*THE HERITAGE  
OF 1953 AT  
MARSHALL COLLEGE  
IN HUNTINGTON,  
WEST VIRGINIA*

*David L. Hale, Editor-in-chief*

*Robert Markell, Business Manager*

Entrance . . . door, gate, archway,  
opening in an enclosure . . . and yet more  
than these definitions. An entrance sug-  
gests a space set aside for some purpose.  
*Something* lies beyond every door, every  
gate, every place of entering. Perhaps  
only a pasture, or possibly a design for  
life. Man goes in at his gates and in our  
country he may yet choose his place of  
entering . . .

## *Something Lies Beyond Every Place of Entering . . .*

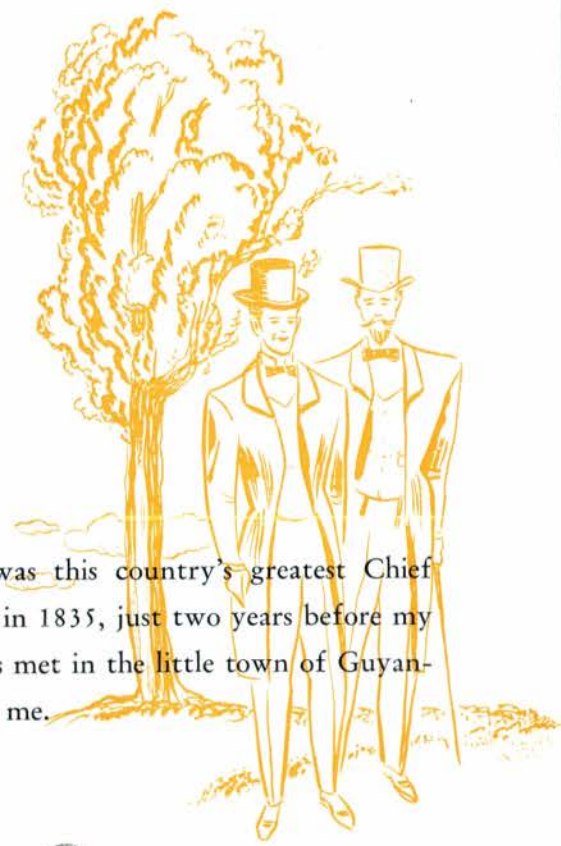

---

. . . When man stands at the gates of a college or university, he has chosen his place of entering. Something he needs or desires lies beyond. But this is only half the meaning—that which lies beyond needs him. Its whole purpose, the reason for which it was set aside, depends on the students who enter these gates.

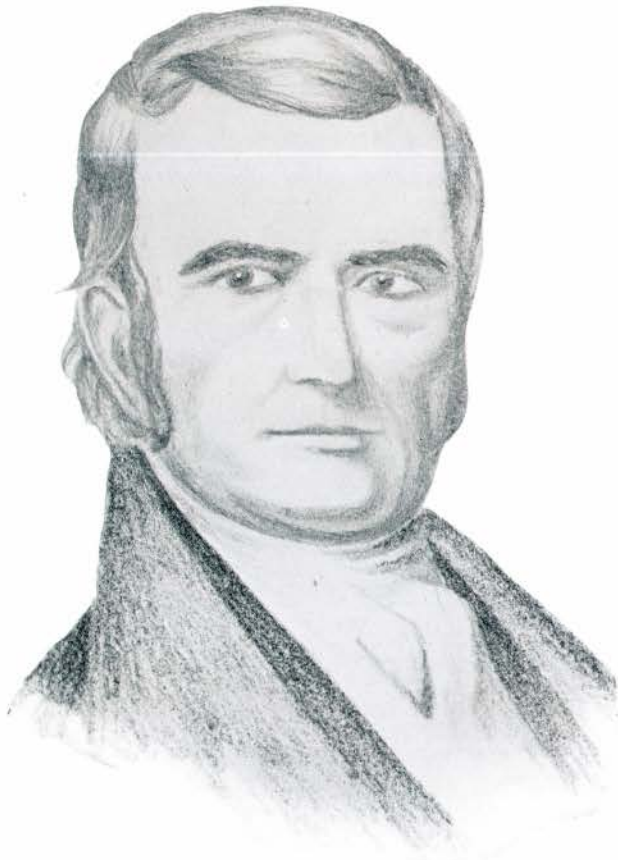

Schools, colleges, and universities serve our nation, growing to meet its growing needs, growing in size and ability to give more of our people the knowledge they need to build a better life—to build and keep a better nation. "Invest more—get more"; short simple truth. Those students who fulfill the purpose of the teaching will eventually fulfill their lives and the needs of the nation.

John Marshall was this country's greatest Chief Justice. He died in 1835, just two years before my founding fathers met in the little town of Guyandotte to establish me.

*John Marshall  
... for whom I was named*

John Laidley, Cabell County's delegate to the Virginia Legislature, was a personal friend of the great Chief Justice. As a living memorial to this leader, the name Marshall Academy was given to me.

## *I Began on a Windswept Knoll Called Mt. Hebron*

---

I've seen and done a lot of growing myself and I know that one of the chief concerns of the westward moving pioneers was the establishment of schools. Indeed, that concern established me nearly one hundred and thirty years ago—one hundred and thirty years! That takes one back. In fact, I don't know exactly when my life did begin. An early family record attests that a girl born in 1821 became one of my pupils, so I must have come into being around that time too. As to where I had my beginning, history relates that in 1772 Governor Dinwiddie of Virginia gave to a certain John Savage and sixty other revolutionary soldiers a tract of land up and down the Ohio. Thereafter the land was known as the Savage Grant. Savage was an apt name. It was Indian territory and even as late as 1796 Indians murdered and scalped the early settlers and burned their homes. At any rate, in the midst of this wilderness I came, humbly enough, into being—a one-room log cabin on a beech-forested windswept knoll by the broad Ohio, Mt. Hebron in the Savage Grant, and across the river was the site of an Indian village. I was both church and school — my first pupils, settlers' children.

*Like Lincoln, Marshall had its beginning in a rustic log structure—old Mt. Hebron Church at Holderby's Landing.*

This was my beginning and my tale might well have ended here but for an act of the Virginia Assembly of 1838 which chose me as an academy to train teachers for western Virginia. I was very proud—but a one-room log cabin an academy? The good founding fathers appointed by the assembly took care of that. They built four rooms for me, one of which was set aside for the Methodists' and Presbyterians' use on alternate Sundays; they added an assistant to my faculty of one, and they approved the name chosen for me by John Laidley, leader among my founders. I was to be called Marshall Academy in honor of Virginia's great chief justice of the Supreme Court. Last, but in my opinion not least because it gave me a feeling of permanence, they dug a well. Yes, I was very proud.

*In 1867, three years after being auctioned, the new state added a three story building and tower to the original structures.*

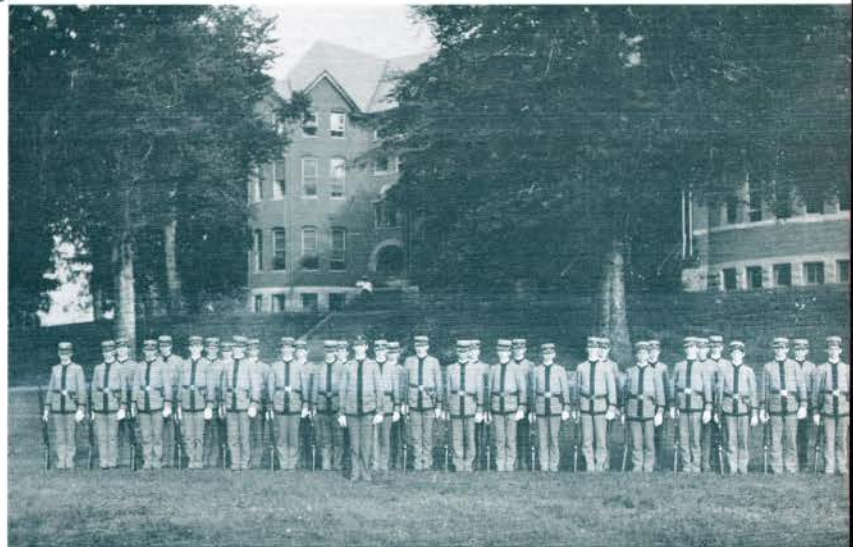

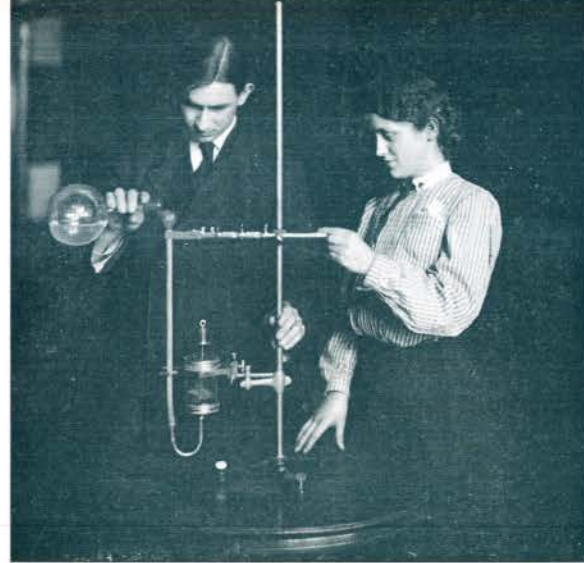

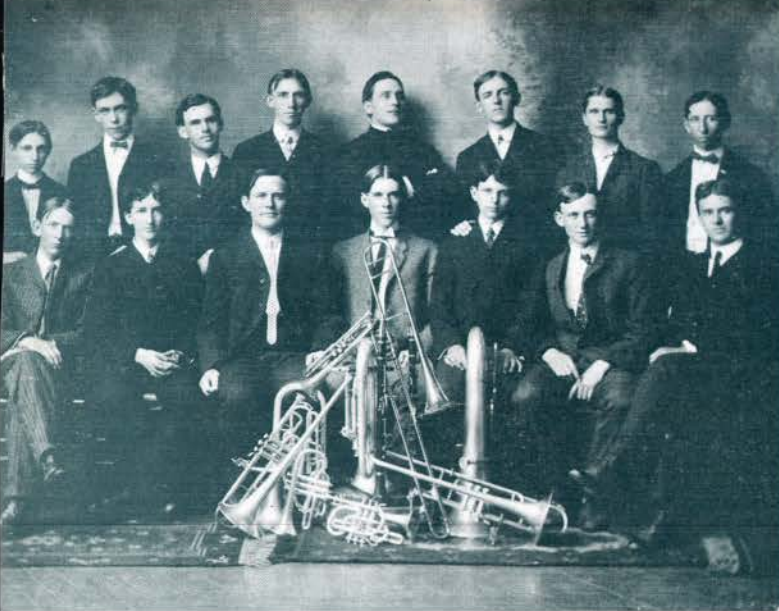

*Marshall was now the State Normal School in a new state created out of the issues of the War.*

## *In 1843 I Was Given My First Permanent Building . . .*

---

The next eighteen years were a quiet time of steady pace for me. I didn't know that my work was being watched. Consequently, I was completely surprised when my guardians presented me with a large, fine, three-story brick wing. True, because money was scarce, only the first floor was furnished and that as a chapel and church—nevertheless, I was growing again. I had come far and knew that I was rather an imposing sight in the midst of the surrounding farmlands. Yes, I had come far but I little dreamed of the great honor which in two

short years befell me. In 1858, the General Assembly of Virginia made me a COLLEGE! Imagine, from a log cabin to a college in twenty years. Honor beyond belief and yet I regret to say I was not completely satisfied—not quite. I wanted a city around me as other colleges had. That year I had a faculty of four, and twenty students. One can see, looking back, that I had attained dignity and authority, but these, alas, could not save me from the hard times that followed.

*A far cry from today's modern look—but these activities still persist. The Band, the old "Blue and Black" baseball team,*

*chemical experiments, and the Marshall military unit . . . all at the turn of the century.*

## *My Doors Were Closed as War Split the Country . . .*

I suppose the first faint tremors of the war that nearly split the country were reaching me. At any rate, in 1859, I twice just escaped being sold for debts! Next year, my president resigned because the trustees who were my guardians could not raise funds to pay his salary. My next two presidents served a short time but the last resigned to join the Union Army. My doors were closed. I cannot say that I was not hurt. I was glad to be of service as a hospital during the Civil War, but I had been so

proud to be Marshall College. As the war drew towards its close, I hoped that somehow I might be restored to my former dignity. But what seemed the end was close and my faint hope short-lived. In 1864, shortly before the end of the war, I was sold at a public auction for \$1500. The family that bought me moved in, servants and all. They were nice enough people, and two of the sisters taught school, but I was far from my former proud position. How could I ever be a college again?

## *I Was Redeemed by a New State and Made the Normal School . . .*

---

Once more, history moved in a way one could hardly have foreseen. The issues of the Civil War brought forth in 1863 a new state out of the old Commonwealth of Virginia—West Virginia—and I was in West Virginia. In 1867, three years after I was auctioned, the new state redeemed me, bought twelve additional acres of land, added a third story to my original four-room building,

finished my wing built in 1856, built another three-story brick wing with a tower, furnished me throughout, and made me the State Normal School. One can easily imagine the great joy and gratitude with which I received this news. Now, at last, I could follow the career that my founding fathers had planned for me.

*Looking north from where the Student Union now stands, "Old Main" is seen as it looked in the 1890's. A middle*

*section was built in 1899, which together with the two older buildings made one long structure.*

## *Now I Could Follow the Career that Had Been Planned for me...*

In the fall of 1868 twenty-seven students came to me. How glad I was to have them; how proud of my truly scholarly program—spelling, reading, penmanship, grammar; bookkeeping, arithmetic, algebra, geometry, trigonometry, surveying; geography, botany, natural philosophy, anatomy, physiology, and the art of teaching. My poor president had to be able to teach all these courses. I don't think my students today would like the demerit system I used then, nor the long daily six hours of classes. Even so, in the spring, I had ninety-six students.

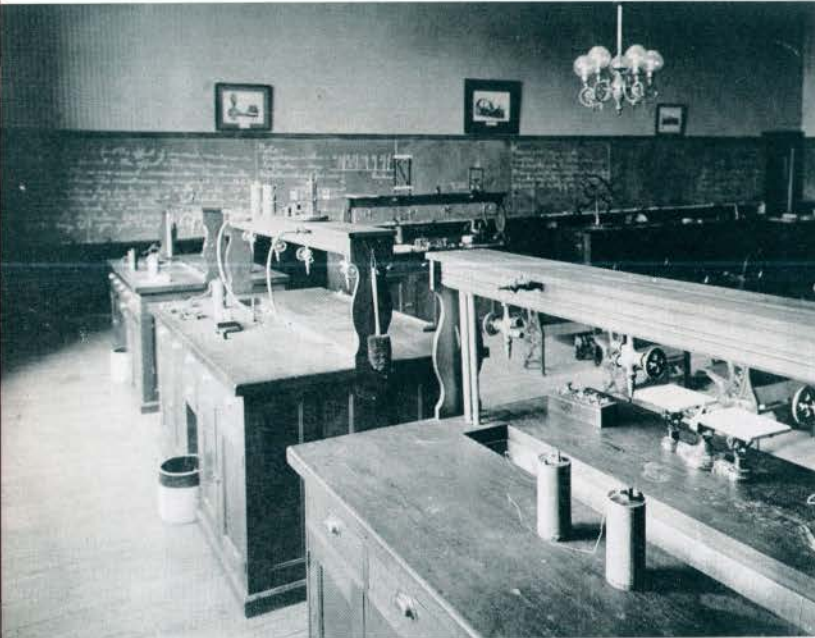

*The model school adjourns from completed "Old Main" in 1907. The new coaches (body by Fisher) await the children.*

*"Chic" is the only word for description, but in 50 years, we'll be just as antiquated.*

## *At Last a City Was Built Around Me...*

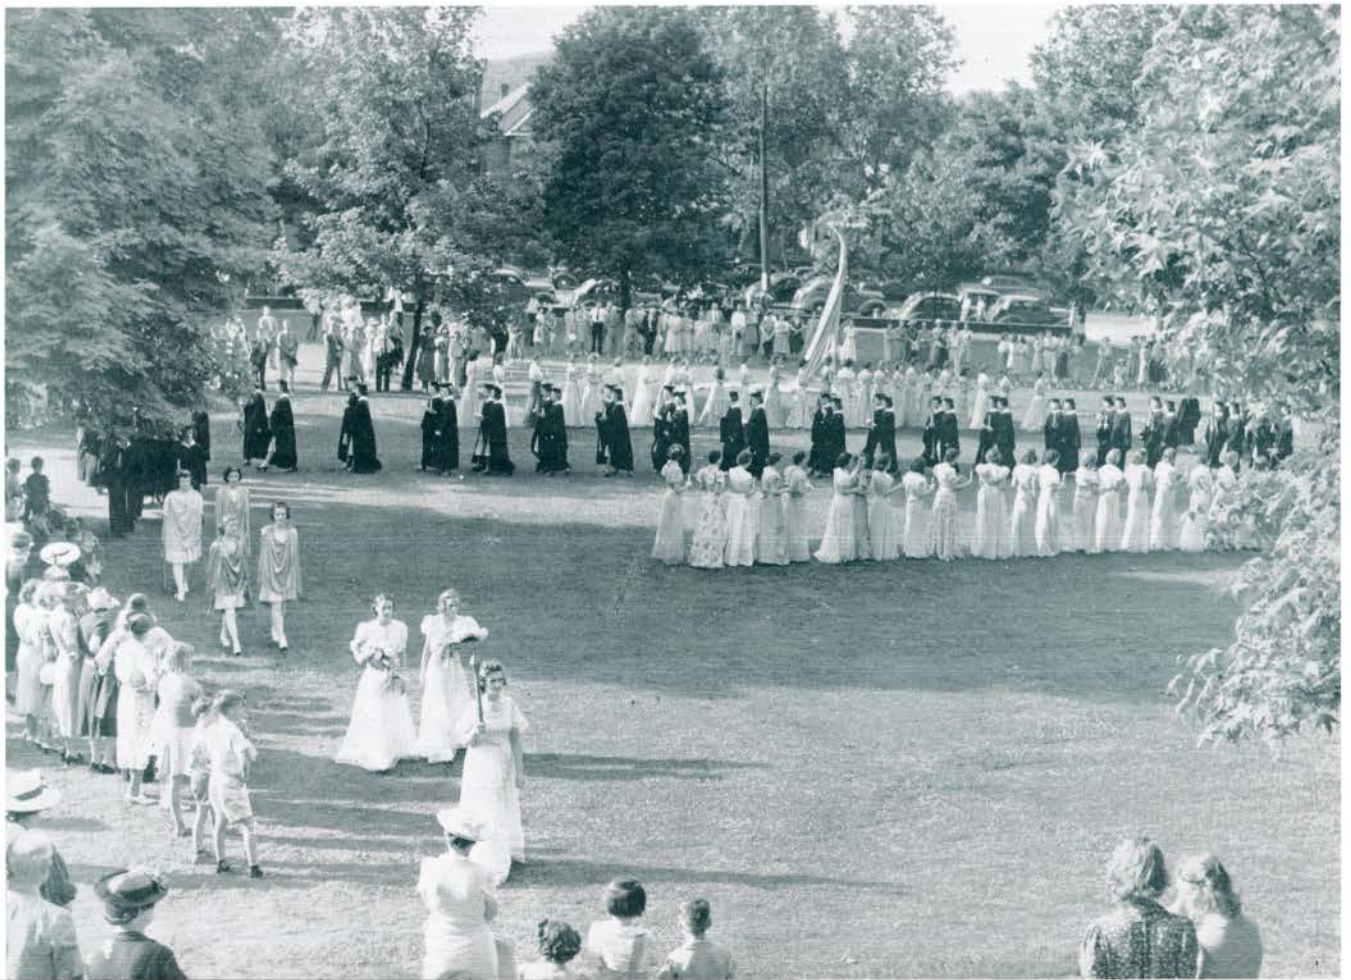

*The Physics lab was fully equipped in the 1920's, just after Northcott was constructed.*

In 1871, an old wish came true. The city of Huntington was founded and began to grow up around me. Now I wanted nothing more than to be a real college. As the country grew, so did the state, and as the state grew, so did the city, and I continued to grow with it all. In 1895, a great new sixty-foot square, three-story brick building with a high tower was set well out to my front. Its silhouette against the sky was a landmark. In addition I had yet another wing added to my first buildings and numerous improvements everywhere. Four years later the space between my first buildings and the new one was closed with another fine new building. Throughout the length of these joined buildings ran a hall 303 feet long.

*Each spring the campus was filled with gay pageantry as the "Unquenched Torch" offered a*

*pleasant exit to the graduating seniors. This practice was continued until the late thirties.*

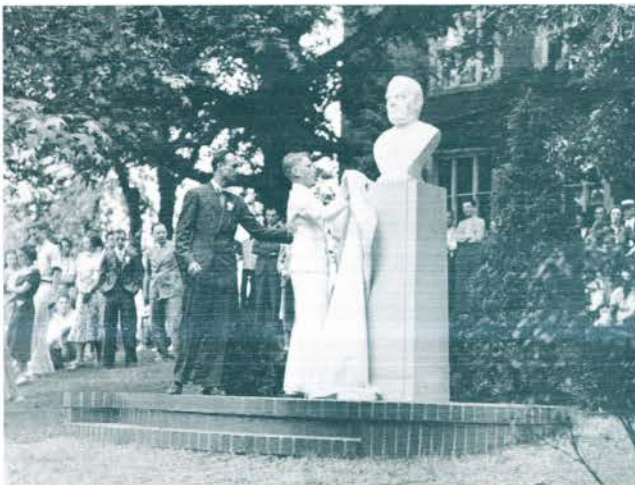

In 1907 I lost my high tower. It was taken down to allow another building to be joined to the front. My hall was now 327 feet long. Throughout the years, building after building grew up around me on my now 25 acre birthplace. I look around and know again the old, old pride. Yet I remember the years and recall the small spot deep in my heart where the little log cabin stood alone on Mt. Hebron by the broad Ohio.

*The "Queen Saint Paul" steams past the college. Some of its excursions took Marshall students and faculty on gay jaunts on the Ohio.*

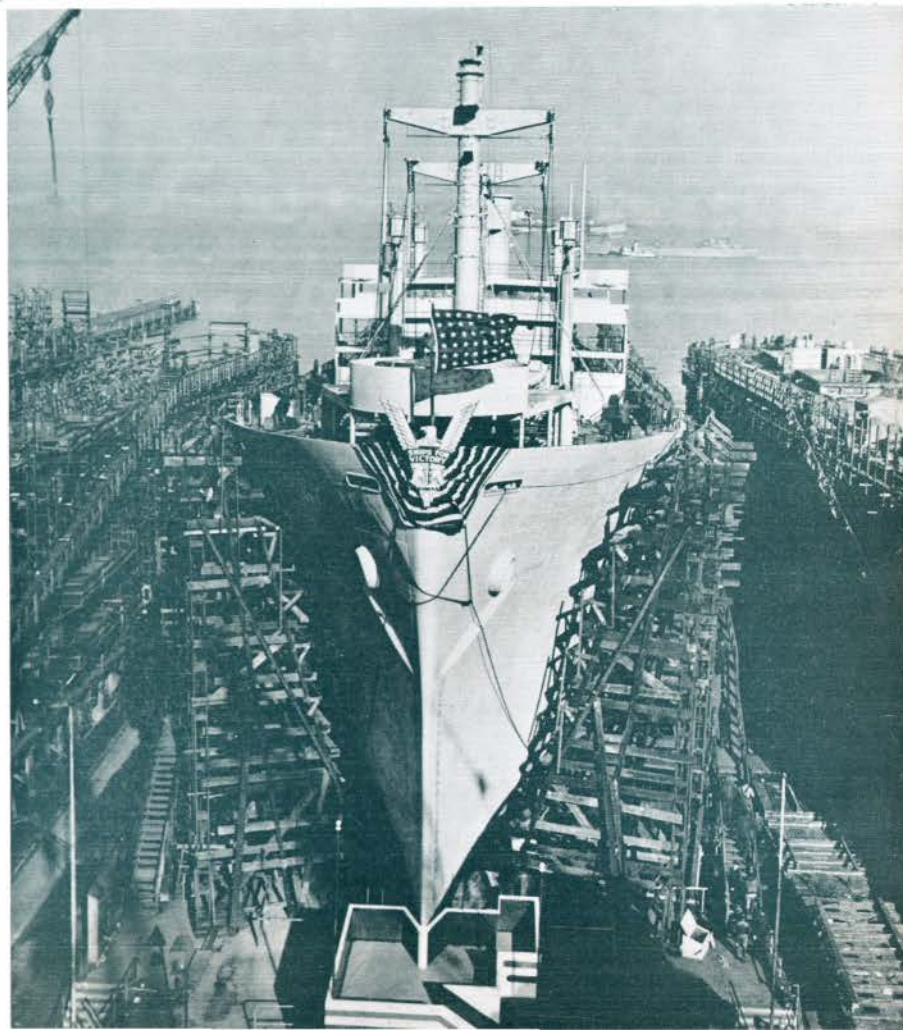

Highway, railway, and airway have knit me into the country—war, into the common cause—and in War II, I received most honorable recognition in having a Liberty ship named for me. The infant, Industry, and his brother Science, have become giants in the land—giants toiling in peace and war—giants demanding ceaselessly more students trained for their needs.

*The S. S. Marshall Victory was launched at Baltimore, Maryland during World War II.*

*Charles Marshall Scott, descendant of the great Chief Justice, unveils the bust of John Marshall during the centennial celebration in 1937.*

I am content to know that my purpose is now assured, to recall my steady growth, and to feel that I help fulfill those needs.

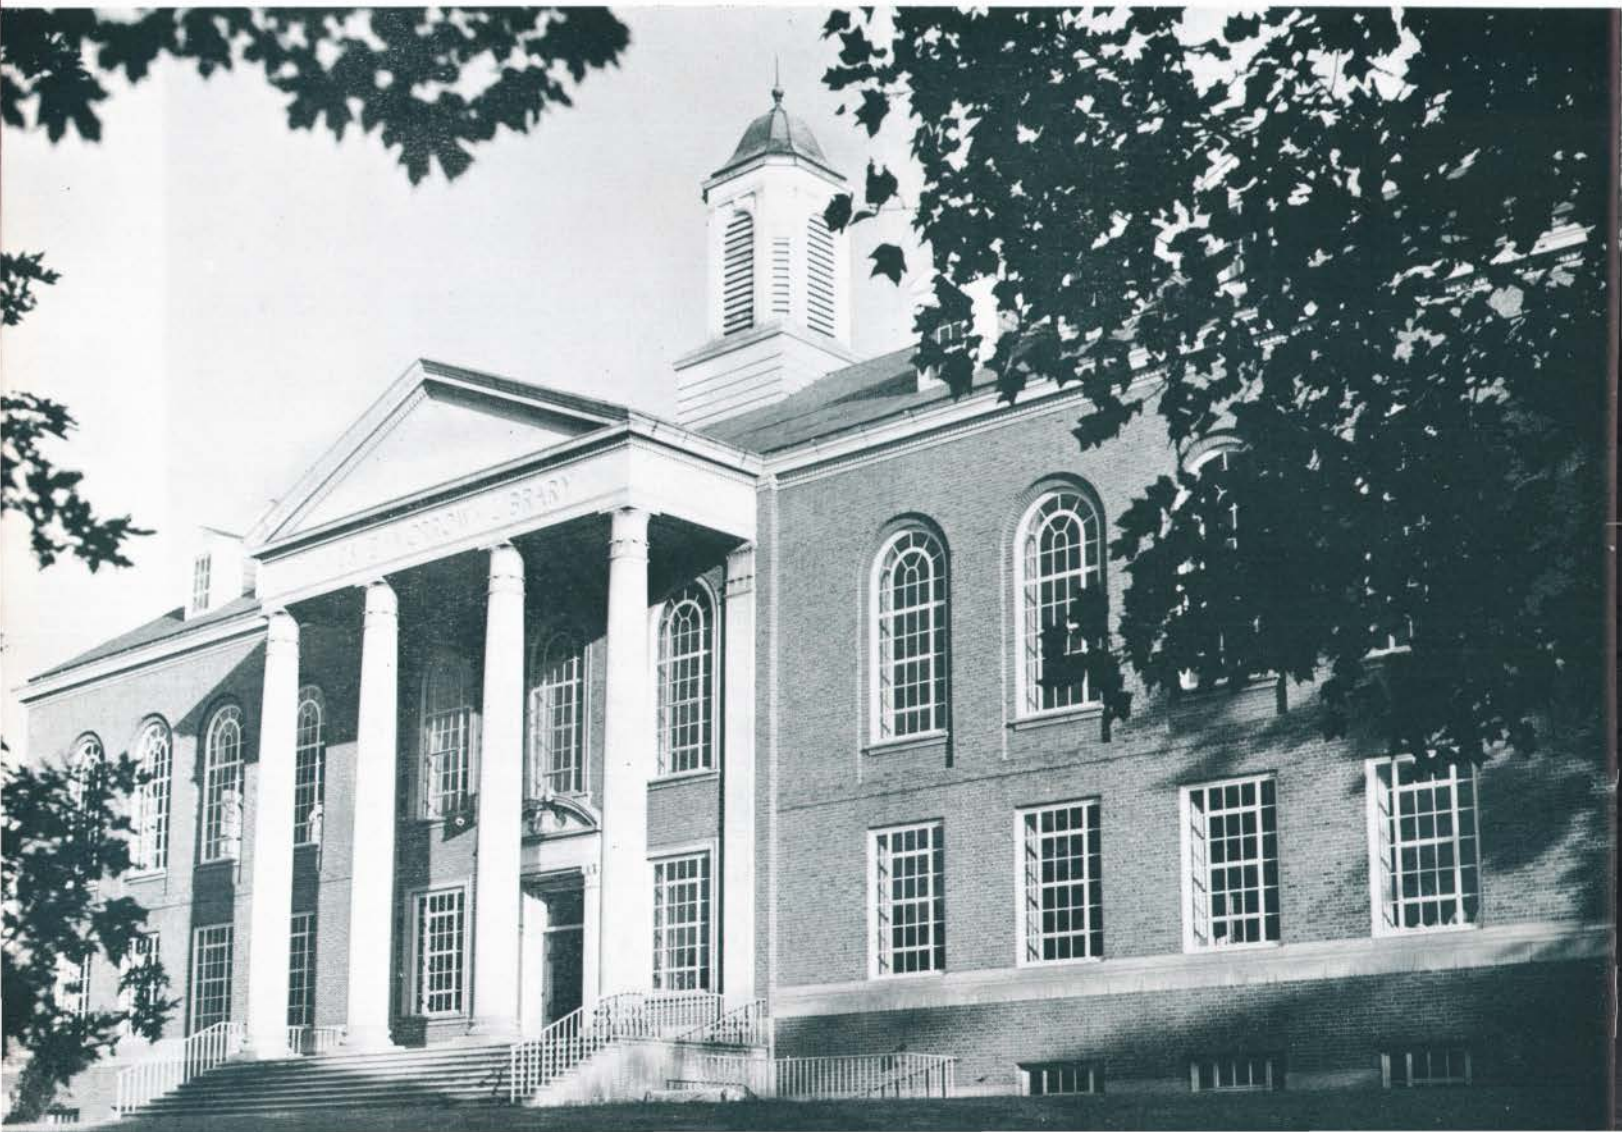

*I Wish My Founding Fathers Could Return to See  
How I've Grown . . .*

---

I wish my founding fathers could return to see how I've grown—I wish they could see the fine buildings enclosing my birthplace, the lovely lawns and walks, the beautiful old trees, the broad campus which in their day was almost a wilderness, and

the beautiful city which has grown around me. I wish they could see the increase of faculty and students who pass through my halls, and the diversity of knowledge taught. I wish they could return just once—to know and share with me my great pride and joy in it all.

*The most beautiful architecture on the 27 acre campus, the James E. Morrow Library.*

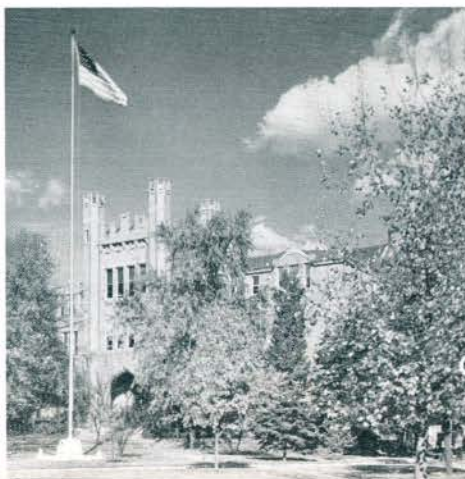

*In 1948 construction of a new science building was begun. Classes opened in the tremendous structure (above) in 1950. The O'd Northcott Science Hall (at left) was given over to Home Economics and Business Administration.*

*The gymnasium, "finest in West Virginia" in 1921, still gets heavy daily usage as a proposed men's gym is pending future appropriations.*

*"Old Main" has changed little through the years—still a beautiful landmark.*

*The Cafeteria and Greenhouse building was completed in 1940, making a link with Laidley and Hodges halls.*

*Hodges Hall dormitory is the college home of 170 Marshall men.*

*The Shawkey Student Union is the favorite meeting place of many co-ed and ed.*

*Laidley Hall, women's dormitory, glistens in midday sunlight.*

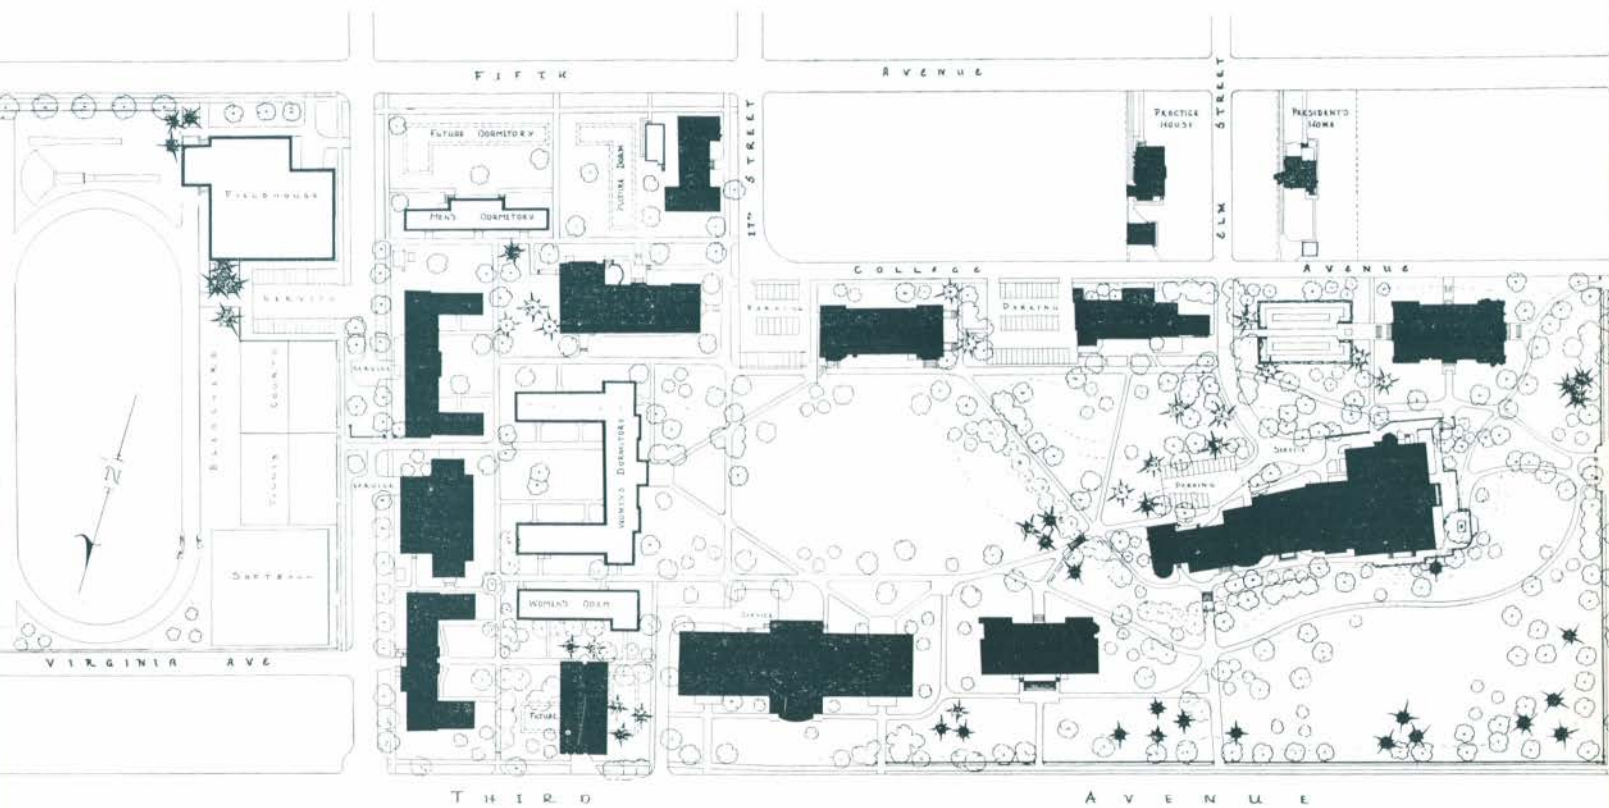

## ... I Cherish Yet One More Hope

As I continue to grow—as more land and new buildings are added that I may receive and serve my growing number of students, I will cherish yet one more hope—a hope surely not more improbable of fulfillment than that a log cabin could become a College—perhaps someday I may be found worthy of the highest honor, the title University. Now—past and present—my story is done and my hope for the future told.

With gratitude and appreciation to all those who have labored and do labor in my behalf, I remain dedicated now and in the future—to serve my country and its people in the present, to be an inheritance for the generations to come—dedicated to long-ago concepts and hopes of my Founding Fathers.

# *THE COLLEGES*

# President Smith

---

The 1927 graduating class of Gettysburg College, like all classes, had its share of leaders, but there was one who seemed to be ahead of all the rest. He was president of his fraternity, editor of the paper, editor of the yearbook—the list was endless. Now today as the members of the '53 class of Marshall go up to receive their diplomas, they will have a warm handshake and friendly smile from this man—our own President Stewart H. Smith. Added to his Phi Beta Kappa academic record at Gettysburg are graduate degrees at Columbia and Syracuse universities. The head of the college is also the head of a household. His children, six year old Margaret and sons Freddie, Bob, and Connie, are an active part of his family life. First Lady Mrs. Smith is a charming hostess for the official functions at the President's home.

*Leaving his coat in the outer office, President Smith prepares to begin a busy day.*

*With his secretary, Miss Adrienne Arnett, he checks details of an important report.*

*In the evening at home, President Smith finds a few moments to relax.*

## Social Deans

In close contact with the students, Dean of Women Lillian H. Buskirk and Acting Dean of Men Otis H. Milam listen to individual problems, administer housing, and supervise student organizations.

## Registrar

Luther E. Bledsoe, Registrar and Director of Admissions, puts the official stamp on college applications. Even after classes start, he doesn't forget the student. At the end of each semester he retires to his back room, starts his new grading machine, and soon parents get grade reports.

## Comptroller

Ever wonder where all the money goes? Fred R. Smith, Comptroller and Business Manager, could probably help you. It's his job to shake down the students at the beginning of each semester to collect tuition in order to pay bills and salaries, and to make refunds.

## Librarian

Few students can leave Marshall without meeting Rosa V. Oliver, Librarian. She and her able staff keep the shelves filled with some 100,000 volumes of good reading.

## College Secretary

Kept on the go taking care of publicity, public relations, and the public—Mrs. Veta Lee Smith, College Secretary, is the person to see about any college history, regulations, programs, and any other general information.

## Director Field Service

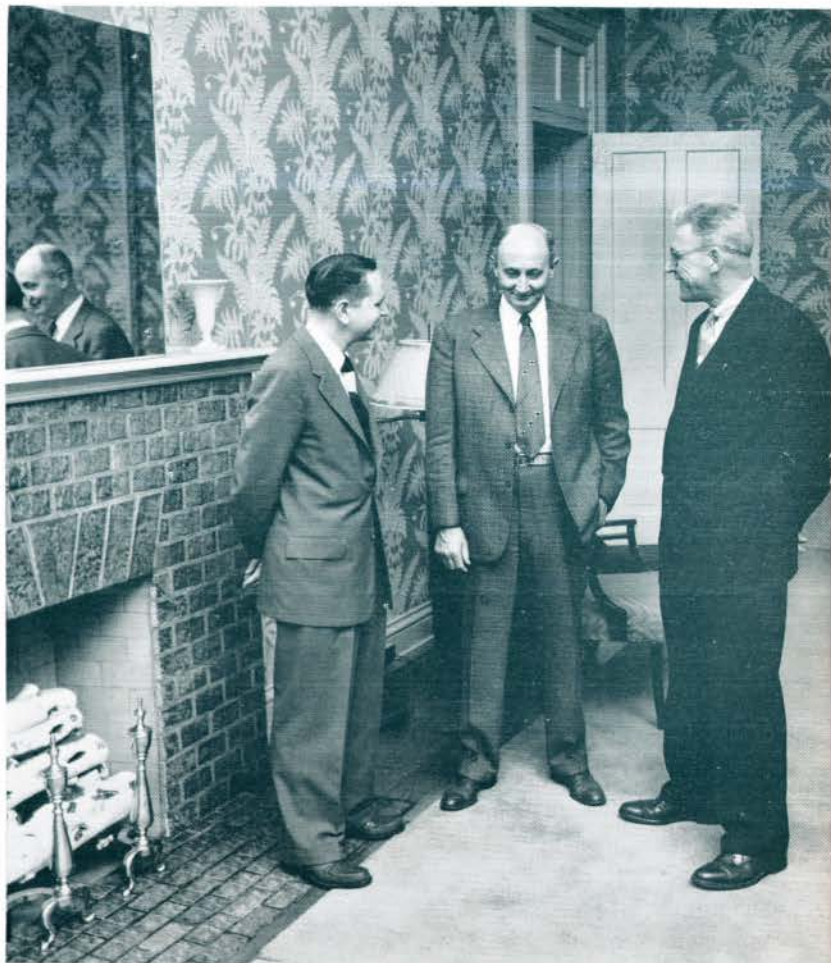

A promising young member of the college administration, Paul Collins, Director of Research and Field Services, sets up classes to be taught all over the state, works up conferences, evening classes, and workshops.

## COLLEGES... *and* FACULTY

---

Marshall College... "encourages its students in the attainment of scholarship and the acquisition of skills." Everything from art to zoology comes within the scope of the supervision of the academic deans. Their job is more than just penciling an initial on a schedule. They are the guardians of the College's academic standing and prestige. The oldest of the colleges, Teachers College, is headed by Dean D. Banks Wilburn. He is a native of the eastern panhandle of West Virginia and earned his Doctor of Education degree at George Washington University. The College of Arts and Sciences is presided over by Dean J. Frank Bartlett, also a native West Virginian who acquired his Doctor of Philosophy at West Virginia University and did post-doctoral study at European universities. He was a professor of chemistry at Marshall before moving up to the Dean's office. A. E. Harris was recruited from our Political Science department to serve as the first graduate school dean when the department was organized. Dean Harris is a Marshall graduate who went on to earn his Doctor of Philosophy at the State University of Iowa.

*Good citizens of the community as well as of the college, Marshall can well be proud of its three academic deans, D. Banks Wilburn, A. E. Harris, and J. Frank Bartlett.*

## *Philosophy, Religion, Journalism, Sociology . . .*

Who could be better starters for this section than the four men at the left? Their names and the departments they represent are Mr. Lloyd Beck, Philosophy; Father Roy Lombard and Mr. John Surgener, religious counselors; and Mr. Louis Jennings, Bible and Religion.

. . . the news must be coming in thick and fast if the expressions on the faces of the Journalism faculty mean anything. . . . Things were rosy for the Sociology department when the picture below was snapped.

*JOURNALISM FACULTY. Mr. Melvin Scarlett, Mr. Page Pitt, Miss Virginia Lee.*

*SOCIOLOGY FACULTY. Mr. J. T. Richardson, Mr. Walter Corrie, Mr. Harold Hayward.*

## *Music...*

*MUSIC FACULTY. Front Row: Miss St. Elmo Fox, Mrs. Lavelle Jones. Back Row: Mr. Thomas O'Connell, Mr. Alfred Lanegger, Mr. Wayne Hugoboom, Mr. John Creighton.*

*MUSIC FACULTY. Front Row: Miss Joanne Drescher, Mr. Wilbur Pursley. Back Row: Mr. C. Lawrence Kingsbury, Mr. Leo Imperi, Mrs. Eugenia McMullen, and Miss Miriam Gelvin.*

It's all music in the building on the northeast side of the campus. They work hard in this building and the whole campus enjoys the results. Not faculty members, but probably two of the most well known figures on the campus are (right photo) Percy Gallaway, manager of the bookstore, and Don Morris, manager of the Student Union.

### *Languages, Art, Psychology*

The two señors in the upper left are Mr. James Stais and Mr. Juan Fors of the Spanish Department. . . . . Two Mesdemoiselles and a Domina, in other words Miss Alma Noble and Miss Virginia Parrish of the French department and Miss Lucy Whitsel of the Classical department. . . . . Mr. Joseph Jablonski and Mr. Arthur Carpenter of the Art department keep the paint brushes moving as future Rembrandts try their skills. In the family group at the left Dr. K. K. Loemker, head of the Psychology department, tries out some child psychology on his daughters while his wife looks on. Wonder if it will work? . . . . . At the lower left Mrs. Madeleine Feil, Mr. Joseph Lichtenstein, Mr. Don Perry, and Mrs. Florence Van Bibber, also of the Psychology department, test one another on some of the equipment from their department.

*... English, Social Studies*

Dot your i's and cross your t's, for here's the English Department. This department, one of the largest on the campus, boasts fourteen members: Mr. Robert Sechler, Mr. Jack Brown, Mrs. Helen Harvey, Mrs. Mary White, Mrs. Ernestine Jones, Miss Frieda Starkey, Mr. John Stender, Mr. Curtis Baxter, Mr. Marvin Mitchell, Mr. Donald Pollitt, Miss Henrietta Hepburn, Miss Alva Rice, Miss Mary Louise Washington, and Miss Ruth Flower.

*The intellectual looking group at the left are the members of the Social Studies Department, who are Mr. Gerald Phillips, Mr. Edwin A. Cubby, Mr. Walter Felty, and Mr. A. E. Harris.*

## *Zoology, Botany, Chemistry...*

---

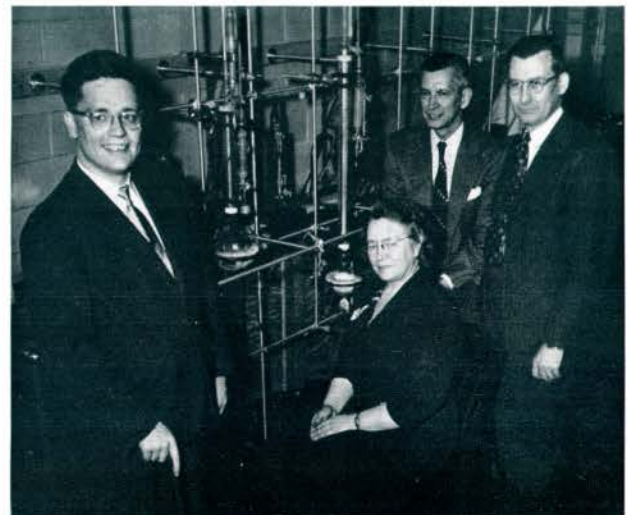

Sherlock Holmes? No, it's N. Baynard Green, head of the Zoology Department, on one of his frog-hunting expeditions. What beginning Zoology student hasn't "operated" on one of those frogs? . . . . Palisade parenchyma or spongy parenchyma? Which is it? Those are big words but at the lower left are two people who can give the answer—Mr. Howard Mills and Mr. Edward Plymale of the Botany Department. . . . Test tubes, beakers, Bunsen burners—few students can go through Marshall without coming into contact with these items. During the process of this contact the student will also become acquainted with the people in the picture at the lower left, namely the members of the Chemistry Department: Mr. A. W. Scholl, Mr. Ora Rumble, Mr. John Hoback, and Mrs. Frances Whelpley.

*BIOLOGY FACULTY. Mr. Howard Mills, and Mr. Edward Plymale.*

*CHEMISTRY FACULTY: Mr. John Hoback, Mrs. Frances Whelpley, Mr. Ora E. Rumble, and Mr. A. W. Scholl.*

## ... Home Economics, Physical Education

---

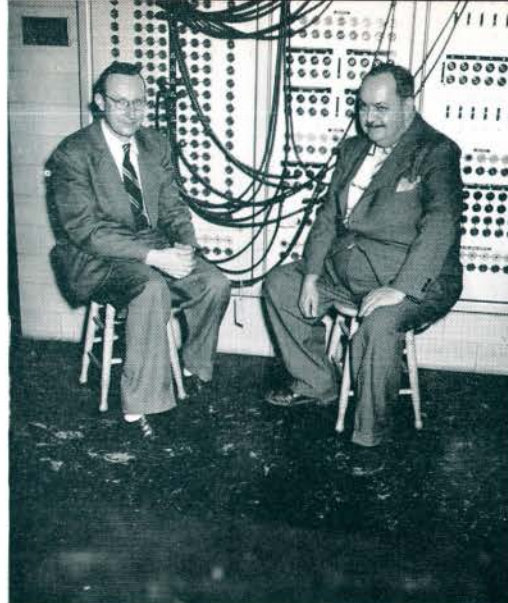

"The way to a man's heart . . . etc." At the upper right we find the members of the Home Economics Department who can teach the coeds not only how to find "the way", but also how to sew, furnish homes, and take care of children. The women responsible for all of this are Miss Cleo Gray, Mrs. Ruby Foose, Miss Adella Strouss, Mrs. C. A. Rouse, and Miss Reva Belle Neely.

College just wouldn't be college unless there were some sports. The Physical Education Department at the lower right "keep the ball rolling" literally. The feminine side of sports is handled by Miss Charlotte Berryman, Miss Ruth Robinson, and Miss Louise McDonough. The masculine end of the Physical Education building is under the care of Mr. Harold Willey, Mr. Frederick A. Fitch, and Mr. Otto "Swede" Gullickson.

Mr. Ralph Edeburn and Mr. Raymond Jansen seem to be pretty engrossed in something. Usually Mr. Edeburn can be found bending over one of the cats in the Zoology Department and Mr. Jansen spends a lot of his time up on the third floor of the Science Building studying the rocks in the Geology Department.

### *Math, Physics, Speech, Biology, Geography . . .*

---

Cones, formulas, and unknown quantities occupy the minds of the members of the Mathematics Department: Mr. James J. Barron, Mrs. Dorothy Bragonier, Miss Bernice Wright, Miss Mary Alice Goins, Mr. Hunter Hardman, and Mr. Robert Gutzwiller. . . . The men in the center picture, Mr. Donald Martin, and Mr. Berkley Shafer, inspect a complicated looking piece of equipment in the physics laboratory. . . . Mr. Melvin Loy, Mr. H. Clayton Darlington, and Mr. Donald Cox, of the Biology Department, are well known to anyone who has had science. . . . "Holding the world in their hands" are Mr. Leslie Davis, Mr. R. L. Britton, and Mr. Sam E. Clagg of the Geography Department. The Speech Department provides a variety of classes and extra-curricular activities such as debate, radio, interpretation, dramatics, and speech correction. Members of this department are Mr. Otis Ranson, Mr. Clayton Page, Mr. George Harbold, Mr. Ben Hope, Mr. Raymond Cheydleur, and Miss Kathleen Robertson.

## *History, Engineering, Economics, Business Adm., Political Science*

"In 1492 Columbus sailed the ocean blue." 1492 was a long time ago but history is still being made and taught. At Marshall Miss Elizabeth Cometti, Mr. H. Gresham Toole, Mr. Charles Moffat, and Mr. Hershel Heath (upper left) of the History Department keep us up to date on historical facts and dates. . . . The four men in the center picture, Mr. A. E. McCaskey, Mr. Charles Hoke, Mr. Samuel Stinson, and Mr. George Urian, are housed over in the Engineering Building where they produce potential engineers. . . . At the top right, Mr. Rufus Land, Mr. George Munn, and Mr. George Corrie of the Economics Department survey the news of the day. . . . One of the largest departments on the campus is Business Administration. The members of this department are (right photo) Mr. Vernon Jolley, Mr. Carl Miller, Mr. William Huebner, Miss Dorothy Seaburg, Mrs. Irene Evans, Mrs. Carolyn Dwight, Miss Eva Miller, and Mrs. Clara Harrison.

. . . "What will Ike do next? . . . Who will win in the next Congressional election? . . . When will the Chief Justice come out?" These could be the questions on the minds of the Political Science Department shown at left: Mr. Charles Harper, Mr. Paul Stewart, and Mr. Warren O'Reilly.

## *Education, Elementary and Secondary...*

---

Marshall College was made a State Normal School for the purpose of educating teachers by the Virginia Legislature in 1858. Today the education of teachers comprises a separate college in the academic structure of Marshall. Professional people who have given their lives to educating the student so that he can educate others are shown on these pages. Mr. Roy Woods pauses in his daily procedure as a teacher-administrator. Mr. Paul N. Musgrave, supervisor of student teaching, and Mr. R. I. Roudebush are central figures in the department of education.

*Mr. Musgrave and Mr. Roudebush confer in the Dean's office.*

*Education teachers are: Mr. Woodrow Morris, Mr. Russell Smith, Mr. Clarke Hess, Mr. L. E. Vanderzalm, and Miss Virginia Rider.*

## ... Education

Grade School teachers are: Miss Mary Rensford, Mrs. Martha Zelnak, Mrs. Edith Amick, Mrs. Martha Rummell, Miss Florence Davis, Mrs. Thelma Smith, and Mrs. Mae Houston.

High School teachers are: Mr. William Shipe, Mrs. Nellie S. Dailey, Mrs. Ina Hart, Miss Dora Mitchell, Mr. Lawrence Nuzum, Mr. Harold Ward, Miss Ann McDanald, Mrs. Mary Jo Stephens, Miss Phyllis Tandy, Miss Louise McDonough, Mrs. Shirley Streeby, Miss Ourania Grambos, Mr. Lyell Douthat, and Mr. Ed Lambert.

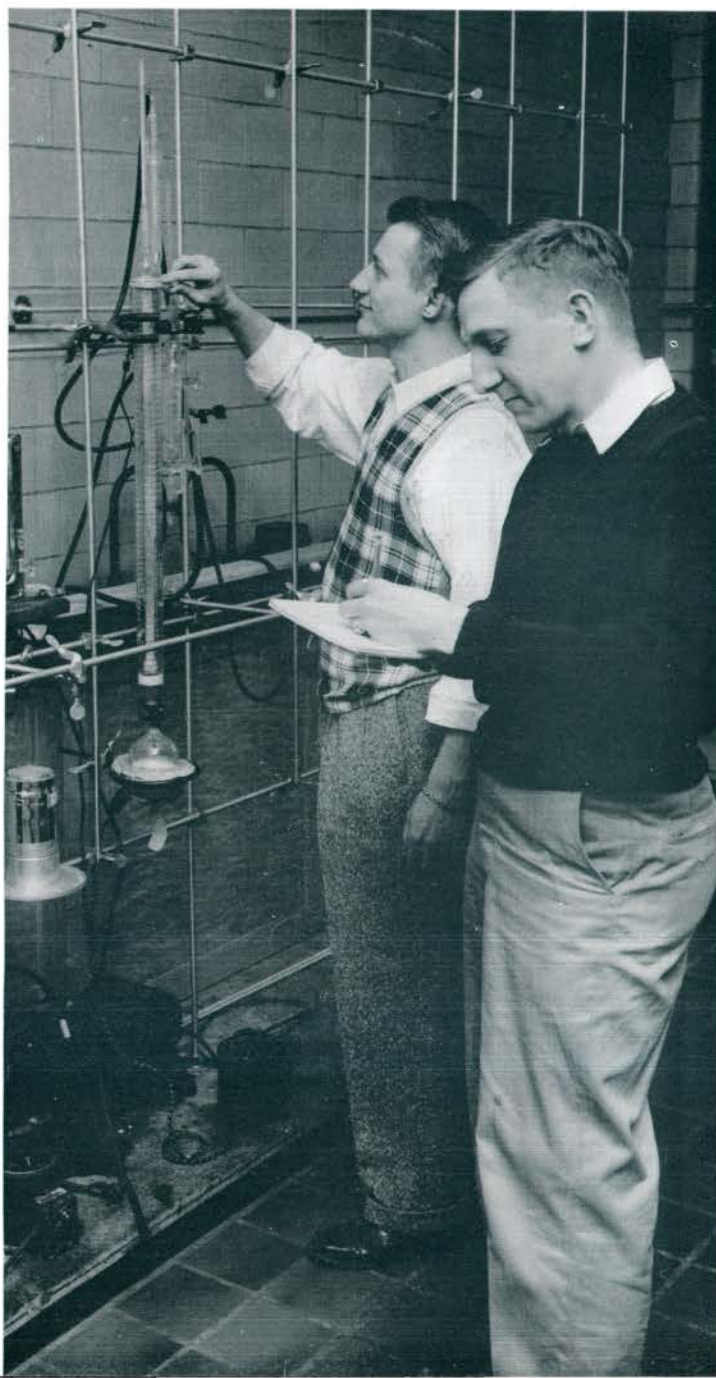

Like all schools, Marshall Laboratory School needs a "head man." Mr. Lawrence Nuzum, principal of Marshall High School, and Mr. Rex C. Gray (at left) principal of the grade school are the capable leaders in the campus laboratory school.

*The Graduate Program:  
from Art to Zoology*

---

The Graduate School at Marshall is its most rapidly growing division. Courses are offered in twenty fields. The Master of Arts and Master of Science degrees are conferred.

In comparative anatomy, every student goes through the procedure of cutting up sharks—and all kinds of other animals. Checking to see what is happening (or supposed to be happening) at the fractionation column is a familiar part of the chemistry students' routine.

Keeping up with the times and the younger generation is a big job—one that the Education Department has taken in stride. Through its dual purpose of the education of children and the preparation of teachers, the Albert G. Jenkins laboratory school unites theory and practice for the benefit of both.

# THE ACTIVITIES

# *It happened this year...*

---

September this year began much like all the others, but new faces and new ideas set the stamp of 1952-53 on Marshall's personality. Classes, football games, dates, dances, the bookstore line, and exams are a part of every year. Each fall the smell of new paint mingles with the smell of burning leaves. Each fall the quiet of late summer is shattered by the recurrent clangor of hourly bells, the shrill chatter of greetings and the deeper bass of "Hi Ya, Boy!" Yes, this September began like all the others. But it was good to see the Marshall green spread again across the autumn campus, to see new faces and younger faces under the beanies as Freshman Week got under way.

*The first Student Leadership Camp, sponsored by Student Government, was held at Camp Cliffside on Coal River in early September. Here more than seventy student leaders took part in work and play, as in discussion groups pictured above and below.*

*That's Acting Dean of Men Otis Milam on the shoulders of Joe Vinson and Phil James being escorted to a dunking in the lake—just part of the fun at Leadership Camp.*

## *Leadership Camp Registration, First Day of Classes*

"Your College and You in '52," the theme of our first Student Leadership Conference, keyed the year. Many of the recommendations from Cliffside have already been adopted by student and administrative groups. The impact of this conference will reach beyond this year to bring change to Marshall's campus. Freshman guides oriented themselves at Camp Cliffside sessions and returned to take over the tiring but rewarding task of making Marshall students out of the newcomers on our campus. Freshmen found themselves less lost among the crowd as a sympathetic guide helped them through the procedures of testing programs, registration and extra-curricular activities that start them in their college life.

Student handbooks helped everybody, freshman and senior. New hostesses in the dormitories learned with the freshmen. Marshall's first religious counselor opened his office.

The President of the College became advisor to five lucky freshmen when 811 newcomers swamped the academic advisors. Old friends among the faculty returned from leaves of absence inspired by far places and new ideas. Upperclassmen who had registered in the spring came back to change schedules, look over the freshmen, hang new drapes, look over the freshmen, loaf in the Union and look over the freshmen. Curbstone coaches gathered at the practice field to watch the football team, and the band began its maneuvers. The first week was over and classes began just as classes always do.

*Ira Diamond and Jake Humphrey, in the top photo, collect money and shell out name tags and green freshman beanies. Chief Guide Wanna Burnside, seated and Virginia Rasnick Keefer assign a freshman to his group (center), and the freshman week completed, classes begin in Old Main 205 (bottom) for Lucille Sullivan, class of 1956.*

*Marking that "X" on a freshman class ballot is Suzanne Holstein as Joanne Price and Everett Roush stand in line. Margaret Lononsy, Jennie Johnson, and Anne Toole are the election officials.*

## *Freshman Election, President's Convo*

After the first few weeks of getting acquainted, the freshmen undertook a major project, their class election. Surrounded by posters, amid cheers and much handshaking, the candidates campaigned early and late, long and loud. Election day came and freshmen went to the polls in the Student Government Office.

The President's convocation this year was different. Instead of the usual address, he conducted a campus meeting, "Ask It Now," with no questions dodged. "Why?" and "What?" from every corner of the auditorium were answered or explained. The President took most of the questions himself, but brought in a panel of deans and the student president for support. Questions and answers were tape-recorded and broadcast later by a local radio station.

*Dr. Stewart H. Smith spent quite a lot of time boning up for the President's Convocation, a round table discussion of student problems.*

*Sorority Presidential love-lies at the Panhellenic Tea — Sarah Lee Lockhart, Sigma Sigma Sigma; Anne Toole, Pi Kappa Sigma; Wanna Burnside, Delta Sigma Epsilon; Jennie Johnson, Alpha Xi Delta; Janet Sue Riley, Alpha Chi Omega; Evelyn Fulbright, Alpha Sigma Tau; Peggy Groves, Alpha Sigma Alpha; and Joanne Wilson, Sigma Sigma Sigma, Panhellenic President.*

## *Into the Swing of Things: Formal Rushing, Leisure Time*

*Sandra Comstock finds a cool, quiet place in the Journalism library to do a bit of newspaper browsing in some leisure moments.*

This year approximately two hundred and fifty high-heeled and gloved young ladies went down the receiving line to begin the marathon of parties that make up the formal rushing season. By the end of two weeks, each of the seven national social sororities had added their quota of new pledges to their rosters. Those two weeks were a hectic, busy time, but no Greek woman ever regrets taking part in that exciting experience.

As October moved into November, free moments were harder to find, for the tempo of the semester speeded up. Some managed a "breather" once in a while at the Union, and it stayed crowded. Others browsed in the library or found time to read the home town newspaper in the Journalism newspaper reading room.

*Freda Cavender, head majorette, leads her high stepping girls, Jean Riley, Sara Hamer, Pat Moeck, Barbara Figley, Joy Kistler, and Pat McCormick.*

## *Another First—Majorettes; the Opera 'Carmen'*

---

Another "first" on Marshall's campus—and what a good-looking first! The fans liked what they saw this fall as seven highstepping majorettes came down the field. Football season has always been a gay and colorful time at Fairfield Stadium—the Marshall band, the splash of color and music from visiting bands, the floats, the pennants, the chrysanthemums and school ribbons—but the crowds agreed that our majorettes added that certain something in '52.

Quite a shift in emphasis, from majorettes to grand opera, but we did it. Russell George in "Carmen" was nice to look at and nicer to hear. Milton Cross, in person, did the commentary and we had a taste of the Metropolitan in Huntington.

*Russell George appeared as Escamillo in the Artist's Series presentation of "Carmen," Charles L. Wagner's opera production.*

As the election fever mounted over the nation, political furor gained momentum on our campus. In the midst of the campaign our students got a glimpse of two national candidates. General Eisenhower, Republican candidate for president, did some "whistle stop" campaigning in Huntington and "Brother" John Sparkman, Senator from Alabama and candidate for Vice President, complete with escort, paid a flying visit to the Pi Kappa Alpha chapter house during his campaign in West Virginia.

Of course, everyday activities—the bridge games, canasta, and bull sessions—continued during this period, but "Ike" and Adlai" were the subjects of heated discussions at many of these gatherings.

*Senator John Sparkman, Democratic candidate for vice president, stopped at the Pi Kappa Alpha house during his campaign swing through West Virginia.*

### *Vice-Presidential Nominee, Ace in Reserve*

*Relaxation at the Delta Sig house, but we don't know how long the game stayed friendly with Ardith Jones' ace in reserve. Others in the game are Chris Haga, Pat Day, and*

*Wanna Burnside with Pat Douglas kibbitzing from the couch.*

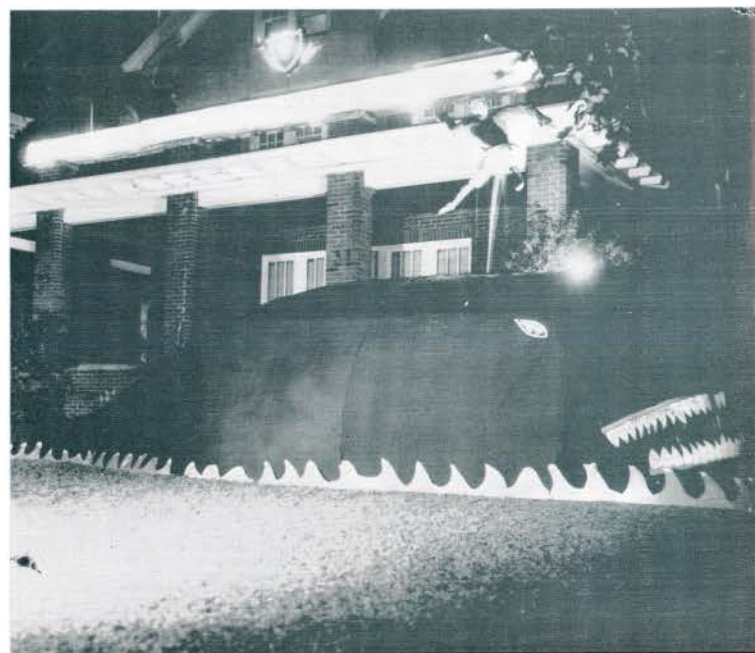

**Homecoming:  
Beautiful Queens, Floats,  
Football Game, Dance**

*Homecoming Queen Marlene Cook reigned supreme over the gay festivities of 1952. Her attendants were Freshman Noreen Anderson, (top left), Junior Freda Cavender (top center), and Senior Joan George (lower right).*

"The Best yet!" This happy verdict from returning alumni made up for the lost sleep and the mashed thumbs of inexperienced float and house decorators. We modestly agreed with the Old Grads. Look at our campus queens! Easy on the eyes, aren't they?

Riding the waves on the Phi Tau Alpha lawn, that big ole whale blew Kent State right up in the air, and kept them there! Fair play compels us to refer you to the Sports section for factual information. This mechanical wonder put another trophy on the Phi Tau mantel. Two blocks up the avenue, Alpha Xi Delta also picked up a new trophy with their winning house decoration.

*Homecoming:  
It Comes Just Once a Year—Thank Goodness!  
Hail to the Winners...*

---

"Paper napkins? Sorry, all gone." By the morning of Homecoming, students had cleaned out stores in Cabell County and southern West Virginia. All night long, actives, pledges, friends and enemies stuffed paper napkins into miles of chicken wire to produce the lovely prize winners at the bottom of the page. Even these vicious pirates on the right stooped to such camouflage. Twenty floats competed and paraded, alumni tea-danced in the Union, fraternities and sororities held open houses, dancers and visitors jammed to the exits the Huntington Memorial Field House for the final gay event, the Homecoming Dance. Yes, we agree with the Old Grads; the 1952-53 Homecoming was the best ever.

*The Pi Kappa Alpha pirates bury the Kent State Golden Flashes.*

*The Sig Ep steamboat paddles down the field to win among entries of men's organizations.*

*The Alpha Xi Deltas "fiddle" away to win the trophy for the best float entered by a woman's organization.*

*Adlai or Ike? Pat Hatfield, Man Freshman, tries to make up her mind before the straw vote election.*

Meanwhile, the national election moved into the final frenzy. Ike? or Adlai? The contest waxed stronger as November 4 came closer. We got into the excitement, too. A preview of election day was held October 15 on our campus. Students, 1053 of them, went enthusiastically to the polls in a straw vote election. Marshall's choice—Eisenhower 651, Stevenson 402.

The election over and November moving along, Alpha Chi Omega, national social sorority, installed its Gamma Omicron chapter on our campus. Eighteen charter members became a part of the Panhellenic group at Marshall. Hodges Hall men went out to help fight forest fires and the campus exceeded its quota when the Bloodmobile set up quarters in the Greenhouse.

## *Marshall Chooses 'Ike', Alpha Chi Installed*

*Around the table at the Alpha Chi Omega installation tea are Betty Squire, Joan Lawrence, Carolyn Harlan as Mrs. McMullen pours tea.*

## College Theatre's 'Dream Girl'—Cleveland Orchestra

Marcia Godsey, "Dream Girl," begins a journey to her dream world and relates her travels to Paul Wassum, John Cornell, and Hersbel Rowe in Elmer Rice's comedy.

Curtain going up! This familiar cry was heard on November 5 when College Theatre opened its twenty-seventh season with the Elmer Rice comedy-fantasy, "Dream Girl." With Marcia Godsey leading, the audience went through the dream world of Georgina Allerton and emerged wishing they too could just dream and dream. The Tyroliers, gay Austrian dancers—and the Cleveland Orchestra appeared on Convocation and Artists' Series programs.

A fast-stepping troupe from Austria, the Tyroliers, presents a Convocation program of folk-dances, songs, and instrumental variations. At right George Szell, director of the Cleveland Orchestra, and his party arrive at the Chesapeake and Ohio station before their performance.

*"The History of Jazz," the musical Extravaganza, was another terrific success by the Music Educators.*

## *An Extravaganza, The Forum Controversy*

*Extravaganza* time, and the music students swarmed out of the Music Hall to settle in the Auditorium like the honey bees. *Extravaganza* is their gayest and zaniest performance of the year. They pull out all the stops for this one. Originality on the up-beat, down-beat and in the choral arrangements made this evening full for everyone. The Forum Controversy resulted when the American Legion Post 16 questioned the appearance of three speakers on the present series. Declaring that the college had been "placed in the center of a controversy that threatened to jeopardize its best interests," the President first announced that the series had been suspended; but protests which followed from students, faculty, and Forum members reinstated the programs as originally announced. This was done in true town meeting fashion.

*Members of the Forum Board—Professors Edeburn and Harbold, the late Judge Warth, Professor Baxter, and students Gail Veatch and James White—sit with President Smith as*

*the forum picks up tempo. Mrs. E. Wyatt Payne (standing above) speaks in support of the Legion protest, but members of the forum voted to reinstate the program.*

## Let's Have An Investigation

Although, of more significance, the forum wasn't alone in its controversies. About this time people were discussing the Chief Justice, and its proposed policies of content change. It was coincident that both the yearbook and Forum together made up the front page of The Parthenon, November 14. When people met, most likely they were talking about one of these hot issues in the month of November.

*The November 14 Parthenon was all wrapped up with controversies—"Let's Have a Good Yearbook" and "Senate Wants Forum Continued."*

### Let's Have A Good Yearbook

It's time for a change. It's time that our own educational ideas and thoughts be put on the world. This is especially true of our yearbook, the Chief Justice.

Persons concerned with the production of college yearbooks all over the country informed Paul Banker, editor of last year's Chief Justice, that his book was excellent—if it had been published one year earlier.

The chief complaint against the book was that it was a book of record, not one of activity. Combed with individual pictures, the book could not possibly give a true picture of the year's activities. Banker planned last year to change the policy of the yearbook, using individual pictures in the other sections only. He was overruled by individual students.

Now, David Hale, the present editor, wants to go even further toward improving the Chief Justice. His plan calls for breaking the book up into sections such as formal dinner, Homecoming, Sigma Chapter, etc., in addition to abstracting individual pictures from the organizational sections. The plan calls for using group action pictures to tell the story and show the activity and personality of the various organizations. Pictures of their formal dinners and participation in major college functions will be included free of charge in the other sections.

Other signs the Chief Justice is moving into a fortunate problem which is greater here. Many groups are again being. Already there is organized opposition, especially by the Freshman Council and the Inter-Faculty Council, to the plan to bring Marshall's yearbook up to modern standards.

Quitting to popular belief, the Chief Justice could be published without Greek sections, although we would be greatly opposed to that. Each page in the yearbook will cost approximately \$20. The price the staff charges each organization is \$20 for the first page, \$10 for the second page, and \$20 for each additional page. The idea is to encourage the organization to have one page each, in order to have a month's well-illustrated book.

A last group idea suggested by one organization to prevent the Chief Justice from using pictures of the formal and other activities. Formal activities has been reported. This is evidently to support the demand for individual pictures. Just for the record, no organization can prevent any publication from using pictures of its activities unless the organization has transferred the activities in action or unless the organization owns the only existing negatives.

Individual pictures might be considered if a different group was used each time the individual's picture appeared. It becomes rather boring when you look through a yearbook and see the same face and pose again and over. This happened in the case of several individuals in last year's book.

Not only will the plan of this year's staff save money for the individual, it will also save money for the organization. By using the special activities sections, the organizations will have more space allotted to them for less money.

Fortunately every member of the staff is well qualified, being worked on the 1952 Chief Justice. The staff has been approved by the Student Government which, in effect, means the approval of the Student Body under the representative democracy system. These people know their business and they are interested in one thing—putting out a yearbook that Marshall's College and the Student Body can flourish and be proud of. Let's keep our collective fingers out of it and let them do the job.

FRIDAY, NOVEMBER 14, 1952  
MARSHAL COLLEGE STUDENT NEWSPAPER

### Senate Resolution Wants Forum Series Continued

The American Legion's executive committee today passed a resolution which would continue the series of forums held by the Marshall College Student Forum series. The forum series has been continued since 1945 in the college building. The meeting will be the 14th anniversary of the series and all attendance with forum members.

The 1952 forum series was centered about a number of the Greek and Latin Forum (the series, starting). The series is held by the American Legion against the background of the forum series on the grounds that they have been conducted with great interest and enthusiasm. The series members are Max Lerner, Stephen Spivey, John and Paul Engle.

SEPMORE PRESIDENT Phil Fine, chairman of the forum and executive committee, was invited by the Legion to present the following resolution at the Monday night session:

"We of the Marshall College Student Forum regret that the Forum series has been continued. We hope that it will be continued and that in the future a number will not be served from the forum. We are, with individual political convictions, we might believe. However, we wish to continue our efforts in the Marshall College administration to make the continuing of the forum series a goal of the college administration to continue the series and to continue to give it the support of the Legion and national committee, we believe that it will be continued and that in the future a number will not be served from the forum."

When the college had met Tuesday that resolution voted in support and it might be a motion which would end the forum and actual income corporation to continue the series and to continue to give it the support of the Legion and national committee, we believe that it will be continued and that in the future a number will not be served from the forum."

MEMBER SAID THAT the club, composed of presidents of all recognized student organizations, believed in the support of the forum series. The president of the organization will be invited to give the opening of the forum in each organization. The president of the organization will be invited to give the opening of the forum in each organization. The president of the organization will be invited to give the opening of the forum in each organization.

THE FUTURE of the forum series is the subject of the forum series and the meeting will be from the hour of 7:30 to 9:00 p.m.

## *Penny Night, Antler Champs; Don Cossacks in Town*

Along in December, strange things began to happen around the dorms. Girls were going in late, and nothing happened. No one was campused! We investigated and the most delightful way to raise money and break a rule was discovered. For every minute a girl was late a penny was collected. The World Student Service Fund benefited. Dates paid up willingly to provide books and equipment for students less fortunate.

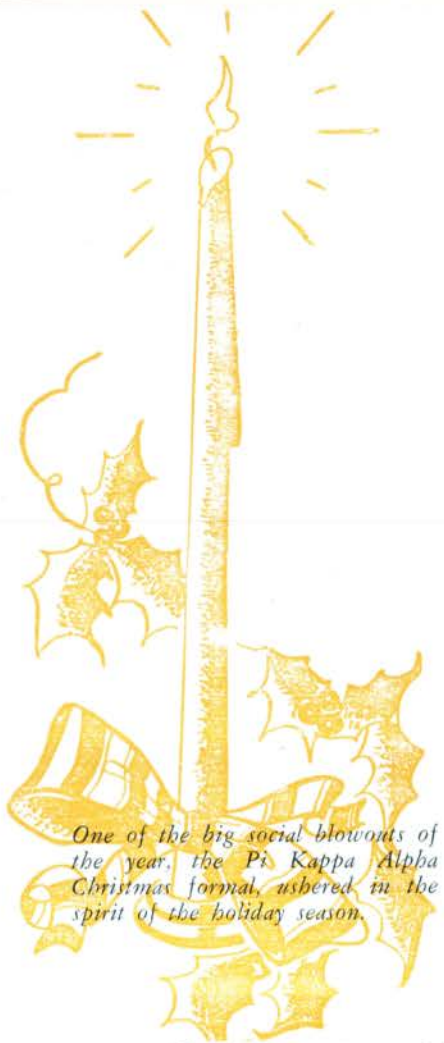

The old cliché "Bring home the bacon" was changed slightly as the basketball team brought home the deer from the Antlers Tournament up Davis and Elkins way. Sparked by Walt Walowac and coached by Cam Henderson, the Big Green swished 239 points through the hoops to win both games and add another trophy to Marshall's collection. The fans were alerted for a brilliant season, and Marshall was admitted to the Mid-American Conference this month.

*Mary Jo Hill (top photo) collects a penny from Dino Quaranta for every minute that he has kept Freda Cavender out late on "Penny Night." Coach Cam Henderson and star cager Walt Walowac (bottom photo) display trophy which Marshall copped at the Antler's Invitational tournament at Elkins.*

*The Platoff Don Cossacks, one of the highlights on the Convocation Series, gave us a taste of pre-revolutionary Russian atmosphere.*

## *Christmas Sparkle Brightens Activities*

Christmas, old and ever new, receives lots of attention on our campus. Almost before the Thanksgiving turkey was digested, we were in the midst of plans, tangled in tinsel, warmed by good will, inspired to good works and giddy with excitement.

Christmas trees lighted the campus, the dorm girls decorated their windows, Santa Claus walked at night and his helpers worked like mad. Winter formals saw new queens crowned... princesses, lovely and gay, danced through enchanted evenings.

The Messiah, the spirit of Christmas itself, was sung as a community program and all our musicians joined in. Clubs and organizations shared their gifts with others. Some of our groups celebrated with the German Club, and the International Relations Club gave us renewed appreciation for other customs and ways.

*Packaging a little Christmas cheer are Alpha Sigma Tau pledges Audrey Spurlock, Shirley Bressler, Rose Workman, Nancy Beard, and Margaret Wykle.*

## January: Formals, Tyrone Power and 'John Brown's Body'

"Pebble" Stone, Tri Sigma Man, is presented with a trophy by Sarah Lockhart, Sigma Sigma Sigma president.

Not to be outdone by the fraternities with their queens, one woman's group selected their man and, at their Christmas formal, awarded him a trophy. What, no crown? No flowers?

Christmas over and everybody back with the presents stowed away or proudly worn, the students and faculty settled down for the lull before the storm of finals. This was a wonderful time for the Artists Series offering, "John Brown's Body." Most of us were held in complete fascination at the dramatic performance of Tyrone Power. Not many of us believed that Judith Anderson could be everything that advance notices said she was, but she portrayed the feminine characters with profound eloquence. Few thought that Raymond Massey could really be the incomparable Lincoln. The touch of Charles Laughton was on this splendid Paul Gregory production. Evenings like these make lifetime memories.

"John Brown's Body" featuring Tyrone Power, Judith Anderson, and Raymond Massey was a high point on the Artists Series program. "John Brown's Body" was a tribute to Profes-

sor Curtis Baxter, sponsor of the Artists' Series programs, who is shown above chatting with the Director Charles Laughton.

*It happens every year—the Pi Kappa Alpha "Bowery Ball", and what a brawl. . . . Look closely at this picture and further description will be unnecessary.*

## Ob! That Bowery Ball

The Pikas had that Bowery Ball — 'nuff said.

All sorts of things happened in January. Pipes froze and left Hodges, Laidley, and the Cafeteria without water one whole day. Faculty and students had a party to get acquainted. New Year's resolutions got broken. Winter formals continued and College Theatre presented its freshmen in six one-act plays. A new idea in College Theatre—freshmen act, upperclassmen direct.

*Marcia Godsey directs freshmen players Jim Fulks, Grissom Haynes, Judy Hatten and Ella Sue Phipps in "The Twelve Pound Look," one of several one-act plays presented by College Theatre.*

*At the beginning of each new semester students swarm the library registration headquarters and administrative offices in an all-day fight to become enrolled in classes . . . and this is*

*only the beginning. One bewildered freshman described registration as "a complicated tour of the campus with a little registration book in one hand and a beat up time card in the other."*

## *Plan Your Life as You Wait in Registration Line*

*Don Roeder (right), co-chairman of Life Planning Week, meets briefly with some of the outstanding churchmen who lectured during religious emphasis week.*

Exams are over and those lucky souls who registered early had a brief holiday before the second semester. A few new faces and only a few missing as sixty-five seniors graduated. Two more "firsts" for Marshall—The Robe, men's honorary, whose purpose is to stimulate interest in all worthwhile college activities was approved, and Et Cetera, the literary magazine for creative writers was established. Music Educators held their state meeting here.

Dances for the March of Dimes, gifts to the Heart Fund, and European Flood Relief showed that February is truly the heart month, and that our students' hearts are big.

Life Planning Week fittingly opened the semester. An annual event in its fifth year, this program is a stimulating experience for our students.

## *Boston Pops, Indee Sweetheart*

February brought its usual crop of sweethearts and queens. We also had the Boston Pops stop by here on their first road tour. We like them as much as our Boston friends do. Spring was near, for the first call for baseball was posted. The Athletic Board shopped for a new football coach, as Pete Pederson resigned. Marshall alumnus and former athletic great, Herb Royer was given the position.

The Home Economics girls in Quantity Cookery got some practice serving lunches in their new laboratory. After game dances in the Greenhouse were popular these late winter evenings. Alpha Lambda Delta installed its first West Virginia chapter at Marshall and senior women were entertained by the AAUW.

*Arthur Fiedler lifts his baton to direct the Boston Pops on an Artist Series novelty program which began with a mixture of serious melodies and ended with "Dixie."*

*LaWassa Tomes, (center) beams after being chosen Independent Students' Association Sweetheart. With her, and also beaming, are her four attendants: Ann Chambers, Betty England, Helen Berisford, and Enona Brannon.*

## *Blue Mountain Blast, Festival of Song*

*Sigma Sigma Sigma pledge officers—Carol Workman, Hazel McQuinn, Sue Storey, and Helen Mays—store up knowledge for the final test before initiation.*

The atmosphere of Mardi Gras and carnival time in February appeared on our campus too. Costume balls and gayety sparked the winter season. Sorority and fraternity pledges boned up on the Greek alphabet and chapter rolls preparatory to initiations. The Independents chose LaWassa Tomes as their queen for national honors, and second semester rushing opened. "The Festival of Song," music and dancing, gave students choice seats. College Theatre announced "Our Town" as its final production for this season. The Union Board announced plans for extensive remodeling. A three-story addition will be built to the south west of the present building. The West Virginia Academy of Science held its spring meeting in our Science Hall.

## Spring Carnival

No medicine can cure it; no doctor can help it. It's a disease called spring fever. It busted out all over when Spring Carnival time arrived. Everybody on the campus painted, sewed, carpentered and the big night finally arrived. Showboats and sea-maidens, can-can girls, Egyptian slave-dancers, goat-pulled go-carts, barber shop quartets, glamor girls with shadowy beards and blackfaced minstrels filled the booths, and the voice of the turtle was heard in Memorial Field House.

*June Goodloe,  
Spring Carnival Queen*

June Goodloe, Tri-Sigma candidate, was elected Carnival queen; the Cavaliers, for the second year in a row, took first place in the men's division for best booth, and Alpha Xi Delta repeated their Homecoming triumph in winning the women's first place prize. The whole affair was held in the Field House and the Dream-timers played for the big dance Saturday night.

*One of 'em is beef, one is  
cheesecake. Guess which?*

## *Curtains Up, 'Our Town'; 'Jose Greco and Dancers'*

---

College Theatre's final production of the year, "Our Town" opened. The West Virginia Board of Education made its first official visit to Marshall, and saw our campus through a spring snow. The Mars Club completed plans for its big spring style show. The Student Christian Association produced its lovely and dramatic Easter pageant for the second successive year.

The campus honor societies, armed with first semester averages, planned initiations to recognize academic excellence, and sent their members to spring conventions at other colleges. The Men's Concert Choir sang at the Music Educators' meeting in Chattanooga. Jose Greco with his Spanish Dancers and the Gershwin program ended the Artists Series for the year.

*Jane Altizer and Hugh Fultz played lead parts in "Our Town", College Theatre's final production of the academic year.*

*Jose Greco and his company of Spanish dancers captivated the audience with their Artist Series appearance April 13.*

## *Marshall Preliminary to "Miss West Virginia" Pageant*

The Marshall preliminary to the Miss West Virginia Beauty pageant chose three lovely coeds to compete for the state title. They were crowned "Miss Chief Justice", "Miss Student Government", and "Miss Parthenon."

The preliminaries to the West Virginia Beauty Pageant selected three Marshall women to compete for the "Miss West Virginia" title.

*June Goodloe, Bluefield junior became "Miss Parthenon" and Freda Cavender, Elkview junior, was named "Miss Student Government" at the preliminaries to the Miss West Virginia Pageant.*

*Jean Perry, Huntington sophomore, was crowned "Miss Chief Justice" and with her two co-winners earned the right to enter the state competition. The state winner became a candidate for the 1953 "Miss America" title.*

## *Campus Politics Booming*

Who controls the affairs of Student Government for the coming year? This was decided at the student election, May 6, after extensive campaigns which were conducted fiercely by both student political parties.

*Student Government presidential candidates Noel Copen (lef.) and Don Roeder stuff the ballot box during the May general election. Copen apparently was more successful as his GGP machine once again came out on top.*

*Soft lights and sweet music . . . final examinations, books, and teachers are forgotten for an evening as students relax at a springtime formal.*

*This year Omicron Delta Kappa, men's national leadership society, initiated ten men, five each semester. At the annual Awards Assembly in May, Omicron Delta Kappa presented outstanding campus leaders with awards recognizing their contributions to the college.*

*A spring day. . . a full classroom . . . alert students listening attentively to his lectures—what more could a professor want? Despite spring fever, students manage to give attention to classes, knowing they will soon be over.*

... and so we come to

# Graduation

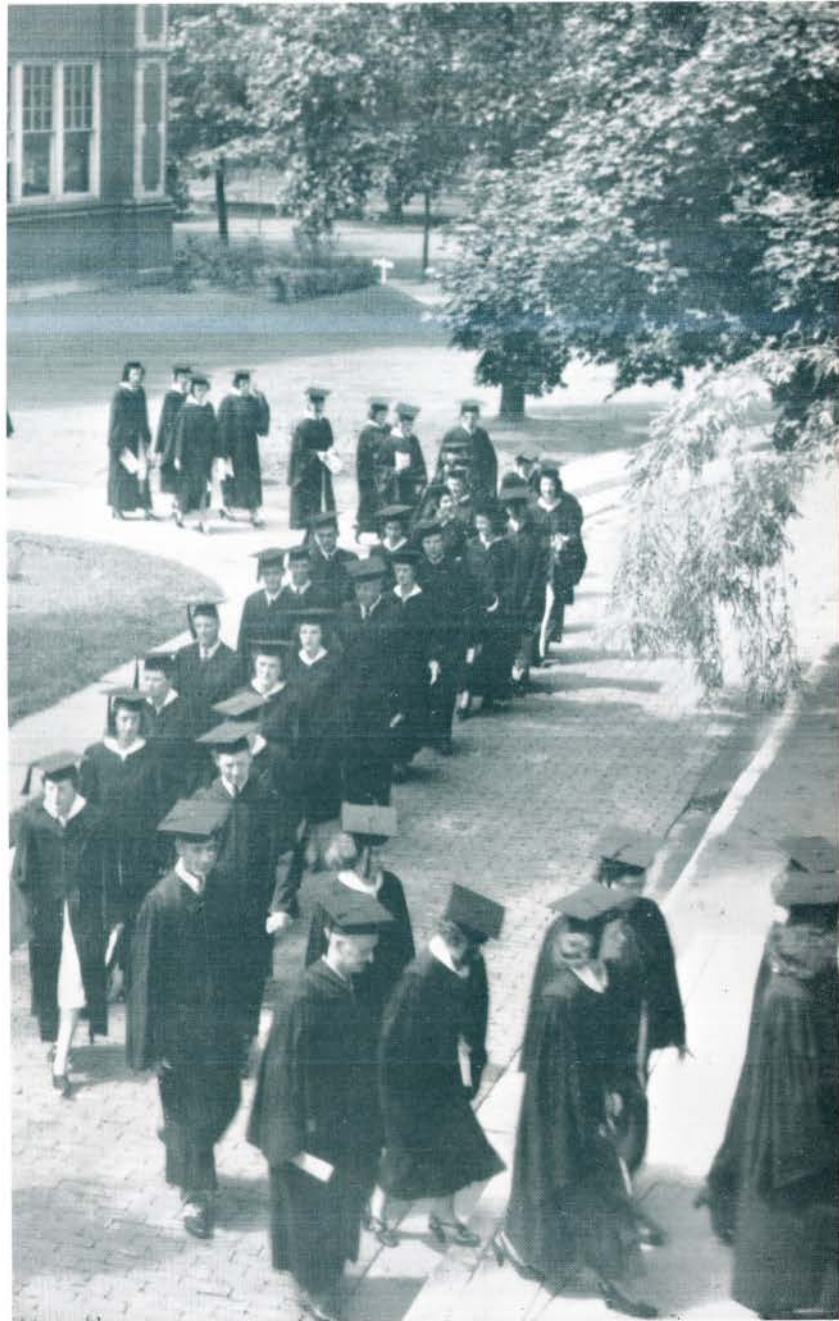

.... it Happened this Year

Near the end of the year many things happen quickly. Tony Pastor and his orchestra spotlighted the Junior-Senior Prom. Mother's Day came and with it the traditional Panhellenic-Interfraternity Sing. Omicron Delta Kappa initiated five campus men into its leadership society. Fagus, senior women's honorary, linked its new members.

May is picnic time on the campus. Much of the hot dog-potato salad menu was consumed. Late initiations and spring formals filled up the afternoons and evenings. May is spring. Soft nights, bright days, and lengthening twilights tempted the usual number of students away from books.

As May draws to a close, there is the frantic return to books before final exams. Alumni come back for reunions, parents come for baccalaureate and commencement.

Suddenly it is all over. The graduation procession forms just as it has in other years, the same mortar boards and gowns, but new faces with new hopes walk across the stage.

We came, we saw, we conquered? Only time will tell, but so far there has been more praise than criticism? We had a float—everybody “nose” that. Yeh, we had Homecoming house decorations at Ohio State. Well, we like our pin anyway . . . and don’t get clever with the spelling of “Lyre”! The original nine colony members multiplied by three and added one. We didn’t stop there, though, and now we’ve increased to thirty-five. Not too bad—just goes to show you what a couple of good-looking colonizers can do when they put their minds to it.

If Stalin hadn't gotten smart with the veto we'd have had him here for the big installation—that'd sure knocked the Communism out of him! There were parties, banquets, and singing. We learned most of the usual Alpha Chi songs and a lot of the unusual! We learned a lot. Our house of the future will have two trophies (our first ones) for being champs of the volleyball tournament and blood donor day. All in all, it's been a good year for the baby chapter of A Chi O!

"To be, or not to be." Whether to comply to the many requests to become an intellectual scholastic group or to remain as we are, sweet unspoiled party girls. Whether to remain in our own humble abode or to move the sorority house to the Union—whoops, typographical error—we mean to the LIBRARY.

*Mary Alice Martin, Karen Wade,  
Marge Trimble, President Peggy  
Groves, Ella White.*

Some of the assets we have gained in this past year are: "Harby", who is seven feet two and three-quarters inches tall. He is a cultured, refined rabbit who has but one bad quality—Dat Dawgone Wabbit Don't Knock Fo' He Comes In De Do'. We also have the original "Kampus Kid". Who but an Alpha Sig could be campused for twenty-nine days, eleven hours, fifty-nine minutes and sixty seconds.

But wait, let us tell you about the award of the year. At our costume ball, the award for the best costume was won by a Chinaman, who we found much to our disgust later was only an ordinary male wearing his date's pajamas.

"To be, or not to be, that is the question". Shall we change? "Quoth the Raven—Nevermore".

## ALPHA SIGMA TAU

Strains of convention songs still ring in our ears as we daydream of the days in Chicago under the mid-western skies. Ho Hum! Here we are again, reminiscing—first the meal and then the ptomaine—that's the way it goes! Spattered pates and splintered nails are doctored up for Open House. Big Sister keeps us busy as we mop and scrub, mop and scrub, mop and scrub! Un-nerving, isn't it?

*Frances Doboy, Barbara Sanford, Annie Hayward, Ann Wilmot, Evelyn Fulbright, Pat Ray, Barbara Dudderar, Yvonne Foscato.*

*Pat Edmonds, Nancy Beard, Margaret Fielder, Rose Ann Workman, Dorothy Hertig, Carmen Carte, Betty Jackson, Audrey Spurlock.*

Christmas Holiday was just another time to dread coming back to the same old grind. But, my! How we missed it all. Glad to be back after we saw the social calendar!! Informal Valentine Dance, Founder's Day Banquet, Spring Carnival, Picnics, Spring Luncheon at Wren's Nest—all these and more to help us do up the town in regular fashion.

Initiation—and then the new Alpha Taus came crowding into the meeting. Sisters together—packing Easter boxes for Pine Mountain, cramming for exams—Oh, happy day! Take us back to the Congo. This Civilized living is taking the best from us! FORWARD MARCH!

*Yvonne Foscato, President Evelyn Fulbright, Chlonette Chafin, Ann Wilmot.*

School began with lots of glee  
 For all the girls of Alpha Xi,  
 A look of surprise came from all who saw  
 Our house was redecorated, what a ball.  
 Cheerleaders tryouts brought an outturn,  
 New cheerleaders—Whelpley, Plott and  
 Blackburn.  
 Look at the majorettes and check  
 Two of the best are Figley and Moeck.

*Suzanne Holstein, Nancy Lemmon,  
Jo Ann Price, Judy Hatten, Marlene  
Spradling.*

Rushing came in a gay mad whirl, with pride we point to each new girl,  
Homecoming next meant all work, no play, those trophies made it a wonderful day;  
Cook was Miss Marshall, Anderson a Queen; float and house were the best on the scene.  
Another honor in the way of a queen: Marshall's Cherry Blossom Princess is Noreen.  
The Alpha Xi Delta are quite a throng, as classes, work, and fun roll along.

*Sue Brannon, Sue Caldwell, Vera Peters, June

## *DELTA SIGMA EPSILON*

Another year for Delta Sig,  
Twice as much fun, three times as big.  
The gals rushed in, the preps rushed out,  
They slaved for the actives, without a doubt.  
They staked their claims in D. S. E.  
We're all proud of our sorority.

Rah! Rah! for the football season,  
Hard, cold seats—sniffles and sneezin'  
"Say, prep, hop to it, there's much to be done,  
You must work hard and long for honors won.  
The float must be built, and the house needs a trimmin'."  
(We all worked like troopers instead of like wimmin.)

*Joyce Nixon, June Moore, Jean Parmesano, Doris Bottomlee, Nyta Kincaid, Jennie Matthews, Mary Lovejoy, Freda Cavender.*

*Pat Douglas, Gwen Caudill, Marge Devers, Carmen Colebank, Glenda Cline, Shirley Frampton, Ann Meisel.*

Like a streak of light we were on our way  
 To the wonderful city of Philadelphia, P-a.  
 We had no idea just what was in store,  
 But we soon found out that the town was no bore.  
 It's the "City of Brotherly Love", 'tis said.  
 Oh! Brother! We had a great time — 'nuf said.

Hurry up, gals, don't be late—  
 It's the Christmas dance, so get a date!  
 Holly and mistletoe, long dresses and flowers,  
 Prepare your self for some very late hours.  
 A special selection done all in jazz,  
 "He sent the chick berries, but she gave him the razz."  
 The band also played Beethoven (without extra cost)  
 I say, they played Beethoven — but Beethoven lost!

## *PI KAPPA SIGMA*

*Barbara Cooke, Jean Weise, Joan George, Deloris Raball, President Anne Toole.*

Neither war nor storm holds any terror for the Pi Kaps today as the shattered remains of the former lie in sunken repose in a darkened culvert near the closest swimming hole. For the fact is—Pi Kaps have just finished summer vacation.

To the Book Store. All would perhaps have been well had the intellectual one (1) not toppled under the weight of acute over-confidence after buying but one of her "Corcopsis and Study of Obstrosis of the Ductal Tract" books. Throwing caution to the three breezes, she pogo-sticked her way out of Percy's bargain basement. The purchases completed in the record time of four minutes and nineteen seconds—Move to the rear, please!

*Front Row: Nancy Williams, Suzanne Greenlee, Linda Tooley. Back Row: Ellasue Phipps, Pat Williams, Lois Rolfe, Delores Wells, Pat Adkins, Mary Lou Law.*

With a twist of an ear muff and a leer in one good eye, we stalked eagerly into folding 1,365,242,175 frilly, fluffy white napkins for our float. Between Homecoming and our Winter Formal we did find a few hours to donate to our term papers, etc. The Cabaret Room was the scene of the Snowball Formal, January 16. Next day we threw a halter over our favorite professor's crew cut, dragged him to the whipping post on the North side of the Marshall Campus and lashed him until he consented not to give us a final in "Coreopsis of the Ductal Tract." He replied glibly, definitely untroubled by it all, "Well, I was thinking of - uh - sort of - uh - uh -!" He then lowered his voice to a half whinny and repeated "DON'T YOU BELIEVE IT!"

*Front Row: Delores Corey, Lois Ann Bone. Second Row: Carolyn Derenburger, Julia Bearzi, Jackie Taylor. Back Row: Sue Meade, Sue Barberie, Ann Mahaffey, Pat Woodrum.*

I, Psi chapter of Sigma Sigma Sigma, being composed of 49 unsound minds and fragile bodies do hereby make my last will and testament. First, to the faculty and administration, I wish to leave my profound gratitude and thanks for the assistance they gave, which made it possible for me to win the Panhellenic scholarship cup. Second, to the athletic department, I leave all my athletic ability with the hope that someone will be able to make better use of it than I have.

*Joanne Wilson, Judy Carter, Nancy Cooper, President Sarah Lockhart, Vause Smith, Nancy Herring.*

Third, I leave in trust the trophies awarded my Sigma queens: Nancy Herring, Kappa Alpha; Mary Jane Yinger, Pi Kappa Sigma; June Goodloe, Sigma Phi Epsilon and topping all, Carnival Queen. Fourth, I bequeath all my lumber, purple ink, paper napkins, and chicken wire to any art chairman who can make use of them. (If she cannot use the wire for floats, etc., she is to read the booklet "Chickens-How to Raise Them.") Fifth, and last, to my pledges and future members of Sigma Sigma Sigma, I bequeath all my traditions, aspirations, and good times with the instructions to use them to the best advantage possible.

Seven fraternities send representatives to make up the Interfraternity Council. The coordinating body for men's Greek socials, working with the social dean, sends out a strong voice in determining fraternity policies and working out local problems.

## *INTERFRATERNITY COUNCIL*

*Stanley Love, Fred Barkey, Dann Pace, Jack Clark, Robert Stone.*

"Should old acquaintance be forgot....."  
 What???? How could we ever forget those  
 good times we had in "The Old Gal?"

Could we cast from our memories, like old shoes  
 from a closet, such things as the "knights of  
 the round table looking at a few" or our H. S. P.  
 taking a dime out of each pot till he got a  
 dollar for the house fund, or those calls from a  
 certain girl with a certain problem to a certain  
 brother, or the accident which caused a last  
 minute change in our homecoming float theme?

Could we erase from our memories the good times had at our Wintergreen Formal, or our Beaux Arts Ball, or the Star Formal? No, this and much more will haunt our feeble minds until we die.

We might not have won more than two or three trophies, we might not have had much over a 4.0 average, (total) nor will we be remembered by the administration as goody goody boys (alarm clocks fixed that) but in the true tradition of Alpha Sigs we did have fun! !

Majestically situated on 4th and 15th stands the imposing and rustic Kappa Alpha manor house.

The distinguished Southern gentlemen (the actives) lethargically lounging on the colonnaded veranda, sipping mint juleps (Miller's), are frequently evidenced by the damn Yankee populace. In the midst of this impressive group, the overseer (pledgemaster), brawny and proud, cracks his mighty whip at the heels of the toiling slaves (pledges).

*James Perry, President Noel Copen, William Walton.*

*Doug Chambers, Ben Kouns, Jack Cochrane.*

*"The Southern Gentlemen", thinking of the ante-bellum days and with "Dixie" on their lips, separate themselves from the present day within the Kappa Alpha manor house.*

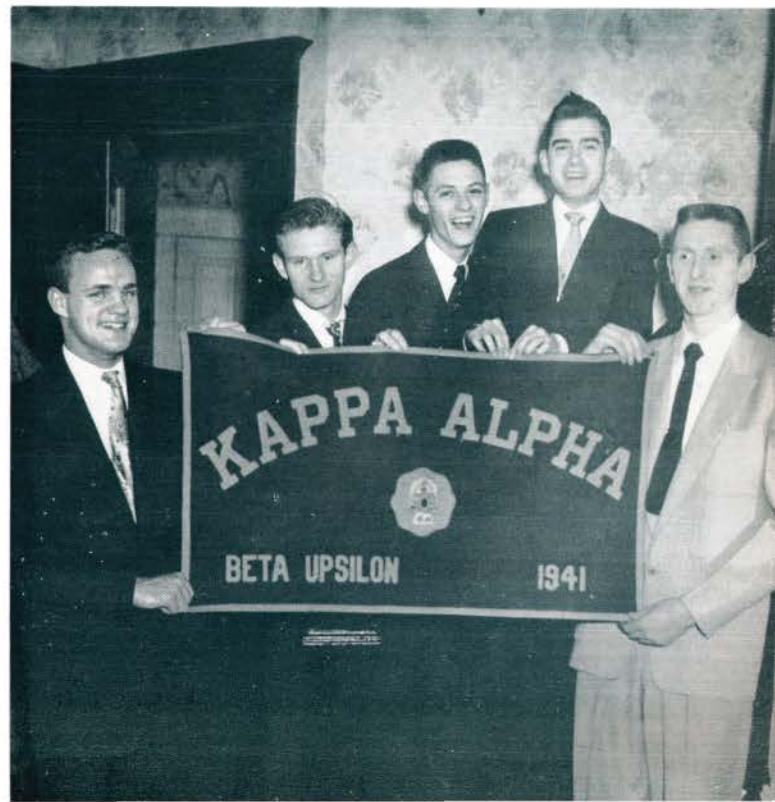

The old manor has taken on a new look this year; and just ninety years after the War of Secession—lounging on the veranda has been superseded by TV gazing (by the actives, that is). Turning again to the days of old, a moment of nostalgia is caught by each KA and his Southern Belle—as the Old South Ball commences with "Dixie," gives way to "Ragg Mopp," and ends with "Sweet Adeline".

Active: "And this is our Chapter Room. Get a load of those trophies. We got that big one for scholarship at our national convention last summer in New York."

Rushee: "Gee!"

Active: "This is our coat of arms. *Vir Quisque Vir*, Every man a man. That sums up the ideals of the fraternity."

Rushee: "Gee, you boys are really big."

Active: "Let's go up to the third floor and we will show you our game room. We have a pool table, ping pong table and a poker table (Oops, mark out that last one.)"

*John Lake, Brockton Weisenberger, Earl Skaggs, Harold Valentine, Slazia McClung, John Midkiff, John Hagan.*

"Not to be facetious", said the scholar to the plebe, as the former stroked his long grey beard, while the latter danced a jig, "but could you, inform--er enlighten me to exactly what transpires down at the Phi Tau lair?"

"Certainement," said the plebe, not to be abridged. "We're loyal and true blue, neither do we drink nor gamble. We're all a happy brotherhood, involved in doing good to others. In meetings, quiet as a mouse, we never swear, er--come on, I'll show you around the house . . ."

"Er, we keep busy through the year," spoke the plebe. "We had a big shindig, our Sweetheart Ball in the fall. And soon we turn to Founders Day to revel and decry: Blest be the founders, may they never die, but live with us again, every springtime of the year; and with their sons rejoice, in warmth, good will, and cheer."

And so spoke the plebe, carried off in ecstasy, "We have a dance in the Spring, the Grand Spring Formale, where beauty reigns, as beauty would, and-----". "But," interposed the scholar, "what happens in between . . .?" 'Er, I say we had a splendid year."

The "Pikes" began the year off in fine fashion by pledging one of the largest classes since its existence. The pledges must not have known what they were in for; by the time pledging was over they looked like LOWER SLOBOVIANS. In sports, also, the "Pikes" emerged victorious. We took the fraternity championship in cross country, as a matter of fact, one man is still running—haven't been able to find him yet! Soccer offered us another successful finish, and by the time we walked off with first place in basketball, cage ball, and runner's-up in volleyball we really finished. .POOPED. . . .BUT, NEVERTHELESS VICTORIOUS.

On the social scene a good word of summation could be . . .SHADY MOTHER! Our Winter Formal was real cool; our annual Bowery Ball was, as usual a terrific blast. . .The "HIGHLIFE" of the year, or was it Four Roses? Our spring Dream Girl dance was mighty dreamy . . . after all . . . "In the spring a young man's fancy turns to lighter things."

Banquets and parties and Blah! Blah! Blah! The shutters rattle and the shingles shiver as the red door to the inner sanctum of Sig Ep stands open for house parties, smokers, bull sessions, track meets and wrestling matches. Bodies hang tarzan-like from chandeliers and drapes comfortably over a hassock-space-chair ensemble. Gad, why do we punish our bodies like this? Take for instance the "Blue Mountain Blast," which was set off amid the blossoming of spring. The place reeked with hillbilly nonsense. Here we go again, boys. Shhh— quiet, everybody, and maybe that cop out front will go away peacefully. Don't let him in until he gives the password. Who said search warrant? Mail call always comes too late, bringing love notes and bills. The National informs that the 45,000th brother has weathered the storm and it's a photo finish for fourth in the Big Ten. "The TKE's are merry merrymen and merry merry men are we. We love our drinks, we love our girls and our fraternity." From her maiden voyage in September, the good ship "Teke" has weathered fair and foul. And why not? Our crew has been shanghaied from some of the better inns along the ole Kanawha. At times, we've been becalmed but we always knew we could rely on the strong arms of the galley slaves to pull us through. We like to think that the "cut" of our crew has impressed the new class of "middies" at Marshall, because some twenty-two of them have signed on for a lifetime cruise. This year the ship's carpenters have made some major repairs. Our "anchor room" is the talk of the "fraternal fleet" and the main deck sports a new coat of paint.

Internally divided between leaders and followers, and leaders and leaders, we got a lot of a little bit done at Homecoming, dances, parties, spring carnival, conventions and picnics. Despite this notoriety, however, we remain, as always prim, pure, sober, sedate young maids. Shucks!

In order to gain a more cosmopolitan outlook, we also sent representatives to out-of-town functions this year. It was interesting for us to view the outside world at Athens and West Lafayette—how the other half lives.

Nurtured upon the cherished ideals of Charles I, the Cavaliers first thrust roots into the soil of the East. In 1837, our traditions were transplanted into this "western wilderness." Because the telephone never stops ringing— Because each resident fancies herself the ukulele gal— Because everyone goes crazy during exam week— Because the girl across the hall comes rushing to borrow the string of pearls you were going to wear— Because life in a dorm is daft and delightful, exhilarating and exciting, you'll never be able to forget it.

*Charles Lovell, Gerry Perry, Don Weaver, Jerry Wright, John Jelich.*

We, the men of Hodges Hall, the one and only men's dorm on campus, are strong on parties, parties and more parties, such as the Annual Starlight Ball in December, when we crowned Miss Lucille Pascone as Miss Hodges Hall IV. We followed that with a full year's schedule— an informal dance, a picnic, serenades, and work on the Hodges Haul, the tri-dorm newspaper.

## *HODGES HALL*

*Bob Friedly, Bill Chaddock, James Wolfe, David Riffe, Calvin Barlow.*

The council was pretty busy, too—they got athletic equipment for the dorm. That is, they got a football for us the last week of basketball season. Filibuster, you know. Life with 160 fellow-residents can be hectic. The outnumbered seniors resent being walked over by indignant juniors and sophomores, who resent looking up to mere seniors. This provides plenty of excitement all around.

*Here are a part of approximately 150 Marshall women who make Laidley Hall their college home.*

We're at a college reunion, years from now. Over in a corner we see some women talking. Let's go eavesdrop . . . "Do you remember Laidley Hall in '52-'53?" "Do I! That was my freshman year. I remember my first impression of the dorm." "What was that?" "'Home was never like this!'"

"Do you remember that last-minute rush to get ready for Open House in February? That was a time!" "And the Cinderella Ball in November . . . Cinderella was Janet Davidson and Prince Charming was Jerry Snow." "And the gay informal dance in March. That was something to remember."

"No, I don't think I'll ever forget it, or the dorm. The parties, the serenades, the dances, the busy telephones, decorating the windows at Christmas. . . ." "Yes, it was a year to remember."

# PUBLICATIONS

It's nice to have other people make decisions for you, and let it never be said that they are not appreciated, although at times uncalled for. However, the Publications Control Boards, in a loose sort of way, controls its member publications. The Chief Justice Board more specifically has jurisdiction over the Chief Justice, as the name might imply (brilliant deduction).

Maybe there's some significance in our choice of a triangle. The broadening of the acute angle at the base represents the growth of Marshall from a small academy to a large college.

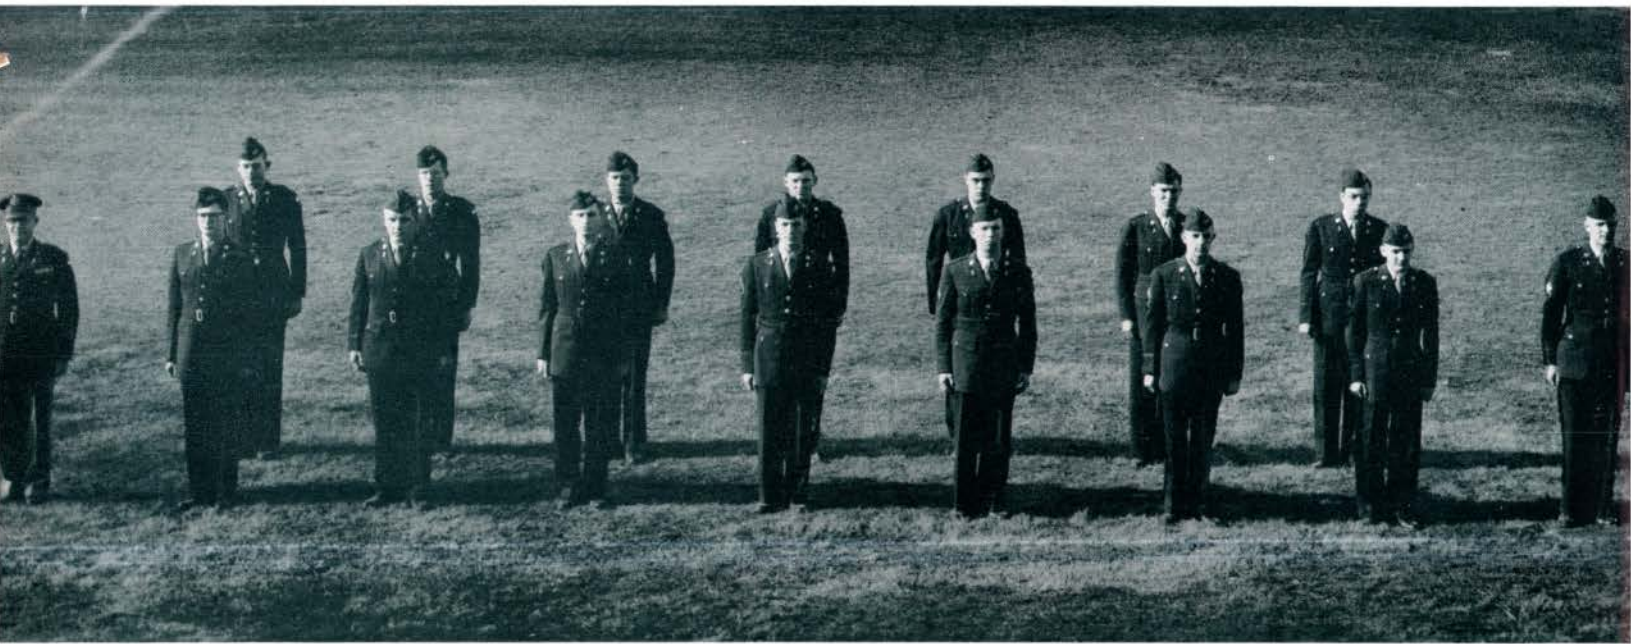

## *THE CHIEF JUSTICE*

Rounding the triangle's corners has streamlined the shape; we have streamlined the old yearbook. And maybe the triangle with its rounded corners represents the triangle of the Chief Justice staff, the Chief Justice Board and the student body—with all of them going around in circles as a result of our changing the style of the yearbook. "Change" is a harmless little six-letter word powerful enough to set off a front-page editorial explosion and create a minor furor within the social organizations.

We have changed the geometric shape of the triangle into a modern art form. We have changed the style of the old yearbook into a modern record of the ever-growing college. We hope you like the change.

# *THE ATHLETICS*

*Athletic Director Robert Morris is the man behind the scenes in the planning of the game schedules and seeing that the athletic program is carried out. Upon entering the Mid-American conference, Marshall athletes have entered a new era, and Bob Morris is capable to handle the additional headaches.*

Climaxed by a great basketball season, this year was at least a very successful one for Big Green athletic teams. The football record was disappointing, yet they continued to uphold the fine tradition and high standards that have marked Marshall teams down through the years. Few students will ever forget the consistent play of football captain Floyd Davis or Jim Swierczek, the amazing basketball point producer Walt Walowac, or baseball star Milan Zban, or the track performances of Garland Barnhart or Jim Canterbury.

In both victory and defeat, the Green and White displayed the highest degree of sportsmanship and stick-to-it-iveness, exemplifying the finest tradition of former Marshall greats.

In February, the athletic board accepted the resignation of football coach Pete Pederson. Pederson had completed three years at the helm. Herb Royer, former backfield star and assistant coach, has inherited the job. Next year, Marshall's first in the Mid-American Conference, will be one of many decisions.

## *Gridders Complete Bleak Campaign; Win Two, Tie Two of Eleven Games*

Marshall's 1952 gridiron campaign was bleak. It was a disappointing year; the squad compiled a 2-7-2 record, and the year was marked with more than the usual number of injuries. To complete the dark picture, head coach Pete Pederson resigned his post in February, after piloting the Big Green for three seasons. He was replaced by Herb Royer, a Marshall College graduate.

Marshall gridgers had their hands full with a tough eleven game schedule. Included in their gridiron battles were such powerful foes as V. P. I., John Carroll, Tennessee Tech, Dayton, Wofford, and Ohio U. With the Green gaining Mid-America membership, next year's task looms even bigger. However, due to difficulties in schedule making, Marshall won't be eligible for conference honors next fall. The 1952 season was the last for seven seniors: Floyd Davis, Rommie George, Ogden Thomas, John Allen, Jack Dick, Larry Hall, and Bob Johnson.

Head football coach Pete Pederson and assistant Sam Clagg congratulate tackle Floyd Davis upon being elected captain of the '52 team.

## 14 V.P.I. 19

V.P.I.'s Gobblers, a Southern Conference foe, slipped past the Marshall eleven in the season's opener at Bluefield, 19-14. The battle was nip and tuck all the way, with the margin of victory coming on a couple of breaks. The Big Green's defensive line was a bright spot all evening, as they checked most of the Virginia Tech drives.

## 48 MOREHEAD 14

After their opening loss to V.P.I., Marshall's grid machine churned before the home folks for the first time on September 20th, rolling over Morehead, 48-14. The Big Green put on one of their finest offensive shows of the season, registering their highest point total to go along with their top offensive yardage of the year, 422 yards.

## 19 EASTERN KY. 26

The Green and White jumped out to a 13-0 lead in this one, out playing the visitors from Kentucky the entire first half, only to lose out in the final summary, 26-19. With the score deadlocked at 19-19 in the final quarter, the Maroons drove 80-yards for the winning touchdown with 55 seconds remaining in the thrilling contest.

## 16 CARROLL 7

Marshall bounced back from their Eastern Kentucky loss to even their season's mark at 2-2 tripping a tough John Carroll eleven, 16-7, in a daylight affair at Fairfield Stadium. The Green's stiff defense kept the Blue Streaks bottled up all afternoon. Carroll led by 7-0 at halftime, but Carl York and Captain Floyd Davis scored the touchdowns to go along with a safety for the victory margin.

## 13 MORRIS HARVEY 14

Here's one that the Marshall faithful would rather not talk about. This was by far Morris Harvey's biggest win of the year. The Green was favored to win, but in the case of traditional battles anything can happen, and it did. The fired up Golden Eagle squad scored first, and managed to hang on for the victory. Ogden Thomas deadlocked the game at 7-7 in the third quarter for the Green's first touchdown, and then fired a 12-yard pass to Lowell Stanley to bring the Big Green to within 14-13 late in the final stanza. But that's the way it ended.

## 6 YOUNGSTOWN 6

Once again the Marshall defensive platoon was the high light, as they batt'led Youngstown to a 6-6 standstill. The Penguins were undefeated at the time, and the home forces almost came up with the stopper, but a case of fumbleitis marred the offense. A screen pass, with Len Hellyer on the receiving end, covered some 75-yards, with Hellyer displaying beautiful broken field running to score standing up.

## 14 KENT STATE 26

The Big Green couldn't quite come up with the Homecoming Day win for the local faithful, losing to a rugged Kent State outfit, 26-14. The play of the day was a brilliant 85-yard pass play from John Chmara to star End Jim Swierczek to tie the contest at 7-7, from which point the visitors took the ensuing kickoff and tallied three straight times for the victory.

*Larry Hall*

*Paul Long*

## 7 TENN. TECH 28

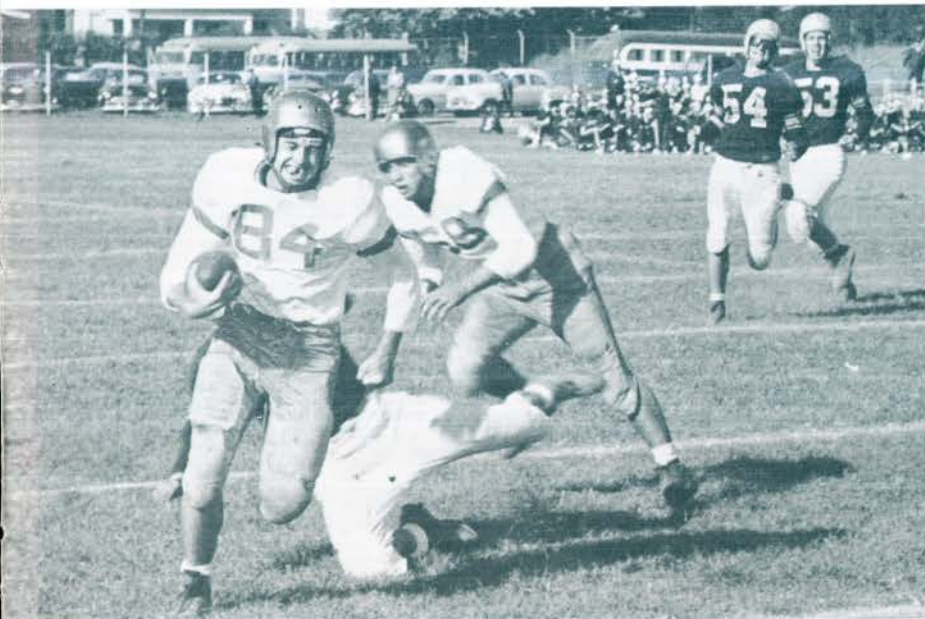

Tennessee Tech's Tangerine Bowl eleven spanked Marshall with their sixth loss of the year in the final home encounter, 28-7. Tech led by 7-0 at intermission, and pulled ahead by 21-0 before Len Hellyer gave the Big Green their only touchdown in the third period, scoring from two yards out to culminate a 72-yard march.

*Rommie George*

## 14 DAYTON 31

Coach Pete Pederson's squad gave the rugged Dayton Flyers a bruising battle before finally succumbing, 31-14 at Dayton. Dayton led by only, 12-7 at the half, but scored twice in the third quarter to turn the tide. The game was closer than the score indicates, as Marshall had one touchdown called back, and was stopped on the one inch line on another occasion. Henry Hinte on a one yard buck, and Lowell Stanley with a grab of an 8-yard pass from John Chmara accounted for the Green scores.

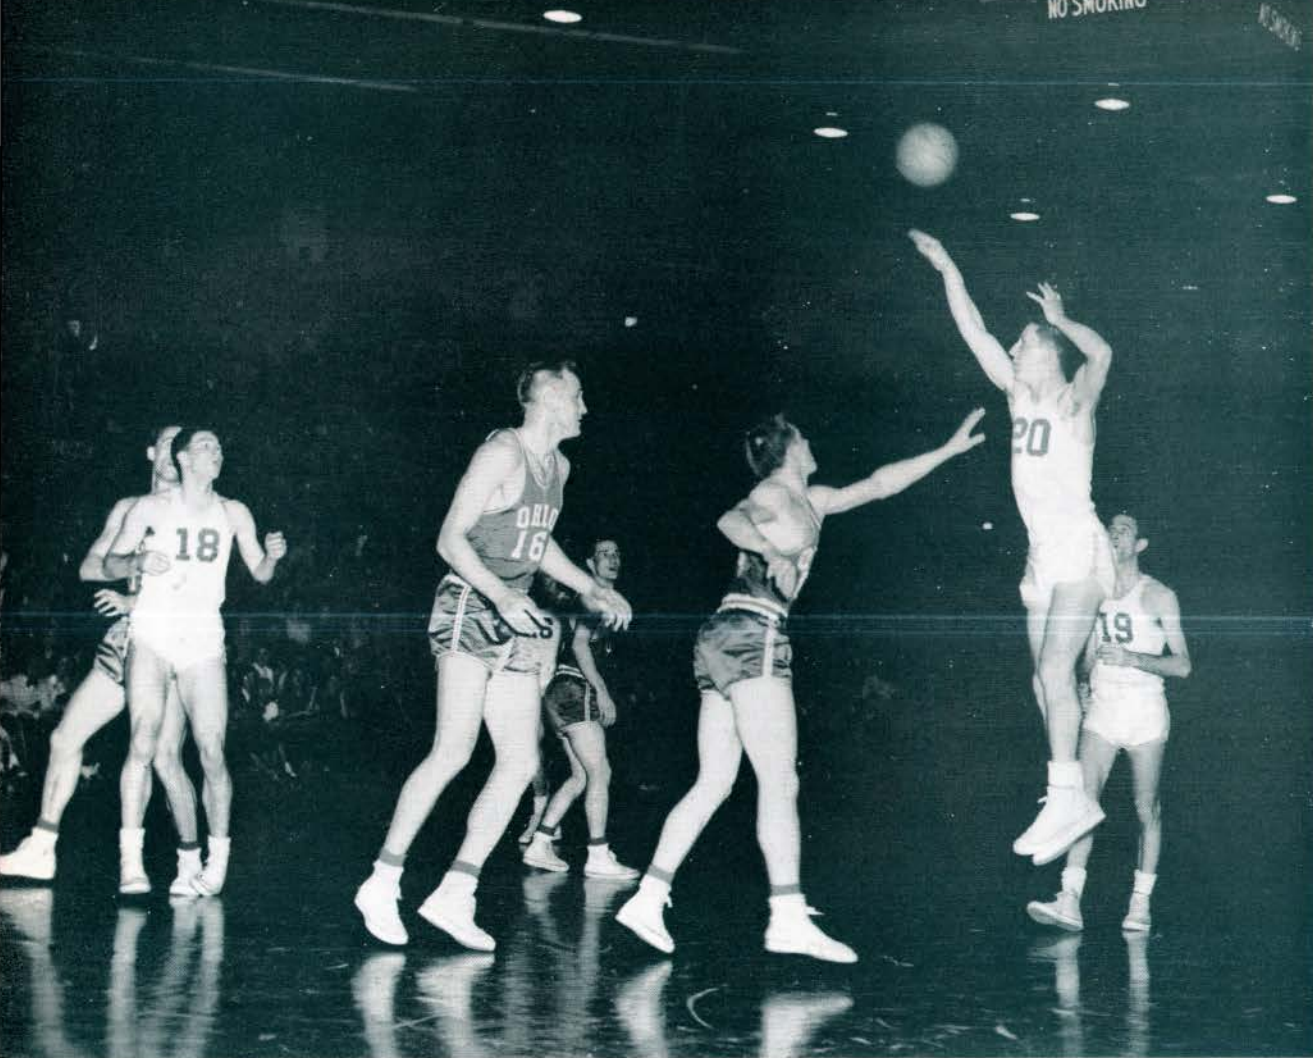

## 21 WOFFORD 41

Marshall's grid forces journeyed down to South Carolina for their first meeting with Wofford College, and bowed to the powerful Terriers, 41-21. The Wofford single wing attack ground out six touchdowns, the most scored against the Big Green all year. The loss was Marshall's seventh of the campaign.

## 21 OHIO U. 21

After a disappointing year, the season ended on a sweet note, as an injury riddled underdog Marshall crew turned in 21-21 deadlock against a strong Ohio U. squad. It was a bitterly fought contest, but an undermanned Green eleven fought on even terms all the way. Marshall got the tying touchdown with 5:20 left in the game when John Chmara sneaked over from the one foot line. Previous to that, Phil York and Hal Frazier added touchdowns as John Allen converted all three important extra points. The Green tried a field goal in the final minute of play from the Bobcat 36-yard stripe, but Bob Miller's try was short.

*All-American Walt Walowac focuses his unerring eye and fires one of those jump shots that established him as the greatest point producer in Marshall history. In this instance, Walt is leading the Big Green to a return victory over Ohio University. Dave Robinson (18) and Jack Ferguson (19) await wide-mouthed the results of the effort.*

## *Green Cagers Acclaimed Best Since 1947 National Champions*

A deadpan Hall of Fame coach with a fabulous record . . . a short little All-American with an unstoppable jump shot . . . a ball-hawking captain as quick as lightning . . . a lumbering ex-football player gobbling up rebounds . . . a pair of "two-platoon" sharp-shooters alternating at forward . . . a dependable guard with a deadly setshot . . . a capable bench in case of trouble . . . and a huge following of student, alumni, and Huntington fans. This was the roster of the 1952-53 Big Green cage squad that won twenty out of twenty-four games. This was the roster of the toughest Marshall team since the 1947 national small college champions.

\*Antlers Invitational Tournament, Elkins, W. Va.

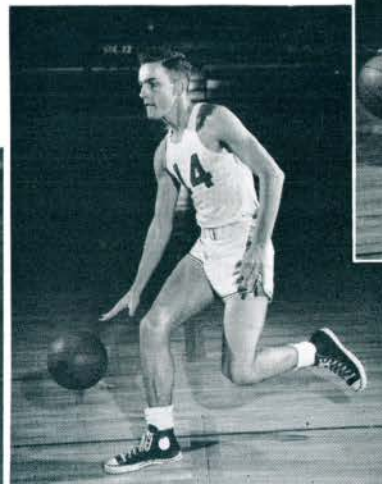

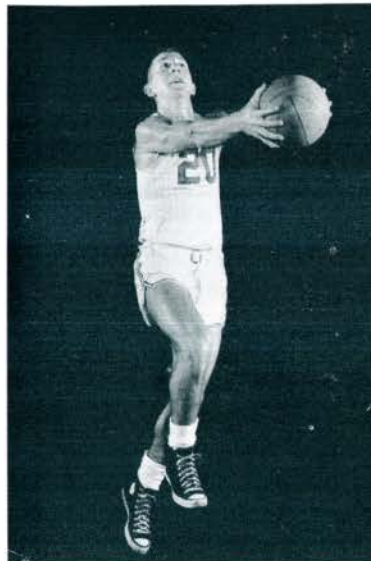

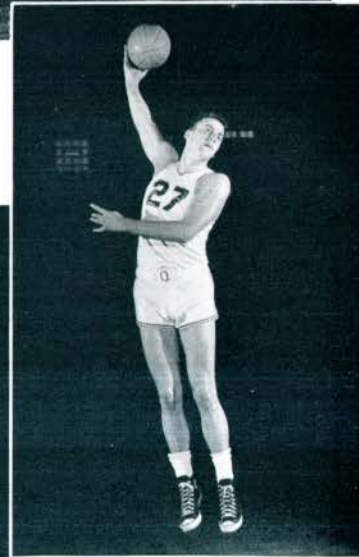

\*\*NAIA Invitational Tournament, Kansas City, Mo.

"The best defense is a good offense" says Kentucky's Adolph Rupp, and Coach Cam Henderson, who has never had a losing season in eighteen years at Marshall, is one of the best at putting Rupp's preaching into practice. This year's squad was the greatest scoring machine ever assembled here. We placed third in the nation with an average of 90 points a game. Our All-American nominee, Walt Walowac, threw in points at the rate of 29 a game to total 698 and break by more than 100 the Marshall single season scoring mark that he set last year. Five other Big Green cagers scored more than 180 points as eight different foes watched Marshall pass the hundred mark against them. That's real scoring.

Cam's proteges would probably have represented West Virginia in the NAIA tournament at Kansas City if Mid-American Conference rules had not forbidden post season tourneys unsponsored by the NCAA. The "old man" would have liked the trip to Kansas City, too. He's extremely popular out there. After that 63-61 shocker against Washburn in the first round of the NAIA pre-Christmas invitational, any measure of revenge would have been sweet. Unfortunately, we were ineligible for the Mid-American title, too. We didn't play enough conference schools in this our initial year in the Mid-American.

Henderson's big pre-season problem was locating a capable rebound man for his sharp-shooting little men. Then, just before the first game, along came a 6'5" freshman footballer named Charlie to help take up the "slack." Charlie not only latched on to the desired rebounds but chipped in 353 points.

Top to Bottom: Capt'n Sid King, Carl York, Charlie Slack, Walt Walowac, Jack Ferguson, Herbie Morris, Dave Robinson.

*Herbie Morris, Walt Walowac, Captain Sid King, Dave Robinson, Jack Ferguson, Charlie Slack, Lewis Burns, George Lambros, Jerry Gillen, Frank Crum.*

## Hottest Team in Nation Cops Antlers Invitational

Off to a fast start, the Big Green averaged 112 points a game as they romped to four straight wins. The Antlers Invitational Tournament at Elkins will certainly remember the records we set up there. Led by Walowac, who scored 86 points in the two games, Marshall claimed the Antlers with a 123-62 rout of Davis & Elkins. When asked how he fared in the D & E game, Big Green forward Dave Robinson replied, "Me and Walt got 48 points." When asked, "How many did Walt get?" he replied, "42."

Xavier handed us our first loss when we left for our western road trip. Walt Walowac tallied 30 points but Slack fouled out in the third quarter and we blew a twelve point lead, losing 96-91. Further west we whipped Washington University of St. Louis, but were stopped cold by Washburn in the NAIA invitational. A miraculous comeback after trailing 42-21 at the half knotted the count at 59-59, but the game went down the drain on a couple of fouls, 63-61. In the consolation game, we built up a big lead and coasted to a highscoring win over Morningside. Balding captain Sid King paced the Marshall cagers in the two tourney games as Walowac experienced two of his worst games of the season. The Morningside victory did, however, mark the beginning of a ten game winning streak.

*Dave Robinson (upper photo) comes up with the ball in a struggle for possession with Morris Harvey's Denver Garrett. Charlie Slack (33), Sid King (21), and Jack Ferguson (30) of Marshall witness the scramble. The Mammoth freshman center, Charlie Slack (lower photo) goes in for a score against Murray State. Morris (31) follows him down court.*

## Cagers Rebound from NAIA Loss To Rack Up Ten Straight Wins

Back at home again we won three more before taking the road against traditional rival Morris Harvey. Murray State was one of the victims and was very possibly the best opponent we faced all season. Morris Harvey, who represented this district in the NAIA tourney later in the season, put up a good first half battle but fell, 105-79. It was Walowac's fourth game in a row that he scored better than 30 points. He tossed in 33 before he and Palumbo of MH were ejected for engaging in an elbowing session. A Charleston sportswriter in a moment of jest, wrote that Palumbo "was hit from behind by a Marshall player named Walowac with a baseball bat which he cleverly concealed from the view of the referees."

A classy Mississippi Southern team was next to fall prey to a Big Green "hot night." We won going away and the southerners were forced to slow up the game to keep the point-happy Herd from reaching 100. Wesleyan, Virginia Military, and Marietta were beaten next and Marietta fell twice. Walowac tossed in 43 in the first Marietta game and Slack added 29. King set the pace against Wesleyan.

*Walowac lays up a two-pointer for Marshall against Virginia Military Institute to help make the Cadets the Green's tenth straight victim.*

*Jerry Gillen*

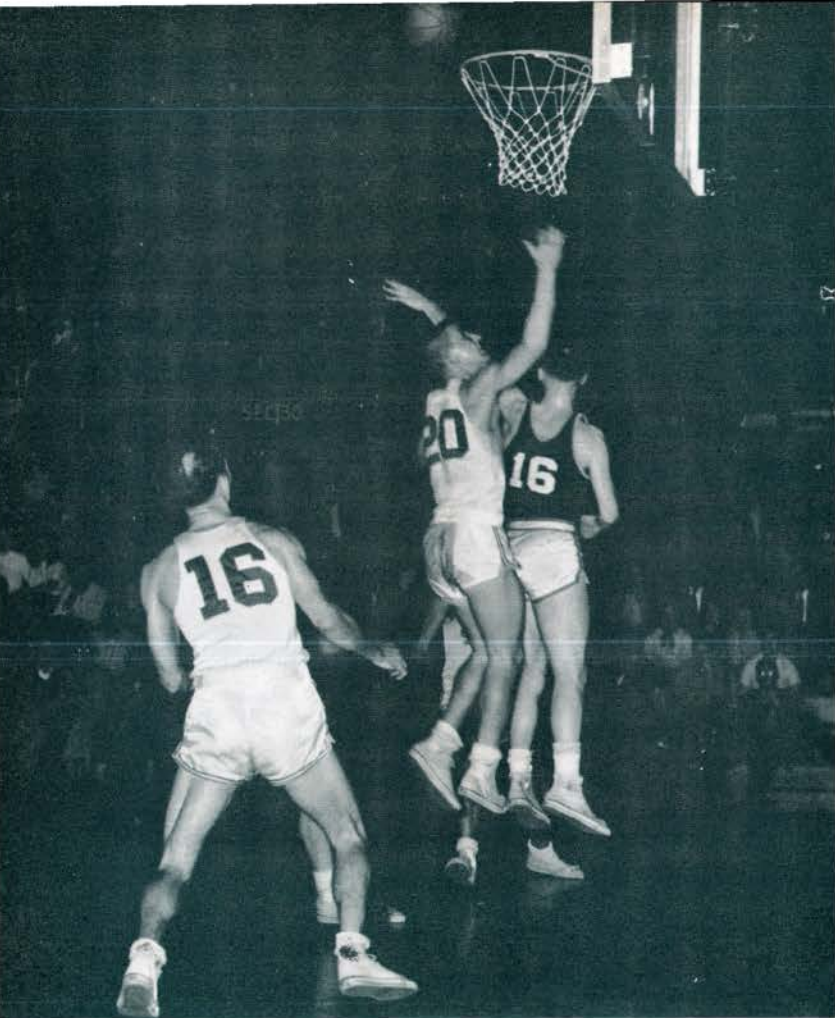

*Lewis Burns*

*Frank Crum*

Then came the Ohio University game in which Walowac experienced his hottest spot of the season. Fourteen times in the first half he dribbled into the foul circle, jumped, and pushed with his right hand. OU fans were stunned as twelve of the shots hit the mark. He wound up the half with 32 points as Marshall held a commanding 56-37 lead. What happened to us the second half shouldn't happen to a dog. A tremendous Ohio rally tied up the ball game and sent it into a fatal overtime. Walt wound up the evening with 44 points but OU whipped us in that overtime.

Walt Walowac goes up with another shot from in close against Virginia Military. Captain Sid King strains for the rebound as the shot goes amiss.

After the season Xavier named Walt Walowac as the most outstanding player that they had faced. Walt scored 60 points against them in the two games. They named Walt to this honor despite the fact that Walter Dukes, the number one player in the nation, was in action against them. They played against national powers such as Seton Hall, Minnesota, Miami, Eastern Kentucky, Western Kentucky, Louisville, Dayton, etc. Washington U. and little Marietta College picked Walowac as their most outstanding foe, too. Nine of the eleven Marietta squad members favored Walt over the phenomenal small college scoring star, Bevo Francis. The Big Green squad comedian, Frankie Crum, stated at the season's close: "It looks like I am the first player in history to be chosen by my teammates to the all-opponent team."

## Marshall Ends With 20-4; Walowac Adds to Record

Big Charlie Slack swished in 29 points to take honors as the Big Green took Davis-Elkins again. Then we took the worst licking of the season from Morehead, whom we had already beaten once by 15 points. Slack says "no excuses for that one. They were really rough."

We then closed out the season with four straight wins. Two of them were revenge wins for previous defeats, Xavier and Ohio University. Thanks to brilliant play by Walowac we edged Ohio U. 77-75 after a nip-and-tuck battle all the way. Walt netted 39 tallies in the fray. The Xavier win was a fitting climax to a great year. They had beaten us earlier; it gave us a perfect 13-0 record on the home floor, and they had beaten some of the best ball clubs in the country. Fellows like Huck Budde and Tommy Simms were highly touted. Just as in our first meeting, Marshall grabbed a big second quarter lead, and just as in the first meeting Xavier marched on the floor in the second half and whittled down that lead within minutes. The Musketeers forged ahead in the third period with apparent ease, but we came on to pull away in the last few minutes, thanks to Robinson, Slack, and Ferguson.

## Team Should Be Tough Next Year; Graduation Takes But Two Regulars

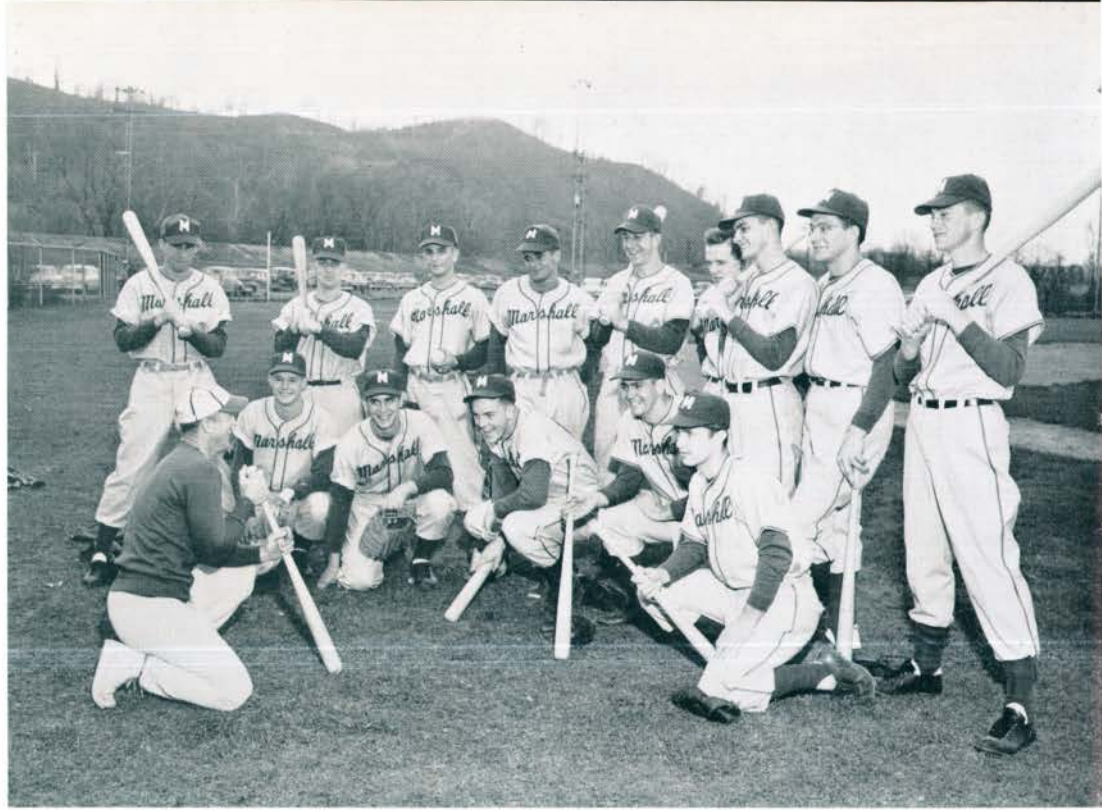

Only two men will be lost from next year's team, but these two losses are going to be felt deeply. Graduation robs us of our two stellar guards, Jack Ferguson and Sid King. King's aggressiveness, defensive ability, and speed can hardly be replaced. Ferguson's loss will make necessary the development of a new playmaker. His setshooting and calmness under fire will be sorely missed. These two were also the best rebound men next to Slack. Walowac may be moved to a guard post, a position which he played capably for a part of last year, so that both Robinson and Morris can be inserted at the forwards. Slack will, of course, be the center. The other guard position may possibly go to Carl York, Frank Crum, or Ray Frazier.

*Big Charlie Slack (upper photo) goes up to score against West Virginia Wesleyan as Leffard of Wesleyan attempts to block the shot. # Baseball

Baseball coach Joe Binns, who was handed his job only a few days before the diamond opener, glanced down the player roster and winced. He found only one veteran pitcher, namely Allen Kenney. The outfield was strong with the return of Jim Swierczek, Ed Walowac, and Jim York. Catcher Carl Nutter and infielders Milan Zban, Walt Walowac and Johnny Hale were back. Some of Binns' dilemma was relieved when "rookie" pitchers Carl Walker and Lefty Greer made fine showings, Herbie Morris won the second base job, and "fancy dan" Bob Williams impressed fans as understudy to homer king Zban at first base. A double victory over Concord started the Green off on a fine season.

*Hustle! That's what makes a ballclub. And this bit of hustling results in another score for the Big Green.*

# Minor Sports

**Track:** The Mid-American rule declaring freshmen ineligible proved a big stumbling block in the progress of the track team. Although the squad was small, it gave a fine account of itself in all the meets. Fieldman Garland Barnhart entered as many as six events and piled up enough points in his specialties to take scoring honors for the second year in a row. State mile record holder Jim Canterbury was back. Ace two-miler Don Hensley continued winning, and Bill Chambers carried the load in the hurdles and discus. Lewis Burns, Jim Baylor, Bill Sayre, Jim Thacker, Bob Friedly, and Conrad Ripley were other candidates.

**Tennis:** The coming of warm weather brought the college netmen into action again. Several new faces appeared on the varsity squad. Veterans Lynn Buskirk and Bob Bradley were stand-bys for Coach Churchill Hodges. Dependable new men were Dick Thabit, Stanley Leist, and Nye King.

## Men's Intramurals

"This year we have the 'greatest' intramural program in the history of the college!" Otto A. "Swede" Gullickson, director of intramurals claims. With Swede, the lovable little guy who always speaks in superlatives, everything is the "greatest." But concerning the size and variety of intramural activity here at Marshall, it's no exaggeration. Gullickson has built the 'mural system up until it now includes 79 different sports with over 5,000 contests during the year. More than two hundred medals are given to winners in the events.

And what about variety? What man can't participate in a program that includes everything from football, softball, and soccer to checkers, badminton, and square dancing? Basketball, always the most popular team sport at Marshall, had 48 different teams entered in the competition. Some versatile sportsmen such as Carl Walker, table tennis and basketball foul shooting champion, and Bert McCormick, checkers and billiards champ, made off with more than one first place medal. Several campus organizations achieved one hundred percent intramural participation of their members.

The highlight was the heart-warming return of George Klipa to the sports scene. George lost his leg in a varsity football game a year ago but battled his way back on an artificial leg to compete in the place kick for accuracy.

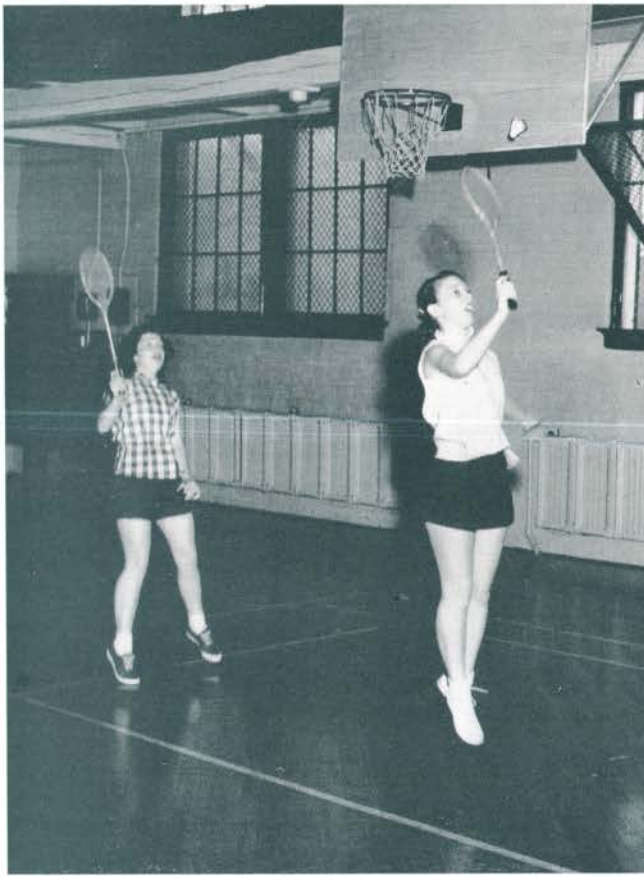

Director Gullickson gave up coaching the Track team this year to devote full time to teaching Physical Education and to guiding intramural play. With the conditioning of men and teaching of sportsmanship his prime object, Swede's ringing voice can be heard throughout the gym and intramural field: "1 . . . 2 . . . 3 . . . 4"

*Checkers and Pocket Billiards champion Bert McCormick and Croquet champion Maurice Cottle.*

*Speedball Champions—Front Row: Jim Swieczek, Carl McMellon, John Rincich, Jerry Jones, John Chmara. Back Row: Carl Berger, Milan Zhan, Lowell Stanley, Ed Walowac, Floyd Davis, Jim Thacker.*

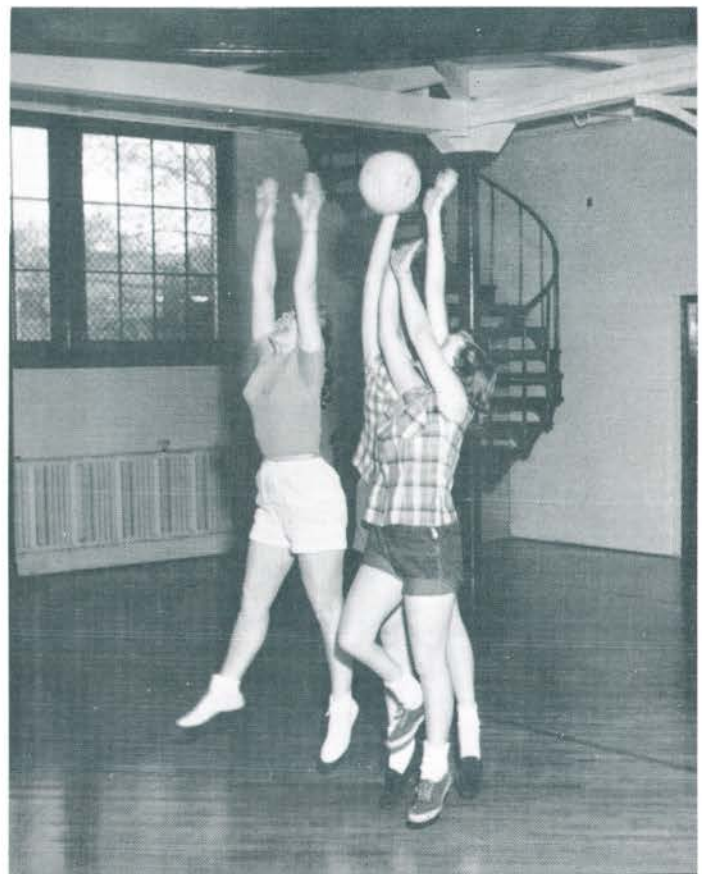

*Badminton is another popular sport with the Marshall women. Jeanie Wolfe and Barbara Legg are pictured in action.*

Team sports as well as individual sports are included. Sorority and independent groups both take part with a friendly atmosphere of competition as the main objective.

*Three women volleyball players stretch in an effort to make a return in an intramural contest. They are Sis Robinson, Carolyn Hall, and Betty Dorsey.*

## *Women's Intramurals*

Women's intramurals, directed by Miss Louise McDonough, is not as extensive as that of the men but contains a variety of activities which give all women an ample opportunity to participate in athletics. The program includes ping pong, badminton, horseshoes, tennis, handball, aerial darts, volleyball, softball, basketball, bridge, and others.

# Partners in Production...

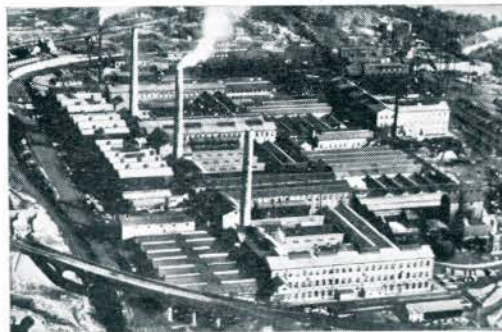

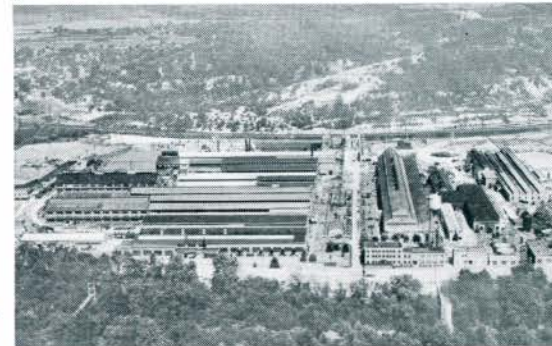

Here in Inco's Huntington Works, as in Inco plants in Great Britain, you see metals from our Canadian mines and refineries being turned into innumerable products needed by the peace-loving peoples of the Free World.

Over the Border and across the seas, as here, you find Inco employees—in mines, and smelters, in refineries and mills, in sales departments, in laboratories, in engineering development and research—working in partnership to make and keep the world a better place in which to live.

**U.S.A.:** You recognize this photograph of the Inco Mill in Huntington. Here, there are rolling mills and an extrusion plant. In Bayonne, N. J., are located the foundry and welding rod plant.

**Canada:** This is a view of the concentrator and smelter of The International Nickel Company of Canada, Limited. In Canada, at Copper Cliff, Ontario, there are a copper refinery and five underground mines; and at Port Colborne, Ontario, a Nickel refinery.

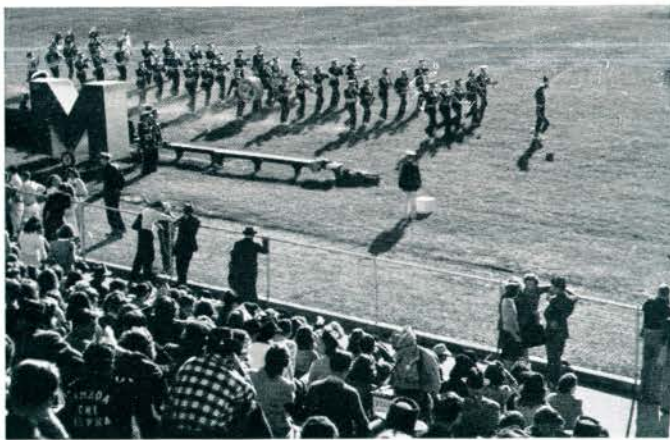

**Great Britain:** International Nickel operates as the Mond Nickel Company with a Nickel refinery at Clydach in Wales and a precious metals refinery in Acton, England. In Glasgow, Scotland, and Birmingham, England, Inco owns the Henry Wiggin extrusion plant and rolling mills.

Let our final words be of thanks to all those who helped us in our labors — and especially to Dr. Elizabeth Cometti and Mrs. Lee Wilson who supplied valuable historical information; to Virginia Cohn who wrote the introduction; to Lois Greene and Ronald Butler, our copy consultants; to Paul Butcher and Mrs. Veta Lee Smith, chairman and secretary of the Chief Justice Board; to Russ Benson, Bob Keene, and Frank Purcell of the Indianapolis Engraving Company; to George Graessle of the Graessle-Mercer Company, printers; to Charles Leith of Douthat Studios and Mrs. H. F. Hendershot, photographers; to all our advertisers; to Don Morris, financial advisor; to Melvin Scarlett and Miss Mary Louise Washington, editorial advisors. We thank the students of Marshall College who gave us an opportunity to present this 1953 Chief Justice.
