celebración chicana annual

MESSAGE FROM THE CHICANO COMMENCEMENT COMMITTEE

The Chicano Commencement Committee of San José State University & MACSA de San José, welcome you to the Sixteenth Annual Chicano Commencement Celebration. This special bilingual celebration is designed to enable our spanish speaking families and community to become totally involved in this memorable occasion.

We wish to honor Chicano graduates for their individual academic achievements and also their family, relatives and friends who share in their moments of triumph and success. Throughout the years these graduates have sacrificed endless hours in order to attain their desired goals. We feel that their accomplishments should be recognized by the entire Chicano community. It is our sincere wish that everyone of them will return to their respective communities for which they have been prepared to serve. Let this celebration be an example for our younger brothers and sisters to continue their education, and serve as our leaders of tomorrow.

We would like to take this opportunity to thank you, the community, for your support in helping this celebration become a success.

Carlos Rodriguez,

El Comité de Graduación Chicana de la Universidad Estatal de California en San José y MACSA de San Jose, les dan la bienvenida a la 16ta Ceremonia Anual de Graduación Chicana. Esta celebración bilingue es dedicada a nuestras familias de habla hispana para asegurar su participación total en esta ocasión memorable.

Una vez más deseamos dar honor a nuestros graduados por sus esfuerzos académicos individuales además a sus padres, parientes y amistades con quienes han compartido su momento de triunfo y éxito. Estos estudiantes han sacrificado un sin número de horas para obtener su meta deseada. Estamos de la opinión que sus cumplimientos deben ser reconocidos por nuestra comunidad Chicana. Son nuestros más sinceros deseos que cada uno regrese a sus respectivas comunidades para poder servirles mejor. Esperamos que esta celebración sirva como un modelo para nuestros hermanos y hermanas para que sigan su educación porque ellos son nuestros futuros líderes.

Quisiéramos tomar esta oportunidad para dar les las gracias a ustedes, nuestra comunidad, por su apoyo y su participación en hacer esta celebración un gran éxito.

As a Chicano graphic artist, symbolism plays an important role in my ability to combine cultural heritage and contemporary thought in my expressions of art. The design on the cover of this program is a depiction of the achievement of a higher education through our long and hard struggles.

The center of this piece depicts the cultural pride and the great stability which is symbolized through our Aztec Gods, and the massive strength of our ancestral pyramids which still stand today. This strength is enhanced and given more strength through the knowledge we have attained and is represented by the open book located at the base of the pyramid. These pages simultaneously symbolize wings of flight, which allow us as Raza to continue our struggles throughout our barrios.

We take pride in the hard work and labor our parents had to endure (represented by the fieldworkers) so that we would have the opportunities to succeed in a society that has often excluded us from reaping the fruits of success, but yet has profited from the sweat of our brow.

As Raza, we take pride as we look back to our immediate and historical past, lifting our hands in success. In spite of the barriers the Chicano students faced within this educational system, they have succeeded and will continue to succeed, so that our little brothers and sisters can follow knowing that SI SE PUEDE!
