# Health technology assessment of imaging technologies for breast cancer screening and follow-up

## PhD Thesis

to obtain the degree of PhD at the  
 University of Groningen  
 on the authority of the  
 Rector Magnificus Prof. dr. E. Sterken  
 and in accordance with  
 the decision by the College of Deans.

This thesis will be defended in public on

Monday 30 October 2017 at 12.45 hours

by

**Rositsa Georgieva Koleva-Kolarova**

born on 17 January 1980

in Elhovo, Bulgaria

**Supervisors**

Prof. G.H. de Bock

Prof. E. Buskens

**Co-supervisor**

Dr. M.J.W. Greuter

**Assessment committee**

Prof. J.A. Gietema

Prof. W.P.Th.M. Mali

Prof. M.A. Joore

## Contents

<b>Chapter 1.</b>	General introduction	1
	<b><i>Imaging modalities for breast cancer screening</i></b>	11
<b>Chapter 2.</b>	Simulation models in population breast cancer screening: A systematic review <i>The Breast 24 (2015) 354–363</i>	11
	Correspondence – Reply to THEBREAST-D-15-702 <i>The Breast 27 (2016) 184–185</i>	35
	To screen or not to screen for breast cancer? How do modelling studies answer the question? <i>Current Oncology 22 (2015) e380–e382</i>	39
<b>Chapter 3.</b>	A modelling study to evaluate the costs and effects of lowering the starting age of population breast cancer screening <i>Submitted for publication</i>	47
	<b><i>Imaging modalities for follow-up and treatment selection in breast cancer</i></b>	71
<b>Chapter 4.</b>	The value of PET/CT with FES or FDG tracers in metastatic breast cancer: a computer simulation study in ER-positive patients <i>British Journal of Cancer 112 (2015) 1617–1625</i>	71
<b>Chapter 5.</b>	Increased life expectancy as a result of non-hormonal targeted therapies for HER2 or hormone receptor positive metastatic breast cancer: A systematic review and meta-analysis <i>Cancer Treatment Reviews 55 (2017) 16–25</i>	91
<b>Chapter 6.</b>	Molecular imaging with positron emission tomography and computed tomography (PET/CT) for selecting first-line targeted treatment in metastatic breast cancer: a study of the potential cost-effectiveness <i>Submitted for publication</i>	115
<b>Chapter 7.</b>	General discussion	137
<b>Appendices</b>	Summary in English	154
	Nederlandse samenvatting	165
	Acknowledgements	177
	Curriculum Vitae	179
