

Discussion Group P09: Sealless Pumps

Leaders:

- Daniel Wood (DuPont)
- Denny Fegan (Powerdyne Consultants)
- Gene Baker (LyondellBasell)
- James Lobach (Teikoku USA)
- Matt Moy (Flowserve)

Suggested Topics:

- Types of sealless pumps and application limitations such as HP, pressure, temperature, solids, etc.
- Applications where sealless pumps have been successfully applied, and where they have failed
- Environmental performance in VOC or HON services
- New developments to improve reliability or extend where they can be applied
