

# Agroforestry Systems Orchards

*How far can biodiversity increase agricultural systems sustainability ?*

# From co-design to evaluation

- A 6-years project (2012-2018)
- 2 farms in south-east of France
- Similar ***objectives*** : reduce input, increase ecosystemic services & system robustness
- Different co-***designs*** : diversification, commercialization, animal integration...
- Ex-ante assessment to improve designs

# Plateforme TAB

# Durette Farm
