

*Corrigendum to*

**“Spectral studies of ocean water with space-borne sensor  
SCIAMACHY using Differential Optical Absorption  
Spectroscopy (DOAS)” published in  
Ocean Sci., 3, 429–440, 2007**

**M. Vountas<sup>1</sup>, T. Dinter<sup>1</sup>, A. Bracher<sup>1</sup>, J. P. Burrows<sup>1</sup>, and B. Sierk<sup>2</sup>**

<sup>1</sup>Institute of Environmental Physics, University of Bremen, Otto-Hahn-Allee 1, 28359 Bremen, Germany

<sup>2</sup>GFACG, TIGO Observatory, Concepción, Chile

After publishing the above mentioned paper we discovered that by accident the last sentence from the Acknowledgements in the accompanied Ocean Science Discussions paper (“Spectral Studies of Ocean Water using DOAS” published in Ocean Sci. Discuss., 4, 459–489, 2007 by Vountas, M., Dinter, T., Bracher, A., Burrows, J. P., and Sierk, B.) was lost in the final revised paper. We therefore include now the following sentence in the acknowledgements of the published manuscript: “Funding for one of us (Bracher) has been supplied by the Deutsche Forschungsgemeinschaft (DFG) project PASAT”.
