

HUNTING ETIQUETTE

-- found in Amy Vanderbilt's
new revised edition of Etiquette

For big game hunting
(deer & moose)
neutral toned heavy duty
breeches, boots, & hunting jackets
are necessary
with either a red hunting cap
or a red patch on the back of the jacket
or a red handkerchief
tied around the shooting arm.

Again, white must not be worn
as a flash of white
might be mistaken by another hunter
for the white of a deer's tail.

In matter of terminology,
one "shoots" other birds but "hunts" duck.
You "hunt" deer and other four-footed game.
