**Contents****Chapter 1**

1. General introduction and outline of the thesis. **11**

**Chapter 2**

*Improvement in early diagnosis and treatment of patients with acute coronary syndromes*

- 2.1 Are patients with non-ST elevation myocardial infarction undertreated? **19**  
*BMC Cardiovasc Disord, In press.*
- 2.2 Primary PCI for ST-elevation myocardial infarction: from clinical trial to clinical practice. **33**  
*Submitted.*
- 2.3 Shift towards earlier diagnosis and: Feasibility and benefit of pre-hospital diagnosis, triage and therapy by paramedics only in patients who are candidates for primary angioplasty for acute myocardial infarction. **49**  
*Am Heart J 2006;1255:e1-5.*
- 2.4 A comparison of dual versus triple antiplatelet therapy in patients with non-ST elevation acute coronary syndrome. Results of the ELISA-2 trial. **61**  
*Eur Heart J 2006;27:1401-7.*

**Chapter 3**

*Prognosis*

- 3.1 External validity of ST-elevation myocardial infarction trials: The Zwolle studies. **79**  
*Catheter Cardiovasc Interv, In press*

<b>3.2</b>	Circumflex artery related acute myocardial infarction: limited ECG abnormalities but poor outcome. <i>Submitted.</i>	<b>91</b>
<b>3.3</b>	Predictors of elevated cardiac troponin T on admission in ST-elevation myocardial infarction. <i>Ann Clin Biochem 2006;43:281-6.</i>	<b>103</b>
<b>Chapter 4</b>		
<i>Glucose mediated therapeutic options</i>		
<b>4.1</b>	A quantitative analysis of the effect of glucose-insulin-potassium in acute myocardial infarction. <i>Neth H J 2006;14:19-23.</i>	<b>119</b>
<b>4.2</b>	One-year results of the Glucose-Insulin-Potassium-Study-II (GIPS-II). <i>In J Cardiol, In press</i>	<b>131</b>
<b>4.3</b>	Glucose dysregulation in non-diabetic patients with ST-elevation myocardial infarction predicts mainly short-term prognosis. <i>Neth J Med, In press</i>	<b>141</b>
<b>Chapter 5</b>		
<b>5</b>	Summary and conclusions.	<b>157</b>
<b>Chapter 6</b>		
<b>6</b>	Samenvatting en conclusies.	<b>167</b>
<b>Curriculum vitae</b>		<b>173</b>
<b>List of publications</b>		<b>175</b>
<b>Dankwoord</b>		<b>177</b>
