

Pasaporte al Mundo Hispano: Segunda Edición

Libro de Respuestas

By Samuel Anaya Guzmán, Cristina Quintana Blanco and Angela Uribe de Kellett

An ideal linguistic and cultural preparation for anyone planning to study Spanish abroad, covering culture, society, education, young people, work and health.

August 2012

"This new edition of the excellent *Pasaporte al mundo hispano* will be very welcome to students and teachers. Its lively and wide-ranging selection of up-to-date authentic texts prepares students thoroughly for the experience and the linguistic challenges of their period of residence abroad and builds on their language-learning experience. It meets the considerable challenge of being representative of the whole 'mundo hispano' with common sense and great success. Students will be stimulated by the theme-and-place led organisation of grammatical and lexical issues: the book is a very fine complement both to grammar-based and topic-based coursebooks in circulation, none of which quite do what *Pasaporte* has managed to do – to link language, cultures, and student experience in a single 'world'."
