

Internship at Cache Meadow Veterinary Clinic

Andrea Nelson

Internship Activities

Radiology assisting • Surgical Assisting • Care of hospitalized patients • Administration of vaccines • Microscope slide preparation • Blood draws • Urinalysis • Nail trims • Prescription fills • Bandaging • Surgical pack preparation

Toy removed from the GI tract of a dog.

Highlights

I was able to assist on multiple emergency surgeries, some including: an abdominal exploratory and a caesarean section. These procedures allowed me to learn proper surgical techniques as well as radiography techniques.

Experience

This experience has both broadened my insight in this professional field and increased my appreciation for it. The knowledge that I have gained from my time at the clinic is invaluable.

Acknowledgments

A special thanks to the doctors and staff at Cache Meadow Veterinary Clinic. Thank you for all of the knowledge you shared with me. Thank you for your patience and guidance through my learning and as I continue my education.

A thanks also to all of the wonderful animals. Thank you for letting me learn from and interact with you.

Radiograph of a fractured pelvis
