREY COUNTY:** Alisal Center for Fine Arts / Big Sur Health Center / Community of Caring Monterey Peninsula / Loaves, Fishes & Computers / Sol Treasures / The Village Project / **SAN BENITO COUNTY:** CASA of San Benito County / Community Food Bank / Homeless Coalition of San Benito County / **SANTA CRUZ COUNTY:** COPA / Conflict Resolution Center / Pajaro Valley Arts Council / The Watsonville Law Center / YWCA of Watsonville

*The CLP of the Central Coast is collaboration between the CFMC, Community Foundation Santa Cruz County and the Community Foundation for San Benito County. It is funded by The David and Lucile Packard Foundation, The James Irvine Foundation and The William and Flora Hewlett Foundation as part of their larger Community Leadership Project initiative to strengthen small nonprofit organizations serving low-income people and communities. Now in its second phase, CLP I began in 2009.*

## FUTER ESSENTIAL HUMAN SERVICES GRANTS

### \$1.5 Million Invested to Strengthen Monterey County's Safety Net Services

The Food Bank for Monterey County is one of the safety net services strengthened by Futer grants

2013 marks the second year of a \$1.5 million investment in the Futer Essential Human Services grant program, a three-year initiative to strengthen basic human services in Monterey County. Ten high-performing, anchor human service organizations were awarded three-year operating grants of \$50,000 per year to develop new business models and approaches to delivering services to those most in need: Coastal Kids Home Care, Community Human Services, Food Bank for Monterey County, Franciscan Workers of Junipero Serra, Housing Resource Center, Legal Services for Seniors, Shelter Outreach Plus, Sun Street Centers, United Farm Worker Foundation and YWCA Monterey County. Each organization is working on individualized capacity-improvement goals based on their assessment of what is needed to build their organization's ability to prosper as an essential component of Monterey County's safety net.

*Futer grants are funded by the Rudy E. Futer Fund for Human and Humane Needs of the Community Foundation for Monterey County.*

## CHANGING LIVES OF WOMEN & GIRLS

The CFMC's Women's Fund invests in women and girls now to create a better future for us all. Women's Fund grants are transforming lives and creating lasting impact. The fund takes a two-pronged approach to improving the lives of women and girls in Monterey County.

### The Future of Girls

To increase opportunities for middle and high school girls, the Women's Fund created Girls' Health in Girls' Hands. This girl-led collaborative movement for health empowerment gives girls in Monterey County a voice in shaping their futures. With six agencies, 500+ girls, and committed funding partners, we are igniting the power of girls to not only discover their own potential but to also become agents for change. *(See p. 15)*

### Women's Economic Security

In 2013, the Women's Fund awarded \$75,000 in economic security grants, bringing the total to \$150,000 since 2012. Grants have supported organizations that provide the education, training and support that women need to become economically self-sufficient. Projects like Natividad Foundation's Indigenous Interpreters Program and Hartnell College's Women's Education Leadership Initiative (WELI) are helping to pave the path to financial security.

The Women's Fund is encouraging further collaboration and partnership to find and deliver solutions. By helping women build skills, connect to support services and become local leaders, the Women's Fund achieves a powerful return on investment.

*"Investing in women and girls has the highest return for the health, education and general prosperity of entire communities."*

*Our vision is that every woman and girl in Monterey County has what she needs to be healthy, confident, and able to fulfill her dreams.*

## ENDOWMENT - WHY STOP HERE?

The CFMC has raised more than \$1 million towards the Women's Fund endowment. This provides a permanent source of funding for grants and programs for women and girls in Monterey County.

When women thrive, their families thrive and communities are transformed. Although needs will change over time, the importance of addressing those needs will remain constant. The Women's Fund is one of 160 funds in the global Women's Funding Network.

# GIRL POWER!

## GIRLS' HEALTH IN GIRLS' HANDS

Girls' Health in Girls' Hands (GHGH) is a girl-centered program that amplifies the voices of Monterey County girls. The countywide collaborative was founded by the CFMC in 2012 to help girls ages 11-18 gain better access to health information, support and services. Hundreds of girls not only have accessed more comprehensive and integrated health information, but have developed leadership skills and helped to influence positive changes at their schools and in their communities.

### Partner Agencies Collaborate

GHGH is comprised of six organizations that deliver girl programs. The **Boys & Girls Clubs of Monterey County, Girls Inc. of the Central Coast, Monterey County Health Department, Monterey County Rape Crisis Center, Planned Parenthood Mar Monte** and the **YWCA Monterey County** have come together to work towards a unified voice for girl-led change. Agency staff

share resources and created a Girls Leadership Network to connect girls from all over the county. They organized a summit with girl-led workshops, physical activities, a healthy eating demonstration, and opportunities to participate in advocacy campaigns.

The group benefited from the support of a new program manager, Eva Holt-Rusmore, and GHGH alumna and intern, Roxanna Sanchez. Roxanna was part of the first group of girls to work with GHGH in 2009 as a high school student. The program and one particular Women's Fund donor inspired her to pursue a bachelor's degree in Health Science and Child and Adolescent Development. She is currently studying at San Jose State University and volunteers with GHGH when she can.

The initiative was awarded \$300,000 in 2013 from private foundation funding partners. We are grateful to the Peggy and Jack Baskin Foundation, Claire Gianinni Fund, Monterey Peninsula Foundation, The David and Lucile Packard Foundation and the Nancy Buck Ransom Foundation for their continued support of this important movement.

# ▶ CREATING OPPORTUNITIES

## OPPORTUNITY GRANTS PROGRAM

### Helping Local Nonprofits

The Opportunity Grants program is designed to help local nonprofits innovate, build stronger organizations, and respond quickly to time-sensitive needs. The CFMC awarded \$212,427 to 54 organizations for two distinct types of opportunity grants.

**Organizational Development grants** support internal capacity building. In 2013, organizational development grants totaling \$135,087 went to 33 organizations, funding one-time projects that make a significant positive change. Projects ranged from strategic and business planning

to communications, fundraising and program development strategies and the use of advanced technology. Support from the David and Lucile Packard Foundation supplemented CFMC funding.

**Emerging and Urgent Needs grants** address situations that arise outside of the Community Impact grant cycle or when a small grant is needed to test an innovative idea or capture a promising opportunity. \$47,840 was granted to 11 nonprofits.

### Big Sur Day Camp Created

Captain Cooper Elementary School's Parent Club received \$3,000 to bring a new YMCA day camp program in Big Sur. District funds had been cut and children in Big Sur have few alternatives for summer activities. Through a new partnership with the Central Coast YMCA, the Parent's Club raised funds to support the much-needed summer day camp program. The group raised more than 50% of the funds and the school provided the facility and custodial fees. The CFMC grant completed the funding needed for this community driven collaborative to bring the YMCA's proven program to Big Sur.

## NEIGHBORHOOD GRANTS PROGRAM

### Supporting Resident Leadership

The Neighborhood Grants Program (NGP) is just one of the ways the CFMC demonstrates its commitment to supporting resident leadership and community change. Since 1997, NGP has awarded over \$750,000 in grants, ranging from \$500 to \$4,000, to resident-led groups throughout Monterey County. In 2013, NGP awarded 26 grants totaling \$75,500.

Neighborhood grants benefit local groups who help beautify their communities and keep them safe, youth sports teams, arts organizations that provide positive after school activities, advocacy and support groups, such as parents of children with special needs, and many more. Grantees

are selected based on community need, population served, organizational capacity, geographical location and the project's overall impact. These grants provide a significant boost to these grassroots organizations.

In addition to financial support, NGP provides technical assistance in leadership development, fundraising, planning, membership recruitment, and financial management. NGP grants help strengthen these groups so that they can make a meaningful difference in their communities.

▶ For more information, visit [www.cfmco.org/ngp](http://www.cfmco.org/ngp).

***"Resident leaders who volunteer countless hours to improve the overall conditions of their communities are the real backbone behind the Neighborhood Grants Program."***

— AURELIO SALAZAR, JR.,  
CFMC PROGRAM OFFICER

### ▶ Rescate Verde Community Garden

Rescate Verde (Spanish for "Green Rescue") is a resident-led group in East Salinas committed to improving their neighborhood through educational projects, such as their community garden. In collaboration with Sustainable Salinas, Salinas Valley Solid Waste Authority and the Salinas United Business Association, participants learn the importance of teamwork, understanding plant cycles, producing healthy organic foods and discovering their own individual talents. A neighborhood grant was awarded to purchase new materials for collecting rainwater, an irrigation system, and to rebuild an existing greenhouse out of recycled materials. As a result, elementary school students from the Alisal Union School District now have the opportunity to go on local field trips for a hands-on experience in community gardening, and even more importantly, learn the value of residents working together to better their community.

## WAYS TO GIVE

The CFMC manages more than 350 charitable funds for individuals, nonprofits and businesses. Funds can be established to benefit individual organizations, specific types of nonprofits (such as arts, youth and the environment) or unrestricted to respond to changing community needs. The CFMC is a trusted steward of both philanthropic assets and donor intent. There are many ways you can partner with the CFMC to strengthen communities throughout Monterey County. You can:

- create a donor advised fund
- donate to an existing fund
- consider a charitable gift annuity
- make a planned gift.

▶ Please contact us at 831.375.9712 or visit [www.cfmco.org/waystogive](http://www.cfmco.org/waystogive) to learn more.

COMMUNITY FOUNDATION for MONTEREY COUNTY

▶ A young "Read to Me" student shares a heartfelt thank you for receiving a donated book

▶ The Big Sur Fire Fund was created by the CFMC with a \$10,000 grant. The fund grew to \$70,000 thanks to community support and the full amount has been granted to local agencies helping residents recover from the Pfeiffer Ridge fire.
