This Article is brought to you for free and open access by the Jefferson Digital Commons. The Jefferson Digital Commons is a service of Thomas Jefferson University's Center for Teaching and Learning (CTL). The Commons is a showcase for Jefferson books and journals, peer-reviewed scholarly publications, unique historical collections from the University archives, and teaching tools. The Jefferson Digital Commons allows researchers and interested readers anywhere in the world to learn about and keep up to date with Jefferson scholarship. This article has been accepted for inclusion in Department of Surgery, Faculty Development Sessions by an authorized administrator of the Jefferson Digital Commons. For more information, please contact: JeffersonDigitalCommons@jefferson.edu.

Getting Started: Identifying Funding Opportunities with Jefferson Resources

Presented by: The Office of Institutional Advancement & The Center of Learning and Teaching Molly Gerber, AVP, Corporate and Foundation Relations Gary Kaplan, Sr. Librarian, Information Services Dana Marcus, Assistant Director, Corporate and Foundation Relations

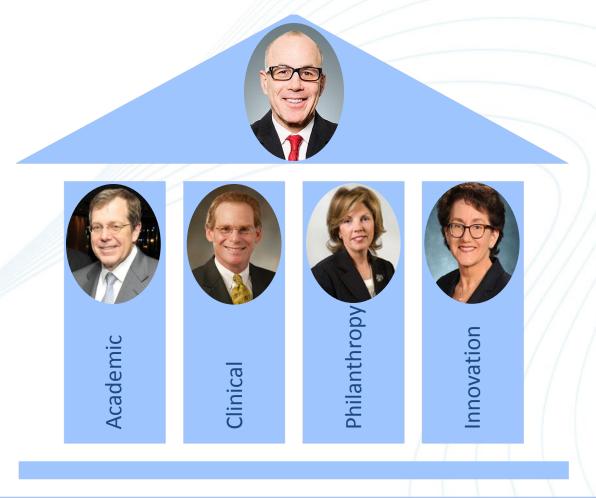

Section 1 Philanthropy Basics

Academic Medical Center: Four Pillar Model

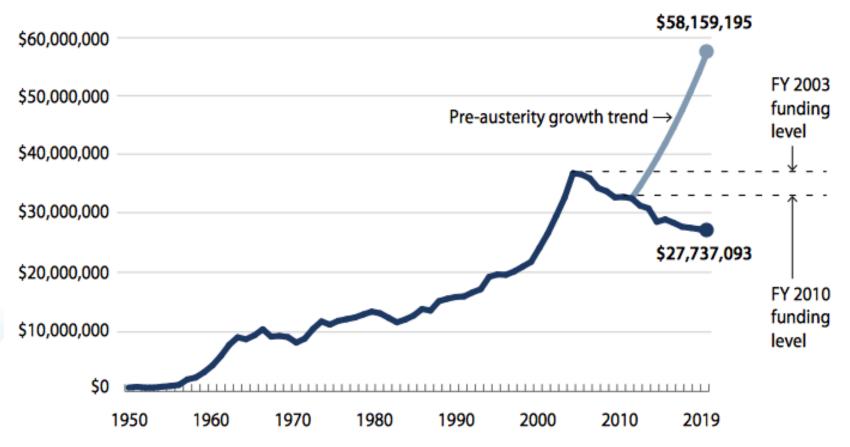

New Math: Research Dollars

NIH funding, FY 1950–2019

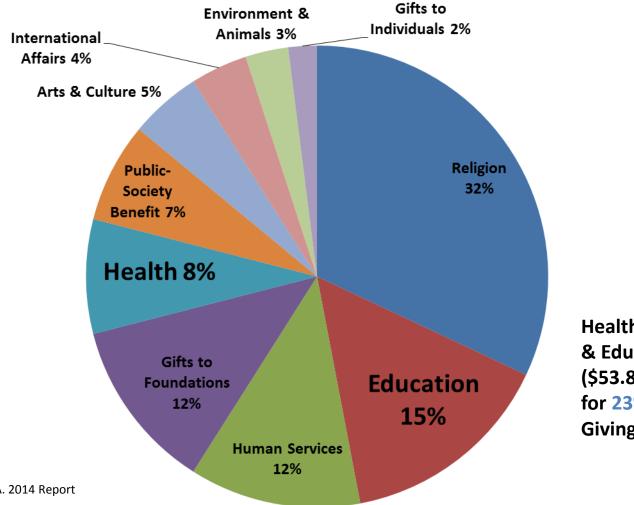

in thousands of constant 2013 BRDPI adjusted dollars

Source: NIH funding figures through FY 2014 are based on total budget authority. Projected NIH funding figures for FY 2015 through FY 2019 are based on data from the Congressional Budget Office.

U.S. Philanthropic Pie Total 2014 Contributions: \$358.38 billion

Contributions by Recipient Category

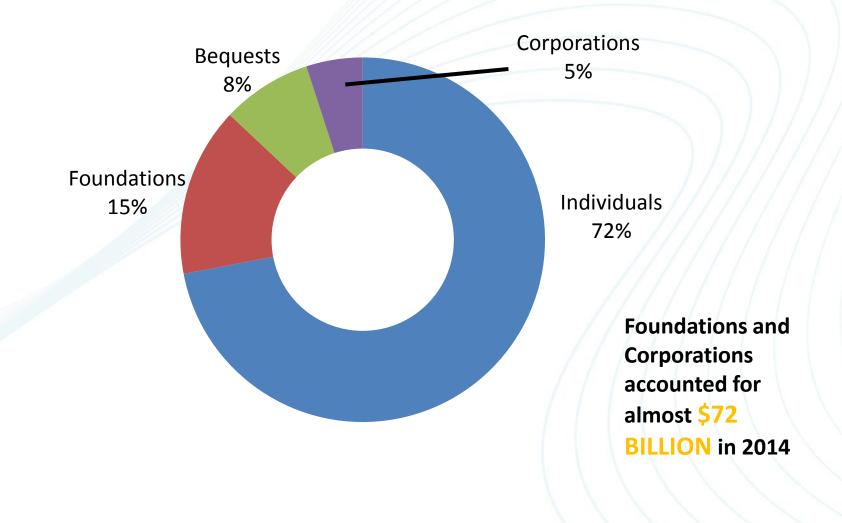

Health (\$28.7B) & Education (\$53.8B) account for 23% of Total Giving (\$82.5B)

U.S. Philanthropic Pie Total 2014 Contributions: \$358.38 billion

Contributions by Source

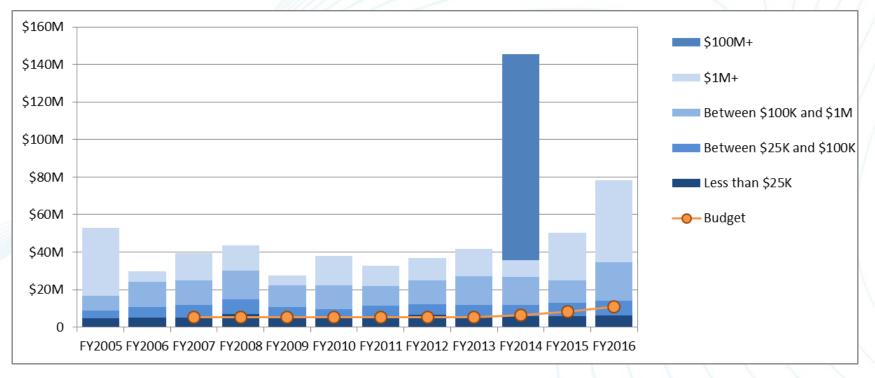

Jefferson's 10-Year Fundraising Performance

Dollar Trends by Gift Bands

- On average, Jefferson raised \$35M* annually for the last ten years
- Investment in fundraising has been flat during that time, with an average Fundraising Cost of \$5.4M annually
- The strongest years have been a result of mega gifts in 2005 and 2014

NOTE: FY2016 budget is based on May 2016 Finance report; final fiscal year report not presently available.

Excluded from the average are three principal gifts. In FY 2005, a \$25 million pledge from Mrs. Dorrance Hamilton for the Hamilton Building and a \$17 million estate gift from the Estate of Dorothy H. Rector were received. In FY 2014, a gift of \$110 million was received from Mr. Sidney Kimmel.

Section 2 Fundraising for Research

Corporate and Foundation Relations Team

Molly Gerber AVP & Chief Strategy Officer

Emma DelVecchio, Assistant Director

Erin Morton, Associate Director

Dana Marcus, Assistant Director

Corporate and Foundation Relations

- The Corporate and Foundation Relations (CFR) team offers services for Jefferson clinicians, researchers and administrators who seek external funding from *non-federal* sources including, corporations with philanthropic intent, charitable foundations and associations.
- Our team maintains relationships with local and national corporations and foundations to keep them abreast of the work being done by Jefferson researchers and scientists.

What We Do: Making the Match

- Cultivate and maintain relationships with foundation, association and corporate partners
- Meet with researchers to gather information about their research in order to send targeted funding opportunities directly
- Research potential funders and funding mechanisms based on identified needs/interests
- CRISP Model: Making connections between clinicians and researchers on and off campus

What We Do: Identify & Disseminate Research and Program Funding Opportunities

- Research and inform faculty of current RFP & LOI opportunities:
 - Directly through our gift officer network
 - Through department chairs
 - Publishing online on the TJU Research web page

Surgery Development Team

Lara Goldstein AVP Development, Surgery

Kelly Austin Associate Director of Development, Surgery

Meg Ratchford Assistant Director of Development, Surgery

Department of Surgery Targeted Funding List

- AACR
- ACS
- Thrombosis Research
 Institute
- Pancreatic Cancer Research Fund
- American Society of Transplant Surgeons
- American Society of Transplantation
- American Pain Society

- Shock Society
- Association for Surgical Education Foundation
- Plastic Surgery Foundation
- American Association for Thoracic Surgery
- Paralyzed Veterans of America
- American Society of Colon and Rectal Surgeons

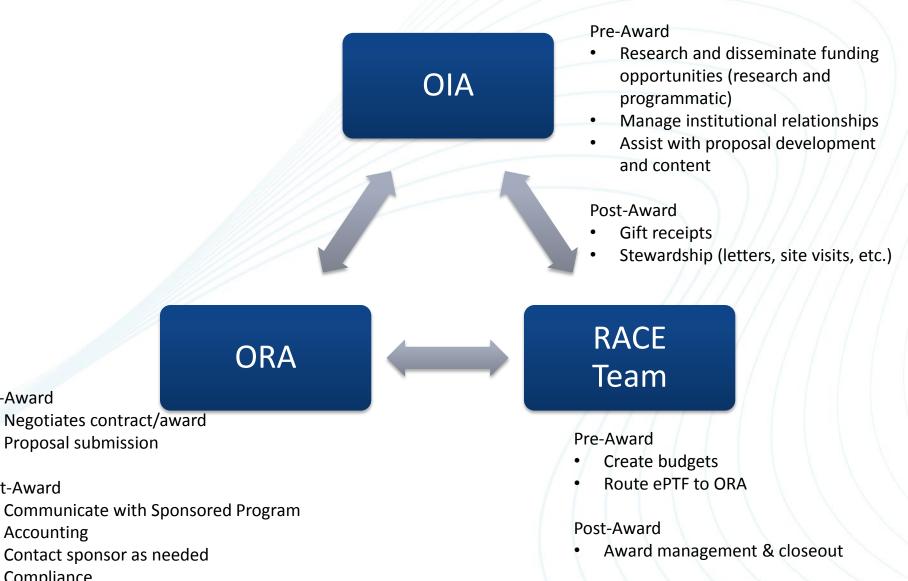

What CFR Can Do: Preparing Submissions

- Review, revise, draft and edit LOIs and proposal materials
- Draft cover letters for President, Dean(s), and/or Department Chair
- Provide necessary Jefferson materials:
 - Board lists, IRS documentation, boilerplate Jefferson information, audited financial statements, etc...
- Ensure that researchers are working through the appropriate RACE and ORA channels throughout the application process

The Philanthropic Grant Funding Cycle

Compliance

Accounting

Pre-Award

Post-Award

Competitive Grants

- Some foundations limit the number of applicants per institution. An internal competition will be managed through a subcommittee of Jefferson's Committee on Research (JCoR) to select the Jefferson applicant for each.
- Please DO NOT apply directly unsolicited applications may disqualify Jefferson from future competitions.
- Limitations vary from foundation to foundation. Please wait for JCoR to release each opportunity announcement for application and funding details and instructions.
 - These notices are distributed by <u>OIAFundingOpportunities@jefferson.edu</u> through the FT-Faculty, Chairman, and Dept-Admin list-servs. If you are not on one of these three distribution lists, please contact <u>Dana.Marcus@jefferson.edu</u>

Section 3 Information Resources

Center for Teaching & Learning (CTL) and Scott Memorial Library (SML)

- Learning Technologies
- Graphics & Medical Illustration
- Instructional Design
- Photography
- Publishing Support
- Speaking & Presentation Skills
- Video Production

- Knowledge-based information
- Evidence-based decision-making at the point of care
- Space and technology resources to support individual and group learning
- Computer classrooms and related educational software
- Preserving and promoting Jefferson's rich history

CTL SML Grants Information Service

Patricia Wynne Associate Director, Library Information Services

Gary Kaplan, Senior Librarian

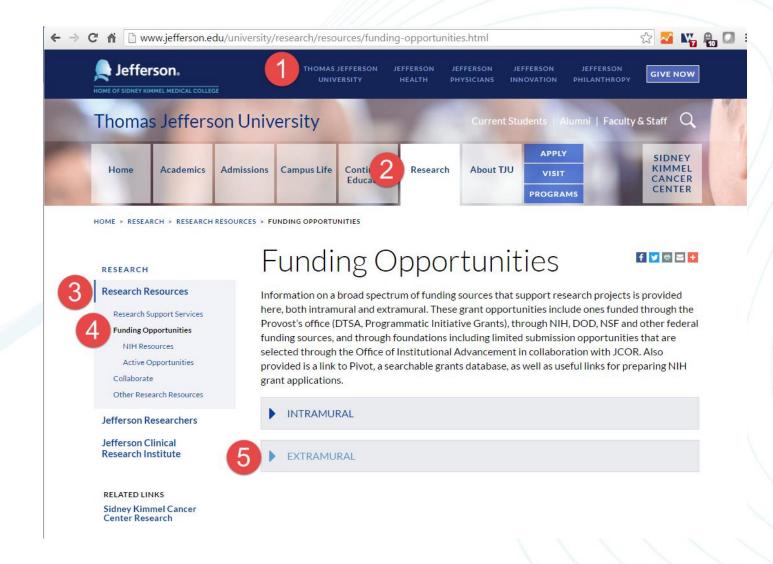

Paul Hunter, Clinical Informatics Librarian

Helena Washington, Senior Librarian

University > Research > Research Resources > Funding

Extramural > Non-Federal Funding Opportunities

Non-Federal Resources, including Foundations, Disease-Specific Associations and Institutionally Limited Funding Opportunities

Jefferson's Office of Institutional Advancement's Corporate and Foundation Relations (CFR) team offers services for Jefferson clinicians, researchers and administrators who seek external funding from non-federal sources including, corporations with philanthropic intent, charitable foundations and associations. CFR staff members are available to work with clinicians, researchers and others to identify funding priorities and potential philanthropic partners as well as to support the development of letters of intent (LOIs) and proposals. CFR team members serve as the point of contact for foundation, association, and corporate partners, and are available to identify funding opportunities.

Active funding opportunities are updated regularly. Please refer to this page to see the most up to date funding notices monthly.
