One NPS sailor's story (poster)

Betts, Rob

Monterey, California, Naval Postgraduate School

http://hdl.handle.net/10945/39110
How NPS helped my USN career:

“My degree provides me with the critical thinking skills required to understand the myriad of networks and simulation systems involved with conducting an effective FST event. It also provides me with valuable expertise in an extremely complex and ever-changing field, as well as allowing me the opportunity to learn about service branches other than the Navy.”
