

## A PRELIMINARY LIST OF THE ANTS OF WISCONSIN.\*

A. C. BURRILL,

Entomologist of The University of Idaho, Moscow, Idaho,  
and

M. R. SMITH,

Of The Truck Crop Insect Investigations, U. S. Department of  
Agriculture, Baton Rouge, La.

The ants listed in this paper represent collections made by Dr. W. M. Wheeler, of Harvard University, Mr. C. E. Brown, of the University of Wisconsin, the writers and others. To Mr. T. E. B. Pope, Curator of The Milwaukee City Museum, the authors are indebted for a list of the species of ants in the museum, and to the other gentlemen mentioned, the authors are indebted for the use of their records.

The collector's initials, instead of his full name, are used for brevity.

**OHIO ACADEMY OF SCIENCE.**

---

---

**Annual Meeting.**

---

At a meeting of the Executive Committee, held in Columbus, on December 8th, it was decided to hold the next Annual Meeting of the Academy in Columbus, May 30 and 31, 1918. The usual detailed notice will be issued later.

Saturday, June 1, will be available for field trips for such of the sections as may desire to hold them, the late date being unusually adapted to this purpose.

A more prominent place on the program will be given to the exhibition of specimens, microscopic preparations, drawings, models, scientific apparatus, etc., than at previous meetings. It is expected that definite hours will be assigned for such demonstrations, when the exhibitors will be present to give any desired explanations.

EDWARD L. RICE, *Secretary.*
