DAYTON, Ohio, July 3, 1973 — "When Does A Child Become Human" is the title of a lecture to be given on Thursday, July 12 by Father Bertrand de Margerie, S.J., presently doing research at the Marian Library at the University of Dayton.

The lecture, to be held at 7:30 in UD's Kennedy Union, will offer the proper orientation to the modern problems of respect for life, respect for children, respect for the human person, and the problem of abortion.

Fr. de Margerie's approach to these issues will answer the questions: "When does a child become human?" When did Jesus begin to have a human, created soul?" He will answer the questions in the light of the mystery of the Immaculate Conception of Mary, the mystery of the Incarnation, and spiritual and physical nature of human motherhood.

Born in Paris in 1923, Fr. Bertrand de Margerie was ordained a priest in the Society of Jesus in 1956. He has taught, written and carried out pastoral activities in Brazil, Canada, and the United States. This past year he has spent researching at the Marian Library at the University of Dayton.
