

CERTIFICATE OF ATTENDANCE

This document certifies that

Juan Santos-Echeandia

**attended the 16th International Conference
on Chemistry and the Environment**

held in Oslo, Norway from the 18th to the 21st of June 2017.

The below abstracts were accepted for poster presentations and were presented during the conference by Juan Santos-Echeandia.

- **Current-use pesticides and personal care products in surface sediments from the Spanish Mediterranean continental shelf.** Víctor M. León, Inés García, Patricia Díez, Juan Santos-Echeandía, Juan A. Campilo.
- **Microplastic distribution along Spanish Mediterranean coast and Mar Menor lagoon.** Ana V. Filgueiras, Jesús gago, Olga Carretero, Juan Santos-Echeandía, Víctor M. León.
- **Comparative exposure of mussels to chlorpyrifos through microplastic and microalgal particles.** Marina Albentosa, Victor M. León, Juan Bellas, Juan Santos-Echeandía, Juan A. Campillo.

- **Heavy metals in the sediments of two Spanish coastal systems and their transfer to the food chain.** Juan Santos-Echeandía, Víctor M. León, Victoria Besada, Fernando Schultze, María López-Rodríguez.

A handwritten signature in black ink on a light-colored background. The signature reads "Roland Kallenborn" in a cursive script.

Roland Kallenborn

Dr. rer. nat, Prof.

Faculty of Chemistry, Biotechnology and Food Sciences (IKBM)

Norwegian University of Life Sciences (NMBU)
