EARTH'S MAGNETIC FIELD

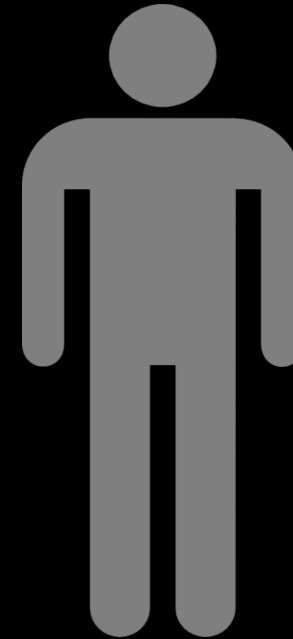

DIFFERENTIAL EFFECTS OF RADIATION

TYPE

AMOUNT

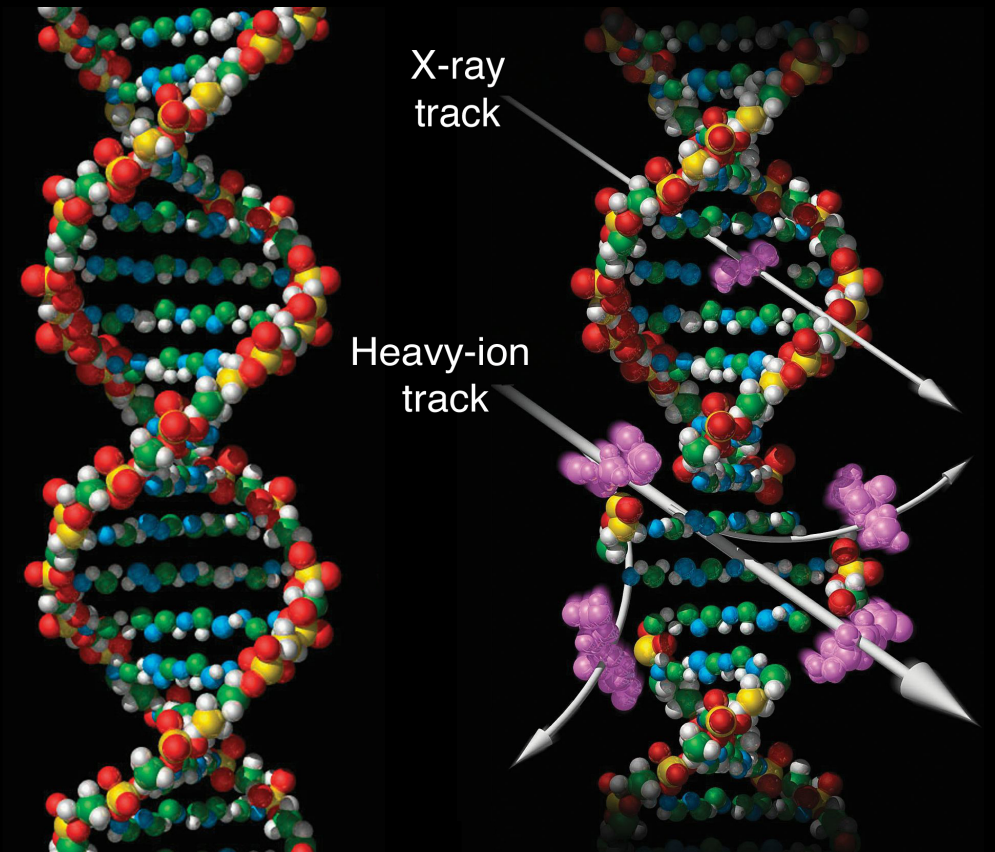

TARGET

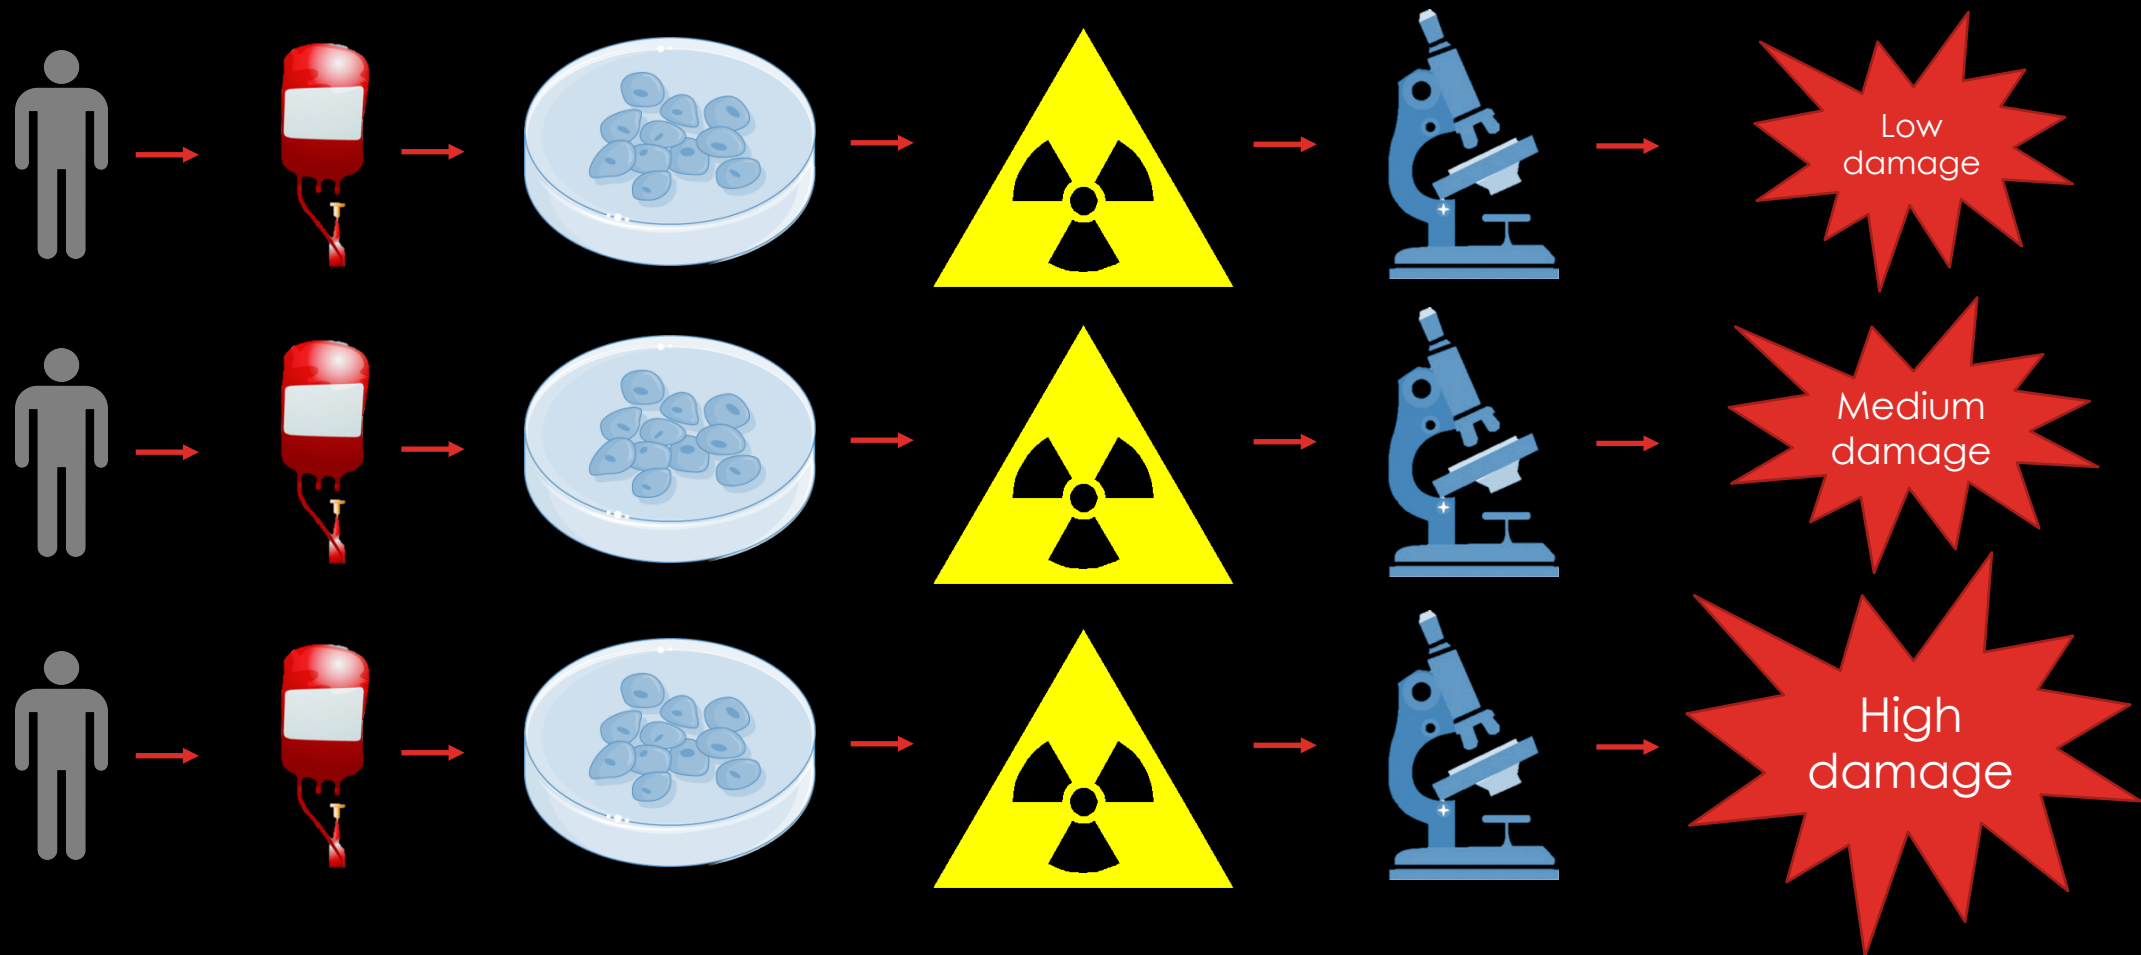

DNA DAMAGE

Radiation affects the immune system...but **how**?

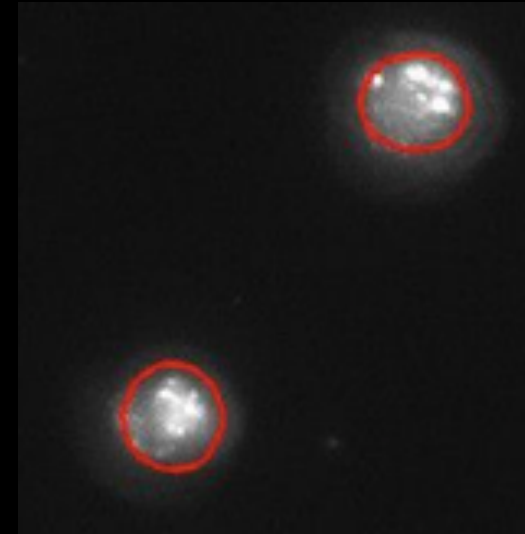

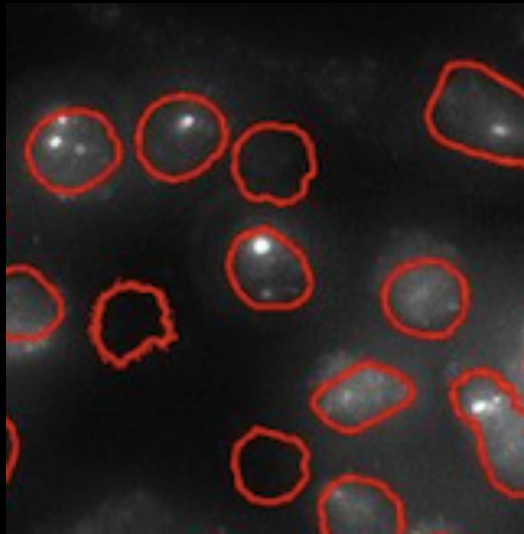

- extent?
- mechanisms?
- which immune cells?
- genetic markers?

STUDYING HUMAN IMMUNE RESPONSES

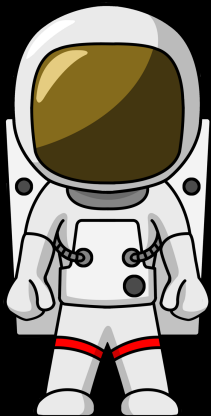

QUANTIFYING SENSITIVITY

PROTECTING ASTRONAUTS AND CIVILIANS

Genetic based risk
assessment for
astronauts

Personalized
medical radiation
treatments

Drugs to protect
most susceptible
immune cells

SPECIAL THANK YOU

Dr. Egle Cekanaviciute
