VOLUME 34

Kelowna, British Columbia, Thursday, January 27th, 1938

NUMBER 26

## Sales Are Doubled At Coast As B.C. Apple Week Makes Vancouver Apple Conscious

**Increases Were Noted Even Before Week Actually Started—Mrs. Isobel Stillingfleet Royally Received At Vancouver—Luncheons, Banquets, Packing Demonstrations And Many Other Programmes Arranged—The Courier Obtains Special Story On Her Activities**

An increase of 100 per cent is reported in sales of apples to coast centres, because of the great activity created by B. C. Apple Week in Vancouver and district. The results of Apple Week are definitely successful, the one-desk committee, handling the marketing of the Okanagan crop, has stated.

"The campaign has more than doubled the average sales at the Coast," declared Mr. David McNair. "Before the actual commencement of the campaign on January 22, the preliminary arrangements seemed to have their effect, for there was an up-turn in marketing. And we look for continuance of this increased selling even after the official 'Apple Week' has ended."

### Tribute Is Paid

Those who have watched the jump in sales during the past week in Vancouver have paid tribute to the interest evidently aroused by the visit of the Empress Apple Queen, Mrs. Isobel Stillingfleet, of Kelowna, and have praised the efforts of all who joined in making the project the success it was. The work of A. C. Foreman, Secretary of the B. C. Products Bureau of the Vancouver Board of Trade, has particularly won notice and highly favourable mention.

News of the one hundred per cent increase in sales to the Coast during Apple Week was confirmed on Wednesday by telegrams sent through the one-desk officials to members of the trade at Vancouver.

Mrs. Stillingfleet left Kelowna on Friday afternoon for Vancouver, where she was met by Mayor G. C. Miller, and various other dignitaries of the Coast. Bands were playing at the station and the young lady who won the British Empire honour at the Imperial Fruit Show was given a rousing reception.

Ever since her arrival at the Terminal City, Mrs. Stillingfleet has been "seeing the town" with a vengeance. Luncheons, banquets, radio talks, packing demonstrations, and every form of programme and entertainment have been arranged to publicize the visit of this now-famous Apple Queen.

On Tuesday morning, she gave a 12-minute talk over Radio Station CJOR. This address was recorded in the belief that interior stations may wish to repeat it.

Following is a special story, submitted to The Courier by Mr. C. L. Planta, of Vancouver, on the activities of the various groups concerned in B. C. Apple Week.

(Continued on page 4)

## YOUNG CRIMINALS ARE DEALT WITH

### Five Lads Sent To Coast For Petty Thievery Offences

Trouble with youngsters of early teen age has just about been cleaned up, Sergeant A. Macdonald, of the Provincial Police, reports this week. There has been an unusual number of small petty thefts in the past few months which the Police have attributed to delinquent juveniles. The entire gang of ten or more has been rounded up, he states, and their cases have been disposed of.

One lad, Orval Fitzpatrick, just over juvenile age, has gone to Oakalla for three months in connection with car and store thefts. Two of the juveniles with him were sent to the Industrial School and another was placed on probation by Acting Juvenile Court Judge, T. R. McWilliams.

But another gang of youngsters was in operation and one of these has been sent to the Industrial School, as well, for petty thievery. Another has gone to the Superintendent of Neglected Children, and the others are on probation and have to report at frequent intervals to give an account of their behaviour.

One lad, while the cases were pending, carried on his thieving practices and was caught once more. He even went so far as to steal, forge and cash a cheque, besides stealing from cars which he found unlocked.

With the gangs definitely broken up, the Provincial Police feel that they have cleared up most of the trouble, and the town will be freed of considerable petty crime.

## ENTIRE COUNCIL AT VERNON TO HANDLE RELIEF TROUBLES

### Public Liability Insurance For \$20,000 Placed By Arena Commission

VERNON, Jan. 27.—Since 1930, Chairman of the onerous Finance Committee, Alderman C. J. Hurt has been replaced in this post by Alderman A. R. Smith, who was first elected to the City Council at the recent voting.

This is the major change from last year. It would appear, in the list of committees as announced by Mayor Harry Bowman at the Council's first meeting of 1938, on Thursday afternoon of last week, Alderman Smith was also named to head the Board of Health,

## Empress Theatre Here Is Second In Ratings Across Canada

Mr. Les Campbell, Manager of the Empress Theatre, Kelowna, received the glad tidings this week that he was awarded second prize for Canada in Group D theatres in the Go-Getter contest for increases in quota from October 1 to January 7.

With this second prize award goes a cheque for \$100. Mr. Campbell states that there are thirty-nine theatres in this Group D throughout Canada. First prize went to the Fort William manager, Charles Bahynowski, who topped all theatres in all divisions in Canada, as well as Group D, but was only five per cent ahead of Mr. Campbell's marks.

Except for the heavy snow-falls at unusual times in the late fall, Mr. Campbell might have been right on the top of the list, he feels. However, he has endeavoured to obtain a first-rate listing for his theatre at all times, thus creating additional revenues.

## ANNUAL MEETINGS ARE TO BE HELD

### Some Changes In Executive Officers Are Forecast

Various Kelowna organizations are holding their annual meetings in the near future and new executives are expected to be in office in many instances.

It is understood that Mr. W. A. C. Bennett will seek a second term as President of the Kelowna Board of Trade, and that he will go by acclamation to be held in the Royal Anne Hotel on Wednesday, February 2.

Another annual meeting for the near future is that of the Junior Board of Trade, at the Royal Anne on Friday, February 4. Mr. Dick Parkinson is retiring as President of this organization, and Mr. Don Fillmore is a likely successor.

The Kelowna Hospital Board meets at the Royal Anne, on Friday afternoon, February 11, and it is anticipated that a large number of persons will attend this session to hear an account of the Directors' stewardship for the past season. There may be an interesting debate on the advisability of seeking a further addition to the Kelowna General Hospital this year.

The Kelowna Library Auxiliary plans to meet at the Library quarters on Monday, January 31, for the annual meeting and election of officers.

Another popular annual meeting will be that of the Kelowna Aquatic Club shareholders and members, scheduled for the Board of Trade rooms on Monday, February 7. The Aquatic had a successful season in 1937, and is looking forward to an even more industrious one this year.

### SHOWER FOR EX-KELOWNA GIRL

PENTICTON, Jan. 27.—A February bride-elect, Miss Martha Gaube was the guest of honour at a miscellaneous shower on Thursday evening, January 13, at the home of her sister-in-law, Mrs. Otto Gaube, Winnipeg Street. Hostesses were Mrs. O. Gaube and her sister, Miss "Jimmy" Livingston. Miss Gaube resided in Kelowna for some time up to a year ago.

th, which includes maintenance and extension of the sewer system.

Another departure from last year is that the whole Council will sit as a relief committee, instead of having one alderman assume the chairman's duties for three months.

Alderman Hurt is again head of the Parks Committee and has been named to the City Hall Committee.

Other committees are virtually the same as 1937.

Public liability insurance to a maximum amount of \$20,000 has been placed by the Civic Arena Commission, the City Council was informed by a letter signed by K. W. Kinnard, which was received Monday evening. The Commission asked if the Council felt that the sum was an adequate one, and approval was given by the aldermen.

## Winter Tractor Travel Is Risky

Not all freight destined for Canada's northern mining country goes in by air. Much of it travels in trains drawn by 50-ton tractors. An average trip is made at a speed of two or three miles per hour for from eighteen to twenty-eight days in temperatures that often drop to forty below zero. Occasionally the going is bad, as this picture indicates. When the frozen surfaces of lakes and rivers give way, tractors sometimes sink to the bottom, and at times big logs and heavy tackle are necessary to pull them out.

## PETRIE'S CORNER JOB NEAR FINISH ELKS INSTALLED AT BIG GATHERING

### New Fill Cuts Off Two Right-Angle Corners On Road

Next week will see completion of the work on the new cut-off at Petrie's Corner, which has been carried on under a Provincial Government contract by the Interior Contracting Co. Ltd., of Penticton, states Mr. A. S. Hatfield, of that concern.

This work was commenced last August and three-quarters of a mile of road has been widened and filled in. Two right-angle corners will be eliminated by a new stretch of straight road, which required a deep fill to construct.

The approach from the south to this new stretch has been widened for half a mile or more but only under difficult circumstances, Mr. Hatfield says. A large amount of terrifically tough "hard pan" was encountered all along the way, and most of this material had to be drilled and shot out.

This difficulty, along with usual winter troubles, caused a great deal of delay in concluding the contract, he stated. "It was the hardest 'hard pan' we ever encountered," he added.

New fencing along the right-of-way was also accomplished by the Penticton company.

### Several Towns Represented At Joint Annual Ceremony

Kelowna Elks travelled to Vernon on Thursday evening last to attend the installation of their own officers for 1938. The installing officer was District Deputy Grand Exalted Ruler, G. A. Stuart, of Oliver, assisted by K. W. Kinnard, Vernon. Twelve visitors attended from Oliver, 23 from Kelowna, 12 from Salmon Arm and one from Penticton.

E. Mattock was installed as Exalted Ruler of the Vernon Elks' Lodge. Kelowna officers are: Exalted Ruler, Fred Williams; Leading Knight, B. Greening; Loyal Knight, Harry Witt; Lecturing Knight, Jack Mayor; Secretary, Jack Jennings; Treasurer, Sid Davis; Inner Guard, W. Ryder; Tyler, E. Lewis; Past Exalted Ruler, Charles Friend; Trustee, Laurie Scott, S. T. Miller; Chaplain, Laurie Scott, Esquire, Ian Bennett; Historian, Harry Fernie; Organist, Nestor Isowsky.

Members of the Kelowna City Council were guests of the Rotary Club of Kelowna at the weekly luncheon on Tuesday.

## W. F. Whiteway Is Chosen Chairman Of Retail Merchants Bureau For Year 1938 To Succeed Mr. Chester Owen

### Variety Of Subjects Under Review By Kelowna Merchants In Season Just Past

With an attendance of almost 35 members, the Retail Merchants Bureau of the Kelowna Board of Trade reviewed progress during the past year and appointed Mr. W. F. Whiteway as Chairman for the ensuing year, when the annual dinner meeting was held in the Royal Anne on Monday evening. There were few changes in the executive members of the Bureau, these being elected according to classification. A slate, selected by each classification, was put to the meeting and was adopted as follows: Hardware, Percy Harding; meat markets, Felix Sutton; dry goods, A. Williams; druggists, D. Whitham; grocers, H. Waldron; bakers, G. Sutherland; jewellers, W. W. Pettigrew. Mr. Chester Owen will be a member of the Executive as Past President.

Held 17 Meetings  
In his report as retiring President, Mr. Owen told the meeting that 14 sessions of the Executive had been held in 1937, along with three general meetings. Several additions to the membership of the Bureau were also noted during the past year.

One of the chief progressive moves of the Bureau had been in connection with the Garbage By-law. The Bureau had assisted Alderman G. A. McKay with alterations in the set-up, and Mr. Owen believed that the new scheme was working to better advantage.

Under the direction of Mr. Percy Harding, the merchants had co-operated with the Bureau Committee in decorating and planning for Coronation Day. Mr. Owen thanked the merchants for their support in making Kelowna attractive for this festive occasion.

As usual, the Bureau had co-operated in B. C. Products Week and had had Mr. A. C. Foreman, Field Manager for

### Retail Merchants Set Closing Days For Year 1938

Kelowna stores will remain closed all day on the following holidays in 1938: Good Friday, Friday, April 15. Easter Monday, Monday, April 18. Empire Day, Tuesday, May 24. King's Birthday, Thursday, June 9. Dominion Day, Friday, July 1. Labour Day, Monday, September 5. Thanksgiving Day, Monday, October 10. Remembrance Day, Friday, November 11. Christmas Holidays, Monday, December 26; Tuesday, December 27. New Year's Holidays, Monday, January 2.

Because of these holidays, the stores will remain open extra hours on the following days: Thursday, April 14, until 5.30 p.m. Thursday, June 30, until 5.30 p.m. Thursday, November 10, until 5.30 p.m. Friday and Saturday, December 23 and 24, until 9.30 p.m.

Until further word is heard from the Provincial Government Labour Department, no action will be taken by the Retail Merchants' Bureau on the closing hours of Thursday, December 22.

the Vancouver Board, B. C. Products Bureau, and Mr. F. D. Mathers, Sales Manager for the Broder Canning Co., as guest speakers.

Many transient dealers had been checked through the assistance of the Bureau, and made to take out licences, and the retiring President expressed the hope that the Bureau would not relax its vigil in this connection. In this respect, every co-operation had

(Continued on page 4)

## Standard Contract Differentiates Between Independents--Co-Ops Is Charge Of Sales Service Head

### SCOTTISH FOLK COMMEMORATE NATIONAL BARD

#### Attendance At Banquet And Dance On Burns Night As Large As Ever

As the years speed by there is no diminution of the enthusiasm with which the admirers of Robert Burns celebrate the recurrence of his birthday, and the commemoration this year of the 25th of January in Kelowna in no way fell behind its predecessors. The seating capacity at the tables in the I.O.O.F. Hall was fully utilized and tables were also set on the stage, the total attendance being estimated at about two hundred and seventy-five.

An excellent meal was served by a corps of brisk and bonny volunteer waitresses, and there was an ample supply of turkey and trimmings for those who feared the richness of the tasty haggis, white oatcakes, scones and shortbread galore served to fill in the odd corners, besides fruit salad and "jeelies."

Mr. G. D. Cameron, of Guitasachan, clad in Highland dress, capably fulfilled the duties of chairman. After a few words of welcome, he called upon Rev. Dr. W. W. McPherson, who gave the Selkirk grace, at the conclusion of which the haggis immediately made its appearance, borne aloft on a platter by Mr. "Sandy" Mitchell and preceded by Piper "Bob" Booth, who heralded its advent with the triumphant strains of his pipes. "The chieftain of the puddin' race" duly set before the chairman, it became the duty of Mr. Wm. Love to offer the "Address to the Haggis," a solemn rite which he performed in the rolling and sonorous tones of the old Scotch tongue, and concluding with the necessary act of assassination when the knife is plunged into the vitals of the "bag." Then the merry clatter of knife and fork against plate began and was continued without interruption until all appetites were fully satisfied.

The feasting concluded, Mr. Billy Murray's inimitable orchestra played a delightful selection of old Scottish airs. The chairman proposed the toast of "The King," which was accorded due honor, and the National Anthem and "O Canada" were sung with orchestral accompaniment.

Opening with a funny story at the expense of the clergy, Mr. Robert Lyon, of Penticton, was brief in his treatment of "The Immortal Memory of Robert Burns," principal toast of the evening. He sketched rapidly the early life of Burns, his narrow circumstances and the development of his poetic genius, and stoutly defended his memory from the charges made by various writers that he was a dissolute man and a rake. He pointed out that most of the biographies of Burns were written by people who had never known him personally, hence did not know his personality and had drawn conclusions that were not warranted from his poems and letters, which simply gave a true picture of the times. He declared that, if Burns had possessed the same gift of putting colours upon canvas as he had of describing writing, he would have been a great artist, but he accomplished much more through his artistry of words than he possibly could have done with paints.

Mr. Lyon illustrated Burns' mastery of poetic thought by a number of quotations from his works, and concluded with the statement that the outstanding feature of his writings was his tolerance expressed for his fellow men in an age that was narrow and intolerant.

With piano accompaniment by Mrs. Davison, of Vernon, and violin obligato by Mrs. Murray Campbell, Mr. Geo. S. McKenzie thrilled his hearers with "O' the airts," which he followed, by request, with the delightful tenderness of "My ain wee hoose."

"The Land We Left" was proposed by Mr. J. G. Macdonald, who touched upon outstanding figures in Scottish history. (Continued on Page 10)

## KELOWNA HOCKEY TEAM WILL PLAY

### Plan To Take On Lumby This Sunday And May Play At Vernon

Although there are no proper rink facilities in Kelowna, every effort is being made to field a hockey team to play exhibition games with teams in the northern loop. A game is scheduled at Lumby this coming Sunday afternoon between Kelowna and the Flying Frenchmen, who are second in the league standing.

There is every possibility that a game will be arranged at Vernon, against the league leaders, if the Kelowna sextette puts up any kind of a battle against the Lumby squad this week-end.

A number of prairie lads are resident in the Kelowna district now, and have bolstered the strength of the Kelowna ice team. A practice is being held this afternoon at the Golf Club pond.

## R. B. Staples Issues Bombshell In Discussion Of Proposed Growers' Standard Contract With Shippers, As Adopted In Principle By Growers' Convention—Associated Would Be Taking Money Out Of One Pocket And Placing It In Another Under Penalty Clause Of Contract Is Claim—Legal Advice From Vancouver Counsel Backs Staples In His Views

### Associated Could Handle Entire Deal At Less Cost

CHARGING that the standard contract will "differentiate between co-operatives and independents," Mr. R. B. Staples, President of Sales Service, one of the largest independent groups in the Okanagan apple industry, has issued a stirring denunciation of the new plan to The Courier this week.

"In effect," Mr. Staples declares, "the co-operatives can disregard the rules without suffering any loss. . . . No independent shipper possessing either self respect or business sense will sign this standard contract."

Mr. Staples has placed the situation squarely up to the growers and their representatives. If they wish to get rid of the independent shippers, then he cannot see any excuse for creating double the expense when the Associated Growers "should, without difficulty, be able to enlarge its departments to handle the entire ten million dollar crop in British Columbia."

### Adopted In Principle

This bombshell is expected to arouse great interest throughout the Okanagan, especially at the present time, when the fruit growers, at their annual convention, adopted the standard contract in principle, and asked that the locals receive copies for perusal and discussion.

In order that the readers of The Courier will be more conversant with the details of the proposed standard contract, it is reprinted in this issue in full. This form is not necessarily the final and complete draft, but will likely be revised in many instances before reaching a final form.

"I have carefully studied the standard form of contract and I have endeavoured to visualize how it is likely to work out in practice," commenced Mr. Staples in his interview with The Courier.

### Govern Entire Industry

"Its general scheme is to set up a 'rule making' authority to govern the entire industry. B.C. Tree Fruits Limited is given power to govern every phase of the industry, and growers and shippers must conform under heavy penalties. Central selling, or a 'one desk plan,' is included in its powers and obviously is contemplated. In this there is nothing unusual and nothing we have not already tried both by legislation and by mutual agreement.

"The serious feature of the contract is its effect in differentiating between co-operatives and independents," Mr. Staples continued. "Penalties for independent shippers are included in the contract." (Continued on Page 10)

## FIRST SMOKER IS VOTED BIG SUCCESS BY JUNIOR BOARD

### Variety Of Entertainment Proves Of High Class And Produces Howls Of Laughter

One of the most enjoyable smokers held for some time in Kelowna was staged by the Kelowna Junior Board of Trade Entertainment Committee, under the direction of Mr. Terry Bennett, at the Oddfellows' Hall, on Thursday evening last.

Commencing shortly after 8 o'clock, the entertainment of a mixed nature kept the crowded hall amused until after 11 o'clock. It was voted a huge success, and will probably be an annual affair of this organization.

Jim Douglas was Master of Ceremonies, while Jack McDonald proved an able song leader.

### Wrestling Match Feature

Feature attraction was the wrestling match, staged by Ted "Bad Man" Ennis and Vic "Flying Frenchman" LaChappelle. This bout went five rounds with Ennis the victor in a rough and tumble match, which contained plenty of thrills and more than a few laughs. Ennis obtained the first fall in the second round with a body press, to be followed in the third by a fall for LaChappelle with a brutal reverse Indian death lock. In the final and deciding round, Ennis made his opponent say "Uncle" with a short arm scissors.

Ennis took a particular fancy to LaChappelle's hair, which was about the right length for pulling. He took advantage of this fact at every opportunity and wrestled plenty of times by the third man in the ring, Don Ellis. Ennis took a nasty tumble in the third when he lit squarely on the back of his neck. He did not have a chance to save himself, and the fall almost knocked him out.

Following this match, a comic display of how not to wrestle was staged by Terry Bennett and Jack Tyler, suitably attired in ludicrous costumes. This display brought howls of laughter from the audience, which was in an appreciative mood.

Adding greatly to the festive air was the three-piece orchestra composed of Chas. Pettman and Bill and Dave Allen. These three musicians provided music for the sing songs and also produced (Continued on Page 10)

### Throws Bombshell

R. B. STAPLES

President of Sales Service Ltd., who is setting the Okanagan fruit industry on its proverbial ear with his statements this week concerning the standard contract.

### Chief Objection To Standard Contract Centres Around Penalty Clauses

Chief objection raised by Mr. R. B. Staples, President of Sales Service Ltd., to the standard contract, as adopted in principle by the B.C.F.G.A. 49th annual convention in Kelowna on Wednesday, Jan. 13, is centred around the penalty clauses. He claims that it is merely a matter of transferring their money from one pocket to another in case of infringement on the contract.

"The only cost to the Associated is in the wear and tear on the pocket," he declared.

The penalty clause is as follows:

"For any breach other than one concerning the marketing, sale or disposal of tree fruits, the sum of ten cents per package involved in such breach.

"For any breach concerning the marketing, sale or disposal of tree fruits, the sum of 25 cents per package involved in such breach.

"Such damages shall be credited to the pool relating to the fruits involved in such breach, and if not so credited shall be a debt due by the shipper to the company, and in any action to recover the same all that it shall be necessary for the company to prove shall be the verdict judgment or order declaring such breach and the amount of fruit involved."

"If the independents are charged for infringing any part of the contract, then the penalty is deducted from their own funds and handed over the growers' pool," Mr. Staples explains. "But if the Associated infringes any section, it is only the growers' money which is involved, and actually there is no penalty.

Thus, he states, there is a distinct trend in this standard contract, to differentiate between the independent house and the co-operative house, thereby bringing about a condition which existed several years ago, of creating an open breach between the two major factions in the Okanagan fruit deal.

**THE KELOWNA COURIER**  
AND  
**OKANAGAN ORCHARDIST**

Published Thursdays by The Kelowna Courier Limited  
Edited by G. C. ROSE

The COURIER does not necessarily endorse the sentiments of any contributor's article.  
To ensure acceptance, all manuscripts should be legibly written on one side of the paper only. Typewritten copy is preferred.  
Amateur poetry is not published.  
Letters to the Editor will not be accepted for publication over a "nom de plume"; the writer's correct name must be appended.  
Contributed matter received after Tuesday night may not be published until the following week.

As the staff works on Thursday afternoon, The Courier Office is closed on Saturday afternoon for the weekly half-holiday.

THURSDAY, JANUARY 27th, 1938

**Up Goes The Price Of Radio Licences**

So it has been decided by the Minister of Transport, that commencing April 1st, radio licences will cost \$2.50 instead of \$2.00, because, states the Minister, "the estimated increase of \$650,000 a year is required to enable the Canadian Broadcasting Corporation to carry out its programme of expansion, particularly in the direction of better programmes and more complete coverage."

If the type of expansion projected is that which has followed the previous increase in the cost of radio licences from \$1.00 to \$2.00, the Minister's estimate of increased revenue may be found sadly out of line, as many radio listeners are just about at the point of discarding their machines owing to the quantity of tripe and trash that has been interjected into C.B.C. programmes in order to pad them out to the increased period of broadcasting. So-called affiliation with American networks has brought a flood of the cheapest and squawkiest jazz, nasal and high-pitched alleged crooners, whose voices arouse a fervent desire to boot them in the pants, funny men (save the mark!) whose jokes are a string of banal inanities, punctuated by the forced and artificial laughter and hand-clapping of a background of hired claqueurs, and—but there is no need to go on; the quality of C.B.C. broadcasts is familiar to all radio listeners.

Recalling the days of ten years ago, when radio receiving apparatus was crude compared with what it is today, it was possible for lovers of good music to enjoy a continuous programme by shifting from one network to another, but it is now a matter of much difficulty to pick out what is worthwhile amidst the flood of rubbish. With machines that can cover from coast to coast, hearers would still have a treat if the networks had continued to adhere to the type of programmes furnished in those early days, but the trend has been away from the masterpieces and towards the shoddiest and thinnest forms of air entertainment.

An instance in point is last New Year's Eve. With keen anticipation, a twelve-tube modern radio was tuned to the C.B.C. programme about 7.30 p.m., but, all the time hoping for better things, the unfortunate operator listened for three hours on end to a succession chiefly of American trash, which he could have got direct, if he had wised, from the stations originating it instead of through the medium of the C.B.C. And it is for such unoriginal rubbish apparently that we are to have the privilege of paying 50 per cent more than in 1928.

Presumably as a sop to those whose tastes in music are judged to be of a "high-brow" order, we are now treated to an inordinately lengthy siege of grand opera at noon on Saturdays. Granted that the singing and the orchestral music may be received with passably good quality, but not always, what is grand opera when completely divorced from the visual effects of the best acting, stage setting and the illusion created of reality by skillful handling? It is absurd to produce the whole score of an opera over the air, as many passages become meaningless from lack of visual interpretation, and the same end would be achieved infinitely better if only the outstanding numbers were given and all dialogue and by-play eliminated.

Some years ago, abridged editions of Gilbert and Sullivan's famous light operas were rendered over the air, an hour sufficing to give an entertaining summary of what usually takes three hours to produce on the stage. The average listener heard these summaries with unalloyed delight, as they included only the best numbers, but it is seldom now that even a short extract from these operas is heard over the C.B.C.

The field of music is so wide that it is incomprehensible why the programme directors of the C.B.C. consider it necessary to devote so much time to jazz. The swing type of music must be given a place, of course, so long as it is the kind of accompaniment that modern dancing requires, but people do not dance, as a matter of habit, at all hours of the day, and if the jazz programme was restricted to half an hour, say, at lunch time, when some of the young people are bound to take a chance upon upsetting the digestion of their noon meal as the cafe radio blares out the latest fox trot, another half-hour at afternoon tea time to accommodate the same type of young bloods, one more half-hour at 6.30, and then all the jazz they want after 9.00 p.m., the wants of jazz enthusiasts should receive ample provision. As it is now, it is jazz at all times and seasons, with the screeching of crooners thrown in for unwelcome extra measure, until the weary listener switches off to give his ears a respite from the discordant din.

A few years ago, good band music was broadcast frequently—the original performance, not gramophone records. Now it is rare indeed to hear a first-class brass band over the air. Likewise, violin, flute, clarinet and cornet solos have become scarce. What has happened to the good taste and good sense of the programme directors of the networks? Surely they should realize that maintenance of interest is dependent largely upon variety of entertainment and that they are in danger of losing a large proportion of their listening public by continuing to fill the air with vapid banality, for which the Minister of Transport thinks radio owners should pay \$2.50 a year when they were better served, in quality if not in quantity, ten years ago at one dollar a year.

Man's weakness is woman's opportunity to get even.

A kick against fate is often but an apology for laziness.

**Points of View**

**NOT TOO HASTY, NOW**  
(Kamloops Sentinel)

It is more than likely that within the next few days assiduous probing may uncover the real reason for the cold reception Kamloops potatoes are receiving in British Columbia markets. But in that probing many reasons, some bitter, some vindictive, some senseless and some of value, will be broadcast. It behooves all interested in the future of the potato industry of this district to think before they speak and not to take too seriously all or part of what may be said. The main thing to remember is that Kamloops wants to know exactly why her potatoes are not being purchased this season. Once that has been uncovered, plans may be made to prevent recurrence of a situation such as confronts this district today—the season more than half gone and but five or six per cent of the crop moved.

**THE PROBLEM OF EMPLOYABILITY**  
(Grand Forks Gazette)

More recent studies of national unemployment make a clear distinction between those who are employable and those who are not, and from statements made by Chairman Purvis of the Dominion's Commission and other authorities it is evident that too large a proportion of the unemployed are unemployable.

As there is a close relationship of physical fitness to employability, British Columbia's experiment in recreation work is of national interest. That work is in charge of Ian Eisenhardt, who contributes a most informative article on the subject to "Health," in which the writer says:

"Broadly, the scheme may be described as one to extend to all classes certain physical advantages that formerly were enjoyed by only the more favoured."

"The state is interested in the mental as well as the physical health of its people. You cannot have a healthy mind without a healthy body, but neither can you have a really healthy body without a healthy mind."

"When the Government launched the British Columbia Physical Training Scheme, the women were not forgotten. Physical fitness of our young women is no less important than that of the boys. And the women have availed themselves of the opportunities afforded, and today outnumber the men members considerably."

"The work of the centres is to provide an inspiration, to give advice and to assist in organizing, and also to induce those, who, for various reasons, would be unable to take part in sports and games, to join in the wholesome activities which the centres provide. Although we here in British Columbia are leading the Dominion of Canada, through this scheme, it will take some years before we can really measure results. We have a long way to go yet, and we shall not be successful until all our citizens are convinced of the value of physical fitness."

**HARDER FOR HOSPITALS**  
(Penticton Herald)

Provincial Government regulations for hospitals are becoming more onerous each time the legislators tackle hospital legislation.

Hospital boards are now required to undertake all manner of supervision along lines never previously contemplated. As an instance, they must establish rules for local doctors and go through a mass of formalities which in small communities, at any rate, seems entirely unnecessary.

Fees received by boards are being reduced. Formerly the Province paid seventy cents per day for each patient in a hospital. This amount included the day the patient entered and the day the patient departed. But now the government has cut off one day, and will only recognize as a payment day, one instead of two. Penticton Hospital Board lost \$140 last month because of this change in the situation.

Worse still, the Government has now provided that municipalities must pay for hospital patients no matter where these patients may be in the province.

Let us explain. The Municipality of Penticton has to pay about seventy cents a day for each patient in the Penticton Hospital whether that patient is a paying one or not. Thus the Hospital Board receives \$140 from the Province and the Municipality pays as a grant for every patient day. This sum in so measure makes up for the large number of patients who never pay the hospital anything for the attention they receive.

Under former regulations, Penticton Municipality did not have to make any payments to hospitals outside the province, which might be treating Penticton people, unless these patients were there in an emergency or on specific order from the local Municipality.

But now Penticton people can go to any B.C. hospital they choose and Penticton municipality must pay seventy cents a day for their maintenance. This is irrespective of whether or not these people are paying for their hospital care. As Penticton has its own hospital, the Council does not see the advantage of having to pay other hospitals merely because some local citizens may wish to enter these institutions.

Big hospitals like those in Vancouver will gain through the new regulations, but the smaller hospitals will lose.

A hardship is certainly worked on those municipalities, such as Penticton and Summerland, which must maintain hospitals of their own and still pay for anyone going elsewhere.

Another disability under which hospitals labour is the fact that insufficient money is received from unorganized districts.

If a patient comes from Oliver, the Penticton Hospital receives the government's seventy cents a day plus what it may collect from the patient. On the other hand, if the patient comes from the municipality of Peachland, the hospital collects the government's seventy cents, plus seventy cents from the municipality of Peachland, plus any collection from the patient personally.

There does not seem any good reason why a hospital should receive less money because a patient is in unorganized territory. In such a case, the government grant should be larger in order to make up for the fact that there is no municipal payment.

**THE WORLD IS NOT YET READY FOR PEACE**  
(Cranbrook Courier)

The question now agitating Europe, and also being asked to some extent in Canada, is what is to become of the League of Nations. No one seems to know the answer.

In the one great purpose for which it was established—the prevention of war—the League has signally failed. Soon after the World War, Lithuania seized the port of Memel in defiance of the League, and nothing was done about it. Later, Poland took Vilna, with the same result. Several years ago, Japan began grabbing off parts of China, and more recently came the Italian conquest of Ethiopia, and now Japan's invasion of China.

The League represented a noble ideal. But its effective operation presupposed a stage of civilization which the world has not yet reached. Nations are not ready to go to war in the general cause of peace, where their own interests are not concerned. And it is very doubtful if we shall live to see such a day.

Nations are but a reflection of the people who compose them. Expect to support the League therefore is fundamentally the failure of the people of the world to be sufficiently interested in the cause of peace to fight for it. We have not yet reached that level of civilization where we are willing to discard war as an instrument of national policy. And until we do so, all the leagues in the world will not prevent armed strife.

While living in Rome last month, the Infanta Marie Christina, daughter of ex-King Alfonso of Spain, posed for her latest and exclusive portrait in (1). Her father spends a large part of his time in England. H.R.H. the Duchess of Kent went to Greece along with the Duke early in the month to attend the wedding of Crown Prince Paul of Greece to Princess Frederika of Hanover. The Duchess (2) attracted a good deal of attention at the Victoria Station, London, by wearing the novel feathered hat seen in the picture.

**Kelowna In Bygone Days**

(From the files of the Kelowna Courier)

**THIRTY YEARS AGO**

Thursday, January 23, 1908

The Kelowna Tobacco Leaf Co. have finished the work of stripping and sorting last year's tobacco crop. The product of about twenty acres was handled. A good deal of the tobacco supplied by local growers could not be used owing to improper treatment in growing and curing, but this will be remedied in future years by instructing farmers in the cultivation of the plant.

About \$700 was paid out in wages for the sorting operations, and about 21,000 pounds of Spanish leaf, Wisconsin seed, for which 11c per pound was paid, and 3,400 pounds of Havana at 16c per lb., were bought from growers.

The tobacco is now all cased and ready for sweating, which will be continued during the winter. It is hoped to have a large part of the crop ready for market about May 1st. Mr. Holman is now at work re-casing the previous year's Havana crop.

At the first meeting of the 1908 City Council, held on Jan. 20th, committees were struck as follows: Board of Works: Aldermen Buckland, Stirling and Curtis. Finance: Aldermen Stirling, Gaddes and DeHart. Fire, Water and Light: Aldermen Gaddes and DeHart.

An editorial under the caption "Sleepy-Looking" renews the campaign, persistently carried on by the Courier in 1907, for installation of municipally owned water and light systems. It says in part: "Now that the same Council that ruled Kelowna in 1907 has been returned again to power, we have no apology to offer for taking up once more the subject of water supply and electric lighting, and we propose to carry on a campaign for municipal ownership which, we hope, will result in these priceless franchises remaining in the possession of the people for all time."

"Much valuable time was lost last year in getting under way, and now that the Council has obtained a quantity of preliminary data as to costs, the work should not have to be done over again this year, as might have happened should a new set of aldermen have been elected."

"Our Council should lose no time in making renewed efforts to float sufficient debentures to put Kelowna in possession of water and light by the end of the year, and the financial stringency is not such that it is impossible to obtain the money. We would not advocate paying an excessive rate of interest for a long term of years, but it should be possible to float redeemable short-term debentures at the rate of interest now prevalent, to be taken up as the money market improves and replaced by a fresh issue at lower rates. This is a familiar form of finance and involves nothing intricate, only the payment of a slightly higher rate of interest for the term that money will remain dear. Surely it is better that a little extra money should be spent to secure these needs than that Kelowna should become a by-word as a moss-back town, devoid of the elemental comforts of city organization."

"A word of bitter criticism sometimes brings home a truth better than scores of argument, and a forcible piece of it was given to the editor of this paper by ex-Mayor Hammer, of Grand Forks, an acquaintance of many years standing, who was in Kelowna last week. Mr. Hammer is head of the Knights of Pythias in British Columbia, and as such travels over the province and has a chance to compare its various towns. His opinion of Kelowna was summed up in the epigrammatic sentence: 'I don't like your town; it's too sleepy-looking.'"

"There you are! No doubt his eye missed the familiar multitude of arc lights, incandescent lights, fire hydrants and the THREE fire-halls of Grand Forks. His home town has had its ups and downs; it has been cursed at times with boodlers and grafters and an undesirable class of citizens from the American side, but through it all its municipal government has steadily kept up a splendid water and light service and probably the best fire protection system of any town under five thousand in the West. At our present rate of growth, we should be up to Grand Forks in the next year or so, as its population is only about two thousand—yet it has enjoyed municipal light and water for some ten years."

"Small wonder, then, that ex-Mayor Hammer dubs us 'sleepy-looking!' The more shame to us that there is any truth in the epithet; so let us be up and doing to obtain the conveniences that will make us a city in actuality, not merely in name, and will round out the attractiveness of our unrivalled climate and beautiful scenic location."

**TWENTY YEARS AGO**

A Kelowna store again figures at the top of the

**Royalties In Public Eye**

While living in Rome last month, the Infanta Marie Christina, daughter of ex-King Alfonso of Spain, posed for her latest and exclusive portrait in (1). Her father spends a large part of his time in England. H.R.H. the Duchess of Kent went to Greece along with the Duke early in the month to attend the wedding of Crown Prince Paul of Greece to Princess Frederika of Hanover. The Duchess (2) attracted a good deal of attention at the Victoria Station, London, by wearing the novel feathered hat seen in the picture.

competition held every year by 'The Canadian Grocer' for the best dressed Christmas window. The prize has been awarded this year to Messrs. J. F. Fumerton for their splendid window. This window was dressed by Mr. E. Lawley, and was highly praised locally by one and all. Mr. Lawley's window took the first prize in the same competition last year, with the two other grocery stores taking second and third. Kelowna has to compete against towns of all sizes up to a population of ten thousand."

"Tuesday evening's boat brought two more of Kelowna's soldiers back to their home town. This time the two returned men were Pte. Victor DeHart and Pte. J. Sinkinson. Both men left here with the 122nd Battalion, and both have been to France. DeHart has returned on account of wounds received near Vimy Ridge, while Sinkinson has been sent home on account of his age, which the authorities claim is too old to allow of him taking part in the rougher work in the trenches."

At a meeting of the Kelowna Volunteer Fire Brigade, Mr. M. A. Alsgard was elected as Chief, in succession to Mr. F. M. Buckland, and Mr. J. W. B. Browne was chosen as Secretary.

A deputation consisting of Messrs. M. A. Alsgard, F. M. Buckland, J. W. B. Browne and E. C. Graham, representing the Kelowna Volunteer Fire Brigade, waited upon the City Council and presented a request from the Brigade for a motor chemical truck, the purchase of a Cadillac car from Mr. J. F. Burne and equipping it for the purpose being estimated at \$1,800. The Council granted the request and passed a resolution authorizing the expenditure.

The Kelowna Troop of Boy Scouts was awarded the Lieutenant-Governor's Challenge Shield as the Troop that made the best possible progress in the province during the year 1917.

The Kelowna Branch of the Okanagan Ambulance League made a fine record for patriotic work during 1917, forwarding over 3,500 articles to Red Cross headquarters. These included over 1,600 pairs of socks, 350 day shirts, more than 500 suits of pyjamas and large quantities of underwear, bandages, other necessities and comforts. At a conservative valuation, the articles were computed to be worth over \$4,000. Cash contributions received by the Branch amounted to a total of \$1,548.57 during the year.

Prices paid by the Kelowna Creamery for butterfat, as from Jan. 15th, were: No. 4, 47c per pound; No. 2, 45c per pound.

At the annual meeting of the B.C. Fruit Growers' Association, held at Victoria, the entire Executive was re-elected, consisting of: President, C. E. Barnes, Walhachin; Vice-President, J. E. Reekie, Kelowna; Secretary, Prof. F. M. Clement, University of B.C., Vancouver; Executive Committee: T. Abriel, Nakusp; R. M. Palmer, Cowichan Bay; W. E. Chapple, Armstrong; L. E. Taylor, Kelowna.

**TEN YEARS AGO**

Thursday, January 26, 1928

"Olive and Dave McDougall secured a large female cougar and her kitten near Eight Mile Creek last week. The mother was treed by their collie dog, which also killed the kitten. Five partly consumed deer carcasses were found near the place where the cougars were captured, one of which was that of a very large buck which the mother cougar or her mate had evidently ridden for a long distance before he died of his wounds."

The annual commemoration of the birthday of Robert Burns evoked an attendance of about 250 people in the Morrison Hall on Jan. 25th. Mr. Geo. S. McKenzie presided and the address on "The Immortal Memory" was given by Mr. E. M. Carruthers. Dancing to the early hours of the morning followed the supper part of the programme.

As the result of a plea made by a deputation from the Kelowna Radio Association, consisting of Rev. A. K. McMinn, Mr. W. Maddin and Mr. J. Leathley, for civic aid towards the purchase of remote control apparatus for the local amateur broadcasting station 10AY, for which purpose the Old Scouts had raised about \$450, the City Council decided to make a grant of \$300 to the Kelowna Board of Trade for publicity purposes, to be earmarked for the purchase and installation of radio remote control equipment.

The Kelowna Women's Institute elected the following officers for 1928 at a meeting held on Jan. 18th: President, Mrs. A. A. Hall; Vice-President, Mrs. D. W. Sutherland; Secretary, Mrs. O. France; Treasurer,

**Odds And Ends**  
WISE AND OTHERWISE

**ARE MOUNTIES MEN OR MICE?**

Fortunately for this column, there have been a number of interesting items come to my attention through the exchanges received in this office. In fact, they are quite amusing. One topical story emanates from the Regina Leader-Post, and concerns those birds who give every fair damsel's heart a good going-over—the Mounties. The Post says: "An apple a day may keep the doctor away, but the Mounties' Police will put their faith in grapefruit juice. It's orders, sir."

"Henceforth, instead of one box of apples per man per year, the Mounties will receive grapefruit juice, two dozen tins per man per year."

"Authority for the statement is amended R.C.M.P. regulations published in the current Canada Gazette, official publication of the Dominion Government."

"The switch from apples to grapefruit juice, apparently, is the only major change in a Mountie's diet. Even the lowly onion holds its own, 50 pounds per man per year being unchanged."

"The question naturally arises. Is the B.C. Fruit Board, under Mr. Lawley's management, going to stand idly by and see the Mounties suffer because they are getting their proper vitamins? Certainly not, the expense will go to advertising."

**PRECOCIOUS YOUTH**

And here's another which the Merritt Herald laughed quite heartily at, and is said to be a true story: "During the collection at a Sunday School, the boys were expected to quote a bible quotation as they handed in their mites. The first said, 'It is more blessed to give than to receive.' The next, 'The Lord is my strength and my shield.' The third, a freckle-faced lad, who was 'all boy' handed in his offering with the remark, 'A fool and his money are soon parted.'—story told by Rev. L. A. Smith, vicar, at St. Michael's annual vestry."

**WHAT A FRIGHT HE GOT**

And here is another authentic story of a baggageman who was really frightened. It emanates from Kamloops and concerns one of the main line trains passing through that centre. The story follows: "One night recently a baggageman boarded his train at Kamloops. It was 4 a.m. In the car was a rough box containing a coffin and corpse."

"A short time after the train got under way the baggageman heard a call. It came from the vicinity of the box. Startled, his hair on end, and with cold shivers running down his back, he waited—and watched."

"The voice called again. "Convinced that whoever was in the coffin had returned from the dead, the baggageman went to his toolbox to get a crowbar. He intended to pry the lid off the casket. Again the voice was heard. He hurried to the coffin. Again he saw a cage behind the coffin. It contained a parrot."

**Weekly Book Review**

(Books reviewed in this column may be obtained at the Kelowna Branch of the Okanagan Union Library, and probably at other libraries in this district.)

**"THEY COME, THEY GO," by Winifred Peck, Faber, 1937.**

The sub-title of this charming and unusual novel is "The Rectory of English Rectory," and it is the Rectory, or rather, the parish which is the true hero of the story. Miss Peck writes with a style which we love it too, long before we have finished with the different rectors and their families who have lived in this parish over a period of four hundred years.

We see it first in 1537. The dissolution of the monasteries has begun, and St. Mary Luce, built by the Cistercians three hundred years before, comes under the hammer of the king's men. Old Brother Francis alone remains in the beautiful Abbey. His heart is so tied to the gardens he himself has made through years of toil, that he contrives to get himself appointed rector of the new parish, and there he stays until his death in 1549. The Abbey itself is deserted, the Rectory being used as a church, and the old guest house as the new rectory.

Then, for four hundred years, they come and go, a strange and various pilgrimage of clergy. Each succeeding rector of this parish typifies some aspect of his particular age, and through them and their families we glimpse the manifold changes in thought and custom which have brought England where she stands today, advocate of reason and tolerance. We see the country people of St. Mary Luce going their time-honoured ways, following the faith their fathers followed, though the forms alter through the ages. Above these simple folk, in far-off London, the drama of life moves more swiftly and with more spectacular effect. Kings and queens come and go, and England is alternately Catholic and Protestant. In St. Mary Luce, as in other little villages throughout the land, these changes are typified by the men who come and go in the Rectory. We have the Rev. Philip Catchpole, the most fanatic of them all; the Rev. David Curte, the most scholar than priest; the Rev. Lionel Curte, who cared only for sport and amusements in the old rectory. Altogether there are nine biographical chapters. Each is concerned with a different period and a different collection of people, but all are bound together into one study of one little part of England. Through the long years the once magnificent Abbey crumbles away, till in the final chapter it disappears altogether and railway lines run where once men prayed to God.

So we take leave of St. Mary Luce, now a modern factory town, and long since abbreviated to Simmy Luce. The new rector is more interested in organizations and local council meetings than in theology. The date is 1937. A.A.

Miss M. I. Reekie; Directors, Miss M. I. Reekie, Mrs. F. B. Lucas and Mrs. F. M. Kevil.

The United Church Young People held election of officers at their annual general meeting on Jan. 20th, with the following results: Honorary President, Rev. A. K. McMinn; Honorary Vice-Presidents, Mr. J. Ball, Mr. C. F. Brown, Mr. G. S. McKenzie, Mrs. A. K. McMinn and Miss Marie Chapin; President, Miss Bessie Hawes; Vice-Presidents, Mr. J. Ribelin, Miss Ruth Wilson and Miss K. Ryan; Secretary, Miss M. Pettigrew; Treasurer, Mr. J. McClelland; Co-opted members of the Executive, Miss F. MacKinnon, Miss E. Gordon, Mr. D. Lewers and Mr. F. Fumerton; ex-officio member, Miss Florence Cartridge; Leader of Department Studies, Mr. O. L. Jones.

The Anglican Parish Guild, at their annual meeting on Jan. 18th, chose the following officers: President, Mrs. B. E. Shaylor, re-elected; First Vice-President, Mrs. H. J. Hewitson; Second Vice-President, Mrs. M. E. Cameron; Secretary, Mrs. O. French; Treasurer, Mrs. L. J. Kelly; Executive Committee, Mrs. G. Royle, Mrs. Lindsay Reed, Mrs. A. M. Watt, Mrs. F. A. Martin and Miss K. Coubrough; Convener for Teas, Mrs. A. K. Stuart.

TWO FAST BASKET GAMES ARE WON BY PEACHLAND CREWS

Junior And Senior C Teams Turn Back Pentiction Threats

PEACHLAND, Jan. 27.—The best exhibition of basketball by local teams was seen on Friday night in the Athletic Hall, when the local and Pentiction Juniors and the Senior C's, playing against the Pentiction Intermediate A's, reversed last week's winning score by the Pentiction team. It was the first display of team work by local teams yet shown, and both games were a pleasure to watch, although it is regretted that a larger crowd was not present to see the contests.

The preliminary game was a rough tussle with an abundance of fouls on both sides. Twiname, who showed at his best in this game, scored the first basket to start off his scoring record of the game, with his total 10 points. Don Miller, backed by some nice team work, made the second score after Latimer started his team off with a well-timed shot into the basket. Gummow and Miller scored to make it 8 to 2 at quarter-time.

Game Speeds Up Leading off again, Twiname brought it up to 10, with Riley scoring his fourth basket to give his team 4 points. With both sides throwing themselves into the fray, the game speeded up with Sanderson and Todd guarding well to make the southern team work to get a chance at the basket. Gummow, at centre, had his hands full with Riley, who put lots of punch into his game. Kelly and break into the winning side, but at half-time the score stood 16 to 10 for the locals.

The last half saw the teams go into a rough and tumble of fast play, with both doing his best to break into a winning lead. Both Latimer and Hurley scored 4 points in this game. Latimer scoring the highest points for both teams in the game with 12 points to his credit.

At no time in the game did the southern team look as though they were going to be able to take the honours, with the locals showing a substantial lead all through, to finish 25 to 18.

Just Anybody's Game This was reversed in the second game, which was anybody's game until the last whistle sounded. Manning was evidently the play boy of the team and made a very fine score in the first half with 16 points to his credit. In the last half of the game he decided to get a little practice at long shooting and only got one in the basket. Whether the Pentiction team started out to do a little practicing of long shooting and fancy shots or not, they lost their game by this kind of shooting.

Bowering, for the locals, was in the game to win and came only two points behind Manning to make 16 in the game. Both George and Norman Ekins showed in good form as forwards during the game, with Gillam proving an effective guard with the help of Miller and Gummow, both of whom had played in the Junior game.

From the start of the game, which led off with a basket by Bowering, the lead went back and forth from Peachland to Pentiction, and at quarter-time it stood at a draw 14 to 14. Alternate scoring took it to a 16-all score, an 18-18 draw, then 20 to 20, 22 to 22 and at half-time 24-24. In the last half, when Pentiction started their fancy shooting, the locals gradually drew away to finish 44 to 35. The last quarter saw a fast and furious finish but the southern team was unable to balance the score and take the lead.

Peachland Juniors: Twiname 10; Miller 7; Gummow 6; Sanderson 2; Todd, Gaynor—25.

Pentiction Juniors: Latimer 12; Hurley 4; Riley 2; Kenyon, Kincaid, Mercer, Adams—18.

Referee: Foreman.

Peachland Senior C: Bowering 16; G. Ekins 12; N. Ekins 10; Miller 4; Gummow, Gillam 2—44.

Pentiction Intermediate A: Manning 18; Joyce 8; Adams 4; Johnson 5; Harvey, Murray—36.

Referee: Twiname.

Kelowna And District Sports

GREAT DISPLAY OF SHOOTING AND BALL HANDLING

Tucker's Bearded Aces Give Fine Show In Defeating Pheasants 49 To 30

DEADLY SHOOTING Scouts Gain Revenge By Defeating Intermediate A Crew 45 To 29

Giving an exhibition of ball handling and shooting second only to that of the Harlem Globe Trotters, Tucker's Bearded Aces thrilled a fair-sized crowd at the Scout Hall on Saturday night when they went through the Orchard City crew for a 49-30 victory.

Not only did the visiting bearded boys play clean basketball, but their style of play made Kelowna work harder and concentrate more on head plays in order to find the hoop. Kelowna's shooting ability, especially in the first period, was superior to anything displayed by this season.

In fact, so well did Kelowna find the basket that the visitors from Bentons Harbour, Mich., were outscored in the second quarter. The House of David group went into an early lead which was never seriously threatened, but the fast work of the local crew kept them on the alert throughout.

For the first twenty minutes the shooting on both sides was deadly. The ball whizzed through the netting with monotonous regularity, whenever a player was given a set shot. Fry was particularly "on," and converted seven out of his first eight points.

At the quarter, the Aces were in the lead 18-8, Pharo having been responsible for fourteen of the opposition points. In the second quarter, however, the keenest competition resulted, beauties 10-8. The result that at half time the scoreboard showed the count as being 28-17.

Griffiths and Campbell were responsible for most of the Kelowna scores, they being the only two who could get in on the enemies' defence for any possible set-ups. Johnston was right in the running and played hard throughout.

In the third quarter, Pharo continued on his way to add another six points, but Kelowna did not allow the lead to be advanced to any extent. In the first ten minutes, the visitors contented themselves with trick plays, only occasionally taking advantage of openings to score.

Duboski, small, lively player, was one of the king pins of the visitors' attack, and his quickness of motion was amazing. Don Henry, the black-outstanding player whose ball handling ability was great.

Sweet Revenge Sweet revenge for a previous defeat was tasted by the Kelowna Scouts in the preliminary contest, when they turned in a sparkling exhibition to avenge the Intermediate A lads by a 49-30 count. It was a decisive licking, the Scouts running berserk in the third quarter to pile up a lead which could not be overcome.

Eugene Ryan was the standout Scout player, bagging 19 points in a big second period spurge. Ward kept the Scouts in the running for the first period, but was away off the basket for the second twenty minutes. Handling was all over the floor for the losers, but was inclined to shoot too often. He worked hard.

At half-time the A's were in the lead by four points, 16-12, but they made the mistake, in the third quarter, of taking all their taller players off the floor at one time. Before the smoke cleared the Scouts had piled up an advantage which was dynamite.

The scores follow: Int. A: Noble, Tomiye 2, Noel 4, Roth 1, Handlen 8, Treadgold 6, Krasselt 4, Scrib 4, Hill—29. Scouts: Ryan 19, Chapman 1, Henderson 10, Herbert 1, Ward 11, Noble 1, Brydon 2—45. Bearded Aces: Hallisey 1, Pharo 20, Currie 4, Henry 12, Duboski 7, Woods 5—49. Pheasants: Griffiths 8, J. Tostenson, C. Westenson 2, H. Johnston 6, Campbell 8, Hargie, Meikle 4, H. Pettman 2—30. Referees: C. Pettman and Armstrong.

Failed To Form French Cabinet Georges Bonnet, prominent politician, failed to form an administration during the recent crisis in France. Lack of Leftist support blocked his efforts.

Junior Star Annexes Badminton Crown In Club Championships

Alan France, 15-year-old Contestant, Proves Superior To Older Players In Tournament Play — Wins Mixed Doubles Title As Well In Partnership With Miss Hazel Browne Against Rex Lupton And Miss Margaret Taylor—Miss Taylor Retains Supremacy In Singles And Doubles Matches

ALAN France, 15-year-old star shuttle player, carried off premier honours in Badminton Club circles last Thursday evening when he trounced Jack Treadgold in the finals of the Men's Open Singles in two straight sets. Alan is the youngest player to ever hold this crown, and his supporters are confident that he is the coming badminton player of the Interior of British Columbia.

Headed For B.C. Tourney Next month, Alan will be headed for the Coast to invade the annual junior tournament for the championship of B.C. and many Kelowna enthusiasts will be confident that he will carry off this title, as well.

Not only did Alan France win the men's singles, even at the tender age of 15, but he partnered with Miss Hazel Browne to wrest the mixed doubles' honours from the well-known team of Rex Lupton and Margaret Taylor. This was a supreme triumph as the name of Margaret Taylor has not been omitted from this trophy for the seven consecutive years of play, or ever since the cup was presented.

In the men's doubles, he and Dexter Pettigrew, another junior, tried hard but could not withstand the onslaught of the strong team of Lupton and Treadgold. More interest was taken in the club championships this year than for many moons, and play was keen throughout. Especially did the handicap events get fine support, and the competitions resulted in burning the midnight oil on two of the three evenings of play last week.

Entries were not plentiful in the ladies' open sections, as many of the players felt the competition was a little too keen to withstand, and they contented themselves with entering the handicap events. Margaret Taylor was once more outstanding in the open events, winning the ladies' singles handily from Miss Hazel Browne, and partnered with Mrs. Mabel France, taking the doubles' honours from the other finals aspirants, Misses Marion Elmore and Annie Allan.

Powerful Smashes Alan proved superior to his opponent, Jack Treadgold, in several departments, his smashing being much more powerful and his better footwork enabling him to anticipate shots better. As a result, he defeated Treadgold in two straight sets, 15-7, 15-7. It was a tough battle in the men's

Results Of Championship Matches At Badminton Club

SENIOR C'S FADE IN SECOND PERIOD AT SUMMERLAND

Southern Squad Outscores Visitors By Fifteen Points, 37-22

For twenty minutes Kelowna Senior C captured the strong Summerland Merchants on their own floor last Saturday with an air-tight zone defence and were ahead 16-12 at the half-way mark, only to have that zone split open in a free-scoring second period of play. Summerland eventually turned out winners by a 37-22 count.

Failure to tab Mark Gregory, speedy Summerland player, was responsible for the Kelowna loss to a great degree, as that sharp shooter tagged 14 markers, all in the last twenty minutes.

Zone Defence Good For the first half the Kelowna team played but five men, Summerland being unable to score from close under. All the Summerland scores were from away out or from rebounds picked off. At the end of the first quarter, Summerland was out in front 6-4, and by the mid-way point had increased the margin to 16-12.

Only one basket was countered by the Kelowna seniors in the third quarter, while Summerland ran through for an edge of 24-8.

At the end of the game, Summerland was out in front 37-22. The Kelowna team was unable to score from close under. All the Summerland scores were from away out or from rebounds picked off. At the end of the first quarter, Summerland was out in front 6-4, and by the mid-way point had increased the margin to 16-12.

Only one basket was countered by the Kelowna seniors in the third quarter, while Summerland ran through for an edge of 24-8.

ALEX MARSHALL IS PRESIDENT OF SPORTS GROUP

Kelowna Rod And Gun Club Chooses Well-Known Sportsman As Leader

DEER DISPUTE SETTLED Oppose Any Lifting Of Restrictions In Migratory Game Birds Treaty

Alex D. Marshall, well-known local sportsman, was chosen President of the Kelowna Rod and Gun Club, replacing Mr. Ben Hoy, when the newly-appointed Executive met on Thursday evening last, following the annual general meeting.

With Mr. Marshall are Mr. Dick Parkinson, Vice-President; Mr. Maurice Lane, Treasurer; and Mr. Frank Lucas, Secretary. The latter two were re-elected. Dr. B. F. Boyce is Honorary President, and Mr. R. B. Staples is Honorary Vice-President.

Other members of the Executive are Messrs. Ben Hoy, Ron Weeks, Jock Stirling and Hugh Kennedy.

Recommend Vancouver Man In dealing with a circular letter from Commissioner J. Cunningham, of the Game Board, the Kelowna Club has suggested that Mr. Frank A. Ashton, of Vancouver, be appointed to the Advisory Board of the International Sockeye Salmon Commission.

Two other names had been suggested as to whether the vote was sufficient as he is said to have considerable time to spare.

It is understood that Mr. Hugh Kennedy raised the question of the split vote on the deer season, and expressed dissatisfaction with the procedure of voting at the annual meeting, as given in detail in The Courier, as given in detail in The Courier, as given in detail in The Courier.

Since that time, it is believed that the question has been settled to Mr. Kennedy's satisfaction, and the recommendation that the season be curtailed two weeks and end at December 1 will go forward to neighbouring clubs for their decision.

Mr. C. P. Sissons, Publisher of the Game Trails in British Columbia, official organ of the B.C. Fish and Game Protective Association, has drawn the attention of the Kelowna Club to the newly-formed British Columbia Game Development Association.

B. C. Wide Campaign Mr. Sissons objects to the idea be (Continued on page 6)

WENATCHEE HERE FOR TWO-GAME BASKET SERIES

International Aspect To Duo Of Matches With Les Norlin's Proteges

This week-end, old-time rivals of Kelowna basketball crews will be present at the Scout Hall to stage a big two-game series which smacks of the international. Wenatchee, coached and managed by Maestro Les Norlin, who has nursed many, many teams from his native town through the vastness of the Interior, will be at the Scout Hall this Friday and Saturday to do battle.

Arrangements were practically completed last week for a five-town tour, but these plans were split asunder when Pentiction, Hedley and Princeton failed to come through with the necessary dates and guarantees.

Finally, in desperation, Summerland and Kelowna agreed to two two-game series for this week, and basketball fans of both communities are looking forward with eagerness to the tightest type of competition.

Summerland entertained these visitors from across the line on Wednesday night and are playing them again this evening. Tomorrow night they move on to Kelowna, and will meet the Pheasants again on Saturday night.

Two junior squads have been picked out for the preliminary contest on one evening, and these youngsters, who will comprise the senior teams of the future, always show the crowd a good time. The Kelowna Senior C's will feature the second preliminary against a squad which has yet to be picked.

Les Norlin has always brought teams to the Interior from Wenatchee, which force the local squads to their utmost, and some wonderful cage battles have been witnessed on the local floor. He has assured the Basketball Club that his team this year is every bit as good as those of former seasons, and that the Kelowna Pheasants will have to go all out to win.

GOLFING CONTINUOUS AT PENTICTON PENTICTON, Jan. 27.—For the past week, golfing has been in progress on the local nine-hole course. Some of the enthusiasts have been out practically every evening, while others have been out once or twice. On Sunday, as on the Sunday preceding, here were quite a number of twosomes and foursomes following the white pill, in addition to several who "went it alone." Similarly, on Saturday afternoon, when the sunshine was warm and every evening spring-like, there were several parties making the round.

"Generally speaking," says a writer, "if many people offer a man exactly the same advice, it is best for him to follow it." And yet centre-forwards persist in passing instead of shooting.

INTERNATIONAL BASKETBALL SERIES FRIDAY AND SATURDAY, JAN. 28 - 29 Games at 8 and 9.15 p.m. WENATCHEE vs. KELOWNA PHEASANTS SCOUT HALL Les Norlin is coaching and managing this Wenatchee team and says he has a snappy group of boys. Prices are kept down to a minimum at a popular standard of 25c and 10c

**SALES ARE DOUBLED  
AT COAST CENTRES  
FOR APPLE WEEK**

(Continued from Page 1)

VANCOUVER, B.C., Jan. 26.—Speed, accuracy and confidence characterized the demonstration by Isobel Stillingfleet, Apple Packing Queen of the British Empire, before more than 250 Vancouver men and women at a luncheon of the joint B.C. Products and Advertising & Sales Bureau of the Vancouver Board of Trade, held in the Georgia Hotel on Monday noon, January 24th.

In two minutes and fifteen seconds Mrs. Stillingfleet completed a box pack of 138 Winesaps while Bryson White, of Vernon, Chief Inspector of the Dominion Fruit Branch, narrated the intricacies involved in the process and told the purposes of packing apples.

Fascinated by the rhythmic performances of Queen Isobel, hundreds of guests individually timed her progress from the placing of the first apple to the finish of the final tier, which showed a perfect bulge.

Laughter echoed through the room as Bryson White jocularly suggested that some of the guests might wish to try their hand at the art of packing.

**Dean Clement Speaks**  
"The Apple" was the topic chosen by F. M. Clement, Dean of the Faculty of Agriculture of the University of British Columbia, guest speaker, who carried his audience into a humorous and colourful review of the place apples have taken in the progress and development of civilization.

He took the older members present into a reminiscence of the days when apples were always available in the cellars of homes of old Ontario and the Maritimes; made casual mention of the ever-present keg of cider and built a theme of early pioneering around the two first important steps of establishing farm homes.

"The digging of a well and the planting of an orchard were the two essentials that went hand in hand with the building of a pioneer home," he said. "In earlier years, apples were grown for their physical value in home consumption and exchange between neighbours.

**Pioneers of New Era**  
"Fruit growers and farmers today pioneer a new era of production, merchandising and trade. They produce thousands of boxes of apples that represent value in the distribution of wealth; that represent a payment for services of those who produce boxes and paper from the forest and nails, wire, printing and transportation. The apple crop of B.C. also represents the labour of packing and handling and provides the means through which producers of apples can, in turn, purchase their requirements of commodities produced by city consumers.

"In the composite process of grading,

Please phone any social items to 466

Dr. and Mrs. W. W. McPherson were visitors to Kamloops last week, where they helped celebrate Burns' Night. Dr. McPherson was guest speaker.

Mr. and Mrs. J. W. Hughes, Mr. and Mrs. Thomas Ryall, and Mrs. H. F. Chapin left for California last week by car. Mrs. Chapin will visit friends in California and Mexico, and Mr. and Mrs. Ryall will also inspect Mexican territory. Mr. Hughes intends to mix business with pleasure, and will inspect numerous vineyards in the south.

Mrs. K. McLaren is visiting at Vancouver this week, prior to her departure for California, for the remainder of the winter.

Mrs. J. A. Fraser, who had been visiting Mr. and Mrs. Richard Spilsbury, returned to her home in Victoria this week.

Mr. F. E. Loveday, accompanied by his daughter, spent Friday in Kelowna en route to his home in Ottawa.

Mr. and Mrs. D. G. Stiell left on Friday for Toronto, where they will visit with their daughters. They expect to be away about a month.

Mrs. R. P. Hughes entertained friends at dinner on Saturday, the occasion being the celebration of the anniversary of her wedding.

Recent visitors to the Coast, who have returned to Kelowna, include Dr. J. S. Henderson, Mr. and Mrs. J. Galbraith, Mr. Charles Roth, Mrs. Vic Freeman and Mrs. Percy Rankin.

Mrs. R. B. Staples was a tea hostess last Friday afternoon.

Mr. F. Appleyard, C. N. telegraph operator at Kelowna for the last four months, has been transferred to Blue River and Mr. Jack White, of the C. N. billing staff, has returned to his home in Kamloops.

Mrs. E. Abbott entertained a few friends at their home on Pendozi Street on Tuesday of this week.

**UNITED CHURCH ANNUAL MEETING TO BE HELD FRIDAY**

The annual meeting of the congregation of the United Church will be held in the Church Hall on Friday evening, Jan. 28th, at 7.30 p.m. Reports upon the work of the various organizations during 1937 will be given and election of officers will take place.

In honour of Mrs. D. G. Stiell, who has gone to Toronto to visit her daughters, Mrs. E. M. Carruthers was a tea hostess at the Royal Anne on Wednesday afternoon.

Packing and merchandising the apple today, credit is due those who endeavour to obtain prices which assure a fair return to the producer. Credit is due those who advise the means of preparing the apple for consumption and telling the story of its value," he added.

He gave the audience valuable information about the essential food units and nutrient value of apples so necessary to healthful life and vigour and closed his remarks with the following recitation:

An apple likes to munch:  
The working man is glad to find  
An apple in his lunch;  
For lot of all delicious fruits  
The sunny seasons bring.  
The peach, the plum, the grape, the pear,  
The apple is the King.—Irving.

**Distributors Responded**  
Chairman Leander Manley, of the Advertising & Sales Bureau, shared honours for the day with Leslie Martin, Chairman of the B.C. Products Bureau, in introducing Queen Isobel Stillingfleet. Mr. Martin announced that he had received a wire from Kelowna stating that the cartons of more than usual had been shipped during the last two weeks. This tangible evidence of consumer reaction was brought about by the advertising and sales effort of individual wholesale and retail distributing firms who responded magnificently to the proclamation of His Worship Mayor Miller of B.C. Apple Week, January 22 to 29, and the excellent representation of apple growers by their ambassador of goodwill, Queen Isobel Stillingfleet.

During the current week, arrangements were made through the offices of the B.C. Products Bureau under the direction of Archie Foreman, Secretary, to have a special series of lectures carried on at the various schools in Vancouver. This was supplemented by providing all of the domestic science teachers with copies of numerous recipes for the use of apples, which were prepared under the capable guidance of Miss Alice Stevens, with the co-operation of V. B. Robinson, of Penikese, who directs the Alice Stevens Home Service, which for some time has been carrying on a similar work throughout the prairie provinces, on behalf of the fruit growers of the interior.

His Worship Mayor Miller again made his appearance to honour Queen Isobel Stillingfleet and a delegation of the Vancouver Exhibition Association Board of Control, headed by John Dunsmuir, Vice-President, attended the luncheon. Among other individuals in addition to the regular membership of the Board of Trade were: J. J. Campbell, Nelson, B.C.; Mrs. Thomas Bingham, President of the Local Council of Women; Mrs. T. G. S. Chambers, Dean F. M. Clement, guest speaker Bryson White and J. R. Kinghorn, of Sorrento.

**Speed Amazes In Apple Packing Demonstration**

Queen Isobel Stillingfleet, who won honours for Canada at Birmingham, England, when she captured the gold medal as recipient of the best apple packer in the British Empire, in open competition with contestants from South Africa, New Zealand and the United Kingdom, is seen above as she appeared on Monday before the Advertising and Sales Bureau of the Board of Trade at Vancouver, where she gave a demonstration of the packing process. The bottom picture shows Bryson White, Chief Inspector of the Dominion Fruit Branch in B. C., exhibiting the perfect pack to the gathering following his narration of the details involved and the reasons for packing British Columbia's apple crop.

**W. F. WHITEWAY IS CHOSEN AS BUREAU CHAIRMAN**

(Continued from page 1)

been obtained from Sergeant A. Macdonald, of the Provincial Police. Christmas decorations had been erected on Bernard Avenue, the Bureau assisting the city officials in this respect.

**Important Legislation**  
One of the principal features of the Bureau endeavours, from a provincial standpoint, had been the passing of five pieces of legislation, in the Legislature, to the Kelowna Board of Trade. This work required a great deal of retail stores. This had come about after four years' intensive campaign, he said.

Mr. Owen also spoke of the encouraging results of the Buy-in-Kelowna campaign, which had been run prior to Christmas by the Better Business Committee of the Junior Board of Trade and the Retail Merchants' Association. This work required the Executive had reviewed the proposed zoning by-law, and had made recommendations to the City Council.

In conclusion, Mr. Owen thanked the Executive, Secretary E. W. Barton, Past President R. J. Gordon, and members of the Kelowna Board of Trade and Junior Board for their co-operation in 1937. He also expressed his gratitude for the assistance rendered by the press.

The new Executive has been given power to add to its numbers, providing new classifications can be filled.

**Licence For Meat Cutters**  
Secretary E. W. Barton told the meeting of the plan under way to enlarge the health by-law by making it compulsory for peddlers and cutters of meat to take out licences and allow of pure meat from the butcher's knowledge and experience, he stated, and many farmers are peddling meat which they cut themselves, without knowledge of the proper methods.

Mr. W. B. Hughes-Games remarked that when he was Secretary of the Kelowna Hospital he had taken meat from the farmers but had always endeavoured to the regular purchase prices paid by Kelowna meat firms. In answer to this, Mr. Hughes-Games was told that the farmers could just as well have dealt with regular lines of trade and sold to recognized meat dealers.

Mr. George McKenzie expressed surprise that the Hospital had ever taken meat, which had been cut up by farmers with little knowledge of the art, and which had not been submitted to inspection. He was heartily in favour of the measure to render compulsory the taking out of a licence to cut and peddle meat.

Mr. H. Waldron brought out the annual "bugbear" of relief recipients being allowed to trade where they wish, despite the fact they have run up with the same merchants whom they do not patronize now.

Mr. P. Capozzi considered that "if we lost a lot of money then it was our fault." He wished to know if the relief recipients were being paid in cash or script, as he had heard they were receiving cash in some cases.

Mayor O. L. Jones related that those labelled unemployed are getting script, while those termed unemployable get their relief by cheque, as far as he knew. Relief Officer H. Andison has authority to deal with cases as he sees fit, he added.

Chancellor Whiteway interposed at this moment that this question could readily be taken up by the Foods' Committee.

**Want To Know Applicants**

In discussion of bankruptcy acts, including the Farmers' Creditors Arrangement Act, the meeting decided to recommend to the Executive that the Secretary be empowered to notify members of any farmer taking advantage of this Act.

Closing days for holidays caused considerable discussion but were ironed out to the general satisfaction. There are contained in another column. Mr. R. H. Brown suggested that the Bureau should follow the lead of the Rotary Club and invite a group of representative farmers to meet them and iron out problems vexing the agricultural group at the present time. This suggestion was passed along to the new Executive.

Questions involving the Kelowna Growers' Exchange grocery department were discussed shortly by the Bureau before branching into the wider subject of the zoning by-law, which was reviewed by Mayor O. L. Jones. The main idea is to prevent the city from spreading out like Vernon and Port Huron and leaving a dead end, he explained.

**Stumbling Blocks**  
In the case of a store already located outside the district selected for the business area, Mayor Jones stated that the Council had not decided whether such a business would be allowed to make any substantial alterations or renovations. Asked by Gordon Cooper what would happen in case such a store burned down and the owner wanted to rebuild, Mayor Jones replied that is a situation about which the Council wishes guidance and advice from the general public. Six or seven stores were curtailed during the past year by the Council not extending the necessary licences, because of the distance away from the main business area, Mayor Jones concluded.

Mr. Capozzi wished the Board of Trade would push for a mail delivery in Kelowna and could see no reason why such a service could not be given. It was explained that several attempts had already been made and that these had proved fruitless. Besides, the merchants wished the buying public to come down town, it was said.

Votes of thanks were passed to Sergt. Macdonald and to the retiring President and Executive.

Mr. R. J. Gordon made a plea for all merchants who have not done so already to send in their fee of two dollars to the Retail Merchants' Association, a their share of the \$40,000 expense involved in putting through the necessary legislation.

**LETTERS TO THE EDITOR**

PEACHLAND LIGHTING SYSTEM

Peachland, B.C., January 25, 1938.  
To the Editor,  
Kelowna Courier.

Dear Sir,  
A word of explanation is in order, I believe, to make clear the objects of the electric light users in Peachland.

At the annual municipal meeting at Peachland on Saturday, the 15th inst., we were slated in this connection that electric light customers were using more current than they paid for. This is difficult to prove as things are now, the current being supplied at irregular intervals and generally following the rule that Mondays and Wednesdays shall be served from 5.30 a.m. to 10.00 a.m. for washing machine and ironing purposes; the other times of service are from 5.30 a.m. to 8.00 a.m. and in the evening from 4 p.m. to a little after midnight during winter months, but, as summer comes on, the regular service is of course much reduced. Considering we pay a good price for the winter months, and the same price for the little used power during summer, it is difficult to say whether we use more current than paid for or not, and often during dark winter days we have to use lamps in order to see properly when the electric light is off.

A flat rate is not charged for service, but for so many lights, washing, radio, etc., each charged a certain amount, and we maintain that the service is inadequate to meet modern requirements.

In the item radio, by reason of the above half service, we miss much that more privileged people get, and these days, if you are out of touch with the news of the world by means of radio, one is distinctly a back number. This particular point was emphasized at the meeting and drew applause and we think the time has now come to demand a fuller electric service.

I would suggest that steps be taken to put the service on at least an eight-hour day basis, by installing an automatic device which I understand can be obtained for a few hundred dollars, meters being called for the supply of this necessity. If the Council can recommend an outlay of \$10,000 for a new water system, it should be willing to recommend the expenditure of a few hundred dollars for an automatic electric system.

We look upon the light system as a public utility, first and last, to be used for the full service of the patrons, who include nearly all in Peachland, and, in the execution of this trust all private interests should be forgotten. If we should obtain the above outlined service and meters be installed, there could be no question of excess use of current and the complaint of pirating current would automatically fade. We should in the end attract a most desirable class of residents. Peachland cannot hope for this without a good water system and an electric light service such as modern conditions demand.

Trusting that this statement will obtain the courtesy of your columns.  
Yours truly,  
IDA M. PIERCE.

**SELF-CONSECRATION AND SERVICE**

East Kelowna, Jan. 23, 1938.  
To the Editor,  
Kelowna Courier.

Dear Sir,

I sometimes hear occasional reference to the word "denominational" as though they, adverse to it, are dealing in an illegitimate digression, and that they are purposely designed to establish the important fact that no philosophy is free from difficulties but their own. Many moderns assume that they are dispensing Christianity merely because something has arisen that does not coincide with their private opinion.

The point, however, to remember is that there cannot be a non-denominational Christian Church. For the word Christian designated the church, hence we find designated Greek, Orthodox, Catholics (the last claiming universality) and known as such, and other communions.

There are of course buildings where people congregate together and do undoubtedly practice good ethics, but who are in communion and subject to nothing in particular. Like the individual, they, in the main, glory in the exercise of private opinion. In other words, they apply to Christianity a criterion which they would never dream of applying to the functions of their doctor, or lawyer, as the case may be.

Christianity is not so easy as that! The Christian accepts Christianity for a great many reasons, not least of which is the fact that all rival solutions are irrational, and that all private opinions have gone the same way for a thousand years or more—but still the Church stands. Also, it has been long enough in the world to justify its existence and dealing with it as a fact, its genuine character, its doctrines, precepts, etc., cannot be treated as matters of private opinion or deduction, unless we may reasonably so regard that the laity have the right to instruct the ministers in respect to communion—which is absurd. The Christian faith, however, have a great responsibility and a tremendous part to play in conjunction with their ministers. This will increase with the years, hence we must shoulder our cross and duties to blessed supernatural life. Even our blessed Lord said in His high-priestly prayer, "For their sakes I consecrate myself."

So it would appear that self-consecration and service is the most effective way by which we can serve God in our generation.

Yours faithfully,  
E. R. ELLIS-TUCKER.

**A CORRECTION**

Kelowna, Jan. 25, 1938.  
To the Editor,  
The Kelowna Courier.

Dear Sir,

In the last issue of your paper there appeared a write-up by your East Kelowna correspondent on an "evening held by the East Kelowna Recreational Centre." I would like to correct the writer, and those who read the article, on a few points.

In the first place, although the evening was sponsored by gymnasts who are members of the Centre, it was in no way under the Department of Physical and Recreational Education, by which all centres and centre activities are operated. As instructor of this Centre, I was not even aware that the above-mentioned event was taking place until I read of it in the paper.

Therefore, object to the writer using the name of "Recreational Centre," as his criticisms would then seem to be a reflection on the Department.

He states that, "It was quite apparent that several of the performers were trying to do something without understanding when as to what they were about." In all our work we are very careful not to let anyone attempt anything without having a definite idea of what he or she is trying to do. If some of the members are foolish enough to attempt things beyond their understanding, when as to under my supervision, would rather that your correspondent did not credit their efforts to training which they have not received in the Centre. Several of our members have joined since Christmas and are not yet ready to take part in gymnastics of an advanced nature.

May I point out in closing that all the members of the East Kelowna Centre have made rapid progress in

the work this year, and their efforts are to be highly commended. I feel that this criticism was quite uncalled for. May I also point out to the writer that the exercises performed were Swedish, not Danish.

Sincerely yours,  
G. S. AUSTIN.

**OKANAGAN CENTRE**

OKANAGAN CENTRE, Jan. 26.—A second American tournament was played at the Badminton Club on Thursday evening of last week, when Mrs. Cooney and Mr. Follow were top couple, with Miss Carter and Frank Parker as runners-up. Mrs. Follow again took the prizes at ping-pong.

Mrs. I. Hunter made a quick trip to Vancouver early last week, bringing home with her a fine baby boy whose she and her husband are adopting.

Mr. and Mrs. C. Lodge entertained quite a large party of visitors from Canoe on Sunday, among the guests being Mr. and Mrs. Stanforth and Mr. and Mrs. Bridges.

Mrs. Schubert, of Tulameen, was a visitor last week at the home of her daughter and son-in-law, Mr. and Mrs. Hunter.

Canada is the chief exporter of honey to the Scotch market. The white clover honey reaches that market principally from Ontario and Quebec, and recently from Saskatchewan, whose honey won all prizes in both the clear and granulated groups in the Dominion Section of the Imperial Fruit Show at Birmingham, England, in 1937. The quality of all Canadian honey is reported high and finds a ready sale.

## ALEX MARSHALL IS PRESIDENT OF SPORTS GROUP

Continued from page 3

hind the organization, claiming that they are starting a provincial-wide campaign for changes to be made in the Game Act, permitting the feeding of ducks on private game preserves. "Do you realize what this means?" asks Mr. Sissons. "It simply means advocating the breaking of the existing Migratory Game Bird Treaty with the United States and passing into the hands of sportsmen, who are financially independent, the right to feed ducks and shoot same in their private shooting clubs. The Lower Mainland Gun Club, of Vancouver, voted unanimously in opposing this suggestion, and the North Shore Rod and Gun Club has done likewise."

In reply, the Kelowna Rod and Gun Club has forwarded the following resolution to Game Trails in B.C.: "Whereas an organization, calling itself the B.C. Game Development Association has recently been formed for the purpose of whose programme it is understood—refers to the removal of restrictions imposed under the existing 'Migratory Game Birds Treaty' against the feeding or baiting of migratory birds in privately owned areas, and whereas in our opinion, the said restrictions and their enforcement in the U.S.A., under Federal authority, is a vitally important link in the campaign for the restoration of migratory birds."

"Be it therefore resolved that we, the Executive Committee of the Kelowna Rod and Gun Club, are utterly opposed to any action at this time, which would tend to weaken in any manner the operation of the Migratory Game Birds Treaty, and which action, if approved, would, as in the past, lead to large concentrations and heavy slaughter of migratory birds in restricted and generally private areas."

## GLENMORE

GLENMORE, Jan. 26.—Reeve G. C. Hume was the successful candidate at the election held on Saturday last. The Reeve, Councillors and School Trustees for this year are as follows: Reeve, Mr. G. C. Hume; Councillors, Messrs. W. R. Hicks, W. J. Rankin, G. H. Mowbray and Jack Snowsell; School Trustees, Messrs. J. J. Staples, L. E. Marshall, V. Martin, G. C. Hume and Andrew Ritchie.

Two groups from Glenmore have been formed to listen to and study together the broadcasts from U.B.C. which will deal with the producing of plays.

Mrs. R. W. Corner was hostess at a delightful tea, given at her home on Tuesday afternoon, in aid of the Kelowna Hospital. Mrs. G. C. Hume and Mrs. L. E. Marshall poured tea, while refreshments were served by Mrs. V. Lewis, Mrs. A. Rankin, Mrs. Jack Snowsell and Mrs. E. Callan. Mrs. W. Short and Mrs. Williams also assisted during the afternoon. Quite a number of ladies were present and a neat sum of money was donated to this worthy institution.

A writer on the subject of school games recalls a headmaster who used to stimulate his football teams' scoring powers by caning the forwards. The more usual practice is, of course, to chastise the backs.

## Slump In Auto Sales Is Severe

William S. Knudsen, President of General Motors Corporation, in testimony before the Unemployment Committee of the U.S. Senate recently, explained the laying off of 30,000 employees on the ground that November slump in auto sales was "the most severe in history."

## WINFIELD UNITED LADIES AID CHOOSES OFFICERS

Last Year's Officials Re-elected  
—Forty Dollars Contributed To Church Funds

WINFIELD, Jan. 26.—The United Church Ladies Aid held their annual meeting at the home of Mrs. Offerdahl on Thursday afternoon, Jan. 20th. On nominations for the various offices being called for, Mrs. John Edmunds, President, Mrs. V. R. McDonagh, Vice-President, and Mrs. Luke Roberge, Secretary, were re-elected. Fewer activities during the past year were shown in the reports submitted, nevertheless a sum of \$40.00 had been turned over to the church during the year. The next meeting will be held at the home of Mrs. C. L. Gunn on February 17.

The Women's Institute entertained at a whist drive last Friday afternoon at the Community Hall. A small charge was made, the funds so collected to be used to assist in getting a water supply for the use of the Hall. First and consolation prizes were given, Mrs. Roberge winning the former and Mrs. Bryan Cooney, of Okanagan Centre, the latter. It is planned to duplicate the party on the afternoon of Feb. 4.

The annual meeting of the full Church Board took place at the home of the Rev. G. R. Tench on Monday afternoon. The Board includes the Oyama and Okanagan Centre appointments. Reports were read by the respective representatives and in most instances were quite gratifying.

We are glad to learn that Mrs. Beasley has returned, accompanied by her daughter Molly, and we hope to see the latter able before long to be around among her friends.

Mr. and Mrs. Fred Duggan, accompanied by Mrs. P. Harding, of Kelowna, are vacationing at Seattle and points south, a trip on which they will spend several weeks.

Miss Jacques, of the Kelowna Hospital staff, was a visitor at the home of Miss Jeanette Hawks for a few days last week.

Mrs. P. H. P. Griess and Mrs. W. J. Coe are visitors in Vernon for a short stay.

### LIKELY

M'Dauber, an eminent artist, working beside a picturesque rural farm was being worried by the persistent attentions of a small fox terrier, and finally in a moment of unrestrained passion he seized the animal and dipped its hindquarters in a pot of vividly colored paint. Soon after the owner of the dog appeared. "What's the meaning of this," he shrieked. "The brute sprang at me," returned the artist calmly, "and I stopped him with this"—holding up a brush. "Sprang at you," snorted the other. "Sprang at you. What—tail first!"

## King Carol's Sweetie Is Missing

Mme. Magda Lupescu, for love of whom King Carol of Roumania in the days of ardent youth quarrelled with his family and went into self-imposed exile, has left Roumania for "a long vacation" and her present address is unknown.

## RUTLAND PUBLIC SCOUT MEETING WELL ATTENDED

Normal Programme Of Scout Work Viewed With Interest By Adults And Children

RUTLAND, Jan. 26.—The annual public Scout meeting, held in the Community Hall on Friday, Jan. 21st, was attended by over a hundred school children and a number of adults, the five patrols of Scouts going through a normal evening's programme in view of the audience, as an illustration of the activities of the Rutland Scout Troop. The programme consisted of the following items: Roll call and inspection of uniform; marching drill by the Troop; physical exercises; D. H. Campbell (Instructor); Tenderfoot test in corners, by the various patrols; Beavers, knot-tying; Kangaroos, uses of Scout staff; Seals, Union Jack; Foxes, Scout Law and Promise; Eagles, Scout signs; Semaphore Signalling, by Kangaroos and Foxes (P.L. Basil Bond, Instructor); Physical Aid demonstration (P.L. Dennis Reid, instructor); relay races; presentation of badges by the President of the Association; dismissal.

P.L. Basil Bond was presented with the Grade "B" All Round Cords and a special Coronation Certificate for having obtained his King's Scout badge during the Coronation period.

Refreshments were served to the visitors by the Scouts after the meeting dismissed.

Rev. A. C. Pound briefly thanked the Scouts, on behalf of the local Welfare Committee, for their assistance with the preparation and distribution of the Christmas hampers. Three rousing cheers were given by the boys for P.L. Bond, the Scoutmaster and the President of the local Association.

The annual meeting of the Local Association was held immediately following the public meeting. Election of officers resulted in returning most of last year's executive, by acclamation. Following are the officials for 1938: President, Mr. E. Mugford; Vice-President, Mr. R. B. McLeod; Secretary-Treasurer, Mr. P. Ritchie; Committee Messrs. A. N. Humphreys, W. Schell, D. H. Campbell and Rev. A. C. Pound. Messdames J. Ansell, C. H. Bond, W. F. Schell, R. B. McLeod.

Reporting on the finances, the Secretary-Treasurer reported receipts of \$84.00, and expenditures of \$78.00, with outstanding account of \$10.00, showing a small deficit, which it was hoped to wipe off shortly by subscriptions, or a dance possibly.

The activities of the Troop for the past year were reported upon by Scoutmaster Gray, and showed that the Troop had a maximum strength of 22 boys and an average attendance of 22 for the year. In addition, a patrol of boys from Winfield was attached to the Troop for instruction. An eight-day summer camp, an Easter hike, an entertainment and several special public parades were held, in addition to 37 regular weekly meetings. The Wolf Cub pack was reported to be without a leader, and Mr. A. N. Humphreys volunteered to take over this work pending selection of a permanent Cubmaster, while P.L. Basil Bond agreed to continue as Assistant Cubmaster. Fifteen Wolf Cubs were on the roll. After passing votes of thanks to the 1937 officers, the meeting adjourned.

The Rutland Branch of the Pro-Rees is busy practicing for a display to be held on Wednesday next, Feb. 2nd. They will be assisted by members of the Kelowna branch.

Skating parties are still a popular pastime. On Friday evening, Ernie Gibson and Willard Urquhart entertained a number of friends at the Belgo Pond, and on Saturday evening a younger group were guests of Miss Margaret Urquhart and Shirley Gray at Canney's Pond, refreshments being served around the camp-fire at the ice.

Mrs. M. Dillman arrived home on Monday from White Star, Alta., after a visit of several weeks to her son there.

Mrs. C. H. Bond was a visitor to the Coast last week-end on the C.P.R. excursion.

Miss Helen Urquhart arrived home on Tuesday afternoon from Kelowna Hospital, considerably improved in health.

The local German Catholic Social Club has purchased the old dining hall and cook-house at the Oyama Relief Camp and volunteers are engaged in demolishing the building and hauling the lumber to a site near Stolz's Service Station, where a Recreation Hall will be erected in the near future.

Friends of John Holitzki, the Adanacs' catcher, will be interested to learn that he was married on Monday last to Miss Rose Diebert in Saskatchewan. The young couple are expected to arrive in Rutland at the end of the month, and will take up residence in the district.

The Rutland United Church congregation held their annual meeting in the church on Monday, Jan. 24th. Rev. A. C. Pound occupied the chair, and reports were received from the various organizations connected with the church.

Mr. A. N. Humphreys reported on the Sunday School, which was shown to be in a flourishing condition, with an attendance of 75 at the beginning of this year.

The Women's Missionary Society's report was presented by Mrs. McDonald, and showed that amongst other accomplishments, the Society had exceeded their quota of \$75.00 for Missions by almost \$10.00, a very good record.

The A.O.T.S. Club's activities and financial situation were outlined briefly by Mr. P. Ritchie, the Secretary, while the work of the Women's Association was covered by an excellent report by Mrs. C. L. Granger. This indispensable adjunct to the church

work, more popularly known as the "Ladies Aid," had raised over \$400.00 during the past year, and had, amongst other things, paid the entire cost of installation of electricity in the manse.

The retiring Secretary of the church, Mr. J. B. Beale, read a statement of the church finances which were shown to be in the happy situation of having a small surplus, instead of the habitual deficit of past seasons.

Mr. F. L. Fitzpatrick spoke appreciatively of the work of Mr. Beale as Secretary, and a hearty vote of thanks was extended to him by the congregation.

Election of four members to the Board of Stewards resulted in choice of Messrs. A. L. Cross, F. L. Fitzpat-

## CONTINUE CASE OF VEGETABLE BOARD

VANCOUVER.—An injunction restraining Kamloops Produce Co. Ltd., of Kamloops, from marketing vegetables other than under the direction of the B.C. Interior Vegetable Marketing Board, was continued in Supreme Court by Mr. Justice Fisher, on January 19, until January 27. The injunction had been granted at the suit of the Attorney-General of British Columbia. The adjournment was ordered for the purpose of cross-examination.

Japan's largest imports from Canada during January to December 1937 were wheat, lead, lumber, nickel, newspaper, and aluminium, valued at 77,768,070 yen, compared with 55,776,004 yen in the corresponding period of 1936.

rick, J. White and S. V. Hubble. Messrs. E. Mugford and A. Cross were re-elected to the Session. Mrs. E. Mugford was again chosen as choir leader, and Mrs. W. F. Schell as organist. A vote of thanks was extended to Mrs. Schell for her faithful services. The post of Secretary, relinquished by Mr. Beale upon moving to Kelowna, was taken over by Mr. S. V. Hubble, who will also act as Treasurer and as Secretary to the Board of Stewards.

The activities of the Young People's Society were reported upon briefly by Miss M. Kidd and showed that organization to be very active, with meetings held weekly, after church service on Sunday evenings.

At the close of the business session, a short programme followed, vocal solos being given by Messrs. P. Ritchie and T. Teasdale. Refreshments were then served to the congregation by members of the W.A.

## To our Policyholders

Paid-for new business in 1937 amounted to \$25,685,413. Exclusive of deferred annuities new business was increased by the substantial sum of \$1,847,300.

Total business, in force amounted to \$220,724,045 including deferred annuities, an increase of \$9,530,041.

Total assets amounted to \$58,586,179 having increased by \$3,740,272.

The Company has a margin over all liabilities of approximately \$4,700,000, embracing free surplus of \$2,082,611, investment reserve of \$1,500,000, together with the excess of market value over book value of securities. When considered with the stringent valuation of policy liabilities this margin assures continued satisfactory returns to policyholders.

As a mutual Company North American Life has but one objective and responsibility—to render the highest type of Life Assurance Service to its policyholders who are the sole owners of the Company and who alone receive all benefits.

Your co-operation and interest in the affairs of the Company have contributed greatly to the progress of the year.

Modern, Experienced Banking Service.....the Outcome of 120 Years' Successful Operation

**KELOWNA SEA CADET CORPS**

Orders for Parade:  
 There will be the usual voluntary parade at Headquarters on Friday, Jan. 28, at 7.30 p.m. The Ship's Company will also parade in full uniform without gaiters, at Headquarters on Tuesday, Feb. 1, at 7.30 p.m.

On Saturday, Jan. 29, instruction classes, commencing at 9 a.m., will be held at Headquarters by the Leading Cadets.

Quartermaster: Cadet Peel.  
 Sideboy: Cadet Landale.  
 Duty Watch for this week: Starboard Watch.

A most interesting motion picture display and lecture were presented by Captain Horn to Cadets and Officers of "Grenville," during last Tuesday's parade. A film showing the manoeuvres of modern cavalry advancing against an enemy, occupied the major part of the display. This film was instructive and entertaining throughout. It served to emphasize the value of discipline to any body of men, and to point out the harm done to them by lack of such discipline. Films of the Coronation concluded the lecture.

Qualifications this week are as follows: Cadet Aitkens, Dutyman, 98%; Cadet Newson, Dutyman, 90%; and Cadet Snowsall, Knots, 100%, an excellent group of marks.

Proceedings for the Navy League Ball to be held in the Royal Anne Hotel on Thursday, February 17, are well under way. Tickets may be had from any Cadet or Officer, from members of the Navy League Committee, from members of the Ladies' Auxiliary, and from many other clubs and organizations.

The local branch of the Navy League is carrying on through its Sea Cadet Corps a service which is invaluable to the people of Kelowna, namely, the correct disciplinary training of many of her youngsters. Lately, the Corps has brought further honour to Kelowna by winning the I.O.D.E. Shield, emblematic of supremacy among B.C. Corps. In return for this, the local Navy League Branch asks that the people of Kelowna, to support them, indeed, to help them carry on the good work, by turning out en masse to this Ball.

**TYPIFIES "SPIRIT OF YOUTH"**

When President Roosevelt's birthday ball is held at the Waldorf-Astoria, in New York, on Jan. 30th, Nancy Bridges, socialite of Lebanon, Pa., will portray "The Spirit of Youth of 1938." In the picture she is seen wearing the Martha Washington period gown of rose taffeta in which she will appear.

**High School Highlights**

Last week was very quiet at school. The highlight was the debate between Grade 12 and Grade 11. The subject, "Resolved that an economic boycott on Japan would be effective" was very ably handled by both sides. The affirmative was taken by the Grade 11 students, Jim Clement and Ralph Pearey. The negative was taken by Colonel Elmore and Marcia Aitkens. The judges, Mr. Cameron, Miss Waites, I. Smith and W. Noel decided in favour of the affirmative. Before the judges' decision was announced, there was a short entertainment by several of the students.

The Dramatic Club is still rehearsing its plays. The time for the Musical Festival is now approaching and the Glee Club will soon start practicing.

The Photography Club will be taking pictures of familiar scenes around Kelowna as a project, the result of which they hope will be a film showing scenes in British Columbia.

A contortionist appearing in the Bankruptcy Court explained that increasing girth had lessened his earnings. Try as he would, he could not make both ends meet.

not come in on every side, as on one side I am protected by the double fence of the railroad, but in cases where deer come in to eat the crops at night it would appear to be an adequate protection.

It will be noted that this attempt to exclude the deer in my case is so successful that I am enclosing an area of 50 acres, at a further cost for wire and stakes only, as the "Unit" is sufficient to charge fifteen miles of wire.

Should the deer, however, learn to jump 4 ft. of barbed devilmite in the dark it will be quite easy to add a third strand 6 ft. in height.

Yours faithfully,  
 JOHN LAWSON.

**KEEP YOUR LIVER ACTIVE**  
 And You'll Feel Wonderful—Never Headaches, Tired, Sick, Constipated

Your liver is the largest organ in your body and next to the heart the most important. It does four things. It supplies the body's natural laxative, gives proper nourishment to your blood, helps the kidneys and stomach, supplies the muscles, tissues and glands with energy. You can't feel well if your liver isn't well. System becomes poisoned and you feel "rotten". "Fruit-a-tives" quickly make your liver healthy. You soon feel like a new person. A celebrated doctor's formula—fruits and herbs—has given perfect health to thousands.

**FRUIT-A-TIVES LIVER TABLETS**

**WARD SYSTEM TO BE ABOLISHED AT PEACHLAND**

Opinion Of Voters Expressed By Referendum—F. G. Kinchin Is New Councillor

PEACHLAND, Jan. 26.—The municipal election on Saturday in Ward 1 only resulted in victory for F. G. Kinchin over W. J. Oakley, who represented Trepanier, which is Ward 1, for several years. The vote was 15 to 6.

The referendum resulted in a decisive majority for the abolition of wards in the Municipality, with 52 voting for the change and 23 against. A three-fifths majority is required for such a measure to be passed.

Following announcement of the results by Returning Officer C. C. Inglis, the newly elected Councillor, who served for eleven months on the Council in 1935 as a representative of Ward 3, expressed his thanks for the confidence shown in him by the electors and stated that he would do his best to work along with the other members of the Council to the best of his ability.

Officers for the year of 1938 were elected at the annual meeting of the Women's Auxiliary to the Canadian Legion, held in the Legion Hall on Wednesday afternoon, January 13. All vacancies were filled by election, Mrs. E. Ruffie being elected President, Mrs. W. B. Sanderson, Vice-President, and Mrs. A. West, Secretary-Treasurer. The latter has already served in this capacity for eleven years, and a vote of thanks was given to her and the other last year's officers.

The financial report showed a balance of \$43 on hand, which included \$15 from the sale of tickets on an Afghan knitted by Mrs. R. N. Martin and Miss M. Coldham.

Badminton players from Westbank joined the local club on Thursday evening and on Sunday afternoon a number of Peachland players went to Westbank to play. The local club has worked up a good membership this year and interest is taken in the game. Members of the club are also practising hard for a play which is to be presented here on February 18 in the Legion Hall. Rumours from the scene of action indicate that some of our well-known badminton players will be seen to good advantage in this interesting presentation.

Mrs. W. Renfrew left for Vancouver on Tuesday night to attend the funeral of her mother, Mrs. Bush, who passed away in the North Vancouver Hospital on Tuesday.

D. Lyons was a recent visitor to Vancouver.

Miss Joan Fulkis is visiting friends at Beaverdell.

Mrs. Munro has returned to her home here, after spending some time with her mother, Mrs. Stubbs, at Westbank.

N. Evans, R. Redstone and N. Bradbury left last week for Terrace Mountain, where they are engaged in logging.

Westbank took the honours at contract bridge when a number of their players met Peachland bridge players at the Edgewater Inn. Seven tables were in play and a most enjoyable evening spent by those who attended.

J. Howard, of north of Edmonton, is a visitor in town at the home of Mr.

**ELECTRIFIED FENCE SUCCESSFUL AS DEER REPELLENT**

Inexpensive Method Proves Successful In California And Scotland

Mr. C. H. Bond, of Rutland, has sent The Courier the subjoined clipping from "The Field" of Oct. 30th, 1937, in the hope that it may offer a solution to the problem confronting Peachland fruit growers of protecting their young orchards from the raids of browsing deer.

It will be noted that the electrical current is not of high power and cannot possibly harm animals or human beings, while the cost of a plant sufficient to protect an orchard of average size would be comparatively small.

Sir,—From time to time there are reports in the press of the damage done by red deer, so the following account of how their depredations may be curtailed may be of interest alike to farmers, crofters and proprietors.

When in California last autumn I noticed, in the case of dairy and hog ranches, that they were using temporary fences with one or two strands of barbed or plain wire charged with electricity to restrict the movements of cows, horses, sheep and hogs. The charge is a light one derived from a 6-volt battery and is not harmful to man or beast—in the case of the latter no second experience is required.

The idea seems to have emanated from the great dairying State of Wisconsin, and the parent company has now an agency in London under the name of the Harvest Saver and Implement Co., Ltd., 77, Queen Victoria Street, London, E.C., where the necessary apparatus can be obtained.

About two years ago I went to the expense of cultivating and mearuring with basic slag and lime, thereafter sowing with clover, about 100 acres of meadowlands on the Helmsdale between Kildonan and Kinbrace, intending for sheep feed, but unfortunately forming a perfect "salt-lick."

In my own case my problem was to keep deer from coming in at night through the river to eat my grass and to combat this I enclosed, as a trial, some 40 acres with a two-strand fence with insulators on 3 x 3 posts, together with the necessary straining posts, at a total cost for material of under £25, of which the "Unit" without battery, cost £15.

The battery attachment is in the garage, where the charge is turned on at dusk and turned off at daylight.

The plain wire to allow the sheep to pass under, and the upper barbed wire was 4 ft. from the ground. The first night, with the aid of a strong flashlight, we saw some 60 deer strung in a straight line 10 ft. back from the fence looking at it. The second and third nights the same picture presented itself save that there were one or two hinds inside who had crawled under the bottom wire. The following day the bottom wire was lowered to 2 ft. 6 ins., and that night over 100 deer were counted at either end of the meadows with their heads down looking at the fence, and the next night there were none at all to be seen in the neighbourhood. My position is perhaps exceptional, as the deer cannot

and Mrs. L. B. Fulkis.

Mr. and Mrs. A. Pentland and daughter Pat left last Friday for a holiday trip by motor.

# Preliminary Draft Of Standard Contract Submitted To Growers At Their Kelowna Convention

IN CONSIDERATION of the interest which will be aroused with the publication of Dr. R. B. Staples' comments on the proposed standard contract, The Council has decided to publish the entire draft as submitted to the B.C.F.G.A. Convention in Kelowna this month. The principle of the standard contract was approved by the growers in convention, and the form will be submitted to the various locals for discussion and alteration. Following is the contract as submitted in its preliminary draft:

1. The grower hereby appoints the company as his sole and exclusive agent to transport, pack, store and market the fruit, and to regulate and facilitate the long storing or otherwise disposing of the tree fruits hereafter mentioned, and to do all things and give such instructions and make terms and conditions in relation thereto as fully and effectually as he himself could do if these presents had not been entered into. Such an appointment is irrevocable during the continuance of this contract.

2. Any agreement entered into by the grower and the shipper, or either of them, with respect to the said tree fruits shall be subject to the terms and conditions hereof, and deemed to be made by and to the extent of the terms hereof. Any such agreement is, so far as it affects the interest of the grower or the shipper, or either of them, to be read and construed as if the terms hereof were incorporated therein. Where the terms of any such agreement are inconsistent with the terms and conditions hereof, the terms and conditions hereof shall prevail.

3. This agreement shall, as between the grower and the company, be binding and be deemed to be fully executed when it has been signed by them, notwithstanding that the shipper, the grower to have choice of packing house, provided that shipper utilizes this agreement.

4. The shipper covenants and agrees with the grower and company that, in consideration of their entering into this agreement, he will devote his attention to the packing, storing, and marketing of tree fruits delivered by the grower and of other growers who have entered into contracts with the company similar in nature to this agreement, and will not receive from or engage in the packing, storing, marketing, or otherwise disposing of tree fruits of any other persons, excepting with the agreement of company.

5. The company covenants and agrees with the grower that it will, to the best of its ability, well and truly represent the grower and guard his interest.

6. Subject to the terms hereof, the grower will deliver to the shipper during the continuance of this contract, all the tree fruits in or to which the interest, or over which the grower has any right of control or disposition, produced on Lot \_\_\_\_\_ Block \_\_\_\_\_ District, consisting of \_\_\_\_\_ acres.

7. The grower will deliver the said tree fruits to the shipper at his packing house at \_\_\_\_\_, at such time as the said tree fruits shall have reached the state of maturity suitable to their being prepared for market.

8. The grower will not dispose of the said tree fruits, or any part thereof, except for local consumption, or otherwise than in accordance with the terms of this contract, and any mortgage or hypothecation of the same will be subject to any rights in, to, or over the same hereby given to the shipper or to the company.

9. The shipper will, during the picking season, supply to the grower, without charge, suitable boxes for picking and delivering of the said tree fruits and in sufficient quantities, and the ownership and property of the said boxes shall at all times remain with the shipper, and the grower will not permit the use of the same to any person other than for the tree fruits of the grower, or to lend, sell, give or otherwise dispose of the same. All boxes supplied shall be returned by the grower to the shipper on or before the 30th day of November in each year in which the agreement shall be in force. The shipper may charge the grower the cost of any box not so returned, and the grower agrees to pay such cost on demand, or that the shipper may deduct the sum from any monies payable by him to the grower under the terms hereof, provided, however, that an express delivered to the grower over his actual requirements a charge may be made of \_\_\_\_\_ cents per box.

10. The shipper agrees to receive, pack, grade, store and market the said tree fruits which shall be of merchantable quality to the best of his ability, and that he will pack the same in accordance with instructions, orders, rules or regulations from time to time issued by the company under the terms hereof.

11. The shipper agrees to insure the said tree fruits to their full insurable value, against loss by fire, with a duly licensed insurance company, and in case of loss by fire, the shipper shall be liable to the grower only for such sums as he may receive from the insurance company covering the grower's tree fruits.

12. The shipper may pool the fruits of the grower with the fruits of other growers provided such other growers are under contract with the company but not otherwise, and only in accordance with such terms, conditions, instructions, orders, rules and regulations as may from time to time be made by the company.

13. The grower and shipper agree that the shipper shall receive and may deduct from the proceeds of the sale of the tree fruits, only such sums as are determined and set out in the company's price list, and such sums shall be paid to the grower by the shipper on or before the \_\_\_\_\_ day of \_\_\_\_\_ in each year.

14. The shipper or in which he may have any right, title or interest, or over which he has any right of control or disposition without any discrimination whatsoever, and in accordance with the terms of this agreement.

15. The shipper shall not in his preparation of the fruit for market or in accounting to the pools allow an overage of more than two per cent of the fruit received by him, and will account to the pools for all overage or quantity marketed by him in excess of the quantity credited to the pools as having been received by him.

The shipper shall, at the end of the marketing season, render to the grower a statement of each pool, showing—

- (a) The amount of the fruit received for the credit of such pool, by varieties, grades and sizes.
- (b) The amount thereof marketed.
- (c) The price received for same.
- (d) The losses, rebates, allowances or charges made in respect to the preparing for market, storing, transporting, assembling, and marketing the same;

and a copy of such statement shall be delivered to the company.

16. The grower agrees that, if, in the preparation of the said tree fruits for market, the culls should exceed in boxes 5% of the tree fruits delivered by the grower, the shipper may charge for the same, not to exceed 5c per box for the excess. Unless the grower notifies the shipper of his desire to take delivery of the culls and remove same within twenty-four hours of his being notified to do so, the shipper may dispose of same in such manner as to him seems best. The shipper agrees to pay to the grower any monies received from the sale or other disposal of culls, after deducting all proper and necessary expenses of such sale or disposal.

17. The shipper shall be entitled, and is hereby authorized, to deduct from the pools such assembly charges, losses, rebates or allowances, necessary and properly made in respect to the marketing of the said tree fruits, as may be approved by the company, but subject hereto shall account to the pools at the prices fixed by the company.

18. The grower agrees that all monies due to the grower from the shipper may be applied by the shipper first against loans or other indebtedness of the grower to the shipper, until such indebtedness is paid in full, and the shipper agrees that, subject to such deductions, the net amount due by the grower to the shipper shall be due and payable immediately on the closing of the pools, and that no money received by the shipper in respect of any one pool will be used by him in respect of any other pool, either of variety, grade, size or time, except with the consent of or in accordance with regulations of the company.

19. The grower agrees that if at the end of any marketing season, and on the completion of returns by the shipper to the grower, the grower is indebted to the shipper such indebtedness shall be deducted from the succeeding years return if this contract remains in force, but if the contract is terminated, then in such case the grower hereby appoints the company a receiver of all monies to become payable as the proceeds from the sale or disposal of his tree fruits and the company shall, out of such monies, make payment to the shipper of such indebtedness and such receivership shall continue until such indebtedness shall have been fully satisfied.

20. The grower and shipper agree with the company that the company may from time to time, and at such times as to the company may seem best, issue, and may from time to time amend or revoke, such orders, rules, regulations, directions or instructions to the shipper or make such prohibitions as may be necessary to the full exercise of the powers hereby granted to the company by the grower, as to the transporting, packing, storing, and marketing of the said tree fruits by the shipper, and as to the time, place and price, and upon what terms the same is to be marketed, and as to the variety, grade, size, maturity, quality and condition of the said tree fruits, and as to the package in which the same is to be marketed, and the method of preparing the same, and as to inspection thereof, and as to charges for brokerages and allowances, claims, and rebates, in respect to the marketing or other disposal thereof, and as to the pooling of the returns from the marketing thereof, and, in particular without in any manner limiting the generality of the foregoing, may make orders, rules, regulations and give instructions:

- (a) as to the quantity, quality, variety, grade or size of such tree fruits which may be transported, packed, stored, pooled, or marketed or otherwise disposed of by the shipper at any place or places, or time or times, or the proportion of his supply thereof which may be so transported, packed, stored, pooled or marketed or otherwise disposed of, and for the purposes of this clause such quantity may be calculated by number, weight, or percentage, and may relate to any or all varieties, grades, or sizes thereof.
- (b) as to the time or times at which the same, or any quantity thereof, may be transported, packed, stored, pooled or marketed or otherwise disposed of.
- (c) as to the price or prices at which such tree fruits shall be marketed or otherwise disposed of.

21. The shipper covenants and agrees with the company that he will, as required by the company, make true and accurate returns to the company, and file with it accurate crop estimates, copies of invoices, contracts, bills of lading, accounts, names of growers represented by him, and estimates or actual volume of such growers' crops, and other documents and returns, with respect to tree fruits marketed or to be marketed by him, and with respect to the proportion, quantity, variety, grade or size of such tree fruits marketed or to be marketed by him, and will when required by the Company verify the accuracy of such documents by statutory declaration.

22. The shipper hereby covenants and agrees with the company that any person transporting such tree fruits shall have authority and that he will give such authority in writing to such person to furnish to the company all information in possession of such person with respect to tree fruits marketed by the shipper, and that the company to inspect the records of such persons relating thereto.

23. The shipper covenants and agrees with the company that the officers, servants, or agents of the company may enter upon the shipper's premises at all reasonable times for the purpose of ascertaining whether the provisions of this agreement and regulations made hereunder are being complied with.

24. The shipper covenants and agrees with the company that he will produce such books, accounts, records and documents, and furnish such information as may be reasonably required by any person appointed by the company pursuant to paragraph 23 hereof.

25. The shipper covenants and agrees that he will comply with, follow or obey, all of the orders, rules, regulations, instructions, or directions as aforesaid.

26. The grower agrees to pay, and hereby authorizes the shipper to deduct from any monies due him and pay to the company for its services hereunder, at such time or times as the company may demand, the sum or sums as may be demanded by the company in respect thereto, but not to exceed \_\_\_\_\_c per standard box of apples and pears and crabapples, and \_\_\_\_\_c per standard package of all other tree fruits delivered by the grower, or such sum or sums as may be payable under any scheme of stabilization or marketing control to which the grower may become a party, or which may be imposed under the authority of any Act of the Dominion Parliament or Provincial Legislature.

27. Inasmuch as it is impracticable, and generally will or may be impossible, to determine the actual damage resulting through a breach of any of the terms hereof by the shipper, the shipper hereby covenants and agrees that in the event of any breach hereof, and his failure or neglect or refusal to comply with any instructions, directions, orders, rules or regulations of the company shall be a breach hereof, then an amount shall be payable as liquidated damages for such breach, and not as a penalty, the sums computed as follows—

- (a) For any breach other than one concerning the marketing sale or disposal of tree fruits, the sum of 10c per package involved in such breach.
- (b) For any breach concerning the marketing sale or disposal of tree fruits, the sum of 25c per package involved in such breach.
- (c) Such damages shall be credited to the pool relating to the fruits involved in such breach, and if not so credited shall be a debt due by the shipper to the company, and in any action to recover the same all that it shall be necessary for the company to prove shall be the verdict judgment or order declaring such breach and the amount of fruit involved therein.

28. It is recognized and agreed upon by the grower and the shipper that because of the trade practices and accounting methods prevailing in the fruit growing districts as to pooling of fruits handled by a shipper it is generally impossible to prove or determine that fruit the subject of any sale or disposition, or received by or being packed, stored, transported, or marketed by the shipper, is the fruit of any particular grower. It is, therefore, hereby agreed that in the event of any conflict or disagreement or alleged breach of this agreement, or any part hereof, it shall not be necessary, notwithstanding any law or rule of evidence to the contrary, for the company to prove that any tree fruits in question in such conflict, disagreement, or alleged breach, were or are, the tree fruits of the grower, or of any other grower, or were produced on the property of the grower. Any failure on the part of the grower or the shipper to comply with or obey any order, rule, regulation or instruction of the company, made in accordance with the terms hereof, with respect to any tree fruits, shall be deemed to be a breach of this agreement.

29. This agreement shall remain in force and continue to be binding upon the parties hereto until cancelled by notice in writing. Such notice shall be sufficiently given to the other party under the following conditions:—

30. Whenever the masculine or singular, or any pronoun is used throughout this agreement, or in any regulation issued by the company, the same shall be construed as meaning the feminine or plural, or such pronoun as the context requires, and wherever the word "person" is used, it shall be construed as meaning and including any person, partnership, firm or corporation, or any person authorized in writing by a partnership, firm or corporation to act on their behalf.

31. This agreement, and everything hereinafter contained, shall enure to the benefit of, and be binding upon the parties hereto, their heirs, executors, administrators and assigns.

IN WITNESS WHEREOF the parties hereto have hereunto set their hands or affixed their signature or seal the day and year first above written.

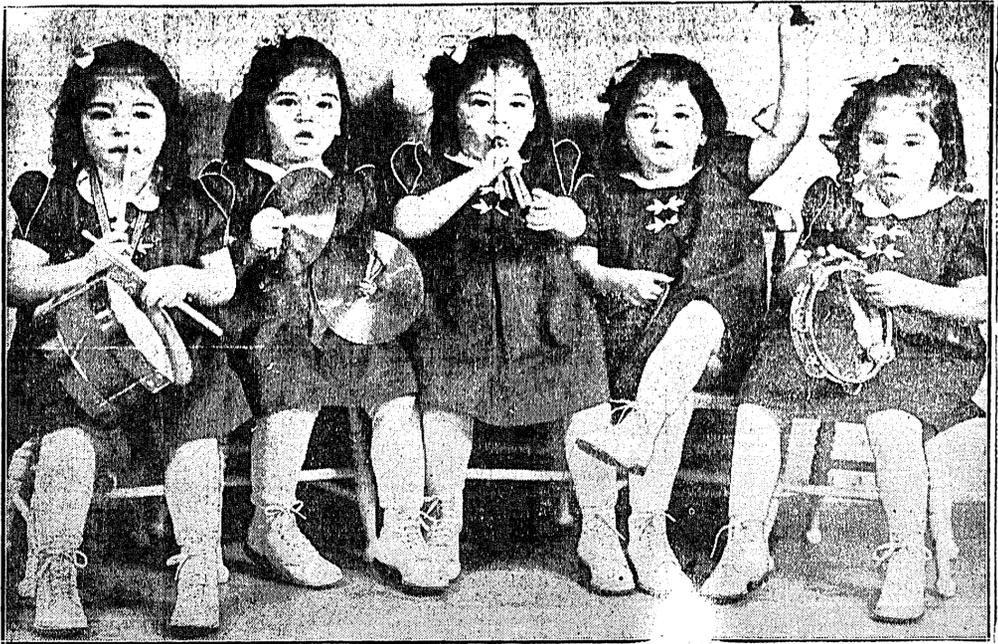

"Lunatic Secured in Telephone Box," says a heading. It is not known whether he was sane when he entered it.

WOULD "SUIT" HIM  
He had been warned off golf for six months, owing to the state of his health. At the end of that period he presented himself for medical examination.

"Heart good," said the medical man briefly.

"Well, doctor," said the patient persuasively, "what about clubs?"

## FIVE LITTLE SISTERS CELEBRATE NEW YEAR

Thousands upon thousands of Canadians welcomed the new year with time-honoured din, but few had as much fun as the five little chatalaines of Callander with the Dafoe Hospital programme. Annette got a thrill from beating her drum. Yvonne fancied the cymbals, but Emilie obtained better results with her trumpet. To play the triangle properly, Cecile had to strike with a vengeance. Little Marie got satisfactory music from her tambourine.

This agreement and everything hereinafter contained shall be subject to any law of the Dominion or Province now or hereafter in force, and any orders, rules or regulations properly made and in accordance with such laws or any of them.

Whenever the masculine or singular, or any pronoun is used throughout this agreement, or in any regulation issued by the company, the same shall be

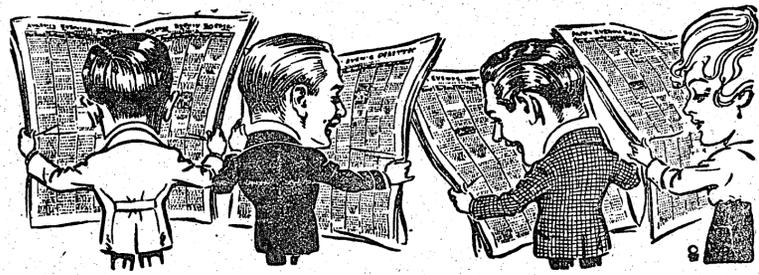

construed as meaning the feminine or plural, or such pronoun as the context requires, and wherever the word "person" is used, it shall be construed as meaning and including any person, partnership, firm or corporation, or any person authorized in writing by a partnership, firm or corporation to act on their behalf.

This agreement, and everything hereinafter contained, shall enure to the benefit

of, and be binding upon the parties hereto, their heirs, executors, administrators and assigns.

IN WITNESS WHEREOF the parties hereto have hereunto set their hands or affixed their signature or seal the day and year first above written.

"Lunatic Secured in Telephone Box," says a heading. It is not known whether he was sane when he entered it.

MISSION CREEK SCHOOL NOW HAS RED CROSS CLUB

Intermediate Room Organization Replaces C.G.I.T. Group And Explorers' Club

BENVOLIN, Jan. 26.—The Intermediate room of Mission Creek School, under the guidance of their teacher, Miss Reid, have formed a Red Cross Club, which will replace the C.G.I.T. Group and the Explorers' Club.

We extend to Mr. Neish and family our sincere sympathy in their recent and bereavement. Mr. and Mrs. Neish were residents of this district for many years before moving to Kelowna.

Mr. and Mrs. Stiel left last Saturday for Toronto, where they will spend a month with their daughters, Nancy and Marjorie, who are attending library school there.

WESTBANK

WESTBANK, Jan. 26.—Mr. and Mrs. T. B. Reece left last week for a visit to the Coast.

Mr. and Mrs. Washington Brown entertained a party of bridge players at their home on Monday night. During the previous week, Mr. and Mrs. Pat Hewlett were hosts at bridge to a party of about twenty.

Mr. and Mrs. Thacker have been quite ill for the past ten days, and Mr. Gore is also an invalid, suffering very much from his eyes.

The V. O. N. held a most successful whist drive on Friday night, which concluded with a short dance. Over sixty people were present. An excellent supper was served by the V.O.N. committee.

Mrs. Paynter has presented Joy McKay, Betty Stubbs and Brian Drought with prayer and hymn books for three years attendance at St. George's Sunday School. Joy McKay also received first prize for attendance and Betty Stubbs, second prize.

Miss Russell, of Edmonton, is visiting her aunt, Mrs. L. D. Hitchner.

Why do hens always lay eggs in daytime? At night they are roosters.

BISHOP APOLOGIZES FOR DAMAGED ACT

Evelyn Stovell (1), 19-year-old sales girl, had pictures of the Duke and Duchess of Windsor hanging in her office at Hamilton, Bermuda. That is how the Bishop of Bermuda (2), Rt. Rev. Arthur Heber Browne, came along. Declaring it was "disgraceful that they should appear in such a public place," he tore them down. No sooner did the girl discover the destruction than she started after him. Finding him at his home, she criticized him roundly. The Bishop admitted his act and apologized. He told her he did not know they were her personal property. At the same time, he repeated that it was a "disgraceful" exhibition. Miss Stovell immediately obtained a new set and hung them in the place of those destroyed.

OFFICIAL OPENING OF THE MISSION COMMUNITY HALL

Nearly Three Hundred And Fifty People Attend Enjoyable Initial Dance

OKANAGAN MISSION, Jan. 26.—The dance which took place in Okanagan Mission on Friday, Jan. 21st, to mark the official opening of the new hall, proved to be the biggest and most successful affair ever held in the community. Nearly three hundred and fifty people were on hand to try out the floor to the lively music of Mr. Chas. Pettman's Imperials.

The committee for the dance was composed of Mr. Victor Wilson, Mr. H. W. Ashbery and Mrs. H. Dunlop, who share the credit for organizing an extremely successful affair. Mrs. Dunlop with a willing band of helpers, took charge of the catering and fulfilled the difficult task of providing for a crowd that exceeded all expectations.

The annual vestry meeting of St. Andrew's Parish was held on Wednesday, Jan. 19th, at the Bellevue Hotel with a smaller attendance than usual. Rev. C. Davis and Rev. C. Gibbs were both present, the former presiding.

Mr. Haverfield presented the financial statement for the past year, showing a slight increase in balance. Apart from the usual expenditures, the chief item shown was for installing electric light in the church, towards which the Ladies' Guild had contributed \$50 of the \$69.55 required.

Rev. C. Davis stated that it was his fourteenth vestry meeting in Okanagan Mission. He much regretted the small attendance at St. Andrew's Church services and hoped it would increase, and more especially in the number of communicants. He referred to the loss that the parish had sustained last year by the death of Mrs. G. B. Ford. He thanked the Guild for their work of the year, and also those who had contributed to the Assistant Priest's salary. He was extremely sorry that Mrs. L. D. Browne-Clayton was unable through illness to be present at the meeting, this being the first time she had been absent.

Most of the local choristers had left the district, so that no choral singing was possible just now, but the Rector said he would be pleased to come out for choir practice if enthusiasm once more developed. He asked the Guild and the Church to contribute \$10 for Mr. Marriage, who came as organist and took great interest in the services at St. Andrew's church, and hoped that he might be given transportation for the 11 a.m. services every fourth Sunday, instead of coming at 10 o'clock with Rev. C. Gibbs, who took Sunday School on these occasions.

Mr. L. D. Browne-Clayton is again Rector's Warden, and Mr. B. T. Haverfield, People's Warden, and Mr. Austin Willett and Mr. Dick Hall were also placed on the committee.

Mrs. Haverfield asked if the Mission could have their own services on Christmas Day, Easter and Whitsuntide, and the Rector said he would try to arrange this, if possible.

Mrs. Haverfield thought that Okanagan Mission should have a Parish Register.

Mrs. Haverfield and Mrs. Luckett both asked that the churchyard should be tidied up from time to time. Mrs. Farris kindly provided tea during the afternoon and was accorded a hearty vote of thanks.

We are sorry to report several people on the sick list recently. Ian Dunlop is suffering from pneumonia and was taken to Kelowna Hospital last Sunday.

1ST RUTLAND TROOP

"Do a good turn daily!"

Orders for the week ending Jan. 29th: The Troop will parade in the Community Hall on Friday, at 7.45 p.m., in full uniform.

Duty Patrol: Foxes. Basketball: Two games will be played, the tie between Seals and Foxes will be re-played, and the Beavers and Kangaroos will play again.

The annual public Scout meeting, held on Friday last, was well attended and went off in good order, and the Troop received some first class publicity for their work.

COUNCILLORS ARE RETURNED

PENTICTON, Jan. 27.—Councillors Bruce Cousins and A. L. MacDougall were returned to their seats on the Penticton Council at the civic election held on Saturday, Jan. 22. Candidate W. B. Carter was unsuccessful.

Miss Elsie Hesselgrave underwent an operation for mastoid recently. Mr. Kabella is with his family in the Mission, recovering from an injury to his leg while logging near Vavenby. We are glad to hear that Mrs. Browne-Clayton was able to return home from hospital last Thursday. Mrs. Pollock suffered a severe heart attack last week.

BOY SCOUTS SHUTTLE GAME IS POPULAR AT EAST KELOWNA

Number Of Matches Played With Other Clubs—Skating Rink On Tennis Courts

EAST KELOWNA, Jan. 26.—East Kelowna Badminton Club members have been an exceptionally busy group recently, a number of matches with other clubs, as well as regular evenings of play, keeping most of the addicts to this pastime busy during the past week.

On Thursday of last week, a "B" team, strengthened by two men from the "A" squad, played at Rutland, East Kelowna came out on the long end of a very lopsided score, winning the match 22-2. In spite of the uneven score, many of the games were closely contested, and a good evening was had, none the less by the losers than by the winners. The evening was marred by an unfortunate accident when, in the last game to be played, Mrs. Stevens, of Rutland, fell in attempting to return a shuttle and suffered a commotion fracture of her wrist.

On Saturday the local "A" team travelled to Summerland, where they met the "B" team of that club. East Kelowna found the almost ideal conditions afforded by the Summerland hall much to their liking and romped through their opponents, winning by a score of 13-3. A detailed score follows.

Daniel and Mrs. Daniel lost to Russell and Mrs. Russell, 15-6, 15-12, and beat W. Evans and Betty Duncan, 15-6, 15-8. Fitzgerald and B. Curtice beat Russell and Mrs. Russell, 15-12, 9-15, 15-1, and won from W. Evans and Betty Duncan, 15-2, 15-3. Olson and G. Porter beat B. Duncan and J. Bennett, 15-12, 15-9, and won from A. Simpson and M. Smith, 15-17, 15-10, 15-11. Pook and M. Allport won from B. Duncan and J. Bennett, 17-14, 18-16, and beat A. Simpson and J. Bennett, 15-11, 15-8.

Olson and Daniel lost to Duncan and Evans, 15-11, 18-15, and beat Russell and Simpson, 15-9, 15-2. Fitzgerald and Pook beat Russell and Simpson, 15-12, 15-5, and won from Duncan and Evans, 15-6, 15-10. Mrs. Daniel and B. Curtice beat M. Smith and M. Russell, 15-10, 15-10, and won from B. Duncan and J. Bennett, 15-10, 14-12, 15-4. G. Porter and M. Allport lost to M. Smith and M. Russell, 15-3, 13-15, 15-5, and won from B. Duncan and J. Bennett, 15-10, 15-13.

On Monday evening, the local "C" team were hosts to Rutland "B." This match proved to bring together two teams almost perfectly matched who battled it out on almost even terms through the entire course of the evening and finally decided to call it off with a score of 12-12.

When two tennis courts were constructed in this district last spring, it was the expressed intention to use the level space thus created as the location of a skating rink during the winter. In spite of almost perfect weather conditions for the building of an ice surface, no move was made in this direction until the beginning of this week, when a crew of the older of the school children, with the help of some of the young men of the community, made good start at clearing off the snow. After two afternoon sessions the ground has been made ready, and flooding is being done at this writing, with the result that given good weather, a suitable surface should be available by the week-end.

DOOMED BY RARE BONE DISEASE

Doctors have predicted but three years to live for Thomas Lloyd, Akron, Ohio, electrician. He was found to be suffering from a rare disease of the bones for which no cure is known. The disease slowly eats away the marrow of the bones, leaving the outer shell to go soft and crumble away. "I'm not afraid and I'll fight the thing to the last ditch," said Lloyd, seen in the group with his wife and children. He is holding Donald, 4 (left), and Philip, 5. Standing at the back is Richard, 11.

BOY SCOUTS SHUTTLE GAME IS POPULAR AT EAST KELOWNA

Number Of Matches Played With Other Clubs—Skating Rink On Tennis Courts

EAST KELOWNA, Jan. 26.—East Kelowna Badminton Club members have been an exceptionally busy group recently, a number of matches with other clubs, as well as regular evenings of play, keeping most of the addicts to this pastime busy during the past week.

On Thursday of last week, a "B" team, strengthened by two men from the "A" squad, played at Rutland, East Kelowna came out on the long end of a very lopsided score, winning the match 22-2. After two afternoon sessions the ground has been made ready, and flooding is being done at this writing, with the result that given good weather, a suitable surface should be available by the week-end.

IMPORTANT

A certain Welshman was the proud possessor of a very fine bass voice. Meeting a friend one day, he confided that he had had a remarkable dream. "Dreamt I was in a mighty choir," he explained. "Oh, but it was splendid. There was such a choir as you've never seen. Five thousand sopranos, five thousand altos, five thousand tenors, all singing at once double forte. Oh, magnificent." His friend gasped with amazement. "But suddenly," continued the singer, "the conductor stopped the lot, and turning to me, he said: 'Not quite so loud in the bass, John Jones!'"

GROWERS' CONTRACT DIFFERENTIATES BETWEEN GROUPS

(Continued from Page 1)
Infringement of rules by independents are taken out of the shippers' pockets and put into the pockets of the grow-

ers. Penalties for infringement by co-operatives are taken out of the pockets of the growers and put back into the pockets of the growers. In effect, co-operatives can disregard the rules without suffering any loss.
"Let my understanding of the effect of the contract should be mistaken and wishing to get an opinion free from possibility of local bias, the contract was referred to a well known Vancouver counsel, respected for his knowledge of business law. I quote this

wired opinion exactly as received:
Legal Advice Given
"Perused and considered proposed marketing contract stop my opinion where independent shippers and independent growers sign contract they become subject to regulations by Tree Fruits Limited issued subsequent to signing contract stop such regulations might affect the conduct of their business including price at which produce must be sold stop on the other hand where co-operative shippers and co-operative growers sign contract they may neglect or refuse to comply with any regulations to be issued and could sell their produce at a price less than price set for independents and neither the co-operative grower nor co-operative shipper would be affected by any action contemplated by contract stop Tree Fruits Limited do not appear to have agreed or covenanted with grower or shipper to do anything."
"This contract, in principle, has received the approval of the B.C.F.G.A. Possibly it was not very carefully considered or its effect understood. It is the object of the growers is central selling with the elimination of the independent shippers to be eliminated from the deal; because there is no doubt the standard contract, if signed, could be used with that object in view and would be a quick and efficient agent for that purpose.
No Need For Such Action
"If the growers really desire to get rid of the independents, if the growers really desire central selling, or a one desk plan, these two objects can be accomplished without asking the independents to sign their own death warrant, and to pay their own funeral expenses. No independent shipper possessing either self respect or business sense will sign this Standard Contract.
If the object of the growers is central selling with the elimination of the independents, surely it is unnecessary to set up machinery with double expense and go around half a dozen corners to reach an objective which can be approached by a direct route.
The Associated Growers have, for many years, operated under a three party contract which provides a one-desk plan for the signers. This organization has years of experience of large scale marketing and should without difficulty be able to enlarge its departments to handle the entire ten million dollar crop of British Columbia. It is the only organization in the Valley which has experience in handling Valley pools. Moreover, there is no function now being performed by growers' organizations that cannot be as efficiently performed by the Directorate of the Associated Growers, and with a tremendous saving in expense. If the desire of the growers is a standard three-party contract and the one-desk plan, why not join this existing organization?"
Mr. Staples stated that he thinks the introduction of collective bargaining into the fruit business should not be linked with a shipper's contract. If the growers wish to turn over to a central body the entire right to bargain in connection with their fruit, then it is distinctly their business.
"We are prepared to assist in the establishment of central selling, provided the growers want it, and provided this central selling is a business or a desk separate from any existing selling organization, but provided it retains for the industry the business executive and selling ability of the business houses now engaged in the distribution of Okanagan products."

MILITARY GROUP IS BLAMED FOR CHINA INVASION

Professor Soward Talks On War Torn World Affairs Of Today

SCORNS ORGANIZED HATE

Classifying the invasion of China by Japan as the work of a "little group of wilful men" the militarists—Professor F. H. Soward, of the University of B.C., held the intense interest of a crowded Junior High auditorium on Tuesday night in the second of a series of lectures under the Adult Education scheme. This lecture was sponsored by the Kelowna Young Women's Club.

Not only did Professor Soward give a clear-cut picture of the present struggle in China, but he reviewed the intervention of Germany and Italy in the Spanish war, and gave some decided views on the attitude of both these aggressor countries in the world situation of today.

No Organized Hate

The speaker stressed the point that "we must not have an organized hate against Japan." In explanation of this statement, he referred to the hate which was aroused in the World War against Germany, and of the consequences of that hate which arose out of the Versailles Treaty.

He considered that this invasion of China has been brought about by the militarist group in Japan, because of the growing tension in the world which was aroused in the Government affairs. The people were beginning to wonder if the army was the only safeguard, he added.

In 1936, Japan was faced with the same situation as faces Italy in Abyssinia today. The cost of the invasion of Manchuria had been tremendous, and there had been no settlement of the country on the part of the Japanese to relieve the overcrowded conditions of the mother country.

While pleading for a tolerant attitude towards the Japanese, Soward pointed out that the Japanese words in denouncing the Japanese invasion, and the bombing of crowded cities, together with the brutal massacres. The entire world has revolted against the massacres, he declared.

Adverse Trade Balance

In 1935, the adverse trade balance in Japan was fifteen million yen; and in 1937 it had jumped to seven hundred million yen. He stressed the strain on financial interests, the rising cost of living and the falling of the value of the yen. In Manchuria, only the soy bean is a natural resource which can be counted upon. And yet, with the tremendous initial cost of the war in Manchuria, Japan is forced to keep a very large army in Manchuria in order to preserve a semblance of order.

With all this rising cost, and financial burden, Japan had not gained in international co-operation or prestige, Professor Soward explained, and in February, 1936, the elections showed a decided trend towards elimination of army interests in Government. Then came the "palace conspiracy," when a group of young radical officers, and a group of military and cabinet ministers. Even when that episode was quieted, and another election forced upon the people, the trend against the militarists was even more pronounced.

And so, the militarist group decided that action was essential, so in July of last year, came the invasion of China. "Shanghai may prove to be a second Verdun," he continued, as it remained uncaptured, and the Chinese put up a splendid battle, the invasion of the rest of China being as bitterly contested.

Cannot Continue Policy

"Japan may win victories in the present invasion," Professor Soward declared, "but what will be the outcome? Must she maintain by force a partition over the whole of China? Such a policy could not be continued for long."

China has decided to follow a policy of slow retreat, burning all their possessions in order that Japan may not be able to seize anything of usefulness. Japan has lost the third of her gold reserve, and the war is costing two billion yen more than she thought.

Other governments are keeping an embarrassed silence to China's plea for assistance, he pointed out. He believed that to be a dishonest policy, for at the same time, the invaders are continuing to supply the invaders with supplies for war munitions. This statement was greeted with applause.

He likened Japan's attitude to Germany and Italy. There is no question of Germany's rising might and importance, he conceded, and Hitler is the insoluble quantity behind Germany. But Germany, Italy and Japan are feeling the pinch, and Germany, for instance, is feeling the pinch for re-arming at the cost of her economic policy. He considered that there is a great lack of statesmanship throughout the world, yet the world still are ready for the great democratic powers to draw together to offer a definite check on the advance of the totalitarian state.

Will Not Insure

At the outset, Professor Soward reviewed the situation in its broader aspects, dealing with the published reports of insurance companies in the Old Country, that "except in certain parts of the North American continent, we will not insure a building against war risk."

The Pact of Locarno has collapsed and disappeared, he said, and the world knows the duty of the Kellogg Pact, which induced nations not to declare war, but to fight anyway. Standards and morality have collapsed throughout the world, and only Great Britain, France and the United States have adopted the policy of peace at almost any price.

"It must be stark necessity when Great Britain plans a seven and a half billion re-arming programme."

REEVE G. C. HUME HAD 30 MAJORITY

Due to a telephone misunderstanding, the figures supplied The Courier regarding the Saturday election for Reeve at Glenmore were erroneous, as published in The Courier Advertiser on Tuesday.

G. C. Hume was returned as Reeve of Glenmore by a margin of thirty votes over his opponent, Andrew Ritchie, who is well known for his activities in the fruit industry. Reeve Hume secured 57 votes to Ritchie's 27.

Professor Soward stated, "It is a form of insurance, but yet it has proved unreliable in the past."

There are at present, instead of the League of Nations functioning smoothly, and the various pacts remaining solid, a series of two-party pacts between Italy, Germany and Japan, as well as anti-communist agreements. "I doubt if any of these pacts will gain by war," he declared, "Italy did not in Ethiopia and I doubt if Japan will in China, but this constant threat intercepts the stronger western threat."

Vancover "Re-Assured"
"Canada's policy he termed as a back seat one. She would take no part in an aggressive policy, and in the meantime, "to reassure Vancouver, she placed six-inch guns in Stanley Park," he continued, with a note of derision.

"Spain offers an object lesson in the new technique of intervention in international affairs. It is a most inhuman and terrible struggle of brother against brother." He had no use for the person who endeavours to explain the Spanish action as a fight against Communism, as there were only 16 Communists out of 400 in the last election.

France considered he could take Madrid easily, but the wonderful morale of the Spanish loyalists surprised him. He traced the course of the war until the present time, and added: "We may well see important developments in Spain when Franco calls for help to fill the gaps in his ranks, caused by the Spanish loyalists."

Another thought in connection with this war, was that Germany and Italy found that their planes and tanks were not as effective as they considered, and could not beat down a well placed group of Spaniards with their present morale.

SCOTTISH FOLK COMMEMORATE NATIONAL BARD

(Continued from Page 1)
history and some features of the old land, with occasional humorous asides.

Mr. J. G. Adam, in proposing "The Land of Our Adoption," paid a warm and eloquent tribute to Canada, which evoked frequent bursts of applause.

The final toast, that of "The Lassies," was entrusted to the Cameron clan, Mr. Alan Cameron proposing it and Mrs. G. D. Cameron replying. Appropriate gay badinage and banter passed between them, the lady pointing out proudly that, as was the custom of her sex, she had the last word.

A quartette composed of Mrs. F. Tait, Miss M. Scott, Messrs. J. Macfarlane and J. Kincaid, sang two very pleasing numbers. "There was a lad was born in Kyle," and "Sweet Afton."

Mr. Lyon gave two recitations from the lesser-known writings in Broad Scots of Robert Louis Stevenson which proved very acceptable to his audience.

Sandwiched in between the items of the programme, Mr. Geo. S. McKenzie led the gathering in community singing, the selections rendered including: "Ye banks and braes o' bonnie Doon," "Thou bonnie wood o' Craigielea," "Annie Laurie," "Over the sea to Skye," "O rowan tree" and "Bonnie Charlie's noo awa'."

Immediately the end of the programme was reached, the younger folk hastened to the upper hall and they were soon taking it merrily to the tuneful strains of the Murray Orchestra, both in Scottish and Canadian dances, and the fun was kept up until well into the morning hours.

As in former years, the excellent haggis was made and cooked by the deft hands of Mrs. N. Dunn. Mrs. A. H. Badley presided over the committee of ladies in charge of table arrangements, etc., while Mrs. M. A. Reith was in command of the kitchen staff and the details of serving. All arrangements worked smoothly and there were no hitches, and the gratitude of the Scottish community is due to those energetic and self-sacrificing ladies and men who shouldered the work, not forgetting the indefatigable secretary, Mr. Bruce Deans, who has come to be regarded as indispensable to the success of the annual event.

FIRST SMOKER IS VOTED BIG SUCCESS

(Continued from Page 1)
several individual selections which received round applause. They were doctored out in hillbilly style.

One of the feature entertainers was Jim Pringle, with his accordion, which did everything but talk. His "swing music" packed a punch which exhilarated the audience, and he was enthusiastically encored.

Bill Breslin amused the gathering with another of his "International discussions," and Bill seemed to have the situation about as well in hand as usual.

Impromptu Playlet
Jim Douglas commiserated five members of the audience to give an impromptu rendition of Romeo and Juliet. Those who contributed their talent for this "masterpiece" were Ivor Newman, Harry Mitchell, Charlie DeMara, Harry Lawson and George McKenzie, Jr.

"Tiny Waldorf's solo numbers brought an enthusiastic applause and the audience yelled for more.

Through the kindness of Mr. Chester Owen, a new spring hat was raffled. On the spin of the wheel, Dick Parkinson won the chapeau. He re-donated it, however, and on the second occasion Frank Gower was the holder of the lucky ticket.

Members of the Entertainment Committee who were responsible for the success of this smoker included Messrs. Terry Bennett, Jim Calder, Bill Allen, Jack Gordon, Les Campbell, Jim Douglas, Jim McDonald, and Jack Tyrer.

KELOWNA STUDENT AT SCHOOL OF AERONAUTICS

Geoffrey Rennie, of Kelowna, who is taking an airline operations course, is one of four students from British Columbia now in attendance at the Boeing School of Aeronautics, a division of United Air Lines located at Oakland, Cal. The other British Columbians are Dermot F. Martin, of Victoria, airline mechanic course; Walter P. Barclay and Lauchie MacLean, both of Vancouver, airline operations course.

According to T. Lee, Jr., General Manager of the School, in the new class which the four young men from British Columbia have joined are represented twenty-two states, Canada, Australia and New Zealand.
