History of Naval Postgraduate School	Biographies

1973

Resume of James Daniel Esary, 1973

Esary, James Daniel

Monterey, California: Naval Postgraduate School

http://hdl.handle.net/10945/53197

Publications of J. D. Esary (cont)

11. Coherent Life Functions   P
          with A. W. Marshall
          SIAM J. Appl. Math., 18, 810-814 (1970)

12. A Reliability Bound for Systems of Maintained, Interdependent
     Components   P
          with F. Proschan
          J. Am. Statist. Assoc., 65, 329-338 (1970)

13. Solution to the Problem "A Probability Inequality" by R.
     Chandrasekaran   L
          SIAM Rev., 12, 300-302 (1970)

14. Relationships Among Some Concepts of Bivariate Dependence   P
          with F. Proschan
          Ann. Math. Statistics, 43, 651-655 (1972)

15. Determining an Approximate Constant Failure
     Rate for a System whose Components have
     Constant Failure Rates   IP
          with A. W. Marshall and F. Proschan
          NATO Reliability Conference, Tunin (1969)
          Operations Research and Reliability, Gordon
          and Breach, New York, 195-210 (1971)

16. Shock Models and Wear Processes   P
          with A. W. Marshall and F. Proschan
          Annals of Probability, 1(4), 627-649 (1973)
