TABLE OF CONTENTS

Chapter 1	General Introduction
Chapter 2	Endothelium-dependent relaxation and angiotensin II sensitivity in experimental preeclampsia PLoS One 2013
Chapter 3	From preeclampsia to renal disease: a role of angiogenic factors and the renin-angiotensin aldosterone system? Nephrology Dialysis Transplantation 2012
Chapter 4	Steeper decline in renal function after a hypertensive disorder of pregnancy; a sub analysis of the PREVEND study In preparation
Chapter 5	Higher filtration fraction in formerly early-onset preeclamptic women without comorbidity American Journal of Physiology - Renal Physiology 2015
Chapter 6	Angiotensin II sensitivity after preeclampsia: Translational data from early-onset human preeclampsia and experimental preeclampsia Submitted
Chapter 7	Impaired sodium mediated adaptation of arterial stiffness in formerly preeclamptic women: RETAP – vascular study In preparation
Chapter 8	General Discussion Future Perspectives Summary
Chapter 9	Nederlandse Samenvatting Dankwoord Curriculum Vitae List of Publications
