Historical Society and County Record Publications from the United Kingdom: A Finding Guide

Abstract

The attached excel sheet is intended to be used as a finding aid for county records series and the publications of various historical societies in the United Kingdom. This document was created to support the work of Professor Margo Todd, her students, and the University of Pennsylvania's Department of History. The information provided in this document is based on series holdings in the University of Pennsylvania libraries, primarily Van Pelt-Dietrich, as well as those held in storage at LIBRA. It is designed to give a quick reference to these holdings, where they are located, and which geographic region they cover. It is by no means exhaustive and is a work in progress, but it should give the reader a good idea of the holdings available to the UPenn community.

Historical Society and County Record Publications from the United Kingdom: A Finding Aid

The attached excel sheet is intended to be used as a finding aid for county records series and the publications of various historical societies in the United Kingdom. This document was created to support the work of Professor Margo Todd, her students, and the University of Pennsylvania's Department of History. The information provided in this document is based on series holdings in the University of Pennsylvania libraries, primarily Van Pelt-Dietrich, as well as those held in storage at LIBRA. It is designed to give a quick reference to these holdings, where they are located, and which geographic region they cover. It is by no means exhaustive and is a work in progress, but it should give the reader a good idea of the holdings available to the UPenn community.

Organization of the Workbook

The workbook is divided into five categories, which correspond to tabs in the workbook:

National: Indicates national societies which cover histories pertaining to Great Britain, Wales, Scotland, Ireland, or a combination of these areas.

Scotland: Contains information on series specific to certain counties or areas of Scotland.

Wales: Contains information on series specific to certain counties or areas of Wales.

Great Britain: Contains information on series specific to certain counties or areas of Great Britain, including the Isle of Man and Jersey.

GB Regional: Contains information on series specific to certain areas (combined and historical counties) of Great Britain.

Notes on Use

Each of the tabs has grouped listings of its corresponding areas. Only the areas for which UPenn has records are included. These groupings may be opened or closed using the **+** and **-** signs to the left of the sheet. Click on the **+** next to the desired area to show all the records for that area; click the **-** to minimize the area. To quickly expand or minimize the entire sheet, use the **1 2** buttons; 2 expands the sheet, and 1 minimizes it.

1 2	A
1	Call Number
+	6 GREAT BRITAIN
+	105 WALES
+	116 SCOTLAND
+	146 GREAT BRITAIN/WALES
+	164 GREAT BRITAIN/IRELAND
+	172 IRELAND
+	177 SCOTLAND/IRELAND

Abbreviations and Notes

- ### in the Call Number column indicates that the series appears under a variety of call numbers, likely different for each title. See the Notes column for more information.
- **VP:** Van Pelt
- **RB&M:** Rare Book and Manuscript library
- The Notes field gives more information on holdings, locations, and general clarifications. This field may also give tips on searching for these records in Franklin and indicate if holdings are listed in multiple locations or under multiple call numbers.
- Each series is grouped together by color; the actual color is arbitrary.

- Each title under the “Series” column has been taken directly from the Franklin record; most of these titles are not standardized in Franklin and will vary.
