Examiner I : Mirza Ramandhika, ST,MT

A. DEFENSE PROCEDURE

The thesis defense of Design Guildeline and Architecture Planning with the title about “Readjustment *Tsuboya-Ychimun Dori* as Pottery Center in Naha City, Okinawa, Japan” held at 08.30 am, an the examiner team were Mr. Ir. Indriastjario, M.Eng., Mrs. Ir. Wijayanti, M. Eng., and Mr. Mirza Ramandhika S.T, M. T.

The presentation held in 60 minutes with the following discussion topic:

- A. Introduction
- B. Review of Related Literature
- C. Data
- D. Analysis
- E. Design Guideline

The resume of the thesis defense discussion and the suggestion from the examiner were explained bellow:

1. From Mr. Mirza Ramandhika, ST,MT

- **Question**

- 1) How is the relation between the theory that used and the implication of the design guideline?

- **Answer**

- 1) We can see from the matrix table of *Objective of Urban Design*, there are relation between the theory and its implication for the design guideline.

- **Suggestion**

Please make more detail about design guideline and its detail existing with its implication design. Because in Japan every project make in detail, include the dimension and measurements, etc.

2. From Mrs. Ir. Wijayanti, M. Eng.

- **Question**

- 1) Where is the design guideline for the 7 principal of Universal Design that will you applied in your design?

- **Jawaban**

- 1) The design guideline for the 7 principles of Universal Design will be applied in the street furniture design, especially in the pedestrian ways.

- **Suggestion**

Please make the matrix table of the 7 principles of Universal Design that you used on your design. It is important to have achievements from your design guideline. So that, we can see the target of your design.

B. THE REVISION RESUME OF THIS THESIS IN FINAL ASSIGNMENT-PERIOD 134

Based on the questions and suggestions from the examiner team and supervisors in thesis defense (as the news events attached), it is necessary to have revision to be given a proper design guideline as the requirement to continue to the next step in Exploration Defense.

I am completely responsible for this news events of thesis defense about Design Guideline and Architecture Planning.
