A promotional banner for Applied Physics Reviews. On the left is a small image of the journal cover for 'Applied Physics Reviews', showing a diagram of a layered structure. The main background is a dark blue gradient with a bright light source on the right, creating a lens flare effect. The text 'NEW Special Topic Sections' is written in large, white, bold letters. Below this, 'NOW ONLINE' is written in yellow, followed by 'Lithium Niobate Properties and Applications: Reviews of Emerging Trends' in white. The AIP Applied Physics Reviews logo is in the bottom right corner.
