

## Erratum

### Crystal and molecular structures of methyl pluviatilol

Rajanikant, K N Goswami, V S Yadava, V M Padmanabhan, S K Koul and K L Dhar  
*Indian J. Phys.* **65A** 101 (1991)

Inadvertently, the Figures 1 and 3 had been interchanged while their captions were just in right place. Hence, the figure in p 105 should go to p 102 with the caption : Figure 1. Chemical structure of methyl pluviatilol and that on p 102 should come to p 105 with the caption : Figure 3. Packing view of the Fargesin molecule down a-axis.

In the caption of Table 1, the word 'isotopic' should be replaced by 'isotropic'.

The foot note of Table 1 should read as

$$U_{aa}^* = 1/3 \sum_i \sum_j U_{ij} a_i^* a_j^* a_i a_j$$

The reference Lin-Zen should read as Lin-Gen both in text and the list.

In the last paragraph of p 105, puckering amplitude ( $q^a$ ) should be replaced by ( $q_a$ ).

In the last sentence of p 105, the word 'parallel' should be replaced by 'perpendicular'.
