# Achieving “successful student status”: an evaluation of ASk support on the ground

Establishing entry behaviour and directing students to Ask workshops for gaining study skills are the equivalent of the pre journey check and regular servicing of a car

Ask workshops in tandem with subject sessions enable students to acquire a “successful student toolkit”:

- A high degree of awareness
- Good at critical questioning
- Adult approach/relationship with staff
- Clear and logical thought
- Positive attitude
- Self confident
- Develop own framework on studies
- Willing and able to teach themselves
- Intelligence
