“Edward T. Davis” and “Simon W. Jones” were not included as authors in the published article. The author list has been updated and the corrected **Author Contributions** statement appears below.

“OD conception of study. OD, SC, SJ, ED, and LG experimental design and manuscript preparation. OD, IA, AM, SJ, ED, and MC experimental work and data analysis. LH computational data analysis.”

Additionally, in the original article, there was a mistake in **Table 1** as published. Incorrect primers were included. The corrected **Table 1** appears below.

The authors apologize for these errors and state that it does not change the scientific conclusions of the article in any way. The original article has been updated.
