

Znanje dostupno svima – smjernice Europskoga kardiološkog društva

Europsko kardiološko društvo (*European Society of Cardiology* – ESC) stručna je i znanstvena organizacija posvećena trajnom unaprjeđenju kardiovaskularne prakse zasnovane na dokazima. ESC okuplja nacionalna kardiološka društva i s iznimnom uspješnošću potiče sve ključne elemente u razvoju suvremenе kardiologije. Posvećenost znanju jedno je od ključnih opredjeljenja ESC-a pa se na mrežnim stranicama društva mogu potpuno besplatno preuzeti integralni tekstovi svih smjernica te drugi korisni edukativni materijali.
