Compiled by David E. Spiech

with help from Elizabeth Garman and Catherine Blose

*The following cumulative index (*Documentary Editing* 25:4 [Winter 2003]) reflects theories and practices that have changed in the past couple of decades as represented in the annual indexes of the journal (1979–2003) and also the 10th anniversary cumulative index in the December issue of 1989. Major inconsistencies and omissions have been corrected in the current version; differences in indexing decisions remain. For full searchability an electronic version of this index in the anniversary issue of *Documentary Editing* is available on the web sites of the Association for Documentary Editing and the Institute for American Thought, the institutional sponsor of the ADE's journal at Indiana University Purdue University Indianapolis (IUPUI).
