TWO AIR MAIL PILOTS BURN TO DEATH IN OHIO

Pilot Had Resigned and Was Making His Last Trip

CLEVELAND, Sept. 14.—Air mail pilot Walter Stevens and Mechanician Russell Thomas, both of Cleveland, were burned to death at 2 o'clock today, when their plane caught fire at an altitude of 500 feet at Painesville, Ohio, 15 miles south of Toledo. Stevens and Thomas were flying a J. L. all-metal monoplane. They left here at 1:20 p. m. for Chicago with 400 pounds of mail, which they are relating after an accident in which a mail plane was wrecked here today and Pilot William Riddleberger slightly injured, shortly after taking off. Stevens was a veteran of the air mail service, having been a member since its inauguration. He came here from Croswell, Michigan. Before departing today he told friends at the flying field that this would be his last trip as he had resigned. Thomas leaves a bride of four days.

Three New Air Mail Contracts Awarded At Cost of \$685,000

WASHINGTON, Sept. 14.—Contracts for three new air mail routes at a total cost of \$685,000 a year were awarded today by the postoffice department to the Lawson Airline Company of Chicago.

The contracts provide for airplane mail service between Pittsburgh and St. Louis, between New York and Chicago, and between New York and Atlanta, via Washington, Raleigh, N. C., and Columbia, S. C., at a cost of \$260,000.

To Carry Passengers

CHICAGO, Sept. 14.—Passengers as well as mail will be carried on three air mail routes, contracts for which today were awarded to the Lawson Air Line Company of Chicago, by the postoffice department.

The first service will start between Pittsburgh and Indianapolis, via Columbus and Cincinnati, in November.

Patrol air lines, with weaker chairs enclosed in glass windowed stream line bodies, are being built for the new service, officials of the company announced.

The government contract provides that each plane must carry 1,500 pounds of mail per trip. In addition the company is providing accommodations for 15 passengers, the first end of the business being a private venture. Three hundred and six round trips yearly on each route will be scheduled.

Service on the New York-Chicago and New York-Atlanta routes probably will not be inaugurated until next spring.

A night service on the lines also is planned and berths, fashioned after Pullman berths, will be standard equipment on the planes, Floyd K. Smith, assistant general manager of the company said. Shower baths, lavatories and all modern conveniences will be in the equipment, he said.

All Political Prisoners Soon to Be Released

WASHINGTON, Sept. 14.—Labor leaders asking general amnesty for political prisoners were told today by Attorney General Palmer that the government would continue its policy of "considering the cases individually."

Replying to the appeals of President Gompers of the American Federation of Labor, and former Representative Edward G. Bremer of New York, Mr. Palmer recited the cases acted upon since the cessation of hostilities and predicted that at the end of three months more, less than 150 of the persons convicted purely of violation of the espionage act will be left in jail.

Mr. Palmer said that he would admit their statements to President Wilson.

The delegation was told that thus far 150 cases, both large and small, and of varied importance, have been acted on by the department, and have received favorable consideration since the armistice. Some of these, he said, resulted in paroles, some in pardons and some in commutation of sentences.

Weather

AS THE UNIVERSITY OF NEW MEXICO, ALBUQUERQUE For 24 Hours Ending 8 a. m.

Highest temperature, 76; lowest temperature, 54; daily range temperature, 22; mean daily temperature, 64; relative humidity 4 p. m., 81; relative humidity 8 a. m., 41; precipitation, none; maximum velocity of wind, miles per hour, 28; prevailing direction, south; character of the day, cloudy. Sun rises 5:23; sets 6:20.

State Weather New Mexico: Partly cloudy, probably with local showers tonight or Wednesday; warmer in north central portion tonight.

Women Will Not Have To Tell Their Age to Vote; Can't Serve on Juries Yet

Have courage, ladies. Registration will have no terrors for the women who zealously guard the secret of their age. No woman voter will have to tell how old she is when she registers for the coming election, it was learned today.

It is necessary, of course, to be over 21, the voting age for men and women alike, and to be of sound mind. If there is any question as to either of these points the registration board will decide unless affidavits are presented.

Women will not be required to serve on juries in New Mexico until the state law which designates "male voters" has been amended. Neither can women be elected to state offices until the law is changed.

Women, regardless of party, are urged to register as soon as possible. "This is the first and most important step in an election" said George H. Craig, chairman of the republican state committee. "The women voters can do much to prevent confusion and difficulties by registration as soon as the books are open."

Registration will begin 30 days before the election and will continue until ten days before, when the books will be withdrawn for counting and alphabetizing the names. Women should be careful to give their names in the same form as they expect to vote. Mrs. John Smith, for instance, might register as "Mabel Smith," in which case she could not vote as Mrs. John Smith, for her name would not be on the books in that form.

Addresses must be given with the name. A woman must live in her precinct for 30 days previous to registration. If she should move in that time to another precinct she would lose her vote, for she would not be considered a resident of any precinct.

Motorcyclist Hurt When His Machine Strikes Street Car

George A. Wallace, 511 North Third street, was seriously injured when the motorcycle he was riding collided with a street car of the Saw Mill-Harless line shortly before 2 o'clock this afternoon. The accident occurred at Home avenue and Second street.

Wallace suffered a left broken collar bone and bruises about the head and face. He was taken to the Presbyterian hospital. He regained consciousness and it was announced by the attending physician this afternoon that he probably would recover.

Irish Mayor Still Conscious on 33rd Day of His Fast

LONDON, Sept. 14.—Terence MacSwiney, lord mayor of Cork, was apparently weaker this morning as a result of his hunger strike which he is continuing in Brixton prison, says a bulletin issued by the Irish Self Determination League. It stated MacSwiney had a very bad night, but was still conscious and his mind was active. Today is the thirty-third day of his hunger strike.

Reports to the home office from prison physicians, who are attending the lord mayor did not agree with the bulletin issued by the league. They reported there was virtually no change in MacSwiney's condition and that he had passed a restful night.

Blow Received in Prize Fight Fatal

LOS ANGELES, Calif., Sept. 14.—Al Alvarez, 22 years old, who was rendered unconscious by a blow received in a boxing bout with Frank Quigley, at the Los Angeles Y. M. C. A. last night, died in a hospital here today. Spectators said Alvarez had been knocked out by a blow on the chin.

Attending surgeons attributed death to a fracture of the skull. Quigley was held under arrest pending investigation.

Connecticut Likely To Ratify Suffrage

HARTFORD, Conn., Sept. 14.—A resolution to ratify the federal suffrage amendment was started upon its passage in the Connecticut house of representatives at 2:30 this afternoon. Its adoption by this body and concurrent action by the senate was foreseen.

The house adopted the resolution with very few votes in opposition. It probably will be transmitted to the senate at once.

Wheat and Corn Drop in Chicago

CHICAGO, Sept. 14.—Big breaks in the price of wheat, corn and oats took place today, started by acute depression of sterling exchange. Wheat dropped as much as 9 1/2 cents a bushel, and closed semi-demolished at the bottom figure of the day \$2.25; to \$2.40 for the December delivery, and \$2.34 1/2 March.

TODAY'S RESULTS

AMERICAN LEAGUE Score: Philadelphia . . . 030 000 204—5 15 1 Cleveland . . . 000 000 000—0 5 0 Batteries: Hommel and Perkins; Caldwell, Morton and O'Neill.

NATIONAL LEAGUE Pittsburgh-Boston, game postponed, rain. Chicago . . . 320 100 202—10 13 0 Brooklyn . . . 000 101 000—3 2 1 Batteries: Tyler and O'Farrell; Cadore, Mitchell, Miljus and Krueger.

Score: St. Louis . . . 210 002 103—9 10 0 New York . . . 010 001 001—3 2 2 Batteries: Schupp and Dilhoefer; Clements; Douglas, Perritt, Ballew, Winters and Snyder.

WIDOWS WOULD CHECK ORIENTAL IMMIGRATION

Tells California Party Nation Must Back Coast States

MARION, Ohio, Sept. 14.—To a delegation of Californians Senator Young declared today that the nation must "stand behind" the states of the Pacific coast to relieve them of "the attributes of oriental immigration and must see that only such aliens as can be assimilated and imbued with thorough Americanism are admitted."

The dangers of radical conflict, said the republican nominee, must be recognized and provision made to reduce them to a minimum. He suggested that Germany was doing in this without offensive reflection on any race and without enjoining the question of radical inferiority or inequality.

In his speech to the Californians the senator also suggested the necessity of a protective tariff levy to aid American farmers and replied at length to democratic charges of a republican "senate oligarchy. He rejoined the voter that senators are elected by popular vote, and declared the democratic leaders were opposing senate influence because they wanted to perpetuate "autocratic, personal government."

Gov. William D. Stephens acted as spokesman for the delegation and in a short address emphasized the keen interest of the west coast in the senatorial question, the tariff and other issues. Those who made the pilgrimage across the continent to hear the senator's front porch speech included several state republican leaders and representatives of a number of California city, business and political organizations.

Defends Senate In his reference to the senate oligarchy charge, the nominee declared it was not surprising that the democrats should be displeased because congress has favored the constitution's power during "a seven year period, of few words, much dictation, tinkering with business, and unwarranted assumption by the executive of the senate's oligarchy" as they call it, and the "oligarchy" of the house of representatives," he continued, "forced them toward efficiency in making and enforcing the laws toward efficiency, though much belated, in reconstruction for peace."

R. H. Hanna, One of Kankakee's 3 Sons, Running for Governor

KANKAKEE, Ill., Sept. 14.—Three Kankakee sons are running congress for the republican ticket in as many states, all on the republican ticket.

Len Small is seeking the republican nomination in Illinois, where the congress has been held in Kankakee, while R. H. Hanna, of Albuquerque, N. M., is a candidate there and Edward T. Coman is running in Washington.

D. & R. G. Railroad To Be Sold Sept. 25

DENVER, Sept. 14.—Sale of the Denver & Rio Grande railroad in United States district court, September 25, to satisfy a judgment of \$5,528,48 in favor of the Equitable Trust Company of New York has been ordered, it was announced today.

NATION-WIDE OPEN SHOP MOVE IS SAID TO BE UNDER WAY; MANY MEN IDLE IN INDIANA

INDIANAPOLIS, Ind., Sept. 14.—Once again organizations of the kind known as "open shops" are being formed, it is said, in Indiana. The move is said to be under way in many parts of the state, and is said to be the result of a plan to form the United States Chamber of Commerce.

Formal announcement of the plans for this body will not be made until the survey now under way by the Indianapolis body is complete. This will require some weeks.

Allen revealed the plan when he was asked for data as to the extent of unemployment in the state, and whether as a consequence wages were being reduced.

"Open Shops" Organized. Allen explained that there are numerous national organizations devoted to the "open shop" or, as the new nomenclature has it, "the American plan," which, however, work on more or less restricted trade lines. They are coming down more. Why shouldn't they? Sugar has come down; why not labor?

"Is it true?" he was asked, "that some employers are discharging men and then, after a spell, re-employing them at lower wages?" "Yes, I believe it is. It is part of the necessary readjustment of wages," he answered. "That you will find, has been done by the National Motor company. But that is not the big story here. It is in that slack of questionnaires and answers that you get the real story. We have canvassed every organization in the country that we had reason to believe was interested in the open shop. These answers show the movement is nation-wide.

"The difficulty has been that they have been working independently of

15-Cent Sport

Has a real 15-cent sport! Has a 15-cent imported paper suit from Germany, came and everything. This suit was one imported by the government to show manufacturers what Germany was doing in the way of lower living costs by making clothes out of paper.

Paper Suits to Go On Exhibition Tour Of the Country

WASHINGTON, Sept. 14.—Paper suits imported from Germany by the department of commerce will go on an exhibition tour of the country starting Wednesday. Representatives of the Bureau of Foreign and Domestic Commerce in principal cities are to show the suits which cost from 12 cents to \$2.65 to manufacturers and clothing firms.

Samples of the paper suits were imported because of the inquiries arising from reports that German and American manufacturers were selling them in England, Italy and Turkey in competition with cloth suits from other countries.

COX SAVES VOICE AT STOPS TODAY

ENROUTE WITH GOVERNOR COX. RICHMOND, Va., Sept. 14.—Governor Cox of Ohio today carried the democratic presidential standard into western Oregon and Idaho. Two addresses this afternoon and evening at Boise, Idaho, were his principal engagements today, but enroute the candidate, with ray platform and other addresses barred by his physician for a few days until his voice recovers its strength, was to confine his campaigning to brief greetings and hand shaking. At Ontario, Oregon, here and other stops enroute the governor's train was met by station gatherings.

Governor Cox will leave Boise tomorrow night with speeches scheduled at Pocatello, Idaho tomorrow morning; Orem in the late afternoon and Salt Lake City at night. His route then turns westward again with an address at Reno, Nevada, Thursday night.

Olive Thomas' Body To Be Shipped to New York Saturday

PARIS, Sept. 14.—It is probable the body of the late Olive Thomas, American motion picture actress, who died here late last week will be shipped to New York Saturday on the liner Mauretania. Jack Pickford, husband of the dead woman and a new friend will accompany the body to America.

Acute nephritis set up by the absorption of bichloride of mercury by the kidneys was given as the cause of death, following an autopsy performed yesterday.

Jack Johnson Gets Year in Prison and A Fine of \$1,000

CHICAGO, Sept. 14.—Jack Johnson, former world's heavyweight champion, was sentenced to one year and a day in Leavenworth penitentiary and fined \$1,000 today by Federal Judge George A. Carpenter for violation of the Mann act.

WOMAN HELD AS HOSTESS

DENVER, Sept. 14.—The first woman to have been indicted by the grand jury investigating the rioting during the early part of the street rally strike, was arrested today and released on bonds. She gave the name of Mrs. J. E. Brown. Her husband was indicted at the same time.

REPUBLICANS CARRY MAINE BY 65,000; GREATEST VICTORY

Plurality for Governor Largest Ever Obtained in History of State—Elect All Congressmen.

SEVERAL STATES HOLDING PRIMARY ELECTIONS TODAY

Voting Heavy After Bitter Contest in Colorado—New York, Washington and Vermont Picking Tickets.

PORTLAND, Me., Sept. 14.—Maine gave an overwhelming plurality to the republican ticket in the state election yesterday. With a total vote larger by 53,000 than the highest ever previously cast in the state, Frederick H. Parkhurst, of Bangor, was elected governor by a margin of 65,000 over his democratic opponent, Bertrand G. McIntyre of Norway. The plurality was 17,000 more than the largest obtained by any other gubernatorial candidate in the history of the state.

Four republican congressmen were elected by large pluralities. Congressman Wallace H. White, Jr., John A. Peters and Ira G. Hersey retained their seats, and in the first district where Congressman Louis B. Goodall, republican, did not seek reelection, Carroll L. Boody, of Portland, republican, was chosen.

Every member of the state senate will be a republican, while of a membership of 151 in the state house of representatives the democrats succeeded in electing thirteen. In the last legislature there were two democratic senators and 41 democratic representatives.

NEW YORK PICKING STATE TICKETS TODAY. NEW YORK, Sept. 14.—Enrolled republicans and democrats of New York state went to the polls today to vote for candidates who seek party nominations for the various state offices as well as for United States senator, for congress and the legislature.

Leaders of both parties predicted large majorities. The most important contests of a state-wide nature are for United States senator and governor. The republican ticket is headed by United States senator on the democratic ticket, United States Senator James W. Wadsworth, Jr., who received the endorsement of the unofficial republican state convention is opposed by Mrs. Ella A. Boole, state president of the Women's Christian Temperance Union, and George Henry Bayne, city tax commissioner.

Nathan L. Miller, of Syracuse, former judge of the court of appeals, designed of the unofficial republican state convention for governor, is opposed by Senator George B. Thompson.

The contest for the senatorial nomination on the democratic ticket is between Lieutenant Governor Harry C. Walker, of Binghamton and Mayor George B. Lunn, of Schenectady.

Lieutenant Governor Walker is the nominee of the unofficial democratic state convention.

COLORADO VOTERS SELECTING TICKETS. DENVER, Sept. 14.—Colorado voters today are passing their verdict on a bitter primary election campaign in which charges of attempted fraud and efforts of the non-partisan league and labor parties to gain control of

the state government were freely made. Candidates for United States senator, congressman, judge of the supreme court and state and county officers are to be named.

In Denver interest centered largely in the republican three cornered senatorial fight the bitterness of which resulted yesterday in a supreme court order appointing special watchers in the downtown district where supporters of Samuel D. Nichols, Denver and Leadville banker and mining man, charged the city officials were planning to pick up a big plurality for Karl Schuyler, Denver attorney. The third candidate is Attorney Rice W. Means, overseas war veteran. All three candidates expressed themselves as confident of today's result.

PICKING PARTY TICKETS. SEATTLE, Sept. 14.—Washington men and women went to the polls and gathered for republican conventions to select state, congressional and county candidates to be voted on at the general election November 2.

Only democrats and republican parties were represented in the primaries, prohibitionists meeting in convention in Tacoma and members of the Farmer-Labor party in Seattle to name their candidates. Incumbents of all principal offices were candidates for re-nomination. United States Senator Wesley L. Jones, was opposed for re-nomination on the republican ticket by William M. Ingalls, overseas war veteran. Ingalls, endorsed by the Railwaymen's Welfare league, and Frank Erickson, George F. Cotterill was the only candidate for the democratic nomination.

For governor, Acting Governor Luis F. Hart; John A. Gately; State Senator E. T. Conant; State Senator George B. Lamping; Roland H. Hartley; John Stricker; and Arno H. MacFarlane were the republican aspirants; Judge W. W. Black; State Senator A. E. Judd; State Senator I. G. O'Harris and Edward T. Muthos, contested the democratic nomination.

VERMONT REPUBLICANS NOMINATING GOVERNOR. MONTPELIER, Vermont, Sept. 14.—Vermont republicans balloted today to nominate a candidate for governor from among a field of four nominees and, in the second ballot, to select a congressional candidate. Democratic participation in the primary was small as there were no contests for leading places on that party's ticket.

VIEWS OF MEN IN BOTH PARTIES ON REPUBLICAN VICTORY IN MAINE

The views of men in both parties on the overwhelming republican victory in the election in Maine as carried by the Associated Press follow:

Governor James M. Cox.—The result in Maine is no surprise. The majority is accounted for by the augmented local vote.

Republican national chairman Hays went into the state early and that clearly meant that Maine was to be prepared as the pyrotechnical display for this campaign. But neither pyrotechnic or money can win the fight. It will be decided outside of Maine in the 12th September election the republicans carried Maine and yet in November President Wilson carried thirty states and divided the electoral vote in West Virginia.

WILL HAYS, chairman of the republican national committee—Maine has pointed the way. The result gives the greatest reassurance to all well wishers of good government, regardless of party affiliations.

The north star of the union remains undimmed. The result in Maine continues American. This overwhelming republican victory unmistakably evidences the demoralization of the democratic organization, the repudiation of the administration of their leader, Woodrow Wilson, and the complete condemnation of the campaign conduct of Candidate Cox.

The women, too, have demonstrated their dependability in this crisis. It means much for the well future of the republic.

Senator Harding.—The result in Maine is reassuring that the American people mean to return to representative government under the con-

HEALTH CHECKING IN OLD TOWN SCHOOL

First Examinations Held Today in Tour That Will Cover State

Towns are being looked at, lungs are being listened to, and eyes are being tested for signs of school children in the Old Town school today in the first physical examinations of the traveling clinic of the New Mexico Public Health Association.

Dr. C. Penafior, a Spanish speaking physician, assisted by other local doctors and Miss Gladys Harris, the county school nurse, are making the examinations.

Three page individual history sheet for each child is being filled out by the examining doctors and nurses. The name, age, family history, health habits, physical appearance are recorded as well as defects, disease and deformities which are discovered in the examination.

Parents at Clinic The primary children were first taken up into the auditorium where the clinic is being held. Many parents of the children were interested spectators of the examination and helped to answer questions as to the past history of their children.

The teacher filled out the personal history questions on the blanks, the nurse collected the data on personal habits and physical appearance, and the doctors made the diagnosis for disease.

These sheets will be kept by the health association for reference and a permanent chart showing each child's physical record will be kept in the school room. It will then be the nurse's duty to persuade the parents of the children to have corrected such defects as are considered detrimental to the growth and mental development of the child.

Each child is weighed by the doctor and his weight recorded on a card which he is to take home. It gives his present weight and what his normal weight should be, and tells him that he should grow a half a pound every day.

A large proportion of the younger school children in the United States are underweight and under-nourished, said Dr. Penafior. The reasons for this condition are the lack of proper and sufficient nourishment in the home, not enough play and exercise and too much school work. I think more time should be given to supervised recreation and less to study in the earlier grades.

Research Work Dr. Penafior is a government physician from the Philippines who is doing research work in this country. His specialty is tuberculosis. In the present work in the school examinations he is making an effort to find out the child's tendency toward the disease and to educate the parents in preventing the development.

In addition to the examinations, an educational campaign for health is being launched among the parents of the school children. Illustrated pamphlets printed in Spanish are being distributed. The evening preceding each check in the valley schools this week is devoted to a moving picture show illustrating the health work.

Two photographic motion pictures and an animal cartoon were shown at Old Town last night with the machine which the Health-Mobile carries around. One picture entitled "A Town Under the Microscope" illustrates the Framingham, Mass., experiment in making a model health town. Another was "The Priceless Gift of Health" which shows the value of taking care of one's body all through life. The cartoon shows the consequences of a germ family in the body of a person, and how they were forced to vacate by strenuous health measures. The films are furnished by the national health association.

The health-mobile will go to Palmito tonight where another clinic will be held tomorrow.

KEEP WIRES HOT TO GET HARDING Albuquerque Hopes to Be Able to Land Senator

If Senator Warren G. Harding, republican candidate for president, can be persuaded to come to Albuquerque to speak during the Harvest Festival, efforts will be made to have him crown the queen of the Festival.

H. D. Watkins, secretary of the Chamber of Commerce said today that the wires were hot in an effort to secure the senator to come here. Mr. Watkins has received a telegram from Harry Palmer, secretary of the Chamber of Commerce at Marion, O., stating that the latter was making an effort to include Albuquerque in Senator Harding's itinerary.

Mr. Watkins said today that efforts were being made from several angles to secure the senator and the prospects for bringing him here were encouraging. Women in charge of the crowning of the queen are to meet tomorrow afternoon at the Chamber of Commerce at 4 o'clock to outline plans for the coronation. The meeting was scheduled for today but was later postponed. Every candidate for queen may have her picture taken free of charge at the Kinross studio it was announced today. The studio also is to take a picture of the queen in costume and present her with 40 worth of pictures.

Woman Has Dog Turn Somersaults To Prove Ownership

Little black dog "Towner" sat on his hind legs and turned somersaults in the court room at the city hall this morning at the command of Mrs. Helen Ritt. Mrs. Ritt was the plaintiff in the suit to regain the dog to which she and Mrs. Margaret Richard both claimed ownership. Because of the failure of Mrs. Richard to appear in court to contest ownership of the dog, Judge W. W. McClellan awarded "Towner" to Mrs. Ritt. The latter stated that she wanted the dog for her daughter's sake. Regardless of the award of the judge, Mrs. Ritt wanted to prove her statement of ownership so had the dog perform tricks she claimed she had taught him.

Water Reservoir in Highlands Cleaned

The residents of the Highlands need not worry about the city water any longer. If anyone has imagined that there was any peculiar taste to the water there is no cause for that imagination any longer. The reservoir east of the city has been drained and cleaned. It has not only been cleaned, according to City Manager James N. Gladding, but has been given a thorough scouring. It will be spotted for fresh water again tonight.

WHOOPING COUGH EPIDEMIC HERE

Six Cases Found in an Hour on Forrester Avenue

An epidemic of whooping cough was discovered on Forrester avenue this morning following an investigation by members of the city health department. Where the epidemic started is not known but City Health Officer Earl Bowditch said it was believed to have started at the home of C. A. Long. The epidemic, according to Officer Bowditch is due to the failure of any of the residents on the street to report the cases. Six cases were discovered within an hour by the department and Officer Bowditch said this afternoon that an investigation was being made of the street and the vicinity and that it was believed that other cases would be found. If there are any other cases to start, it was said today, steps will be taken to prosecute the persons not reporting cases at their homes. Section four of the state law provides that "whenever any suspected case or carrier of communicable disease shall occur in this city it shall be the duty of the householder upon whose premises the case exists to notify the health officer."

The epidemic, according to Officer Bowditch is due to the failure of any of the residents on the street to report the cases. Six cases were discovered within an hour by the department and Officer Bowditch said this afternoon that an investigation was being made of the street and the vicinity and that it was believed that other cases would be found. If there are any other cases to start, it was said today, steps will be taken to prosecute the persons not reporting cases at their homes. Section four of the state law provides that "whenever any suspected case or carrier of communicable disease shall occur in this city it shall be the duty of the householder upon whose premises the case exists to notify the health officer."

Water Reservoir in Highlands Cleaned

The residents of the Highlands need not worry about the city water any longer. If anyone has imagined that there was any peculiar taste to the water there is no cause for that imagination any longer. The reservoir east of the city has been drained and cleaned. It has not only been cleaned, according to City Manager James N. Gladding, but has been given a thorough scouring. It will be spotted for fresh water again tonight.

A. B. McMillen Asks An Injunction Against Paving Excavation

A petition for a temporary injunction against the Lee Moor Construction company to restrain them from excavating deep holes in front of his property on North Fourth street has been filed in the district court by Alonso B. McMillen.

John C. Haggerty, the engineer in charge of the paving work on North Fourth is a co-defendant in the petition. The engineer has directed the workmen to take soil out of the side of the highway upon and along the McMillen property to build up the road bed for the foundation of the cement road, according to the complaint. It is understood that the holes will be four feet below the surface of the land and from six to seven feet below the surface of the road. Alleging that the holes will destroy the means of ingress and egress to the land, will make the highway dangerous at that point, will be filled with water, and will be expensive to fill in, Mr. McMillen asks for a temporary injunction preventing this action. He also asks that any soil which is removed be replaced and for \$500 damages.

FARMER-LABOR CONVENTION HERE

State Ticket to Be Chosen at Meeting on Sept. 27

The Farmer-Labor party is to hold its state convention in Albuquerque. The date was today fixed as Sept. 27. It is said to be the intention to put a nearly complete state ticket in the field. Edward D. Tutman of Hillsboro who has issued the call for the convention has also invited the members of the party of 40, socialists and labor union men to meet with the party. SHIP EXPLOSION KILLS 5. TOKIO, Sept. 14.—Lieutenant Hamada and four members of the crew of the Japanese battle cruiser Haruna were killed when a shell, being placed in one of the heavy guns, prematurely exploded off Hokokaido today. One petty officer and nine sailors were fatally injured, while two others were slightly wounded.

Woman Has Dog Turn Somersaults To Prove Ownership

Little black dog "Towner" sat on his hind legs and turned somersaults in the court room at the city hall this morning at the command of Mrs. Helen Ritt. Mrs. Ritt was the plaintiff in the suit to regain the dog to which she and Mrs. Margaret Richard both claimed ownership. Because of the failure of Mrs. Richard to appear in court to contest ownership of the dog, Judge W. W. McClellan awarded "Towner" to Mrs. Ritt. The latter stated that she wanted the dog for her daughter's sake. Regardless of the award of the judge, Mrs. Ritt wanted to prove her statement of ownership so had the dog perform tricks she claimed she had taught him.

DE VARGAS DAY AT THE FIESTA

Big Crowd Sees Imposing Ceremonies at Santa Fe

SPECIAL TO THE HERALD
SANTA FE, Sept. 14.—A larger crowd than on the opening day turned out today for the fiesta. It was De Vargas day and at 10:30 o'clock there came the announcement of the Bando de la Marques de la Penuela, of September 18, 1712, under which the citizens of the Villa of Santa Fe, annually in September, were accustomed to celebrate the anniversary of the reconquest of the Kingdom of New Mexico by General Don Diego de Vargas Zapata Lujan Ponce de Leon.

At eleven o'clock, four heralds mounted, entered by the eastern gate of the enclosure in front of the Palace of Governors, facing the main entrance to the palace and announced the approach of General De Vargas. The army of conquest and occupation followed and it was a colorful and imposing sight as they marched on Washington avenue and entered the eastern gateway on Palace avenue.

This afternoon there will be Indian dances, ceremonials and Spanish dances with plenty of music. This evening there will be a grand pageant and a play depicting the court martial of the governors of the pueblos of Nambe and Santo Domingo, the two pueblo warriors charged with treason and conspiracy in the massacre of Francisco Prieto in the rebellion of 1694. This will be followed by a grand public ball.

The fiesta closes tomorrow. Major Norman L. King, acting as official announcer, at the opening yesterday, introduced first the Santa Clara Indians for their dance, the "Race of the Rain Clouds." This was followed with the "Painting of the Hutes" (ceremonial) by the San Hidenfonso Indians. The afternoon program opened with the Victory dance of the Comanches, portrayed by the Santa Claras. The Buffalo dance was given by the Tesuque Indians with the basket dance by the Indians from San Hidenfonso. At five o'clock, the sunset ceremonial dance of the Taos Indians was given.

The evening program consisted of the Eagle dance by the San Hidenfonso, Spanish dances by a group of Santa Fe artists, and Los Matachines, by a company of Cochiti Indian dancers and musicians. The entire program of Indian dances and ceremonials were made to accord with historical facts by the faculty of the School of American Research, under whose supervising they were staged.

KILLED IN AUTO
COLORADO SPRINGS, Colo., Sept. 14.—T. D. Long, husband of Mary Elitch Long of Denver, widow of the founder of the Elitch Gardens of that city, was killed in an automobile accident three miles north of Colorado Springs yesterday afternoon. Long lost control of his machine on a hill and failed to make the turn at the bottom.

She was good when she was bad; she was bad when she was good. "The Amazing Woman," starting today at the Ideal Theater.

Spanish Royalty, Aborigine and Tourists Strangely Mingled in Historical Atmosphere at Fiesta

SPECIAL TO THE HERALD
By DOROTHY McALLISTER.

SANTA FE, Sept. 14.—Spanish royalty, the aborigine actually engaged in his aboriginal ceremonies and observances, every class and condition of tourist, a holiday spirit in the air, and a pervading atmosphere of historical glamour represented, briefly summarize Santa Fe's first day in the throng of its 29th celebration of the reconquest.

The fiesta was formally opened at 10:45 by the entrance of seven Alfarcas on horseback, garbed after the knightly fashion of 1712, when the announcement was made by Major Norman L. King, the royal Alfarcas of the original proclamation which set aside the sixteenth of September as the commemoration date of this event.

This was the only feature of the day which had any bearing on the historical phase of the fiesta. The remainder of the program was given up almost entirely to Indian dances, Indian ceremonials, and parades, airplane flights over the grandstand at the morning and afternoon performances, and music by the Santa Fe band at all performances.

In the evening the announcements were made by Colonel Ralph Twitchell, also in the costume of the early Spanish Don.

At the evening performance, Colonel Twitchell stated that Governor Larrasolo, who was to address the crowd at the formal dedication of the Cross of the Martyrs, had suddenly been called to El Paso by the death of his nephew and would consequently be unable to appear.

Crowds were filling the streets at an early hour this morning and the city presented a gala spectacle. The

enclosure where the program was presented, was made by a stockade of cottonwood saplings, which set off that portion of Palace avenue which lies immediately in front of the Palace of the Governors. A throne occupied the center of the space before the palace, and above it, were the arms of the Spanish crown. Red and white striped shields of Spain, gray penants in the same colors, and rich costumes brought the historic scene very clearly before the eye.

The band was costumed in red and yellow also. Eminent artists of the Santa Fe colony designed and arranged many of the costumes and scenes. Gerald Cassidy, E. A. Kewenlohr and H. D. Pahl, had charge of the work of decoration; H. D. Pahl painted the picture of the Virgin which is figuring so prominently in the fiesta, and Mrs. Cassidy arranged the decorations for this painting. Mr. Elendofsky made the shields and Miss Louise Crow made the costumes for the Santa Fe band.

The Indian dances met with an enthusiastic response which grew with each new appearance, the eagle dance of the San Hidenfonso drawing the most applause. All places of business were closed today and the grand parade and the pageant depicting the actual re-occupation of New Mexico by General De Vargas and his army of Spanish settlers, will be presented.

SCHOOL BOARD HUNTS 5 ROOMS

Quarters Outside Regular Buildings Sought For Pupils

Wanted to rent school rooms, and more school rooms to provide for the overflow enrollment of the city schools.

The old lady who lived in the shoe had nothing on the Albuquerque school board. History does not record whether or not she finally rented a vacant slipper or an over-shoe when "she didn't know what to do" with her many children, but that is what the school board is driven to.

The congestion of the public schools was the chief problem under discussion at the meeting of the school board last night. The failure of the building program for this year to go through and the greatly increased enrollment which has already taxed the overflow annexes which were necessary last year make it necessary for the school board to rent additional quarters near the most crowded schools. A search for

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double Beauty of the Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which can be had at any drug store; shake well and you have a quartier pint of harmless and delightful lemon bleach for a few cents.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used a freckle, sunburn and tan remover. Make this up and try it.

available rooms was made today by Superintendent John Milne and members of the board. Five extra rooms are needed at once. In the lowlands there are sixty five children with no place to hold their recitations. In the high school building there are two special classes and one regular high school class which have to seek a place outside of the building to meet. If the enrollment continues to increase there will be more rooms needed.

The classes in the high school are meeting under great difficulty. Freshman classes which are enormous in size have to double up in the seats during recitations and some of the students have to take turns standing about the walls.

The approving of bills and other routine business completed the work of the school board last night.

The island of Marken, in Holland, was once entirely submerged, but has risen from the water and is now a thrifty settlement of fishermen.

"It's Better to Save Your Spending Money Than to Spend Your Saving Money."

Mazola fried 24½ pounds of potatoes —lard fried only 7 pounds 14 ounces!

THAT Mazola is a better and more economical frying fat than lard has again been demonstrated. This time by Mrs. A. Louise Andrea, admittedly one of the greatest experts in modern cookery.

Mrs. Andrea found that 4 lbs. of Mazola, cooked down to 2 lbs., fried 24½ lbs. of potatoes. While 4 lbs. of lard cooked down to 2 lbs. fried only 7 lbs. 14 oz. potatoes.

Tested on fish steaks, one inch in thickness, Mazola fried 25½ lbs., while lard fried only 16½ lbs. of fish.

Of doughnuts cut uniformly 2¼ inches in diameter, Mazola fried 208, while lard fried only 138.

This proves conclusively that Mazola goes more than three times as far as lard for frying potatoes; almost twice as far for fish; and two-thirds farther than lard in frying doughnuts.

No housewife who wants to use the most wholesome, as well as the most economical cooking and salad oil, should fail to order Mazola from her grocer today.

HOT, DIZZY FEELING. Atlanta Lady's Uncomfortable and Annoying Condition Relieved, She Says, by Cardui.

Atlanta, Ga.—Miss Alice Frances Young, of 28 East Alexander Street, this city, says: 'After catering womanhood, I suffered so much with womanly weakness, my back ached, I would have, at certain times, a hot feeling that seemed to go to my head. Even my shoulders would hurt, and it made me very dizzy and uncomfortable.'

Atlanta, Ga.—Miss Alice Frances Young, of 28 East Alexander Street, this city, says: 'After catering womanhood, I suffered so much with womanly weakness, my back ached, I would have, at certain times, a hot feeling that seemed to go to my head. Escaped an Operation

There is nothing in the world a woman so much fears as a surgical operation. Often they are necessary, but often not; and many have been avoided by the timely use of that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound.

These Two Women Saved from Operations. Cedar Rapids, Ia.—'After the birth of my baby I had such painful spells they would untie me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine—said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish.'—Mrs. PAUL PAPERFUS, 1825 Stone St., Sandusky, Ohio.

ATTITUDE OF ELKS ON ALIEN PROPOSAL

Santa Fe Paper Retracts Story Reflecting on Albuquerque Lodge

The Santa Fe New Mexican Monday printed a retraction of a story published several weeks ago in which was stated that reflected on the Albuquerque lodge of Elks. The retraction is as follows: "The Santa Fe New Mexican has received the following from the grand exalted ruler of the B. P. O. E. 'Santa Fe, N. Mex., Sept. 11, 1930. 'Gentlemen: 'My attention has been called to an article appearing in your issue of July 14, purporting to give the account of the convention of the Benevolent and Protective Order of Elks, held in Chicago July 6-10, under the head of 'Albuquerque Elks' proposal to admit aliens defeated at Chicago convention. 'In one of the paragraphs of this article it was stated 'Albuquerque delegation offered an amendment to the regulation so as to permit the admission to membership of foreigners who were not citizens of the United States. The proposed amendment was turned down almost unanimously. 'This statement has no foundation in fact, is not true, and in the publication thereof a grave injustice has been done, not only to Albuquerque Lodge of Elks, but to over 700,000 loyal American citizens who are members of the order at large. 'The Benevolent and Protective Order of Elks is one of the greatest patriotic organizations in the United States, and love of country is, and for fifty-two years of its existence has been one of its dominant features. Each member has sworn allegiance to support the flag of our country and to give undivided allegiance to our institutions. None but loyal American citizens are privileged to membership in the order, and the statement that Albuquerque is to admit aliens is a gross and deliberate attempt to destroy the fundamental tenet of our order, as I have said, a great injustice to them. 'I trust that you will give this denial of the erroneous statement contained in your recent article as prominent a place as you did the mis-statement. 'Very truly yours, 'W. M. ALBERT, 'Grand Exalted Ruler.'"

Very truly yours, W. M. ALBERT, Grand Exalted Ruler.

What's Doing Around the State

ROY.—Recommending the long felt need of a commercial organization in the community, a number of the leading business and citizens met at the office of the Spanish-American and organized the Chamber of Commerce of Roy. The following officers were elected: President, E. S. Brown; vice president, M. D. Gibson; secretary, W. L. Russell; treasurer, Henry Krabbenachmidt; directors, H. E. Aldridge, S. E. Paxton, M. N. Baker, H. W. Sullivan and A. N. Hanson.

RCY.—George Fuller, son of B. L. Fuller, was shot and instantly killed by the accidental discharge of a shotgun in the hands of the brother-in-law, Avon Tanner. Young Fuller, Tanner and Ed McNeil, while returning from a hunting expedition to Black Lake decided to kill a hawk. Fuller got out of the car, sitting in the back seat of the car, decided to take a shot at the hawk also. Hastily leading the shotgun, a breech-loader, he attempted to clean his preparatory to shooting when the protruding firing pin struck the primer of the shell, causing it to go off prematurely. The full load of shot struck Fuller in the back of the head.

FORT SUMNER.—Wilford Pickett has nine and a half acres in long staple cotton, on the west side of the river, just south of the bridge, when in old time cotton growers declare to be a marvel for New Mexico. The crop is waist high, with an average of twenty bolls to the stalk, and bids fair to make not less than half a bale to the acre. Mr. Pickett's only worry at this time is the extremely wet and cloudy weather we have experienced lately, which he states is retarding the bolls from opening. While the cotton is grown on a former irrigated farm, the only moisture it has received has been the natural rainfall.

ASTEC.—C. C. Pope has finished his work of poisoning prairie dogs in the La Plata section for this year. Mr. Pope, with his crew of six government men, started at the state line and finished two townships. They were unable to finish the third for lack of funds, but next year expect to finish that township and have a crew in the Bloomfield section and on the San Juan below Farmington. They used this year about 2,000 pounds of poisoned oats, 500 gallons of carbon bisulphate. It was necessary to use so much bisulphate as where the farmers had previously tried to kill the dogs with poisoned oats they would not touch them. The farmers co-operate with the government in this work, and pay their pro-rata cost, but on account of the non-residents, the government carried on the work at a loss of about \$500 this year.

TUCUMCARI.—The first of next week the Boy Scouts will start out to raise funds with which to build a scout headquarters or troop home. About \$200 will be needed, and they do not anticipate any trouble in raising that amount.

A new sensation in pictures—"The Amazing Woman," starting today at the Ideal Theater.

One Auto In Herald Contest To Go Outside of the County

The ruling in The Evening Herald's automobile contest makes it positive that at least one auto outside of Bernalillo county will win one of the five automobiles which will be given as prizes on Oct. 30. The ruling makes it possible also that two of the automobiles will go to some one outside of Bernalillo county but one auto is bound to go there.

This arrangement regarding the awarding of the automobiles is so different than usual for a contest that usually an out of town worker has to work against the town people and this makes it a hard question whether or not a person out of town can win.

The plan under which The Evening Herald is conducting this year's contest makes it a sure thing for some candidate out of town to win one of the automobiles. It must be so, positively one of the automobiles will go outside and which one of them rests with the efforts put forth by the candidates themselves.

If it is so happened that some worker living outside of Bernalillo county had the most votes of all candidates in the contest that candidate would be awarded the \$2,125 best touring car. If the second highest number of votes in the contest were held by a candidate outside of Bernalillo county the \$1,565 Chevrolet would go to an outside worker. This would make it necessary that the highest number of votes in Bernalillo county would win the 1930 Chevrolet.

It is not at all impossible for out of town people to win either of the three cars if any two of the three cars and the same rule would apply to any one living in Albuquerque or this county. The question is will you put forth sufficient effort to clinch the big idea for yourself? You can do this without a doubt no matter where you live.

Anyone who is going to work in this contest hopes of making one of the automobiles theirs should be sure to take advantage of the big 75,000 extra vote ballots which are being given now on each \$15 worth of subscriptions. There is no limit to the number of these big ballots a candidate may have.

As soon as the 75,000 extra vote ballot offered on Saturday night, September 25th, there only 50,000 extra votes will be given with each amount of \$15 worth of subscriptions to Herald or Ruralist. Later another cut to 25,000 and the last week to only 10,000 will remain.

So there is only one thing for you to do if you would assure yourself of the best vote credit for the work you are doing. Hand in your subscription just as quickly as possible so that you will gain every 75,000 vote ballot you can. You should get a dozen or more between now and the closing hour of this great offer.

Do not be one of those who always say they cannot win. Your opportunity is just as good as any other person. There is no reason why you should hesitate for even a moment start after subscriptions at once and get the very greatest possible vote reserve for yourself before the reduction to only 10,000 comes.

Standing of Candidates

Votes in the contest will be counted each evening at 6 o'clock and votes received after that hour will be held over until the next day for publishing.

Table with columns for District No. 1 and candidates with their respective vote counts.

Table with columns for candidates and their vote counts, including Mrs. L. L. Gaskill, Pearl McKinley, Ernestine Trambly, etc.

DODSON SOUNDS CALOMEL'S DOOM

The "Liver Tone" Man Warns Folks Against the Sickening, Salivating Drug.

Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day. Calomel is mercury! When it comes into contact with your life, it catches into it, breaking it up. Then is when you feel that awful nausea and vomiting. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, try back at the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it cannot salivate or make you sick.

Should there be one law for men and another for women? Why? See "The Amazing Woman" starting today at the Ideal Theater.

Governor Frees Man Convicted in Court In This County

WANTA, Sept. 14.—Domingo Haines, serving from 12 to 14 years in the penitentiary as the result of conviction in the district court in Bernalillo county on the charge of entering the home of Romulo Romero at Casa Colorado, Valencia county with intent to commit larceny, has been pardoned by Governor Larrazola. He had served more than two years of his sentence.

It appears from the record of the case, according to the governor, that Haines on the right his home was broken into wrote to a complainant naming another man and accomplices, unknown to him, with the charge for which Haines was sent to prison. The governor adds that Haines and his wife, the chief witnesses, testified on more than one occasion—apparently before the trial in the district court—and failed to state that they identified Haines as

TUESDAY, SEPTEMBER 14, 1920

IT WILL BE SAFER BURIED

In response to insistent demands of the people in the northwest where he is just now trailing the red herring of his campaign fund charges, Governor Cox on Saturday made a declaration regarding his stand upon national prohibition.

Evidently this pronouncement did not satisfy the people of the northwestern states, for in the auditorium at Portland, Oregon, yesterday afternoon hecklers persisted in demanding something definite about his stand on the liquor question until the democratic candidate shouted back that the question is "as dead as slavery."

This at least is definite. The democratic candidate regards the issue of national prohibition as dead and the liquor question as only a matter of law enforcement.

It so happens that the matter of law enforcement is one of the things in which the nation is deeply interested. It will be necessary for his auditors to further press Governor Cox for information as to how he stands on this "mere matter" of law enforcement.

Also, while the country will pretty generally agree with him that the liquor question is dead, friends of national prohibition will feel considerably more secure after the final interment has taken place. This, it is more generally believed, will occur on or about election day next, and coincident with the interment of the presidential ambitions of Mr. Wilson's chief lieutenant in the conduct of the solemn referendum.

If the country is going to follow its custom and go as Maine goes, republicans should be feeling quite a bit encouraged today. The result, it is feared, will not improve the condition of Candidate Cox's throat.

HOUSING UNIVERSITY STUDENTS

WORK will begin again at the University of New Mexico within a week. The outlook for the University is very encouraging. The energetic efforts of President Hill have resulted in assembling a very competent faculty.

The University faces the new year under one circumstance which is both encouraging and discouraging. More students than at the opening of any former year have applied for entrance. Every room in the dormitories, cottages and nearby dwellings has been reserved. The influx of new students is most encouraging.

For the past three weeks the University officers have been advertising this need for rooms to Albuquerque people. Up to yesterday afternoon only three offers of available rooms had been made.

Here is an opportunity for householders with available spare rooms to do a service to the University and also to secure very desirable roomers. In most college towns there is keen competition for the accommodation of students.

Sooner or later the University must greatly enlarge its dormitory equipment. At present funds are not available. Albuquerque householders who have rooms to rent should let the University authorities know about them without delay.

WHY WILLIAMS WILL WIN

HUGH WILLIAMS, who has been nominated by the republicans to succeed himself as a member of the state corporation commission, will be elected by a majority that will surprise even the most optimistic forecasters of republican majorities in New Mexico.

When Williams came before the convention here last week it was in response to a unanimous demand for his renomination. The welcome he received was enthusiastic. The applause for the speech he made and the homely, sound philosophy of the poetry he recited was more than recognition of a very excellent platform effort.

Williams has demonstrated that the commission can be made useful even with its present limited powers. Limited attention to details of corporation service, he has never failed to give the most minute attention to those details. Hundreds and hundreds of matters of adjustment have had his attention.

It is because of his faithful attention to details that Hugh Williams has not only saved the corporation commission, with its present limited powers, from becoming a joke, but has also insured his own re-election by a big majority. We have heard a great deal lately about indifference of public sentiment and related bunk.

SENATOR HARDING SPEAKS ON FARMERS' PROBLEMS

Speech does not permit publication of the complete text of the address of Senator Harding on the nation's farm problems, delivered last week at the Minnesota state fair.

Without speaking at length of farm production and prices during the war, it is necessary to note certain results. We are to deal understandingly with the agricultural situation at the present time, and speak intelligently of a future policy.

But of late years there have sprung up farming organizations of a quite different sort—organizations with very large membership with an aggressive and intelligent leadership, and with a way of raising whatever funds they may need to promote the interests of their members.

Our Business Not to Destroy. It is a hard truth, but it is true, that we are able to deal more wisely and more justly with our agriculture than we have in the past. Unless we do deal more fairly with the farmer, we will not have the organized farmers in the surplus-producing states and those who insist on buying their crops below production costs.

It is a hard truth, but it is true, that we are able to deal more wisely and more justly with our agriculture than we have in the past. Unless we do deal more fairly with the farmer, we will not have the organized farmers in the surplus-producing states and those who insist on buying their crops below production costs.

products and to ill-considered efforts arbitrarily to reduce farm product prices. In times of national crisis, there is a known scarcity of any necessary product, price control for the purpose of making a fair distribution of the stores on hand may be both necessary and wise.

THE CAMPAIGN formally opens at Santa Rosa tomorrow with a democratic rally. Judge Hanna will denounce. Bob Putney will lead in singing that well known ballad in 17 verses, entitled "Smile All the While" and Tony Lacero will officiate as prohibition enforcer.

THE "RAILWAY AGE" wants to know why railroad employees do not save their money and buy the rails instead of fruit. Fruit planning them. The employees probably are able to see that it is much less troublesome to run them without owning them.

THE SCIENCE REFERENDUM. That Mr. Wilson sought, is being had, and then some; but not as it had ought.

GOVERNOR CON says adopting Article X and its trimmings would permit us to add hundreds of thousands of acres to our productive area. In view of the fact that the country's total area is 2,570,774 square miles it appears that Cox has found a way to expand the country as rapidly as he swelled the republican campaign fund to fifteen millions.

THE BODY OF THE LEAGUE. Whose will be the right to say we must send our boys to stay Overseas and far away? Everybody's.

THE NATION'S POLICY. What are we when thus compared To the six votes tused and shared? What are we when truth is bared? Nobodies.

THE FARMERS OF THE CORN BELT. The farmers of the corn belt, for example, are already threatened with unfair competition from the Argentine, whose rich soil is being exploited in heavy production and where the farmer who farm it are living under conditions more miserable than the poorest tenants in the United States.

THE FUTURE OF AGRICULTURE. We need to consider the miracle of America in the understanding which enables us to appreciate that which made us what we are, and then resolve to cling fast to all that is good and go confidently on to great things.

IT WILL STARLE YOU—'The Amazing Woman,' starting today at the Ideal Theatre. You will find it in our Classified Columns.

Santa Fe Buys Block On East Central For Sanatorium

The members of the board of the Santa Fe hospital association, who were in Albuquerque yesterday looking over sites for a Santa Fe sanatorium, concluded their day's work by purchasing a block on East Central avenue for the institution.

The ground purchased is on the south side of Central avenue west of the Presbyterian sanatorium and is bounded on the south by Highland park. The ground was purchased from J. F. Luby. As stated in yesterday's Herald the construction of the institution is to begin within the next six months and is to cost more than \$200,000.

ANNOUNCEMENT.

A Primary Grade School will be opened at St. John's Guild Hall under the direction of Mrs. E. A. Bradford. Parents wishing to enroll their children can consult with Mrs. Bradford mornings from 9 to 12:30 at the school.

Louis Connell, son of Walter Connell, has gone to South Bend, Ind., to attend Notre Dame university.

Victor Miller and Norman Main, students at the State University, have returned for the winter semester.

Gets Along Without Horse for 18 Years, Now Wants It Back

Could you get along without your horse for 18 years?

This is what a man of Rancho de Atrisco did and now he wants his horse. Hunlok Leonardo appeared before Judge W. W. McClellan this morning and told a story of woe. He said his uncle had bought a horse from his brother years ago. His brother he said bought it from a man in Old Albuquerque. The horse at that time he said was seven years old.

According to Leonardo the man living in Rancho de Atrisco, declares the animal was stolen from him 18 years ago. Leonardo says the horse being 25 years old is not much good any more but he says he doesn't like to see his uncle have to give it up. The judge told the man there was nothing for him to do but await court proceedings if the man should decide to fight for the horse.

Mrs. Elizabeth A. Bradford will accept a limited number of vocal pupils at St. John's Guild Hall, S. Fourth St. For appointments for lessons address 108 Yale Ave., or call at studio mornings. Pure Italian method taught.
