NUMBER 434

THE BASEBALL SEASON OPEN

League Games Begin in the Eastern Cities.

STEEL CORPORATION HOLDS MEETING

Boston, Mass., Celebrating Patriots' Day in Gala Attire.

Boston, April 20.—With crowds cheering and the band playing the champion Athletics, of Philadelphia, and the Boston team marched out on the diamond shortly after 3 o'clock this afternoon. Cy Young took his place in the pitcher's box, the umpire shouted the familiar "play ball" and the American league season for 1903 was begun. The day being a holiday in Boston the attendance was such as to tax the accommodation of the grand stand and bleachers, spacious though they are.

Today's game between the Philadelphia and Boston teams in this city is the only one of the American league schedule. The other teams of the league will not begin the pennant race until Wednesday, when Chicago will play at St. Louis, New York at Washington and Cleveland at Detroit. That the season will be the most successful the vigorous young league has ever known is conceded by all. With New York included in the circuit the league embraces all of the largest and best base ball cities in the country. Reports from New York indicate that the metropolis is prepared to welcome the invaders as warmly as did this city. The experience here and at Philadelphia last season shows that there is an ample field for two good teams in one town, though, quite naturally, the team that makes the best showing will be rewarded with the best patronage. The close race for the American league championship last season, as compared with the one-sidedness of the National league contest is one of the elements that combined to give popularity to the younger organization.

There is no doubt that the race in the American this year will be a hard one, and more interesting even than the splendid struggle of last year. It has never happened that six out of the eight clubs of a major league were pennant possibilities, but this is the condition at the beginning of the American league race today. While the Athletics, the winners of the pennant last year, have a strong club this season, in the language of the street "there are others." A careful study of the make up of the Boston, St. Louis, Cleveland, Chicago and New York clubs leads to the conclusion that all of these have at least a look in at the pennant.

POLICE COURT.

A Thief Showed His Ingratitude and Gets Into Trouble.

OTHER POLICE HAPPENINGS.

H. Feeser, a well appearing young man apparently a grafter from the active easy money district of a medium sized city, made his debut into police society this morning with a smiling face, which gave him sixty days when the judge heard the story of his evil ways.

Feeser hit the town broke and had to make a winning play. His clothes were in a fairly good condition and his appearances were approachable. After looking the town over he went to the shops and representing himself to be a machinist he won the confidence of a couple of machinists, who took him to a rooming house in the southern part of the city and made arrangements for his existence until he went to work. Seeing luck was coming his way and that no police were in sight, he proceeded to appropriate all the valuables in the house. He succeeded in securing a lot of small jewelry, an overcoat and a few other clothes. The machinists seeing they were up against a case of misplaced confidence lost no time in having him brought to justice. He will undoubtedly appreciate the sixty days in the county jail, were given five days each. Hould did plead guilty to being drunk and were given five days each. Hould did not need to tell any one that he was acquainted with booze, because he certainly did look bad. He told the judge

he only wished he could be drunk another day before serving time.

James Daly was arrested by Officer Stewart last night for being drunk and begging on the streets. He pleaded not guilty and will be given a hearing later. He will probably get five for luck.

STEEL TRUST.

Annual Meeting of the Greatest Corporation in the World.

New York, April 20.—The report of the United States Steel corporation for the year having already been made public Wall street is manifesting but a passing interest in the annual meeting of the company at Hoboken today. It is generally understood that routine business only will be transacted at the meeting. The stockholders are expected to ratify the purchase of the United Steel corporation, which Director H. C. Frick is interested, and likewise to approve of the purchase of the stocks and bonds of the Troy Steel Products company, in which Directors John D. Rockefeller and Henry H. Rogers are interested. The program also calls for the ratification of the plans of the board of directors for the expenditure this year of \$36,000,000 in the improvement of the plants of the company. It is confidently expected that the eight directors whose terms expire will be re-elected for a period of three years each.

BAZAAR TONIGHT.

Preparations are Complete—Booths of Beautiful Designs.

MANY ATTRACTIONS.

The interior of Colombo hall was a pleasant sight to behold this afternoon. The booths arranged in a most attractive manner, are profusely decorated in artistic designs.

The first booth that attracts favorable attention on entering the spacious hall is the lunch booth decorated with pink and brown paper roses, interlaid with white. Mrs. Al. Coleman has charge of this booth that will appeal to the artistic taste—appealing to the appetite.

The next booth on the left is the domestic booth, in charge of Mrs. Daniel Macpherson, which is richly decorated with pink and white paper roses. The Elks' booth, presided over by Mrs. J. H. O'Reilly, will be confined to toothsome sweetmeats. Of course, it is only natural that this stand should be attractive. The Elks colors, purple and white, show out in strong relief with the surroundings.

The ladies gave their minds a broad gauge, when they made special provisions for the comfort of the gentlemen visitors. The cozy smoking booth with a floor and wall of Navajo blankets from the Hyde store, will beyond any doubt win the admiration of every man who enjoys a good cigar, such as will be sold at the bazaar. In quiet comfortable quarters, Mrs. Prestel has charge of this inviting nook at the rear of the stage.

The entire stage proper is made attractive by the arrangement of Navajo blankets from J. W. Bennett's curio store. Mrs. Miller has charge of the card booth which occupies the stage.

The children will never forget the doll booth. Pink and white with green trimmings are the prominent colors of the booth laden down with handsome dolls.

Mrs. Harry Strong's handkerchief booth is equally as attractive in its lavish arrangement of yellow and white. Many desirable donations will be found at this booth.

The ice cream booth will be a spot cold by name but pleasant to the taste, both to the mouth and otherwise. American flags are artistically arranged to attract the ice cream appetite.

This evening, as the opening night will undoubtedly see a large crowd,

there will be dancing after 9 o'clock. Contributions for the bazaar, which have not been mentioned are: A \$75 locket, Elks charm, H. E. Fox; handsome vases valued at \$20, Arthur Everitt; two boxes cigars, Flesher & Rosenwald; gentleman's silk umbrella, T. Y. Maynard; gentleman's gloves, Mike Mandell; bath robe, Simon Stern; fancy Indian pillow, J. W. Bennett's curio store; and others are coming in right along. Misses Parker and Fleming presented a fine spring creation of ladies' headgear.

The greatest interest is being taken by every citizen in this event and it will beyond any question prove a success.

Base Ball Denial.

Pueblo, Colo., April 20.—J. A. Kehler, president of the Colorado Fuel and Iron company this morning denied emphatically that he is in any way concerned with any negotiations affecting the Colorado Springs franchise of the Western league.

RAILROAD OFFICIALS.

Messrs. Biddle, Morehouse and Roe in the Territorial Metropolis.

HOLDING CONFERENCE.

W. B. Biddle, freight traffic manager for the Santa Fe, arrived from the west this morning in private car attached to passenger No. 2. He is just returning to his headquarters at Chicago from a three weeks' business and pleasure trip on the coast, accompanied by Mrs. Biddle and her parents, Mr. and Mrs. Frost, of the Windy City. Mr. Biddle's car was sidetracked here and the occupants are spending the day at the Alvarado, where they were joined by George E. Roe, freight and passenger agent for the Santa Fe at El Paso, and Charles Morehouse, official in the same capacity for the Santa Fe at Denver, Colo. Both gentlemen came to Albuquerque on purpose to confer with Mr. Biddle, which conference is being held at the hotel this afternoon. The party will break up tonight, Mr. Biddle and relatives continuing to Chicago, Mr. Roe returning to El Paso and Mr. Morehouse going to his office at Denver.

All three gentlemen were pleasant callers at The Citizen office this afternoon, and Mr. Morehouse says he was still young enough to don his old base ball uniform and officiate as catcher in a nine-inning contest. When Mr. Morehouse was agent for the Santa Fe at Socorro and later at Albuquerque, years ago, he was then one of the crack base ball players in the territory, and was a noted southpaw batsman.

PATRIOTS' DAY.

Boston Town Celebrates the Heroic Events of 1776.

Boston, April 20.—In Boston and vicinity there was a general celebration of Patriots' day today, the observances recalling the old traditions and historic incidents of the revolution, such as the ride of Paul Revere, the march of the British troops from Boston to Lexington and other memorable incidents that heralded the great struggle of 1776. In this city all of the old houses of historic interest were gaily decorated and were kept open all day for the inspection of visitors.

The program of sporting events, which of late years has grown to be the most marked feature of the anniversary celebration, was this year more notable than ever before. The clubs of both the National and American base ball leagues met on their home grounds and in addition the list of attractions included the annual Marathon race of the Boston Athletic association and the bicycle races at the Charles River park. In the bicycle races the feature was the open paced event with Elkes, Stinson, Munroe, De Gulshard and other famous racers among the contestants.

TEN BRIBE TAKERS.

Grand Jury Will Indict Ten Missouri State Senators.

St. Louis, April 20.—Attorney General Crow was present today during the session of the St. Louis grand jury and assisted Circuit Attorney Folk with the investigation of this end of the legislative boodle deal.

The Cole county grand jury has taken a recess until April 27 and this leaves the attorney general free to come here for a time.

It is hinted that at least ten state senators will be indicted for either perjury or bribery before the inquiry is concluded here and at Jefferson City.

Money Market.

New York, April 20.—Money on call steady at 4 per cent. Prime mercantile paper 5 1/4 @ 9%.

UTAH SHEEP DYING

Thousands Being Carried Away by Malignant Disease.

LOSS WILL BE FULLY 50 PER CENT

Sheep and Cattle Men Clash Over Range in Wyoming.

AN OKLAHOMA BELLE TO BE MARRIED

Salt Lake City, April 20.—Between the ravages of an unusually severe winter and the breaking out of a malignant disease known as "big head" among their flocks within the past few weeks, the Herald says that the sheepmen of Utah, southern Idaho and eastern Nevada, are afraid that by the time they get their sheep to the summer grazing grounds their losses will amount to about fifty per cent of the number they had last fall. Should this estimate be correct, the loss in Utah alone will amount to about one million head and would be an unprecedented loss to sheep owners of this state.

LAYING STEEL RAILS.

About a Hundred Men at Work on Spur Above Town.

PUSHING MATTERS.

Mr. Anson, of the firm of Anson & Holman, who secured the contract to grade the "short line" road, from the main track of the Santa Fe to the American Lumber company mill site near the government Indian school, drove into the city this afternoon, and gave out the cheerful tidings that about a hundred men were put to work this morning laying ties and steel rails on the spur to the mill site.

Mr. Anson says that the grading is about completed, and the way work started in this morning, the spur will be ready for business in about a week.

George L. Davis, general superintendent of the big lumber company, left last night for the company's immense timber tract on the Santa Fe Pacific, where he goes to give his personal attention to company's matters and expects to be absent from the city for a few days, after which he will look after the excavations for the company's buildings at the mill site.

DISAPPEARANCE

Of Harry Huck, Causes Anxiety Among His Friends.

FEAR SELF DESTRUCTION.

What has become of Harry Huck? Is the question that is being passed among those who became acquainted with the young man who came here from Chicago the early part of January.

Huck, who has been living at the Alvarado since his arrival into this healthy climate, disappeared about five days ago, and no one knows where he has gone or what has become of him. Since the early part of January Huck had been a guest of the Alvarado since his arrival into the healthy climate. He quietly disappeared from his accustomed haunts about five days ago, taking none of his baggage, nor did he say anything about going away to any of his daily associates. A fear is entertained for his safety, because of his melancholic and gloomy state of mind, caused by ill health.

Huck is the son of the millionaire Huck, who gained his wealth and prominent position in the financial world as a mailster. He is also a brother of Mrs. Marshall Field, Jr., who is notably associated with the society folk of the Windy City. Those who may have met Huck or in any way came in contact with him, will remember him as the nervous little yellow-skinned fellow, saturated with the odor of cigarettes. His noticeable nervousness endowed him with an eccentric nature that could not fall out attract curious attention.

Huck, in several confidential conversations with a friend, who has expressed his anxiety for Huck's safety, had endorsed with serious expression, the old theory that life is not worth living, and once or twice came out strongly intimating that he would be better off were the worry and woe of his life ended. But at the time it was thought that these assertions, which were almost of a nature resembling threats, were made when he was in a desperate mind. He was well educated and showed the characteristics of a man brought up amid cultured surroundings. Four years were spent abroad finishing his education. At the piano he proved himself to be an artist. But his ill health rendered his life an unhappy existence for himself and irritated those around him. His days were spent in sleeping or trying

(Continued on page five.)

FOUND DEAD IN CABOOSE.

The Sad Endings of Brakeman Myron J. German.

DUE TO ALCOHOLIC DRINKS.

The dead body of Myron J. German, a Santa Fe Pacific brakeman, was found about 4:30 o'clock this morning in Conductor F. A. Murphy's caboose by Trainmen Caller George Powers.

German was braking with Murphy's crew, which had been called to go west this morning. The trainmen caller, Powers, had gone to German's home, but had been unable to find him at home or in any of the saloons. The caller then went to the caboose, which had been attached to the train made up to go west. He had no sooner opened the door than he knew something was wrong from the terrible odor that came from the car. Investigating farther he discovered the body of the brakeman on one of the bunks. The bloated face of the brakeman, which had already begun to turn was an unpleasant one to look upon. Officer Stewart was found and notified of the mysterious discovery. A hurry-up call was sent to O. W. Strong & Sons, who took the remains to their undertaking establishment. It is not known how long German had been dead, but it is thought, judging from the reports of when he was last seen, that he had been dead since Saturday night.

Brakeman German was called with the rest of the crew to go out Saturday morning, but the entire crew were released from the trip Saturday morning.

German, on his way home, dropped in at Graham Bros., where he played faro, shot craps and whiled away the hours indulging in the pleasures furnished by the saloons for those who frequent them. He was last seen on the streets about 10 o'clock Saturday morning with his lunch basket in his hand going toward the yards.

Saturday afternoon the other brakeman of the crew entered the car to clean up some of the paraphernalia of the car and saw German lying on the bunk sleeping. He didn't pay any attention to the man except that he was breathing rather hard, but only supposed he was sleeping off a jag. The

(Continued on page five.)

WAR ON THE RANGE.

Sheep Men of Wyoming Declare War on Cattlemen.

Cheyenne, April 20.—Sheep men of the Sweetwater country have declared open war upon cattlemen and a clash is imminent unless steps are taken at once to make satisfactory division of the range. A private letter from Lander states that the militia may have to be called out and there may be much bloodshed.

Sheriff Charles Stough, of Lander, has gone to the range country to investigate the situation. The quarrel has been going on for years, but has now reached a crisis and the sheepmen say that they will open hostilities if the grievances are not adjusted.

Oklahoma Belle to Wed.

Washington, April 20.—The fashionable church of St. Thomas is to be the scene this evening of a brilliant wedding when Miss Dorothy Flynn, daughter of ex-Delegate Dennis Flynn, of Oklahoma, becomes the wife of Dr. James J. Richardson, a prominent throat specialist and friend of President Roosevelt.

The wedding will be attended by scores of persons prominent in official and social circles of the national capital, for the bride to be is an acknowledged belle and a member of the most fashionable set of Washington. The wedding trip of the popular young couple will be to Italy.

WILL OPPOSE COURT DECISION

Securities Company to Resist Recent Decree.

CLUE TO A MYSTERIOUS MURDER

Threatened Strike on Manhattan Elevated May Be Compromised.

St. Paul, April 20.—Before United States Circuit Judge A. H. Sanborn appeared attorneys for the Northern Securities company, and the Northern Pacific and the Great Northern Railway company, to present their arguments against the recent decree against the Northern Securities company, that it be so far suspended as to permit the payment by the railroads of the regular May dividends to the Securities company. They maintain that the money found would ultimately reach the same individuals whether paid to them direct or through the medium of the Northern Securities company. On all other points of the decree no modification was asked. A little over \$4,000,000 will be released for the May dividends if the petition is granted and nearly \$14,000,000 would be paid out before a decision can be secured from the supreme court of the United States. Further instructions from Attorney General Knox this morning were to the effect that he should continue to oppose the petition and not agree to any suspension of the decree.

The petition was granted, Judge Sanborn announcing his decision at noon. The appeal has been perfected and the bond will be filed at once.

Denial.

Houston, Texas, April 20.—The attorney general of Texas denies that any action is contemplated by the state.

SANTA FE CUT-OFF.

Henry Lanry, of the Constructing Firm, is Interviewed.

PARAGRAPHS OF GENERAL INTEREST.

"Work is being pushed forward as rapidly as could be expected considering a few exasperating circumstances which are holding things back and are exceedingly provoking," said Henry Lanry, the elder of B. Lanry Sons, railroad contractors, now engaged in constructing the Santa Fe cut off east of Belen.

It was on the afternoon of Friday of last week, during a severe sand storm, that an inquisitive representative of The Citizen found Mr. Lanry sitting on a straight back, hard bottomed chair on the sheltered side of the firm's office building, just south of Belen, near where the cut off building is going on. Although the wind was raging, hurling clouds of sand through the air and that the Santa Fe was causing some grief in the building of the road by not furnishing material, mostly ties, fast enough to please the contractors and let the work progress as fast as it might, the reporter found the veteran railroad builder in a pleasant state of mind and a very agreeable personage generally.

"Rails are now laid about five miles east of the bridge, over the river," continued Mr. Lanry. "Of course you know that the tracks being laid now are only temporary and will be used to convey supplies to the camps in Abocanyon and out on the pass. The permanent road will not be laid until the rock work in the canyon is finished."

"Plenty of rails are on the ground but we have no ties to put them on. This inconvenience is causing no little delay and is very aggravating."

"The depot of supplies, contracted for Gross, Kelly & Co., formerly here, has been moved across the river and the freight trains are now hauling from there instead of having to cross the river as before."

"The work there is to do in Abo canyon, when finished, will be a feat in magnitude in America only by that of the Royal Gorge in Colorado and in a few other instances."

"The road crosses the canyon in five places. In each crossing bridges of steel will be placed on masonry abutments sixty-five feet from a solid stone

Sheridan's wife admits the departure of her husband, but when questioned by a Brotherhood member could not give the latter any information that would lead to his present whereabouts.

Miss Nell Flournoy, daughter of Mr. and Mrs. M. W. Flournoy, has returned to the city from school, attended in southern California.

D. W. C. Merriam and wife, who were here the past week, left last night for Chicago on the limited train. Mr. Merriam is the attorney of the American Lumber company, and was here in consultation with General Manager Bennett.

of Texas against the Southern Pacific company, based upon the recent decision in the Northern Securities case.

Clue to Mysterious Murder.

New York, April 20.—Police Inspector McCluskey announced today that the identification of the body that was found in a barrel last Tuesday would be positively made within a few hours and that the identification would come from Buffalo.

"I wish to say," said the inspector, "that all these stories stating that the murdered man was mixed up in the Waterbury, Conn., strike are absurd. The solution of the mystery attached to the murder will come from Buffalo."

Later the inspector said that he was convinced that the murdered man was Maduena Benedetto, 40 years of age, of Buffalo. A picture of the murdered man had been positively identified, the inspector said, by a brother-in-law of Benedetto. The brother-in-law is Joseph De Prima, who is now serving a term in Sing Sing prison.

WILL BE COMPROMISED.

Threatened Strike on Manhattan Railroad to Be Settled.

New York, April 20.—Employees of the Manhattan railroad will decide in two meetings today and tonight whether they will accept the concessions of that company in wages without a reduction of the number of working hours. At previous meetings the men voted to strike unless the nine-hour day was struck. The company offered an increase aggregating \$250,000 in wages annually instead. President Pepper of the employees' union says he is confident there will be no strike and that the offer of the company will be accepted.

Lumber Manufacturers Meet.

Washington, April 20.—One hundred or more delegates, representing the lumber makers of the United States, were present today at the opening of the first annual meeting of the National Lumber Manufacturers' association, which was organized at St. Louis last year. Since its organization the membership has rapidly increased and the association is now in a position to make its influence felt for the betterment of the trade throughout the country.

AN EMBEZZLER.

J. H. Sheridan, Financier of B. of R. T., Has Skipped Away.

ACCOUNTS TO BE INVESTIGATED.

J. H. Sheridan has left the city, but it is dollars to doughnuts that he will be followed by the Guaranty Bond company and brought back to this city. Sheridan is the financier of the local lodge of the Brotherhood of Railway Trainmen, and his shortage, which has just been discovered, will amount to several hundred dollars. The exact amount, at present, is not known, and a prominent Brotherhood man says it is his opinion that Sheridan's shortage will foot up to nearly a thousand dollars. He recently received the grievance committee assessments from the members, and besides has failed to account for several funeral assessments.

Sheridan's wife admits the departure of her husband, but when questioned by a Brotherhood member could not give the latter any information that would lead to his present whereabouts.

Miss Nell Flournoy, daughter of Mr. and Mrs. M. W. Flournoy, has returned to the city from school, attended in southern California.

D. W. C. Merriam and wife, who were here the past week, left last night for Chicago on the limited train. Mr. Merriam is the attorney of the American Lumber company, and was here in consultation with General Manager Bennett.

(Continued on page four.)

If anybody is sick at your house, that makes it all the more important that you should come here for the medicines which your doctor prescribes. The markets of the world do not afford purer drugs than we dispense. Our stock of DRUGS and SUNDRIES is full and complete

The Daily Citizen will be delivered in the city at the low rate of 15 cents per week, or for 60 cents per month, when paid monthly. These rates are less than those of any other daily paper in the territory.

The postoffice department has decided that torn postage stamps cannot be used.

In 1880 the factory wage earners in the United States numbered 8,385. In 1902 the number had increased to 500,000.

El Paso bank deposits increased \$1,602,695.25 in two years, and the assets \$1,825,527.22, a gain of about 66 per cent.

The west side of the city of Las Vegas is making a great mistake objecting to the consolidation of the post-offices of the city.

The Goo-Goo party of this city was too good to live in this cold, cruel world and the cactus is already growing upon its early grave.

Peace makes more conquests than war. The one encourages the harmonious efforts of all, the other retards every participant beyond measure.

Nicaraguan troops are being praised for traveling 300 miles in eight days, through the swamps, but the dispatch neglects to explain who was chasing them.

Chicago has her first socialist alderman. One of his principles is "Buy less beer and more books," and no one has been able to explain satisfactorily how he broke in.

Binger Hermann, ex-commissioner of the general land office, has been nominated for congress from Oregon to fill the vacancy caused by the death of one of Oregon's representatives.

Delaware river ship yards are reported as having contracts for \$40,000,000 worth of ships. Fifty-nine vessels are being built in these yards, seven of them warships, costing \$22,000,000.

The people of New Mexico are not enthusiastic about being annexed to Arizona. The debt of that territory is three times greater than the debt of New Mexico, and its resources and population is less than half that of this territory.

The Harrison monument committee of Indianapolis has given up the idea of erecting a monument in that city to the memory of the late president. The original plan was to raise \$100,000 for that purpose. In two years less than \$45,000 has been subscribed.

The Moros are the only natives of the Philippines who have been asking for any war with the United States recently, and they are getting more of it than they want. The latest victory for the American troops under Captain Pershing will probably end the campaign in that quarter of the islands.

The sugar trust has raised the price of sugar again and all American citizens must increase their tribute to the great monopoly. The rise is not great this time—only 5 cents the hundred pounds—but 5 cents per 100 pounds is \$1.00 per ton, and applied to our sugar consumption for a year is about \$2,000,000, which is a neat little sum for

STATEHOOD QUESTION.

Opinions of Two Influential Arizona Newspapers.

ONE FOR AND ONE AGAINST UNION.

The Hon. B. S. Rodey, delegate to congress from New Mexico, has just returned to his home at Albuquerque, and expresses the opinion that Arizona and New Mexico will be made one state, by republican party action early in the next session of congress. Mr. Rodey says that no amount of opposition on the part of Arizona can prevent this, and he intimates that New Mexico will welcome the relation. Assuming that Mr. Rodey, who is a republican, is speaking by the authority of his party leaders in congress, what are the people of Arizona going to do about it?

In time of peace, prepare for war, is an adage both ancient and wise. Unless the people of this territory are willing that Arizona should become a vassal province of New Mexico no time is to be lost in preparing to fight the proposal. It should not be lost sight of that in the next congress the people of Arizona will not have Mark Smith at the helm. Colonel Wilson may prove to be all that could be desired, but he has not had as much experience as Mr. Smith, is not so widely acquainted, and it is to be doubted if he can exert the same commanding influence on the democratic leaders in both houses of congress. Mr. Smith prevented the amalgamation of Arizona and New Mexico during the last session of congress. For this he is entitled to the eternal gratitude of the people of Arizona. In the next congress the question will again be alive and unless the people of Arizona present a solid, determined fighting front, Arizona will be obliterated from the map of the United States.

This is the most serious public problem now confronting the people of Arizona. We believe that not 3 per cent of the people of this territory are willing to join New Mexico in statehood. Government from Washington is not ideal, but government from Santa Fe would be intolerable. Both houses of the Arizona legislature by unanimous vote passed a memorial to congress protesting against joint statehood. This is the official vote of Arizona. The people should prepare to back it up to give it force and effect.

A committee of public safety should now be organized. This should be made up of men of all parties. The duty of this committee should be to protect the commonwealth. Arizona is worth fighting for as it stands. As a province of New Mexico it would wither and decay. New Mexico would tax Arizona to death, destroy its industries, abolish its institutions, imperil its civilization. Arizona wishes New Mexico well as a neighbor and friend. But the highest effort of Arizona statesmanship should be exerted to prevent political amalgamation with New Mexico.—Tucson Citizen.

In some respects this article is an injustice to New Mexico, as her indebtedness is less than half that of Arizona, and her tax rate is much lower. Then New Mexico could not "tax Arizona to death" without taxing herself accordingly. New Mexico has made a most remarkable growth during the past five years. More miles of railroad have been built in New Mexico during the past two years than any other state or territory in the union save one—Texas. New towns, and good ones, too, are springing into existence all over New Mexico. Old conditions are fast passing away in New Mexico, and a new era of great and lasting prosperity has come. New Mexico is beyond Arizona as an agricultural, horticultural and stock raising country. Ar-

izona, by a combination with southern New Mexico, would hold the balance of political power in the state, which would mean the removal of the capital to Albuquerque, a more central location. But aside from these questions, the bill would provide that Arizona should become a state when its population shall have reached 200,000, which at its present ratio of increase would in all probability be not longer than five or six years. While the Era would much prefer to see Arizona admitted singly, yet it believes that the only show for admission is in conjunction with New Mexico, and even under those circumstances it will welcome statehood.—Clifton Era.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly diseases? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "I was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discoveries' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

HOSTETTER'S CELEBRATED STOMACH BITTERS

To expel the poisons that have accumulated in the system during the winter you ought to take the Bitters. It is the best spring tonic and blood purifier before the public. It also cures Stomach, Liver, Bowel and Kidney Disorders. Try it and see for yourself.

zonal, by a combination with southern New Mexico, would hold the balance of political power in the state, which would mean the removal of the capital to Albuquerque, a more central location.

But aside from these questions, the bill would provide that Arizona should become a state when its population shall have reached 200,000, which at its present ratio of increase would in all probability be not longer than five or six years. While the Era would much prefer to see Arizona admitted singly, yet it believes that the only show for admission is in conjunction with New Mexico, and even under those circumstances it will welcome statehood.—Clifton Era.

JEMEZ & SULPHUR HOT SPRINGS STAGE LINE.
Carries the U. S. mail; only line with a change of stock en route; good rigs, horses and drivers; leaves Albuquerque every day in the week, except Sunday, at 5 a. m. For particulars address W. L. Trimble & Co., agents, Albuquerque, or J. L. BLOCK, proprietor, Jemez, N. M.

An interesting comparison. It would naturally appear that owing to the price for which imported champagnes are sold, the combined revenue for the sale of all these wines would be in excess of the amount paid annually for any single brand of bottled beer.

But such is not the case, as the United States custom house statistics clearly and definitely prove. Anheuser-Busch's Budweiser not only exceeds in sales all other bottled beers combined, but has proved itself, the mightiest competitor of imported champagnes by exceeding their annual revenue more than three and one-half million dollars.

The sales of Budweiser during the year 1902 were 83,790,300 bottles, averaging 25 cents per bottle, amounting to \$20,947,575.

The United States custom house records prove the importation of all champagnes for the year 1902 to be 360,705 cases. Figuring on a basis of 12 quart bottles per case—4,328,466 bottles, and if sold at the maximum, \$4 per bottle, to the consumers, amounted to \$17,313,591.

From these figures it will be seen that Budweiser's lead was \$3,633,591. It is a noteworthy fact that this pure and wholesome beverage is fast supplanting imported champagnes upon the banquet table, just as it is supplanting the decenter upon the sideboard in American homes.

This is as it should be, and marks a perceptible advancement in the direction of true temperance. Budweiser is a brew that is known the world around, and is not only preferred by discriminating customers because of its rare flavor, fine effervescence and perfect maturity, but prescribed by physicians everywhere on account of its absolute purity, nourishing and upbuilding effects.

Railroad Topics

Conductor Harry Boas, of San Marcial, is planning a visit to his old home in Arkansas.

Contractor Harlan has set a gang of carpenters at work on the new depot building at San Marcial.

A horse belonging to Carlos Hidalgo, of Dona Ana, was killed by a south bound Santa Fe freight the other night.

President Frost, of the Topeka Commercial club and formerly land commissioner for the Santa Fe road, is in Las Vegas looking around.

It is officially announced that the loss of oil at the burning of the Santa Fe tanks at Bagdad several days ago, amounted to 49,000 barrels.

Fred Griffith, of San Marcial, who was on the sick list for several weeks, went to Belen to relieve Conductor Elwood Hayes on the cut off supply train.

Machinist Isaac Holloway is recovering his health, and believes he will be able to resume work at the El Paso Texas Pacific shops the first of next month.

Firemen W. J. Parsons and Noah Darr, of the Rio Grande division, have passed the examination for promotion, and the throttle instead of the shovel will be their specialty in the near future.

Conductor H. C. Hubbard, by a vote of 3,207, was declared last Saturday, to be the most popular conductor running out of Las Vegas, and will receive the handsome silver mounted lantern. This ends the Las Vegas Record contest.

Edward Johnson, who has been employed at Kennedy with the Santa Fe Central railway, arrived in Santa Fe Saturday and departed yesterday for Espanola on business for the same company and from there will go to Alamosa, Colo.

H. U. Mudge, general manager of the Santa Fe, and J. E. Hurley, general superintendent of the same road, left Topeka for New York, where they are to attend a meeting of the American Railroad association. They expect to be gone about two weeks.

Mrs. R. L. McCance, wife of the efficient treasurer of the Santa Fe Central railway and Pennsylvania Development company, who has been seriously ill, is slowly improving. Mr. and Mrs. McCance now have rooms at St. Vincent's sanitarium, Santa Fe.

B. M. Read, Esq., and Juan Delgado were in the city yesterday to see the latter's son, and Mr. Read's son-in-law, J. P. Delgado, who was injured in the Santa Fe railway shops here last Friday. He had the great toe of one of his feet cut off, and is reported getting along nicely.

The next annual convention of the International Railway Master Boiler Makers' association will be held at the Southern hotel, Columbus, Ohio, beginning on Tuesday, May 19. President G. W. West of the American Railway Master Mechanics' association has promised to deliver an address.

James Spivey returned to Santa Fe Friday from Kennedy, where he has been painting and lettering station signs for each of the stations along the line of the Santa Fe Central railway. The signs are very pretty and creditable to the road and the painter. Mr. Spivey also painted the mile posts for each mile along the road.

C. C. Small, surveyor of the Alamo-gordo & Deming short line railway, was in Las Cruces Tuesday for supplies. The outfit is camped about fifteen miles from that town. They are working on the second survey of the road—all of which looks mighty favorable for the early construction of the line.

The El Paso News says: Engineer Ray Thompson, who has been running the helper engine between El Paso and Straus, has taken a lay off and gone to Albuquerque on a short visit to friends. His place is being filled by regular Engineer Love, who has been visiting in east Texas for the past two months and who has just reported for duty.

No one may hereafter fear that, should he die in a strange country of a contagious disease, the railroads will refuse to transport his remains to the land of his birth. At a conference held at Chicago between representatives of the state health boards and of general baggage agents, it was decided that the present restrictions with regard to the transportation of dead bodies should be less strictly observed.

The station at Mesilla Park, on the Santa Fe railway, was robbed the other afternoon at about 4 o'clock. The agent, Fritz, left the depot in the office for a short time, locking the door, and when he returned found that some one had removed a pane of glass from the west side, opened the window and had taken from the safe about \$20 in money, a gold watch and a revolver. There is no clue as to who committed the robbery.

The Las Vegas Optic says: This is a story of two Pullman porters. They had a run between Las Vegas and Albuquerque and for a while they ran well. Then they concocted a scheme by which they expected to beat like Lewis out of some articles of wearing apparel and other valuable possessions. They thought what they listed and gave to Mr. Lewis the power of attorney to collect his pay from the railroad company before they should draw their month's checks. Then they hastened to the company offices and foregathered their checks, departing northward by the first train. Marshal Curtright came into the game at this

stage and had the porters headed off at La Junta. They settled in full, under threat of being brought back and tried for obtaining money under false pretenses.

Conductor L. F. Gifford has returned to work after a short lay off on account of sickness.

Lawrence B. Smith, a popular young railroad official at Winslow, enjoyed the Sabbath in this city.

Mrs. H. H. Brown, of this city, has arrived in Topeka and has entered the Santa Fe hospital there as a patient.

Thomas Leydon, of the mechanical test department of the Santa Fe, is here for the purpose of inspecting some engines for the Santa Fe.

James Carroll, the engineer, who took a lay off and spent the time in southern California, has returned to the city.

Twenty-five men, the first detachment of an order for 100 laborers to work on the Santa Fe Central, left here last night for Kennedy. From Kennedy they will be sent along the line and engage in laying steel of the new road.

Engine No. 10, the engine which the Lantry Bros. purchased at the Santa Fe shops last winter and which was repaired and painted and decorated at Topeka, is now at Belen, N. M., where the Lantry Bros. are doing some work for the Santa Fe.

William Johnson of the office of John Purcell, superintendent of shops, Topeka, has quit the service of the Santa Fe. Mr. Johnson will leave shortly for the City of Mexico, where he has secured a better position with the Mexican Central railroad.

An order has been placed for twenty-seven more way cars to be constructed in the freight car sheds, of the Santa Fe at Topeka. The men are now working on an order of fourteen cars and as soon as they have finished these they will begin on the new order.

Announcement has been made from the headquarters of the Santa Fe system in Los Angeles that the road would soon install oil burning locomotives on the Seligman-Winslow division in Arizona, adding about 146 miles to the mileage now covered by oil burning engines on the Santa Fe system.

The Rock Island has just issued a booklet, which, for advertising purposes, is yet unsurpassed. Although it is simple in design, the book is printed on good paper, is well bound and contains reading matter that is both useful and interesting. The title of the book is "Men Wanted," and it contains an alphabetical list of all the towns along the line of the Rock Island and which is needed in each town.

It has been learned that all cars which are now being built for the Santa Fe by the different car manufacturing companies of the country are to be equipped with what is called the Barber bolster. This bolster is quite an improvement over the bolster now in use. It rolls from side to side and allows the car to "give" and consequently ride easier. The bolster now in use is stationary. A swing bolster was formerly used.

The twenty-ninth biennial convention of the Order of Railroad Conductors, of the United States, Canada and Mexico, will meet at Pittsburgh, Pa., May 12, and the local committee is making elaborate preparations for the entertainment of the delegates. The convention, it is said, will be the most important held for many years. About 5,000 delegates are expected. A fight for the next convention is already on, Buffalo, Boston and Salt Lake having been heard from.

The Topeka State Journal says: The family of N. M. Rice, the new general storekeeper of the Santa Fe, who has his headquarters in this city, will arrive on Saturday from Albuquerque, where Mr. Rice's headquarters were located when he was storekeeper of the lines west of that point. Mr. Rice has rented a house on the corner of Fillmore and Ninth streets and the family will move into it immediately on their arrival. Their new address is 901 Fillmore street.

The management of the Santa Fe has announced that the legal battle which is being made by a pioneer of Arizona to obtain the title to the Bright Angel Trail will not interfere with the construction of the new hotel which the company is planning to erect on the rim of the canyon. Thus far the pioneer seems to have the best of the struggle, but the Santa Fe will construct another track to the river bed, provided the courts deprive them of Bright Angel Trail.

Makes a Clean Sweep. There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

New Depot at Raton. Now that the improvements at the Santa Fe depot at Topeka are nearing completion W. R. Carter, the contractor who has had charge of the work, is beginning to make preparations to leave for Raton, N. M., where he has the contract to erect a combination depot and hotel for the Santa Fe. Mr. Carter is doing a good deal of work for the Santa Fe. Besides the improvements at the depot in Topeka, he has charge of the erecting of the new depot at Chanute, Kan., and at several other towns on the Santa Fe. The depot at Chanute is finished all but the roof, which was delayed by the condemning

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

of the first shipment of slate win which the depot was to be roofed. The men are now waiting for a new supply. The depot that Mr. Carter is to erect for the Santa Fe at Raton is to be built of concrete.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at all druggists.

THE LAST SPIKE.

Pauls Valley Extension is Now Ready for Action.

The last spike was driven on the Rock Island branch known as the Pauls Valley extension between Chickasha and Pauls Valley, I. T., last Wednesday afternoon and regular trains will begin running this week. This branch was built jointly by the Santa Fe and Rock Island road. The Santa Fe built from Pauls Valley to Erin Springs, half the way, and the Rock Island completed the line into Chickasha. The road is sixty-five miles long and will be operated by the two systems.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

OIL SANTA FE TRACKS.

First Oiling to Be Done in the State of California.

The first oiling to be started for the summer season by the railroads will be begun on the Santa Fe between San Diego and Oceanside. This road is expecting a heavy traffic during the summer, not only from interior coast towns but from the east. The line into San Diego has been placed in excellent condition, in anticipation of a big success attending the Santa Fe's attempt to boom southern California as a summer resort. The oiler was sent down from San Bernardino to Oceanside, following the work train, which went down last week.

Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Alvarado Pharmacy.

Tumbling Steel Girders.

Two ponderous steel bridge girders, presumably destined for an immense bridge being built by the Santa Fe near Azusa, Cal., have been causing no little trouble in railroad circles of the local Santa Fe divisions the past few days. The girders are almost three cars length and of tonnage unestimable to a novice. They occupied three flat cars and left Albuquerque a day or two ago for the west. There is a bad curve near Grants and in turning this curve they were caught by the wind and tumbled to the ground. The destruction caused by the jar they gave the earth startled the residents of Grants to such an extent that they cast their eyes toward the long sleeping volcano near by with anxiety. It required a wrecking crew and a steam crane to return the girders to the cars. They were brought here Saturday to be securely attached to the cars, so their further journey would be safely made. In placing them in position they for a second time tumbled to the ground and again the assistance of the steam derrick was necessary to handle

them. They were finally securely lashed and the railroad boys will breathe easier when they reach their destination.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fall to try them. Only 50 cents, guaranteed, at all druggists.

GENERAL STOREKEEPER RICE.

Marked Improvement Noticed Since He Took Hold.

Since N. M. Rice, formerly of Albuquerque, the new general storekeeper, took charge here the storehouse has been the scene of many improvements, says the Topeka State Journal. Nearly every day a number of men can be seen at work with brooms, others with paint brushes, and still others are occupied with the sorting out of old material and arranging it in a more orderly and convenient manner. Mr. Rice is the kind of a man who likes to have a system about the way of doing things, of having a place for everything and everything in its place. With this end in view he has gone to work with a will and already a great improvement has been made at the storehouse.

All the old shelving has been torn out, and carpenters have been put to work making a new and different kind of shelving. The only thing that is hindering Mr. Rice's plans is the fact that the ceiling and windows of the storehouse are not high enough and consequently the kind of shelving that he really wishes to have can not be built. But being that the storehouse was not built for the shelving, the shelving will have to be built for the storehouse. The most important and noticeable improvement will come after the shelving has been put in and everything has received its new coat of paint.

The manner in which things are now arranged at the storehouse is such that although each article is marked, it is very hard to find among the great mass of other material and consequently it requires more time to fill orders than is really necessary. Mr. Rice plans to have all this changed. As soon as the shelves are ready the material which is now being sorted out will be neatly arranged on the shelves and a system of numbering will be used that will enable the men to find almost immediately any article that is needed. An index will be kept in the office and this will be used until the men get accustomed to the new system. It is said that the new system of handling material will later be worked down to so fine a point that in making requisitions the article wanted will be indicated by the number of the shelf on which it is kept instead of writing out the full name, as is now done.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

The following from a Chicago paper is a good illustration of what a man can do with his imagination: "The decapitation of employees under the old Purdy-Cable reign of the Rock Island continues. The latest is the dismissal of H. B. Cable as general superintendent of lines west of the river. He has been succeeded by J. M. Graber, formerly superintendent of the eastern division of the Great Northern. Mr. Cable's dismissal is understood to be a slap at his father, R. R. Cable, who was forced out of the chairmanship of the board recently." The fact that Mr. Cable has been given another and better position does not look as if there was any malice mixed in with the deal.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenthart, Bowling Green, Ohio.

..Albuquerque's Largest Store..

AFTER EASTER

Rapidly come the days when you need warm weather wearables. We have made great preparations this year to have just what is strictly correct and up-to-date. In only one way we can demonstrate to you that we have the stock and that is to have your strictest investigation. Remember it is no trouble for us to show goods.

300-302-304-306-308-310 WEST RAILROAD AVENUE

California

\$35.00 Round Trip
\$25.00 One Way

If you expect to go to California, why not go when the railroad fare is low? From now to June 15, 1903, you may go there for \$25.00. You may buy a round trip ticket May 13 or May 13 to 19 inclusive, for \$35.00—a considerable reduction from current rates. These round trip tickets will be limited to June 15, and liberal stopover privileges accorded.

The one-fare tickets will be accepted for passage in free chair cars carried on fast trains. If sleeper is desired, tickets will be accepted for passage in tourist sleepers on payment of customary Pullman charge. The round trip tickets will be honored on any Santa Fe train—Pullman space extra. Santa Fe all the way.

A profusely illustrated folder issued by the Santa Fe describes the trip to California, and also contains complete schedules of the special trains to be run for those who avail themselves of the low rate made for the general assembly of the Presbyterian church and the general convention of Master Plumbers. Sent free on request.

F. L. Myers, Ticket Agt., Albuquerque, N. M.

See the new spring showing of Easter suits, at our store. The entire line is now on display. Prices range from \$10 to \$20. SIMON STERN, The Railroad Avenue Clothier.

W. L. Douglas shoes—first spring shipment has arrived—many new styles in patent vict, vict kid, French and box calf—\$3 and \$3.50. SIMON STERN, Railroad Avenue Clothier.

Local Happenings

Ben Bibb, assessor for Valencia county, went to Los Lunas last night. Samuel Locke, the cattle inspector from this district, is in the city from Magdalena.

O. F. Hovey, the probate court clerk of Sandoval county, is in the city on official matters.

Hon. Carl A. Dalles and Louis C. Becker, of Belen, are in the territorial metropolis today.

Ed Farr, of Farr Brothers, arrived Friday from Torreon, Mexico, with three cars of fat cattle.

Col. J. Francisco Chaves, territorial school superintendent, was a passenger for Belen last night.

H. W. Kelly, of the grocery establishment of Gross, Kelly & Co., is in the city from Las Vegas.

George E. Ellis, the proprietor of the Clare hotel, Santa Fe, was in the city yesterday on business.

Joe Barnett and wife left yesterday on the California limited for a visit of short duration at Los Angeles.

A very important meeting for union men will be held this evening at the Carpenters' hall on West Gold avenue.

Mrs. Sidney Hubbell has gone to Santa Fe, in response to a message that one of her daughters is quite sick.

A. M. Bergere, clerk of the district court at Santa Fe, was here yesterday, but continued north to Santa Fe last night.

A. J. Loomis, the deputy internal revenue collector for New Mexico, stationed at Santa Fe, is here today on official matters.

Dr. C. H. Conner and J. F. Palmer came in from Hell canyon this morning, leaving their wives out there for a month's vacation.

B. Fleisher, the cigar manufacturer, was called to the city from Denver, on account of the arrival at his home of a bouncing baby girl. Mother and child are reported doing nicely today.

TELEGRAM RETURNED.

Relatives of Martha Walden, the Suicide, Cannot Be Found.

All telegrams which have been sent to various people in regard to Mrs. Martha Walden's suicide have been returned. It was learned by O. W. Strong & Sons yesterday that she had two brothers and three sisters in San Antonio, Texas. They were further informed that Mrs. Walden's maiden name was Sumkusky, and that her people were prominent people in San Antonio. Telegrams were immediately dispatched, but all were returned. The name of the Polish was undoubtedly misspelled or it would have found its proper destination. A telegram was received from Nevada, saying that the husband had left there some three months ago.

If it is impossible to find any of her relatives she will be buried here.

Nothing further regarding the cause of the rash act, other than was published by The Citizen Saturday, has been learned.

IN SOCIETY.

The Saturday Afternoon Party by Mrs. Harry F. Lee and Miss Mabel Hunt. Probably the most notable social event of the city since the closing of the Lenten season occurred Saturday afternoon between the hours of 2:30 and 6, at Odd Fellows' hall, and was by Mrs. Harry Lee and Miss Mabel Hunt, and about a hundred guests attended.

The pastime was six-handed euchre and the guests gathered at eighteen tables. The scheme of the affair was entirely Indian and strikingly pleasing. The decorations were Navajo blankets and rugs—red predominating—and curious. The score cards were hand-painted bits of red wood, and the prizes were also of Indian make.

The first prize, a vase, was secured by Mrs. Ira B. Bennett. The second prize, a burnt leather pillow, was carried away by Miss Mabel Hunt, and the consolation prize went to Mrs. G. W. Harrison. It was a clever creation of a Navajo papoose carriage, the kind the squaws carry on their backs. Delightful refreshments were served at the card tables.

DENTAL EXAMINERS.

Dr. L. H. Chamberlin, of This City, Elected President.

Dr. L. H. Chamberlin returned Saturday night from Santa Fe, where he was in attendance at the reorganization meeting of the newly appointed territorial board of dental examiners. Dr. Chamberlin was elected president of the new board, succeeding himself as president of the retiring board of last year. This is not only a nice compliment to Dr. Chamberlin, but brings Albuquerque into prominence, having the leading dentists of the territory.

Dr. C. N. Lord, of Santa Fe, was elected to the position of secretary of the board.

BLUES VS. TIGERS.

The Former Victorious Again in the Base Ball Game.

The Santa Fe Pacific Blues defeated the Old Town Tigers in a fair exhibition of base ball at the fair grounds Sunday afternoon by the close score of 10 to 9. This is the third defeat for the Tigers at the hands of the Blues this season, but yet they are not satisfied. The first four innings were very slow. Most every man up hit the ball and errors were of common occurrence. Chaves went in the box for the

Tigers, but only lasted one inning. Rams succeeded Chaves and was hit pretty hard the first few innings, but warmed up in the fourth and a handsome array of goose eggs for the Blues followed. Boyce tossed the first four innings for the Blues. He was succeeded in the fifth by Moore. Moore is the pitcher who did such nice work in a game a week ago Sunday and lost none of the laurels gained then in yesterday's game.

The line up: Blues—Bargett, Hellweg, Barrett, Moore, Donahue, Nelson, Boyce, Patterson and Wilson. Tigers—Colter, Vigil, Chaves, Gallegos, F. De Blassie, Rams, Brown, T. De Blassie and Miraval.

The First Regiment band was in attendance and rendered many pieces of bright music, helping to make the afternoon enjoyable.

SHOOTING AFFRAY.

In Barrels Sunday—Trial Carried Over Until Tomorrow.

Judge Crawford's court room was filled to almost its lawful capacity this afternoon when the trial of the two Barreles harmless gunmen was given an airing.

The active members, Andres Trujillo and Jose Padilla, were all there, but some of the principal witnesses were absent and in consideration of these facts the trial was postponed until tomorrow afternoon at 2:30 o'clock.

The affray grew out of a heated discussion over a card table in Barreles yesterday afternoon. Words would not express their feelings and consequently they exhibited their sentiments by a couple of six-shooters. The men back of the guns fired several shots, but their lead was counterfeited and would not take effect. It was a marvelous escape for both men, but there won't be any marvelous escape when Judge Crawford administers the law in the large judicial doses.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price, 60c and \$1. Guaranteed by all druggists. Trial bottles free.

Officers Elected.

Federal Labor Union No. 10,957, American Federation of Labor, met Saturday night in Carpenters' hall and elected the following officers:

President—Thos. Dye.

Vice President—Adam Fisher.

Financial Secretary—Ben Plessner.

Recording Secretary—J. W. Hill.

Treasurer—Lyman Dye.

Guide—A. Pegan.

Guardian—L. H. Obermeyer.

William Regan, W. E. Grimmer and Arthur Bancroft were given membership. The organization here is growing rapidly and boasts of close to a hundred members.

Due Notice is Served.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. B. H. Briggs & Co.; S. Vann & Son.

SANTA FE CUT-OFF.

(Concluded from page one.)

base in the bottom of the canyon. In one place the track is to be laid in a cut in solid rock, the sides of which tower 150 feet above on each side.

"This rock work is very tedious and it will require many months to finish it."

When asked how many men were at that time employed on the cut off, in every capacity and by the firm of B. Lantry Sons and sub-contractors, Mr. Lantry called out his general man, a sprightly young clerk in the person of Charles Vorhes, a brother of Bert Vorhes, of the Bank of Commerce, Albuquerque, the following correct figures were obtained:

B. Lantry Sons—Belen, 120; Camp No. 1, 220; Camp No. 2, 285; Camp No. 3, 235; Copies, Powers & O'Connell, sub under Lantry, three camps, 245; Allen, sub under Lantry, 75; Contractor C. H. Sharp and subs in different camps ranging a few miles apart, in numbers as follows: 220, 280, 75, 80, 25, 85, 65, 65, making a total of 2,075 men. These gangs as shown are located a few miles apart, beginning at Belen, over the forty miles of road now in course of construction extending across the Rio Grande, over the mesa, through Abo canyon, over Abo Pass to about three miles east of Mountainair, the town on the pass.

B. Lantry Sons.

B. Lantry Sons are probably the best known railroad builders of North America. This firm has become prominent to a great extent through the vast amount of work it has done for the

Atchison, Topeka & Santa Fe. The Lantry Sons and the father, who preceded them and who founded the company, have gained this worthy reputation by doing careful and substantial work. Experience has taught them that the path of success is purchased by honesty in work and integrity in business. The Atchison people have learned this through their dealings with the Lantry Sons and their services are sought for at prices above par. It is rumored that B. Lantry Sons secured the cut off contract at a figure much in excess to bids of other competing contractors. If such is the case it is not only a valued compliment, but signifies that the Atchison people have much faith in work done by this firm.

Henry Lantry, although not quite as active a man as his brother, Charles, sticks pretty close around where things are going on and his presence on the front where work is being done is felt. He has been at his office at Belen the past several days and knows about all that is doing. Like most men Mr. Lantry has a hobby. It isn't an automobile, nor palatial Pullman, but a cozy corner. On the west side of the office building at Belen, there is a little nook formed by two wings of the building. It is sheltered from the wind and the sun. This nook is Mr. Lantry's cozy corner, or that is what he terms it. It was in this cozy corner that The Citizen reporter found Mr. Lantry on Friday. His coat was off and his vest was loose, he sat straight up and seemed quite contented. Some railroad builders would have had a private car sidetracked near by and the curious reporter would have had to tip some pompous porter to gain entrance.

Not so with Henry Lantry. He is a man among men and is an able scholar of human nature. He speaks to his office men as they speak among themselves, calling men by their first and given name. He has adopted Charles Vorhes as his general man. Charlie is Mr. Lantry's right hand man. If an electrician is needed, Charlie will do; if a piece of work is to be inspected, Charlie can do it; if a locomotive is to be examined or a message is to be sent, Charlie does it and he is capable.

Then in the office there are A. F. Andres, the bookkeeper; F. E. Nelson, superintendent in charge; B. F. Van Wagener and T. E. Dilg, and the cook, Yee Quee.

To say that Yee Quee, a celestial of unusual intelligence, is an essential member of Mr. Lantry's camp force is proven by the fact that he has been with the firm twenty years. He is an artist in his line and every man around camp is his friend. Yee Quee is a privileged character around the headquarters camp and is to be respected.

Henry Lantry expects to go to his home at Strong City, Kan., in a few days, when his brother, Charles, will return from the east, where he has been recently.

TOWN OF BELEN.

It is Now Assuming Substantial Proportions.

A FEW OBSERVATIONS.

The hurry, flurry and excitement, the springing up in profusion of tents and slightly rough board shanties, which prevailed in Belen the first few months after it was decided that the Santa Fe cut off would pass through there, has died out and now comes an era of substantial growth and improvement. The small, one horse saloons and 5 cent ginger bread vendors, those that make a business of following county fairs and railroad construction gangs and form the advance guard of town site building, are moving out and following their departure those who have come to stay and help make the new town are settling themselves to work and building. The building going on at Belen now is of the substantial sort and is being done by people who have come to stay.

John Becker, of the John Becker company, who is the leading light in building up Belen and who will probably be the first mayor of the now growing city, is taking much interest and is sparing nothing to give the town a thrifty appearance. Mr. Becker is the largest real estate owner of Belen and naturally should be foremost in any movement promoting the town's benefit.

City Engineer Pitt Ross, of Albuquerque, is just about to finish up the laying out and platting the new town site of Belen. The streets will not run with the cardinal points of the compass, but designed keeping parallel with the track of the Rio Grande division at the place where the new depot will be located, which is about 200 yards south of the old depot.

The main street, or what is expected to be the main thoroughfare of the city, extends west from where the new depot will be to almost in front of the Becker store. This street is now being graded into conformation that would grace any city. Raised sidewalks of adobe with gravel surface are now being laid along this street.

Not like most railroad towns of New Mexico, where the business hovers around the station house, the commercial district of Belen is growing in the western portion of the town plat, as it now lays, and almost half a mile from the railroad. The resident portion of the city will be built and is building between the business street and the railroad.

The new buildings so far built are constructed of either frame or brick. The lumber is being shipped in and the brick is being burned on the ground. A very good quality of brick clay has just been found just west of town and brick making is likely to become one of the industries of the new town.

HERPICIDE NOT A FAKE.

Unsolicited Testimonials Tell of Its Superiority.

Alf. R. Kelley, residing at 2195 Divisadero street, San Francisco, Cal., writes the following:

"When I first purchased Herpicide, I thought, like the majority of hair preparations, it would prove a fake. I am happy to state that, on the contrary, it is all, and even more, than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new hair sprouting out on my scalp, and inquired of me what I have been using. I tell them 'Herpicide'; also give them your name and address."

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

FRIGHTFUL ACCIDENT.

Passenger Train Wrecked and Several Passengers Burned to Death.

Jamestown, N. Y., April 20.—A coupling broke on a west bound freight train on the Erie road at Red House at 4 o'clock this morning just as the train was leaving the main track to take a siding for an east bound New York and Chicago limited express to pass. The delay occasioned by the mishap was the cause of a fatal accident of a most distressing nature. Almost immediately after the freight train broke in two the passenger train came along at the rate of fifty miles train broke in two the passenger train combination baggage and passenger car, a day coach and two sleepers left the track running nearly 100 feet be-

side the rails, crashing into a small school house, which was completely demolished. The wreck caught fire immediately and all of the cars which left the track were quickly burned up. Baggage man Hotchkiss was killed, his body being recovered. After the fire five bodies were taken from the burned cars. Three of them are those of two women and a child who are said to have boarded the train at Youngstown, Ohio, bound for Olean. They were burned so badly that it was almost impossible to identify them. The other two have not been identified. It is believed that other bodies are still in the wreckage.

Six more or less seriously injured passengers and members of the crew were taken to the Salamanca hospital. Two private cars on the passenger train did not leave the track.

PRESIDENT ROOSEVELT.

He Will Be Guest of Montana Labor Unions.

Butte, Mont., April 20.—President Roosevelt will be the guest of the Butte labor unions during a portion of the time that he expects to spend here on May 27.

He has accepted the invitation of the Silver Bow Trades and Labor assembly.

Immediately upon receipt of the invitation, Private Secretary Loeb drove ten miles to where the president was and laid the matter before him. When Malcolm Gillis, of the labor unions' committee, arrived at Cinnabar, Secretary Loeb had returned and informed the labor representative that the president was pleased to accept the invitation.

Ayer's Sarsaparilla

If you feel run down, are easily tired, if your nerves are weak and your blood is thin, then begin to take the good old standard family medicine—Ayer's Sarsaparilla. If constipated, use Ayer's Pills. Two grand family medicines. Sold for 60 years.

DISAPPEARANCE.

(Concluded from page one.)

to secure the peaceful sleep that refused to associate with his nervous system. In his wakeful hours the deadly cigarette was his constant companion. He never seemed to have any use for the companionship of either man nor woman, and when he did engage in a casual conversation he played the role of a confirmed pessimist. If he saw he was attracting attention by his peculiar nervous actions he would grow very angry and make a rapid exit.

Because of his peculiar state of mind, those with whom he associated are concerned about his sudden disappearance. It has been stated that his father cut him off the Huck pay roll some time ago, which was another reason for his despondency. Being despairing and hopeless of both his physical and financial condition he may have been careless and desperate with the laws of life and proceeded to violate them. If he had taken his baggage, very little would have been thought of the matter, but by carefully viewing the existing conditions it will be seen that a man with such inclinations might become desperate and end his existence.

Beauty and Strength.

Are desirable. You are strong and vigorous, when your blood is pure. Many—any, most—women, fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Heruone after each meal, to digest what you have eaten; buy at Cosmopolitan Pharmacy, B. Ruppe.

Mrs. John E. Griffith Improving.
Mrs. John E. Griffith, who underwent a severe but successful surgical operation at a hospital in El Paso about a week ago, is recovering rapidly from the effects of the operation and will doubtless soon be restored to better health than hers has been for several months, says the Socorro Chief. This is glad tidings to Mrs. Griffith's relatives and friends, who have been much concerned for her welfare of late. Dr. Edwin Swisher had Mrs. Griffith's case in charge and assisted in the operation.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

The Red Book.

The newest of magazines is announced with an evidence of cheerfulness in its pages, which speaks well for the spirit of the venture. The Red Book is its name, Chicago the place of publication, the editor Trumbull White, who is widely known as a traveling correspondent in many lands, and as a writer of historical and biographical works. The Red Book in its first number sets itself a high standard of excellence to maintain, with stories by Morgan Robertson, Elizabeth Phipps Train, W. A. Frazer, General Charles King, Cy Warman and Rene Rache, leading a distinctly enticing table of contents. The names of such authors prove that business as well as editorial resourcefulness must be behind the enterprise. We shall watch for the Red Book with interest.

Save the Loved Ones!

Mrs. Mary A. Villet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments, 25c, 50c and \$1.00, at Cosmopolitan Pharmacy, B. Ruppe.

Severe Wind Storm.

Friday night and Saturday Socorro suffered altogether the worst sand-storm of the season. In fact it was

one of the severest for years. The strong wind and flying sand made the streets well nigh impassible. The tin roof of Mrs. Nancy Smith's two-story residence on the west side of the courthouse plaza was blown off during the night. W. H. Byerts also reports the unroofing of his house at the upper end of Fischer avenue. The new telephone system has stood the storm well though some slight difficulties have been reported. Probably when the system is well established, such a storm will not effect it.—Chieftain.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Alvarado Pharmacy.

FOUND DEAD IN CABOOSE.

(Concluded from page one.)

brakeman thought no more of the matter until he left the car, which was about the middle of the afternoon.

German was seen by no one after this, and if he died Saturday night, about thirty-six hours intervened before he was discovered.

Many of his friends, especially those with whom he was intimately acquainted, called at the undertaking parlors, where it was thought a coroner's inquest would be held. But the inquest was postponed until tomorrow morning.

City Physician Elder examined the remains and stated that there were no marks of violence that would substantiate a suicide theory. It is the general opinion that the death was caused by alcoholic poisoning, as he was drinking heavily Saturday morning.

German's home was originally in Canton, Ohio, but he came to Albuquerque from Garret, Ind., where he was in the railroad service. He gave up his position on the road some time ago, and was running a game at the Cabinet saloon until about two months ago, when he went into the railroad service again.

Besides a mourning wife in this city he leaves a brother and sister in Canton, Ohio, who have been wired, and asked if it is their desire to have the remains shipped to his early eastern home.

German was divorced from his wife on November 1 of last year, but a reconciliation was effected and they were remarried on November 6.

His sudden death was a shock to his intimate friends, who have held him in highest respect.

It is not known for certain, but it is thought an inquest will be held tomorrow morning.

Deceased was a member of the Eagles lodge and the Brotherhood of Railway Trainmen.

Until his people are heard from no arrangements will be made regarding his burial.

Later—it is understood this afternoon that the undertakers have instructions and will prepare the remains for shipment to Eldon, Iowa.

For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills.

They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. B. H. Briggs & Co.; S. Vann & Son.

Successful Concerts.

Robert T. Blair, of the school of music concert company, touring the Santa Fe coast lines giving concerts at Y. M. C. A. railroad reading rooms, writes from Seligman, Arizona, that the company had given performances at both Williams and Seligman with flattering success. At both places they were greeted by large appreciative audiences. After Seligman they were greeted by Needles and Barstow. Mr. Blair states in his letter that after finishing their tour of cities the company will fill an engagement at Coronado beach.

Dreadful Attack of Whooping Cough.
Mrs. Ellen Harrison, of 300 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Alvarado Pharmacy.

Gossip of Base Ball and Other Sports

Billy Lauder, of the Giants, is pleasing the rooters by his timely batting. Rather early yet to "hurry."

Jimmy Callahan is still playing third base for the White Stockings and may be continued at that corner.

Wiley Piatt, the Comiskey cast off is said to be burning grooves in the air this spring. Wiley can pitch when in form.

It is reported that Comiskey has bought out his partner's interest in the Chicago club, making him the sole owner.

Base ball critics seem to think the new giant, Babb, will prove a "find." It is about time the Giants found something.

Manager Griffith is instructing his men to place their hits. This is one of the principal features of the team's daily practice.

Fred Pfeffer, the old Chicago second baseman, will hold the indicator this season in the Interstate league around the Windy city.

Manager McAleer believes that Friel is the best utility player in the business and will retain him on the payroll of the Browns.

The Chicago Nationals have had offers for Evars from Los Angeles and Colorado Springs, but the management will not part with him.

Otto Kruger, of the Pirates, is demonstrating that he can play either second, third or short. That's the kind of a utility infielder to have.

When Cincinnati has completed the coming season that club will have traveled over 11,000 miles, according to Frank Bancroft's figuring.

Reports say that Tommy Leach is going faster than ever this year. The little third baseman put in the winter playing indoor baseball, and consequently, is in prime condition.

The six men signed by Manager Barrow are all six footers. If height counts for anything the Detroit club should have a look at the pennant.

Pitcher Ewing has made good in the twirling staff of the Cincinnati, and Manager Kelly says he will be one of the regular box artists this season.

The Chicago Nationals have already arranged for next spring's training quarters. Lucky Baldwin's ranch, near Los Angeles, Cal., has been leased.

The announcement that Harry Wolverton had been made captain of the Phillies seems to be premature. Roy Thomas will be the field general of the game.

Dr. Powers says Fraser is the hardest pitcher to catch that he has ever supported. "There is more shoot to his curve balls than any pitcher I have ever faced," said Powers.

Catcher Kittredge declares that Short Stop Aubrey, of the Boston, has made a fine impression among his fellows and that he promises to be as great an infielder as little Tommy Leach.

Pitcher Frank Sparks says his arm is feeling better than it has felt for three years. In 1900 he caught cold in his shoulder and has never been able to get his arm right until this spring.

Kid Carsey, the former Washington pitcher, is picking up a little easy money as manager and pitcher for the Metropolitan base ball club, which plays Sunday games around New York and New Jersey.

Jesse Burkett is under weight, but in excellent condition. Burkett is looking for premier batsman laurels. What a race there will be with Dehanty, Lajole, Keeler, Burkett and Hickman among the candidates for the top position.

It was announced at Bloomington, Ill., that \$500 had been offered to the management of the Three Eye league by Charles Comiskey for the purchase of Charles McCafferty, one of the pitchers, who made such a favorable impression when the Chicago White Stockings were at that city recently. McCafferty struck out Isbell and Daly in succession with two men on bases, and the ability of the local twirler greatly impressed Manager Callahan. McCafferty is a young player, this being his second season as a professional. It is believed that the offer will be accepted.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Alvarado Pharmacy.

PLAIN WORDS.
National League Players Warned Against Rowdism.

President Harry C. Pulliam, of the National league, has issued his instructions for the season to managers, captains, players and umpires. He pays particular attention to what is called "rowdism" on the ball field. On this subject he says to the players in part:

"At the outset I wish to state that it is not my intention to rob the game of any of its enthusiasm or interest. Instead of that I wish to increase the enthusiasm of the players and the interest of the spectators at the expense of the so called 'rowdism.'

"On the ball field of the National league this will not prevail during the season of 1903. Nine-tenths of the ball players in our league are gentlemen earning their livelihood in a legitimate manner and anything that tends to better the sport I know will have their hearty approval.

"The umpire is the sole judge of the play. His decision cannot be questioned and any player that does so will do

it at his own peril. For misconduct of any character the umpire is empowered to order the manager, captain or player from the playing field and in some instances he will have the power to inflict a fine.

"When a manager, captain or player is ordered from the game he must instantly leave the playing field and he cannot appear again on the ball field during the progress of the game from which he was expelled.

"The umpires are directed, in all cases where the offender in his estimation deserves further discipline than the mere expulsion from the game, to notify this office by telegraph and to give details of said misconduct by letter. When such report is made such action as is deemed proper in each particular case will be taken.

"When a manager, captain or player is under suspension by the president he will not be permitted to enjoy any of the privileges of the playing field during the progress of the game and he will not be allowed to sit on the bench, either in uniform or in citizen dress, or to occupy any position on the ball field. If he attends the game he must attend as a spectator.

"Managers, captains and players are especially warned against attacking the umpire in any manner after the completion of the game or by any action, overt or secret, trying to influence the spectators against the umpire and cause him bodily harm. Any action of this kind will be severely dealt with, because it is cowardly in the extreme.

"It is the desire of the president to accord the players every consideration and to co-operate with them in anything that will tend to better the condition of professional base ball and thus enhance the value of their services. I would like the co-operation of everyone to bring about a satisfactory state of affairs, alike to the public, press, owners and players, for we must have clean base ball, worthy the respect of everyone, if we hope to continue the game of base ball as the 'national sport.'

The umpires are instructed at all times to maintain the dignity of their positions and treat managers and players with proper respect, but not to indulge in any familiarity or temporize in the least.

In the circular President Pulliam also lays down the following instructions on such playing rules as are deemed susceptible of more than one interpretation:

Rule 9 (Pitcher's Position)—"The pitcher in taking his position shall place no part of either foot back of the rubber, nor shall he take more than one step in delivering the ball to the batsman." This construction does away with all preliminary steps, either to the rear or to the side of the rubber.

Rule 33, Section 8, (Balking)—"Constructed as meaning that both feet of the catcher must be inside of the catcher's lines.

Rule 40 (Batting)—A foul tip must go sharp from the bat. If the ball rises from bat to the catcher, as in the case of the attempted bunting of a low or slow ball, it will be ruled as a foul fly.

Rule 46, Section 5 (Batsman is Out)—"The batsman will be declared out at once if he makes any motion or attempt at interference with the throwing of or the catching of the ball by the catcher.

Rule 47, Section 4 (Becomes a Base Runner)—"The batsman must make a palpable attempt to avoid being hit. In no case will he be allowed to become a runner as the result of being hit by a slowly delivered ball, the umpire to

be judge of the speed of said ball.

Rule 51, Section 6 (Base Runners are Out)—Attention of players is called to this rule requiring runners to keep within the three-foot lines in going to first unless to avoid a fielder attempting to field a batted ball.

Rule 53 (Coaching)—This rule is construed literally and will be enforced literally, with the exception of the imposition of the \$5 fine, in which case the printed rules are in error.

Rule 57 (Field Rules)—Will be enforced literally.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Alvarado Pharmacy.

Base Ball at Socorro.
The base ball fever is beginning to manifest itself again in Socorro. There was a close and exciting game in town the other day between a local team and a visiting team from San Antonio. The result was a score of 15 to 14 in favor of Socorro. The score does not indicate professional playing, by any means, but the teams are pretty evenly matched and with practice would play a game that would make the hearts of the bleachers leap for joy.—Socorro Chieftain.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Alvarado Pharmacy.

DEMING VS. CLIFTON.
The Base Ball Teams of the Two Towns Get Together.

As was stated in last Saturday's Deming Headlight the Yellow Kids, of Deming, took themselves to the mountain town of Clifton, Arizona, there to play ball.

They left here at 9 a. m., and arriving at Hachita were invited to an elegant dinner that had been prepared by Mesdames Mastick and Lawhon, who are now living at that point. They arrived in Clifton about 7 p. m. and were at once taken in charge by the Clifton team, who, from the time our boys struck town till the hour of their departure the following Monday, showed them every attention and lent every effort to the end that the Deming boys should have a good time and be well cared for. Saturday night they were invited to attend a ball gotten up in their honor, and one and all says it was an event of a life time. Sunday, while they were not engaged in playing ball they were shown through the immense smelters at Clifton that have become world renowned. They were shown around the town and invited everywhere; in fact nothing was left undone that could possibly add to their comfort or entertainment while in Clifton, and, naturally, the boys are loud in their praises of Clifton and her people.

They played two games of ball on Sunday which resulted as follows: In the morning the Kids won by a score of 18 to 9; and in the afternoon the Clifton team walked off with the fruit by 18 to 16.

Pneumonia is Robbed of its Terrors by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

M Nash, corner of Lead avenue and Second street, contractor and dealer in all kinds of electrical appliances. Electric door bells, chandeliers and fancy shades, burglar alarms, fans and motors, and special wiring. Automatic 'phone 401.

Mrs. Bamum, at her parlors, No. 206 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, de hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bamum's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 496.

NEW MEXICO TOWNS

GALLUP.

From the Republican.
Morello Bros. are putting up a building on the east of their present place of business.

The Santa Fe company is putting up an air compressor at Chavez for raising water from the deep well.
The lambing season has now begun around here and most of the Mexican towns are deserted.

J. M. Jacobson went to Albuquerque Monday, where he and W. H. Wolff were given the chapter degree in Masonry.

At Thoreau there are over seventy-five men working at the grading of the road on which the timber of the American Lumber company will be hauled. Mr. Horabin is doing good business these days.

The Weaver mine, last month, produced 40,000 tons of coal. This is the record breaker of any mine in New Mexico. Some ten years ago all the mines of New Mexico put together would not have reached this figure.

L. L. Henry moved his family to Bluewater Tuesday, where they will make their future home. While we are loth to lose this estimable family from Gallup, we hope Mr. Henry will realize a fortune out of his new business venture at Bluewater.

The curing plants put in at Holbrook, Pinta and other places along the railroad line for the purpose of eliminating the alkali from the water used in locomotives, are not proving a great success. Enginemen do not think much of the curing process.

Herbina Cures

Fever and ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroud, Midolunian, Texas, May 31, 1899, writes: "We have used Herbina in our family for eight years, and found it the best medicine we have ever used, for la grippe, bilious fever, and malaria." 50c at Cosmopolitan Pharmacy, B. Ruppe.

DEMING.

From the Headlight.
Those of our citizens who are now at the celebrated Faywood hot springs are A. J. Clark and wife, J. H. Tracy, wife and daughter, Jack, P. R. Smith, Jr., Louis I. Marshall, Mr. and Mrs. A. J. Gleason. Quite a colony of good people from Deming, and they, no

doubt, are having an enjoyable time. There is no better place in the west to get away to for a few days' or weeks' rest and enjoyment than this celebrated health resort.

A. D. Chenoweth, of St. Louis, who is a competent druggist, has accepted a position with J. P. Byron & Son, of this city. Mr. Chenoweth comes to our city highly recommended and we bespeak for him the attention due a stranger.

Mr. and Mrs. George R. Weed, nephew and niece of Richard and Thomas Hudson, are now journeying this way from their home in New York City and will arrive here in a few days. Mr. and Mrs. Weed will remain in our town for some time visiting their relatives.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. B. H. Briggs & Co.; S. Vann & Son.

SAN MARCIAL.

From the Bee.
Romaldo Joola, a respected resident of the Valverde settlement, is dead of pneumonia.

The saloon at Rosedale has closed its doors for the present, owing to the lack of industrial activity in the pretty little camp.

J. J. Padon, of Palestine, Texas, is in San Marcial on a visit to his sister, Mrs. J. A. McCallum. He may decide to remain in the town permanently.

Word has been received here that Charles Featherstone was married in Texas last Thursday, and after a few days in El Paso will take up his residence with his bride at Rosedale.

A petition was circulated at San Marcial asking for the appointment of Wm. C. Reid, assistant United States attorney, as judge of the Fifth judicial district, in case of a vacancy in that office.

A. B. Baca, who is always watchful for the interests of his friends, discovered about 150 head of H. O. Bursum's

sheep going it alone last week over the river. He wired Mr. Bursum where his sheep were to be found, and it was not very long before the proper herders had them in charge.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

LAS CRUCES.

From the Republican.
The Liceo Cervantes will give the people of Las Cruces a rare treat by their concert on the 24th. The Liceo is an active Spanish society of the college.

News was received here by H. F. Stephenson of the death of his sister, at Tucson, Arizona. Mrs. James A. Zabriskie has visited in Las Cruces many times, and her many friends here are saddened at the news of her fatal illness.

A Chattanooga Druggist's Statement.
Robt. J. Miller, proprietor of the Read house drug store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." Alvarado Pharmacy.

LAS VEGAS.

From the Optic.
Preparations are under way for the cavalry dance at the hot springs on the 24th inst., that the boys say will surpass anything yet given.
Dr. Martin, who has been stopping

in the city for some six months past, for the benefit of his health, left for Calgary, province of Alberta, Canada, where he will practice his profession.

Miss Eugene Lehman, of Pueblo, Colo., who is visiting in the city, is a sister of Eugene Lehman, who has the honor of winning the first Rhodes scholarship given in the United States and the third in the world.

Invitations are being received in the city by numerous friends of the young couple, to the marriage of Robert Jacob Gross, of this city, to Miss Adelaide Anderson, of St. Louis. The date is set for the 29th instant.

The normal band has elected the following officers: President and business manager, Prof. J. G. McNary; vice president, Myron Benedict; secretary and treasurer, Edgar Larson; leader, Ed Lewis; assistant leader, James Hanson; librarian, Eldon Tuttle; assistant librarian, Karl Lehmann.

Many Las Vegans who listened to the eloquent words of Field Secretary Rev. George Eberman, of the Christian Endeavor society of the world, who addressed the Christian Endeavor convention here last winter, will regret very much to hear of the death of the gentleman. He succumbed to typhoid fever this week.

From the Record.
Annie B. Nelson has brought replevin proceedings against Nick Hilgers for a horse and \$100 damages.

Gussie Rothgeb, while playing ball yesterday, had the misfortune to fall and dislocate his shoulder. The injury while painful, is not at all dangerous and the young man was resting easily today.

At a very enthusiastic meeting of the Elks last night a handsome past exalted ruler emblem was presented to W. B. Bunker. A. O. Larrazola made the presentation speech and it was declared by all present to be one of the finest oratorical efforts ever heard within the lodge room.

At a meeting of the executive committee of the board of trade last night, the reduction plant proposition was modified so as to offer Standish and Matt \$1,000 in cash, instead of \$800, and a site for the livestock plant, and it is very probable that the proposition as now made will be accepted and the work of establishing a copper plant here pushed through to completion at an early date.

Walks Without Crutches.

I was much afflicted with sciatica, writes Ed. C. Nud, Iowaville, Sedgwick county, Kansas, "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

SANTA FE.

From the New Mexican.
Mrs. Carl Metzger, accompanied by her mother, Mrs. Neff, left for Altoona, Pa., where they will remain during the summer.

The publication of the paper called The Santa Fe Capital has been suspended indefinitely by its publisher, W. M. Berger, who is ill and unable to attend to business.

Santa Fe valley horticulturists report the outlook for a large crop of fine fruit this year as very good. The unusually cold spring has retarded blossoms and buds, and hence there is very little danger of the fruit being injured by late frosts.

Charles V. Safford, traveling auditor of the territory of New Mexico, will leave for the month on an official trip. He will visit the counties of Taos, Rio Arriba and Colfax while away and may go to San Juan and other counties. He hopes to get back to Santa Fe in time for the visit of President Roosevelt to the city on May 5.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, dependent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. H. O'Reilly & Co.

SOCORRO.

From the Chieftain.
Mrs. Ada M. Morley, of Datil, was a visitor in the city.

Dr. C. G. Duncan was called to Magdalena to visit Mrs. Fred Thomas, who is reported seriously ill.

Mrs. Joseph Price returned from a visit of several days with relatives and friends in Albuquerque.

J. A. Beal, the hustling and successful agent of the Albuquerque Citizen, spent most of the week in the city in the interest of the paper he represents.

Mr. and Mrs. C. B. Allaire, of San Antonio, will soon depart for a visit in eastern cities, including New York and Philadelphia. The visit will be an extended one.

Attorney James A. Fitch is suffering

WEAK MEN CURED FREE

Send Name and Address Today--You Can Have It Free and Be Strong and Vigorous for Life.

INSURES LOVE AND A HAPPY HOME

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge

Health, Strength and Vigor for Men.

small, weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 2083 Hull Bldg., Detroit, Mich., and they will gladly send the free receipt with full directions so any man may easily cure himself at home. This is certainly a most generous offer and the following extracts taken from their daily mail, show what men think of their generosity.

"Dear Sirs: Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs: Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs: Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain sealed envelope. The receipt is free for the asking and they want every man to have it.

from another attack of iritis. This attack is not so severe as the former, and it is hoped that Mr. Fitch will soon be able to attend to business again.

It is rumored that a beet sugar factory will at once be built between San Marcial and San Antonio and that 25,000 acres of land will be planted to beets in that section.

It is understood that the expert accountants that have been engaged for some time on the books of ex-Treasurer Abran Abeyta will render their report to the county commissioners next week.

Capt. C. H. Kirkpatrick, of Mogollon, writes that Mrs. H. O. Bursum is visiting her sister, Mrs. Howard, of that place. The captain says, also, that F. X. Eberle, who owns valuable mining property in the Mogollon district, is there with a mining expert and that a big deal is talked of.

C. H. Elmendorf, one of the principal stockholders in the American Valley company, came up from San Antonio with the following persons as his guests: Mr. and Mrs. C. B. Allaire and son, Pierre, Mr. and Mrs. Hazard and J. L. Knapp. The American Valley company is now making extensive improvements on the Bosque del Apache grant with a view to bringing a large area of the tract under irrigation. Mr. Elmendorf will soon go east on a business trip.

A Sweet Breath

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like. Kodol digests what you eat and makes the stomach sweet." B. H. Briggs & Co.; S. Vann & Son.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

A Revelation!

An examination of our stock of ready made clothing by those not already posted will indeed prove a revelation. We have the best and biggest stock in the southwest. Call and save money. SIMON STERN, The Railroad Avenue Clothier.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this. Deming, the coming city of New Mexico. Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Poian springs. Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people.

Investments in Deming .ots will double and treble in one year. Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns. At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population. Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year. Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds. Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Buy at Headquarters.

Come to us for your spring suit. Biggest and best stock; lowest prices. SIMON STERN, The Railroad Avenue Clothier.

Notice of Forfeiture.

Territory of Arizona, County of Cochise, ss. To M. J. Sherlock, his heirs and assigns:

You are hereby notified that I have expended one hundred dollars (\$100.00) in labor and improvements upon the "Aunt Betsy" Mining Claim, situate in Peralta Canon, Cochiti District, Bernallillo Co., New Mexico, as will appear by certificate filed February 8, 1896, in the office of the recorder of said County, in order to hold said premises under the provisions of section 2324 Revised Statutes of the United States, being the amount required to hold the same for the year ending December 31, 1902.

And if within ninety days from the serving of this notice, you fail or refuse to contribute your proportion of such expenditure, together with the cost of this publication, as a co-owner, your interest in the said claim will become the property of the subscriber under said section 2324.

Dated March 19th, 1903.

ALEX CONRAD, Signature.

Legal Notice.

Last Will and Testament of Rafaelita Moya, Deceased.
To Sofia Garcia, executrix and legatee; Rosalia Garcia, Daniel Garcia, Ana Garcia, Rosana Garcia and Miguel Garcia, legatees, and to all whom it may concern.

You are hereby notified that the alleged last will and testament of Rafaelita Moya, late of the county of Bernallillo and territory of New Mexico, deceased, has been produced and read in the probate court of the county of Bernallillo, territory of New Mexico, at a regular term thereof, held on the seventh day of April, 1903, and the day of the proving of the said alleged last will and testament was by order of the judge thereupon fixed for Monday, the fourth day of May, A. D. 1903, term of said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of said court, this seventh day of April, A. D. 1903.

(Seal) JAMES A. SUMMERS, Probate Court.

Assessor's Notice.

Notice is hereby given that the undersigned, assessor of Bernallillo county, has for the convenience of tax payers, opened an office at Room 11, Armijo Building, Third and Railroad avenue, over B. H. Fild & Co., in the city of Albuquerque, where returns of tax payers will be received until further notice.

It is made the imperative duty of the assessor to assess a penalty against all tax payers who fail to return their property for taxation and these requirements of the Statute will be enforced against all persons who fail to make their returns to the undersigned within the period required by law.

The assessor or a deputy will be in constant attendance at the place designated above—from 8 o'clock a. m. until 6 o'clock p. m., each business day for the purpose of receiving returns. J. M. SANDOVAL, Assessor Bernallillo County.

LOCAL PARAGRAPHS

Dr. Spargo left today at noon for a short business trip to Laguna.

The Whitney company received a carload of Alaska enameled all hard wood refrigerators today.

The board of directors of the Commercial club will hold a meeting at the club rooms tomorrow night.

The city council will meet tonight, and there will be something doing. All members are urged to be present.

Capt. W. E. Dame, the well known district court clerk, who was up north yesterday, returned to the city last night.

Every union man in the city is requested to be at the Carpenters' hall tonight promptly at 8 o'clock. Business of importance.

Charles Spies, one of the attorneys for J. M. Sandoval in his contest for the assessors of this county, is in the city from Las Vegas.

Mrs. Hale and her two daughters, Mrs. Tony Ortiz and Grace Hale, have returned from a two months' visit with relatives in Troy, Kas.

Hon. E. A. Miera, one of the commissioners of Sandoval county, is in the city from his home and headquarters at Cuba, Nacimientto country.

S. Vann, Sr., of the South Second street jewelry firm of S. Vann & Son, has returned to the city, after a watch inspection trip to San Marcial.

Charles E. Morrison, for a long time a faithful local mail carrier, has returned from Los Angeles, where he enjoyed a long leave of absence.

George P. Leonard, the gentleman identified with the best pianos in the southwest, left last night for Magdalena and other southern towns.

Mrs. L. B. Putney, one of Albuquerque's well known and popular ladies, will leave the city tomorrow night for Wausau, Wis., to visit his sister.

George S. Klock, a prominent attorney of Utica, New York, and wife are in the city, and have taken rooms at Mrs. Sheekles on South Third street.

Mrs. Mabel McGann, for several years a clerk at Rosenwald Bros.' dry goods store, has resigned there and has accepted a clerkship in the Fair store.

Charles Gates Ward, of the reportorial staff of the Optic, who was here yesterday enjoying the Sabbath with his wife, returned to Las Vegas last night.

Mrs. H. G. Whitcomb will leave on Wednesday morning for Wichita, Kas., where she will visit her daughter, Mrs. H. L. Miles and family, for a few months.

The Roosevelt reception committee will meet at the Commercial club tomorrow (Tuesday) night. All members on that committee should attend this meeting.

Max Schuster, formerly in business here, now connected with Schuster Bros. at Holbrook, is in the city to spend a few days with his wife and children.

Jacob Loeb, president of the Southwestern Brewery and Ice company, will leave tomorrow night for the towns along the Santa Fe Pacific as far west as Needles.

For fast driving over the viaduct, two women, Lora Hinde and Thelma Cleveland, were arrested last Saturday and in the afternoon fined \$10 each by Justice Crawford.

The territorial board of Louisiana Purchase Exposition managers of New Mexico will hold a meeting at Santa Fe, April 30, at 10 o'clock a. m., for the purpose of closing up their affairs.

An element-bent, time-worn old man, whose appearance gave evidence of years of toil, applied to the marshal this morning for transportation to El Paso. He claimed to have been associated with the railroad for eleven years, an thought it was their duty to see that he was supplied with the desired pass. He was referred to the

jurisdiction of the county.

Yesterday was an ideal New Mexico sunshine day, and many took drives throughout the valley and across the eastern mesa. At the Indian school, the boys' band entertained the visitors with a fine open air concert.

A Staab, the Santa Fe retired general merchant, well known in this city, expects to leave for Europe at an early date and will spend the summer on that continent, most of the time at some of the health resorts in Germany.

Dr. Guy B. Case, of Cleveland, Ohio, and A. N. Whiting, of Columbus, Ohio, who are making a pleasure trip through the southwest will remain in the city for a week or so to look over the developments of the metropolis.

Prof. C. L. Herriek, formerly in charge of the New Mexico university, has arrived in Socorro after a trip to the City of Mexico. Professor Herriek has bought the Terry farm north of Socorro and will ultimately make his home there.

The concert at the Alvarado last night was as usual, grand. The Trio pleased those present with a number of pieces of new music and received many encores. The evening was pleasant, permitting quite a large number of city folks to be out.

The remains of little Arthur Lewis Bowman, son of Mr. and Mrs. A. L. Bowman, Carroll avenue, whose death occurred on Friday, was shipped yesterday morning to Osceola, Arkansas. The body was prepared for shipment by O. W. Strong & Sons.

At a meeting of the city board of health, held Saturday night, it was decided that certain lots in the Huang-Cleland addition are unsanitary on account of being swampy. The board will bring the matter up before the city council at tonight's meeting.

The infant son of Mr. and Mrs. Geo. Grout died last evening at 9 o'clock at the residence, 416 South Third street. The funeral will be held from the Lead Avenue Methodist Episcopal church on Tuesday afternoon at 2:30 o'clock. Interment in Fairview cemetery.

James Craig, recently of Lincoln, Neb., died yesterday from the effects of a severe attack of pneumonia. He was 42 years of age. The mother of the deceased living in Nebraska has been notified. The body is being held at the undertaking parlors of O. W. Strong & Sons.

At a meeting held last Saturday night, it was decided by the Knights of Columbus to give a grand ball at Colombo hall on the evening of May 5, the day President Roosevelt will be in the city. Committees were appointed, and they are at work on the preliminaries.

C. C. Hall, the commission broker, who was east on business, returned yesterday. He stopped over for a few days in St. Louis, and says the people of the Mound city are making big preparations for dedicatory exercises of the Louisiana Purchase Exposition, which will be on Thursday, April 30.

L. Iseman and bride, of Boston, passed through the city yesterday bound for a short honeymoon to be spent on the Pacific coast. The newly married couple are friends of the Grunfelds, of Albuquerque. A few of their friends here were at the depot to meet them with old shoes and showers of rice.

A train load of stock cattle, 849 head, ones, twos and threes, all steers, were shipped out of Magdalena on Wednesday of last week. Tom Richmond, of Colorado, was the buyer and they were shipped to Rapid City, Da., for grazing. They were sold by J. M. Allen, Sanders, Medley and Gardener, and brought \$14, \$17 and \$20.

The Citizen, a few days ago, noticed the arrival here of Mrs. Bess McDonald, of Roswell, widow of Chas. McDonald, deceased. Today this paper is informed that Mrs. McDonald, while recently at Kansas City, purchased a block granite monument for the grave of her husband, and the handsome monument, with proper inscriptions, has been placed in position over his grave in Fairview cemetery.

Col. T. C. Lebo and wife are in the city visiting with Mrs. Lebo's parents, Mr. and Mrs. C. A. Hawkes. Colonel Lebo has just been relieved from command of the department of Colorado, United States army. He will return Friday night to his former station in command of Fort Grant. Colonel Lebo was relieved in Colorado by General Frank Baldwin, recently of the army of the Philippines. Mrs. Lebo will remain in the city some time.

A. J. Sampson, of Rocky Ford, Colo., who is connected with the extensive factory of the American Beet Sugar company located there, is visiting the territorial towns on business for his company. He is the son of Gen. A. J. Sampson, for many years United States consul at Juarez, Mex., who is well known throughout New Mexico and Arizona, where he has many friends. General Sampson is now United States minister to the Republic of Ecuador and is located at Quito, the capital.

R. L. Dodson, proprietor of the Albuquerque Cycle & Arms company, has reason to believe that some vicious individual has attempted to set fire to his new automobile. Before the store he is occupying was repaired, the auto was kept in the barn in the rear of the residence occupied by Mr. Dodson. The other morning the barn was discovered unlocked, and an investigation of the machine showed that it had been tampered with. The enemy, however, failed to work the gasoline cock, but he nevertheless left a few matches near by, showing his evil intentions.

DESPERADO KILLED.

Outlaw McKinney Killed in Fight With California Officers.

Bakersfield, Cal., April 20.—City Marshal T. J. Packard, who was shot in yesterday's battle with James McKinney, died this morning. McKinney was a noted desperado of the Tracy stripe. He had killed two men in this state and two in Arizona, besides having shot others. Officers yesterday surrounded his place of concealment in a brick building on the edge of Chinatown.

He had two companions who surrendered when the building was fired. McKinney finally rushed from the house and died fighting.

During the fight Wm. E. Tibbetts, deputy sheriff, was killed and Packard wounded. There was some talk of lynching McKinney's companions, who were arrested when smoked out, but no attempt was made during the night.

Insurance Trust Decision.

Topeka, Kas., April 20.—An important decision was rendered by the district court today, denying an injunction against fifty-six fire insurance companies doing business in Kansas, on the ground that they were violating the anti-trust act. Recently the state brought action under the anti-trust law against these companies, charging that they had combined and were parties to a trust to control the cost or rates of insurance.

GAVE BOND.

Two Missouri State Senators Give Bond for Appearance.

Jefferson City, Mo., April 20.—Senators B. L. Matthews and Charles A. Smith, who were indicted by the grand jury Saturday for accepting bribes in connection with the baking powder legislation, today gave bonds in the sum of \$3,000 each for their appearance before the circuit court at the July term. They each say they are innocent of the charges.

The indictments charge them with receiving bribes from D. J. Kelley \$11,000 each to vote against the alum baking powder bill, as members of the criminal jurisprudence committee of the senate in the forty-first general assembly two years ago.
