

## THE RELATIVE IMPORTANCE OF PIG WELFARE IN SEVEN EUROPEAN COUNTRIES

**Zein KALLAS<sup>1,2</sup>; Antoni DALMAU<sup>3</sup>; Antonio VELARDE<sup>3</sup>; Diego MAGNANI<sup>3</sup>; Maria MORENO<sup>3</sup>;  
Vicky PROTOPAPADAKI<sup>3</sup>; Vicky RIBIKAUSKAS<sup>4</sup>; Daniel RIBIKAUSKIENE<sup>4</sup>, José María GIL<sup>1,2</sup>**

<sup>1</sup> Centre for Agro-food Economy and Development, Castelldefels, Barcelona, Spain.

<sup>2</sup> Universitat Politècnica de Catalunya. BarcelonaTech, Barcelona, Spain.

<sup>3</sup>IRTA, Animal Welfare program, Torre Marimon, Barcelona, Spain.

<sup>4</sup>Lithuanian University of Health Sciences, Institute of Animal Science, Baisogala, Lithuania

## 1. INTRODUCTION

- ❑ **ANIMAL WELFARE** is becoming a relevant **FACTOR**.
- ❑ Consumers are **DEMANDING** animals being reared **AS CLOSELY AS POSSIBLE** as they would be in their **NATURAL CONDITIONS**.
- ❑ Is becoming a prominent **POLITICALLY SENSITIVE** issue in EU
- ❑ Resulting in **CONTINUOUS CHANGES** in **REGULATIONS**.
- ❑ **BAN** a number of **INTENSIVE** farming methods.

## 1. INTRODUCTION

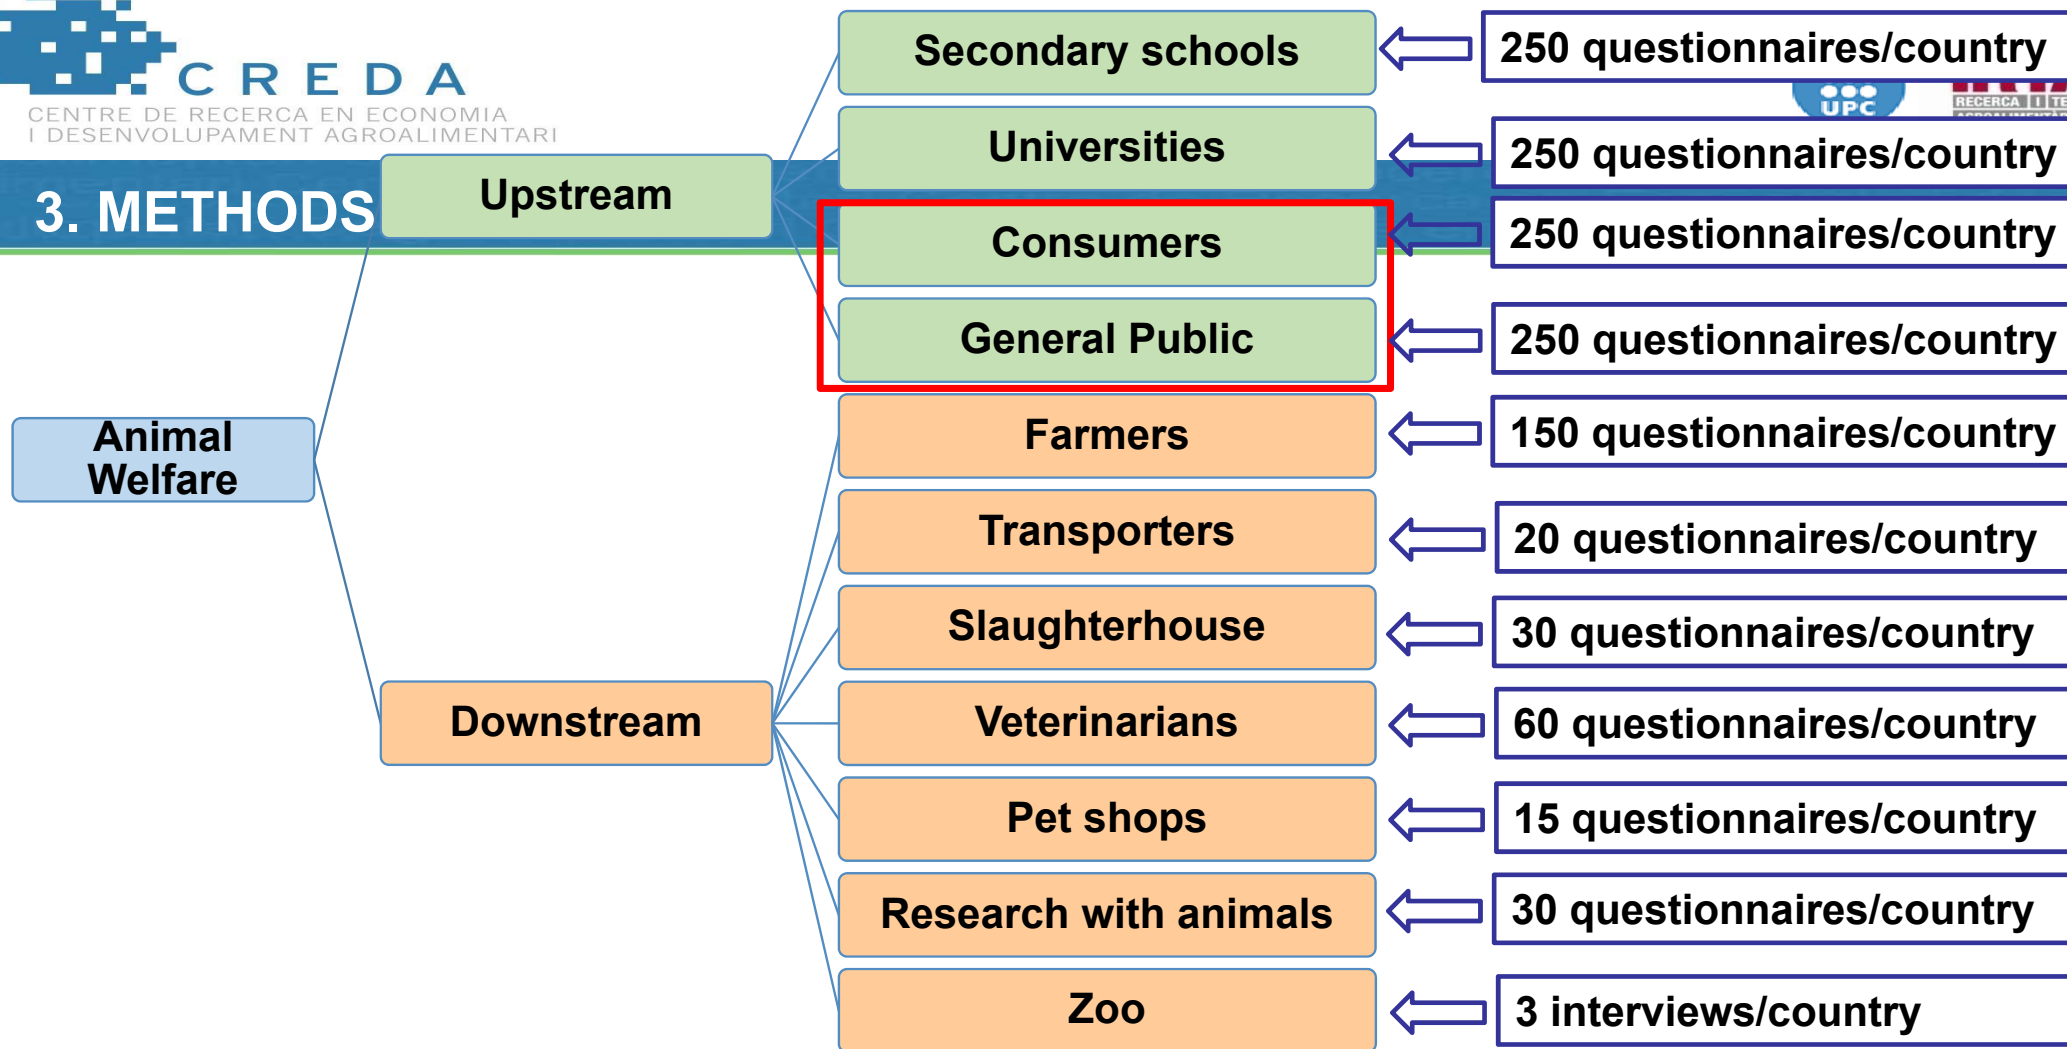

- ❑ **PIG WELFARE** is receiving **SPECIAL ATTENTION**.
- ❑ **BANNED** the use of **SOW STALLS** by **January 2012**.
- ❑ **POTENTIAL BAN OF SURGICAL PIG CASTRATION** (Voluntary end by January 2018)

## 2. OBJECTIVES

- **ANIMAL WELFARE PERCEPTIONS** , in particular the **RELATIVE IMPORTANCE** of Pig amongst other **ANIMAL** production systems, in 7 European countries: **SPAIN, ITALY, GREECE, ROMANIA, UK, SWEDEN, POLAND** and **LITHUANIA**.
  - **SUBJECTIVE** and **OBJECTIVE** information level across the seven countries
  - **OPINIONS** towards the **CURRENT REGULATIONS** about animal welfare
  - **INFORMATION SOURCES** and credibility
  - **SEGMENTATION** of countries regarding **ANIMAL WELFARE ASPECTS**

### 3. METHODS

**FACE TO FACE SURVEYS** and **DEEP INTERVIEWS** for different stakeholders

Country		Romania	Italy	Spain	Greece	Lithuania	United Kingdom	Poland	Sweden
Region (%)	North	33.3	43.3	34.4	33.3	31.4	34.2	61.3	14.4
	Centre	66.7	25.3	31.8	33.3	31.6	52.2	26.9	-
	South	-	31.4	33.8	33.3	36.9	13.6	11.9	85.6
Area (%)	Rural	49.7	51.1	52.7	50.0	23.0	44.4	44.8	35.4
	Urban	50.3	48.9	47.3	50.0	77.0	55.6	55.2	64.6
Employment situation (%)	Unemployed	1.7	9.9	7.1	19.2	11.5	7.7	2.3	4.6
	Self-employed	17.0	22.0	5.1	23.4	0.8	8.5	1.3	6.07
	Salaried	64.4	26.7	64.8	35.5	61.0	57.4	76.7	66.3
	Retired	9.0	8.4	3.3	10.4	2.1	4.1	4.0	0.4
	Student	3.8	25.5	18.3	7.7	23.5	19.2	15.2	20.0
	Housewife	4.2	7.6	1.4	3.7	1.0	3.0	0.6	2.1
Gender (%)	Female	61.1	57.9	60.3	62.9	81.5	54.9	70.0	75.8
	Male	38.9	42.1	39.7	37.1	18.5	45.1	30.0	24.2
Age categories (%)	18-30	26.4	40.5	35.6	28.1	62.1	58.2	38.1	45.0
	31-40	33.5	23.2	31.0	22.9	15.6	14.7	23.3	21.5
	41-55	29.7	23.4	22.6	36.3	13.1	20.0	26.3	26.7
	+55	10.4	12.9	10.8	12.7	9.2	7.1	12.3	6.9
Age (average)		38.9	37.4	37.0	40.7	32.2	32.9	37.5	34.9
Observations (n)		481	487	494	480	480	478	480	480
Total		3,860							

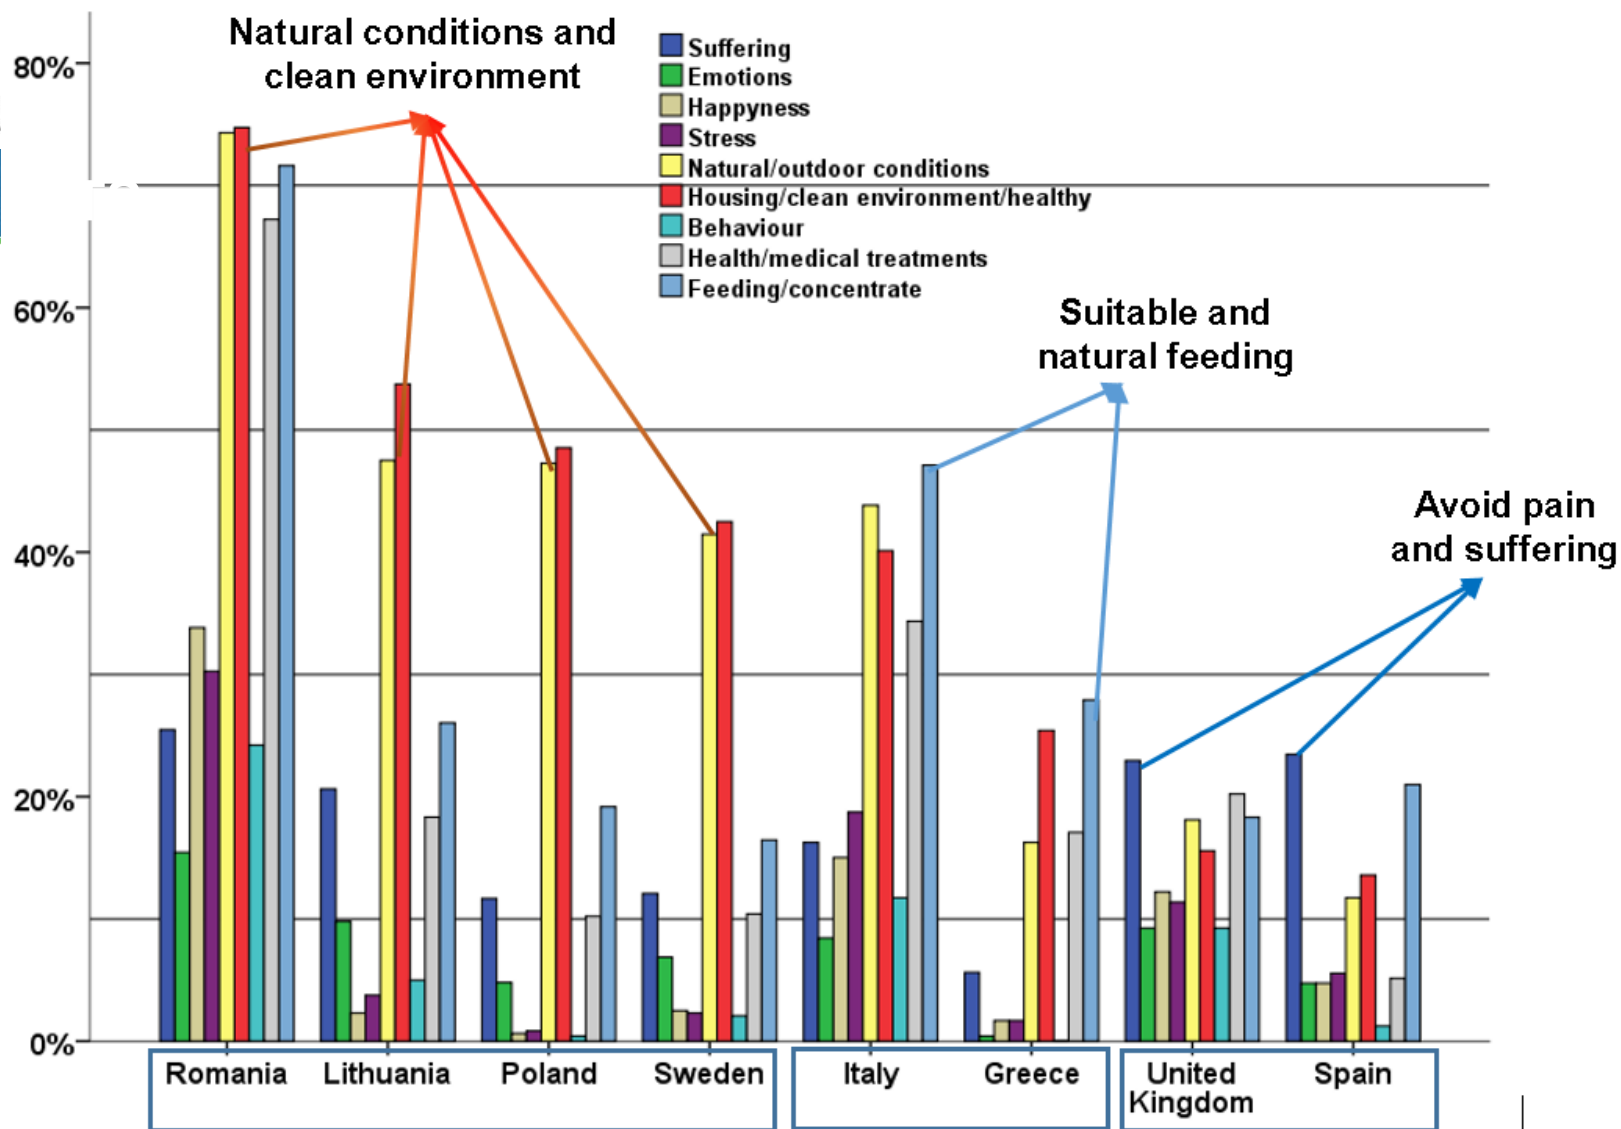

Figure 3: What animal welfare concept means across countries

Country	Romania	Italy	Spain	Greece	Lithuania	United Kingdom	Poland	Sweden
Subjective information (0-10)	<u>4.43<sup>d</sup></u>	<u>4.55<sup>d</sup></u>	<u>4.28<sup>d</sup></u>	<u>4.24<sup>d</sup></u>	<u>5.64<sup>b,c</sup></u>	<u>5.14<sup>c</sup></u>	<u>6.25<sup>a</sup></u>	<u>5.72<sup>b</sup></u>

In your opinion, how much informed are you about animal welfare?

Non-informed    0    1    2    3    4    5    6    7    8    9    10    Very informed

Figure 4: Subjective information level about animal welfare across countries

Which of the followings aspects do you think are regulated by Animal welfare legislation?

1. **SPACE** allowance per animal in relation to the weight
2. Age and method of the **CASTRATION** of animals
3. The limitation to use **CAGES** and ties in animals
4. The obligation for certain species to use straw as **BEDDING** material or environmental enrichment material
5. The animals that are suitable or not to be **TRANSPORTED**
6. The obligation to stun animals before **SLAUGHTERING**
7. The obligation to **FEED** animals after certain hours at the slaughterhouse
8. The obligation to use showers in cases of **HEAT STRESS**
9. The obligation to have background **MUSIC** in farmyards
10. The obligation to limit the **GROUPS** of animals to 4 individuals
11. The obligation to have available **WATER** for animals that are transported, whatever the duration of transport
12. The obligation that animals have a space for **RESTING** before slaughtering
13. The number of animals per **DRINKING** troughs in the pen

	Romania	Italy	Spain	Greece	Lithuania	United Kingdom	Poland	Sweden
T test for difference	-2.79	-2.56	-4.68	-3.87	2.73	2.46	8.01	1.76
P value	0.005	0.01	0.000	0.000	0.007	0.014	0.000	0.078

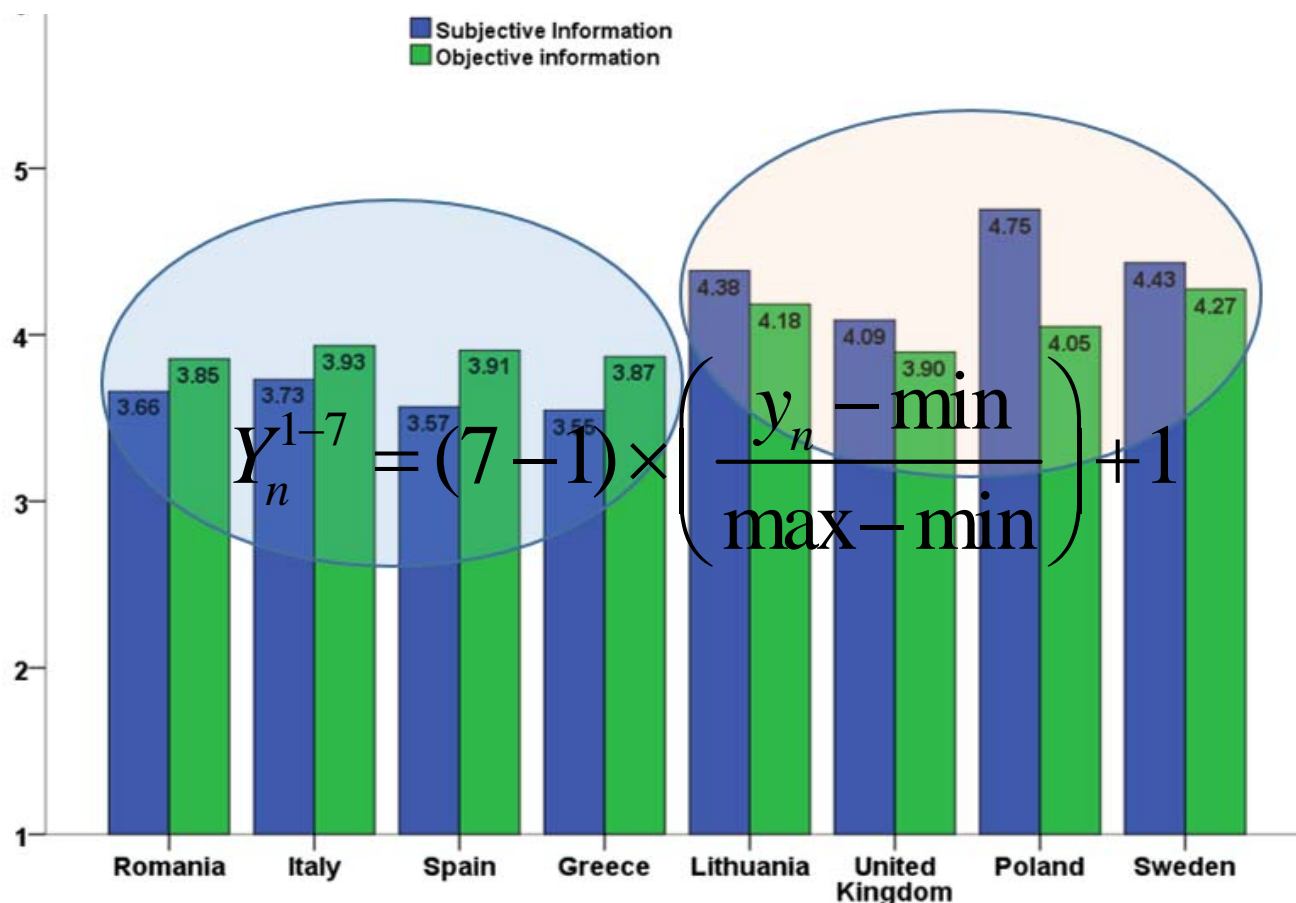

Figure 6: Subjective and objective information level on common scale across countries, Portugal

Country	Romania	Italy	Spain	Greece	Lithuania	United Kingdom	Poland	Sweden
Opinion to current regulations (0-10)	4.95 <sup>c</sup>	4.90 <sup>d</sup>	4.62 <sup>d</sup>	3.93 <sup>d</sup>	4.68 <sup>d</sup>	5.69 <sup>b</sup>	5.77 <sup>b</sup>	6.37 <sup>a</sup>

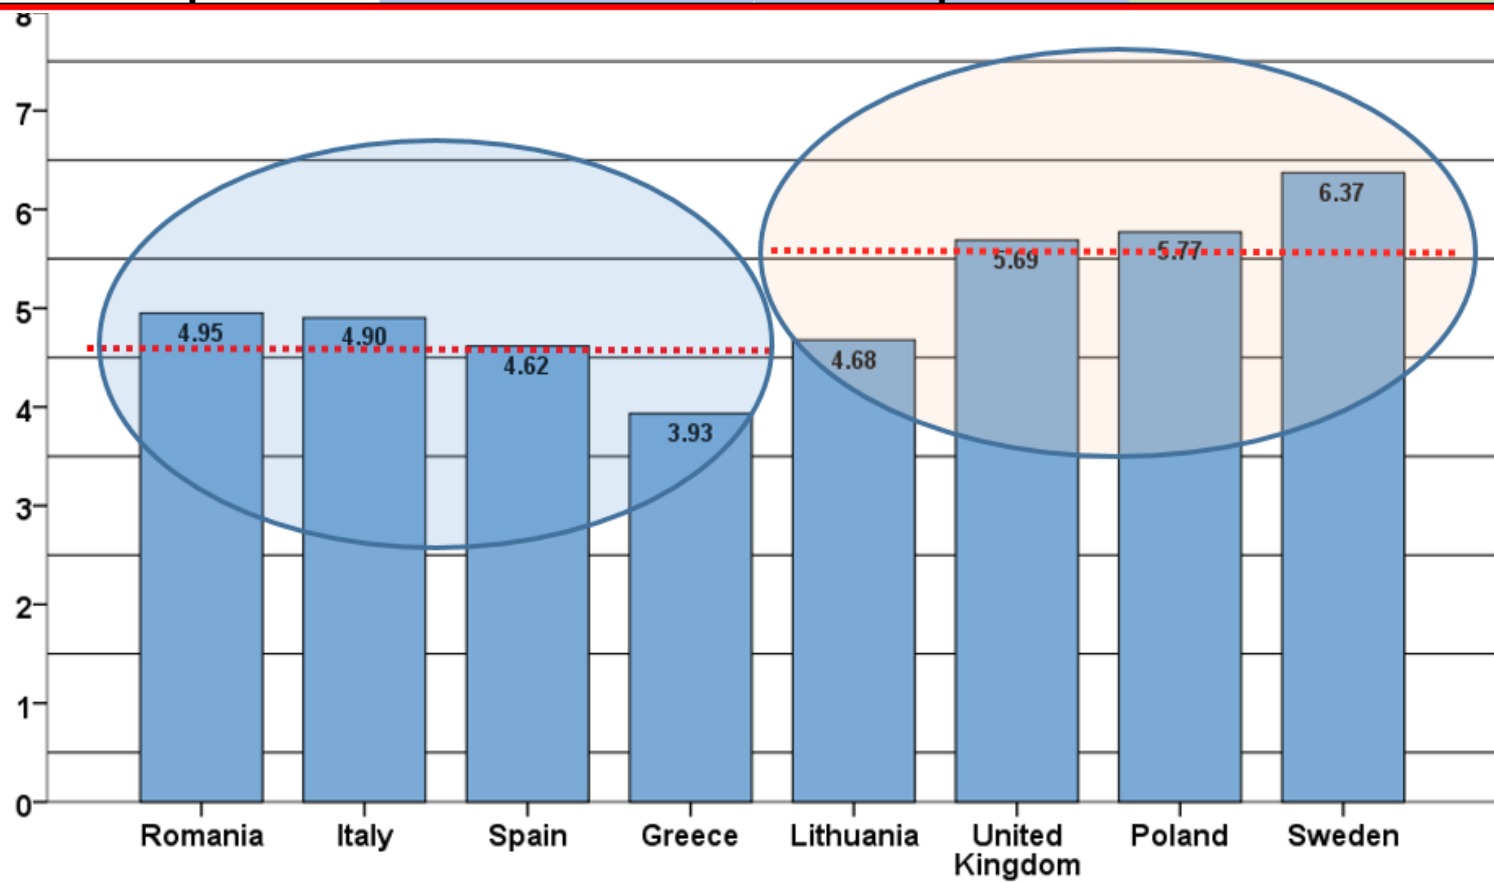

Figure 7: Opinions regarding the current level of animal welfare regulations gre, Portugal

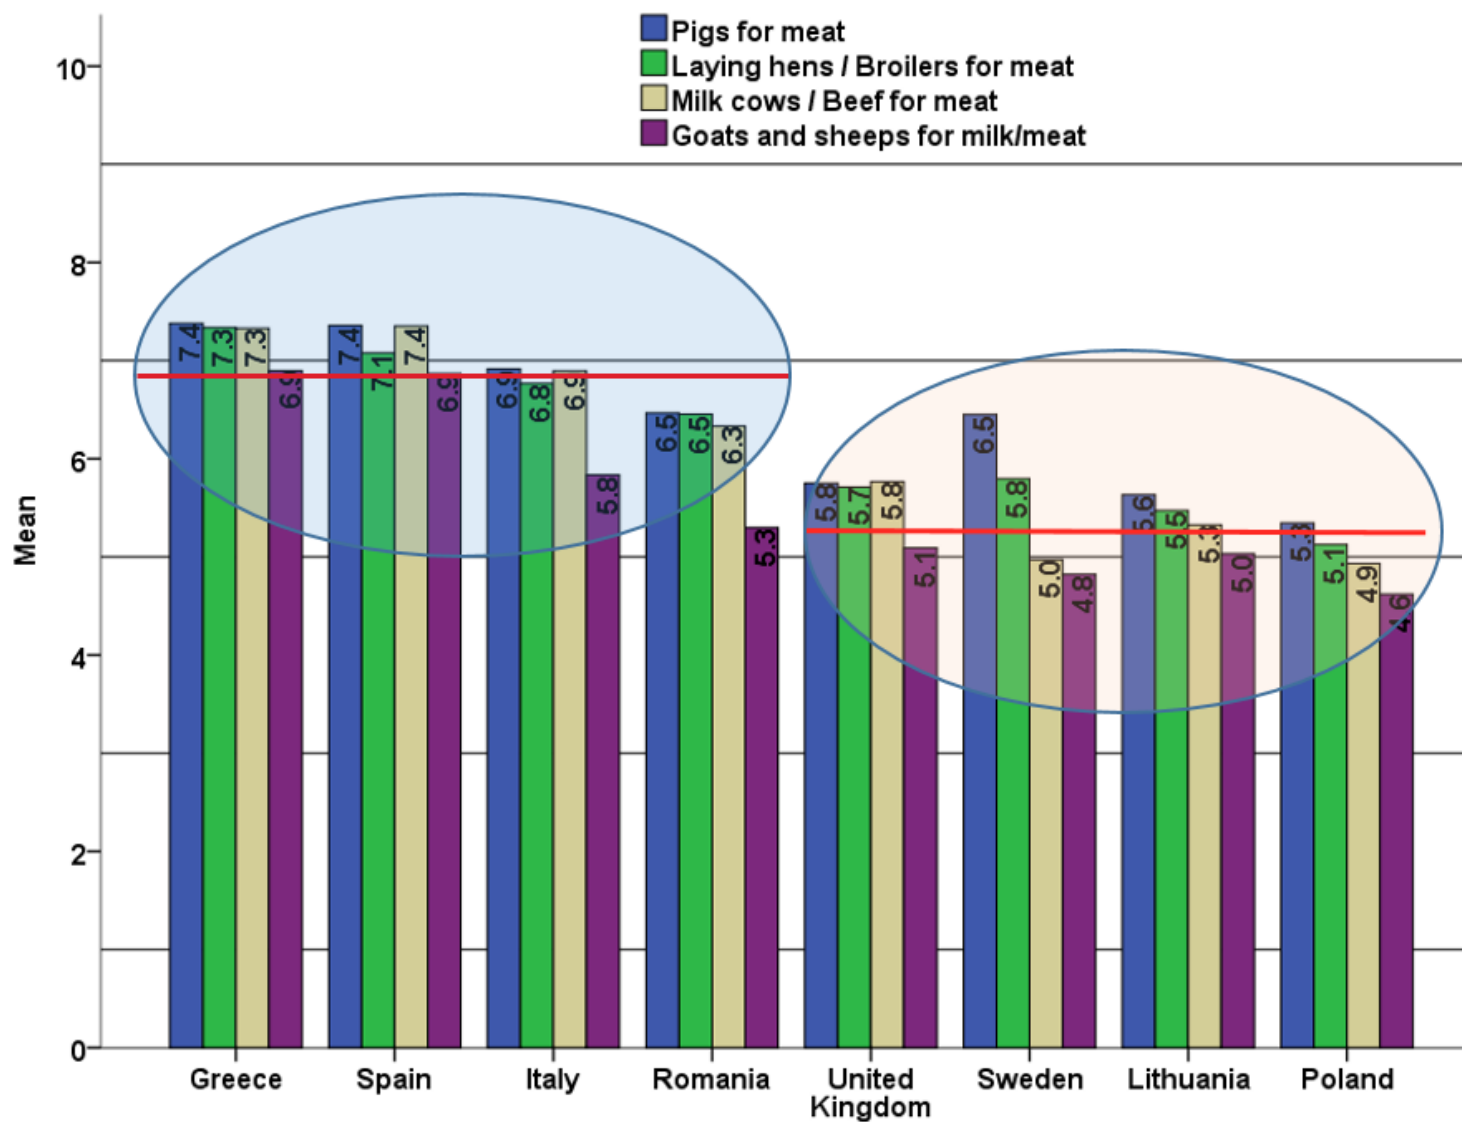

## 4. RESULTS

	Romania	Italy	Spain	Greece	Lithuania	United Kingdom	Poland	Sweden
<b>Correlation with opinions regarding the current level of animal welfare regulations</b>								
<b>Subjective information</b>	0.33 <sup>***</sup>	0.23 <sup>***</sup>	0.16 <sup>***</sup>	0.17 <sup>***</sup>	0.31 <sup>***</sup>	0.21 <sup>***</sup>	-0.14 <sup>***</sup>	0.04
<b>Objective information</b>	0.19 <sup>***</sup>	0.09	0.23 <sup>***</sup>	0.07	0.16 <sup>***</sup>	0.18 <sup>***</sup>	-0.02	0.01

**INFORMATION** level, **POSITIVE OPINIONS** towards current level of animal welfare regulations

## 4. RESULT

Paper 1 **Figure 8: Worry levels regarding the animal welfare of different animal species**

3, Portugal

- a) News from TV and radio
- c) Specific programs/ radio or TV documentaries
- d) Generalist newspapers

e) Specialized magazines

f) Books

g) Informative brochures

h) Label of the products

i) Communication campaigns of private companies

j) Generalist websites in internet

k) Specialized websites in internet

## Principal Component Analysis (PCA)

- Varimax method for rotation
- Eigen value ( $> 1$ ) for extraction

## Goodness of fit

- Alpha of Cronbach = 0.81
- Explain 62% of the total variability
- Kaiser-Meyer-Olkin = 0.79
- Bartlett test ( $\chi^2$  highly significant)

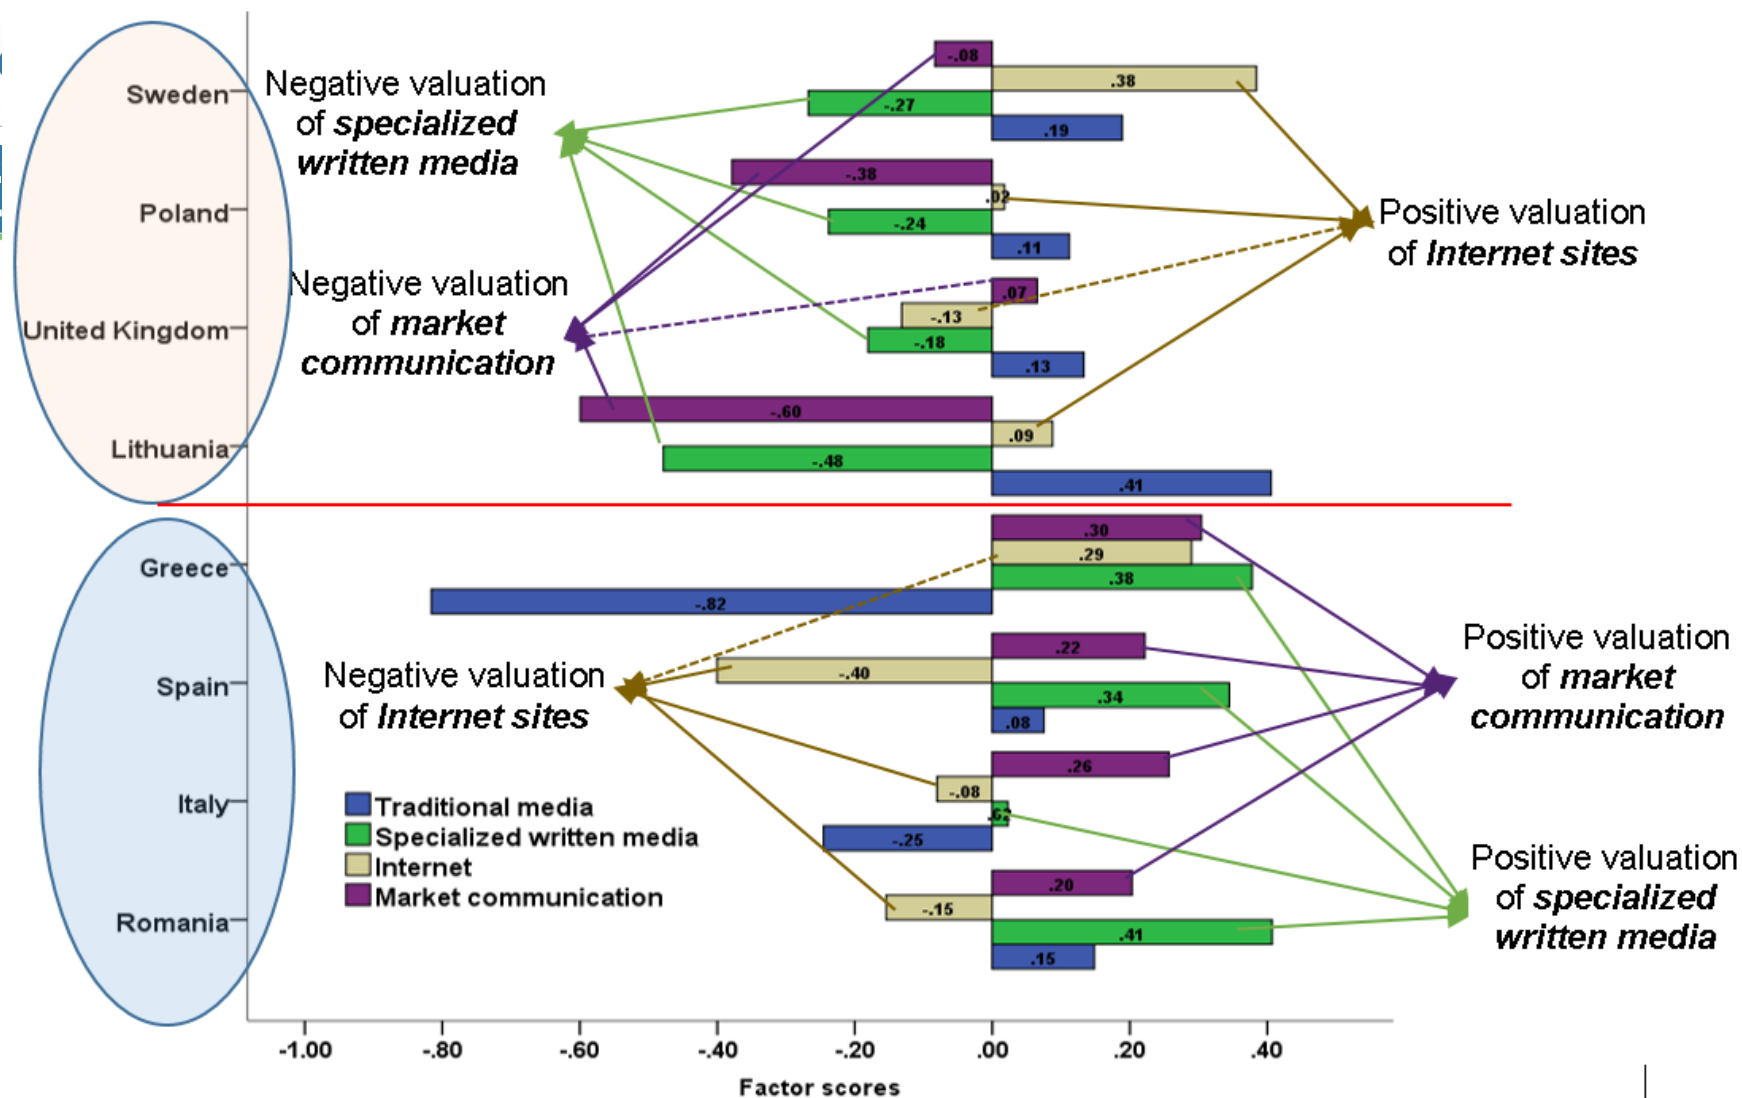

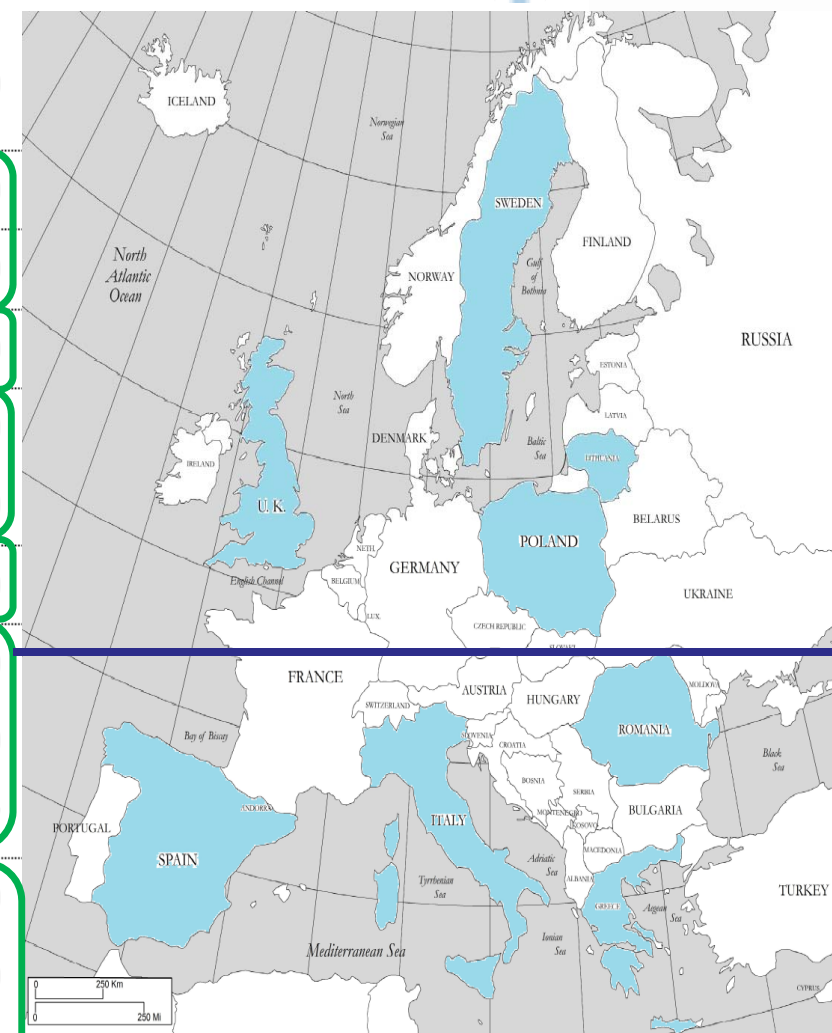

Figure 9: PCA results across countries

	Cluster 1* N= 1,990 (52.1%)	Cluster 2* N=1,831 (47.9%)	P value (ANOVA)
<b>Countries</b>	Romania 59.6% Italy 66.6% Spain 76.9% Greece 79.8%	Lithuania 65.3% UK 57.7% Poland 77.1% Sweden 66.5%	( $\chi^2$ ) 0.000
<b>Subjective information</b> (Low 0 - 10 High)	↓ 3.75	6.42 ↑	0.000
<b>Objective information</b> (Incorrect 0 - 13 Correct)	↓ 6.41	6.61 ↑	0.000
<b>Opinion toward current regulations</b> (Low 0 - 10 High)	— 4.64	5.62 +	0.000
<b>Concern for pig production</b> (Not worried 0 - 10 Very worried)	↑ 7.65	5.08 ↓	0.000
<b>Average concerns for animal production</b> (Not worried 0 - 10 Very worried)	↑ 7.09	4.76 ↓	0.000
<b>The received information about animal welfare</b> (Insufficient 0 - 10 Sufficient)	↓ 3.39	5.12 ↑	0.000
<b>PCA: Credibility of specialized written media</b> (Books, magazines, brochures)	+ 0.11	-0.12 —	0.000
<b>PCA: Credibility of market communication</b> (Product label and private promotion campaigns)	+ 0.09	-0.10 —	0.000
<b>PCA: Credibility of Internet communication</b> (generalist and specialized web sites)	— -0.03	0.04 +	0.017
<b>Agreement with the role of animal for sports</b> (Disagree 0, Agree 10)	4.49 <<	5.84	0.000
<b>Agreement with the role of animal for fur production</b> (Disagree 0, Agree 10)	2.58 <<	3.42	0.000
<b>Agreement with using animal for testing cosmetics</b> (Disagree 0, Agree 10)	1.95 <<	2.13	0.041

, 3 - 5 November 2016. Portalegre, Portugal

## 4. RESULTS: Determinants factors affecting the objective information level

- ❑ The **OBJECTIVE INFORMATION** level is **CALCULATED** by **COUNTING** for each **INDIVIDUAL** the **CORRECT IDENTIFICATION** of **13 ASPECTS** if they are regulated
  - ❑ The **OBJECTIVE INFORMATION** is a variable:
    - Count
    - Non-negative
    - Integer
    - Censored at right (  $\leq 13$  )
- ❑ For **COUNT DATA**
    - **POISSON REGRESSION MODEL** → Best approach

## 4. RESULTS: Preliminary results

- ❑ An **INCREASE** in using (News from TV and radio, Specific programs/ radio or TV documentaries and Generalist newspapers): PCA 1 → An **INCREASE** of the **OBJECTIVE INFORMATION 1.5 TIMES.**
- ❑ An **INCREASE** in using (Generalist websites in internet and Specialized websites in internet): PCA: 4 → An **INCREASE** of the **OBJECTIVE INFORMATION 2.20 TIMES.**

## 5. CONCLUSIONS

- ❑ Results showed the most **EFFECTIVE WAY TO INCREASE OBJECTIVE INFORMATION COUNTRY level** → **POSITIVE OPINIONS TOWARDS** regulations
- ❑ There is a **HETEROGENEOUS** understanding regarding animal welfare concept
- ❑ Regulations for **ANIMAL WELFARE** should be at **REGIONAL, COUNTRY OR EUROPEAN LEVEL?**
- ❑ Sensitive countries with animal welfare are driving **other countries towards more restrictive regulations which create tension between producers & regulators.**

**Thank you for your  
attention**
