Notes

The employment estimates in this databook come from the ACS and therefore reflect the 5-year timeframe of 2011-2015; they are not directly comparable with the more timely Bureau of Labor Statistics estimates, which are released with a much shorter lag time. Since the BLS does not release local community area employment estimates, the ACS is the only source for this information..

For some geographies data was not collected for the U.S. Census Bureau's 2000 Decennial Census.

Some data was suppressed because these estimates are less reliable, these are indicated by 'x.'

Places in Lake County by Race and Ethnicity
