MISSION

“To conduct and direct advanced education of commissioned officers and to provide such other technical and professional instruction as may be prescribed to meet the needs of the Naval Service; and, in support of the foregoing, to foster and encourage a program of research in order to sustain academic excellence.”

. . . ABOUT THE SCHOOL

The Naval Postgraduate School opened at Annapolis in 1909 and then shifted its location to Monterey in 1952. During that period of time it has conferred over 18,000 degrees. The typical student is a married U.S. Naval Officer who has completed an operational tour, is living in the nearby government housing, and is engaged in intensive studies leading to a master's degree in one of 43 different curricula. This student would spend 18 to 27 months here receiving a master's degree which has been specifically tailored to include certain educational skill requirements necessary for subsequent assignments. Students are obliged to remain in service for about four years after they complete their schooling. Although most of the graduates receive master's degrees, there are normally a dozen or so students working on professional engineering degrees and another dozen or so on doctoral degrees.

Students arrive every quarter, although the heaviest inputs are in March and September. Of the approximately 1700 students now enrolled, 59% are in the United States Navy, 24% are from other United States services such as the Army, Air Force, Marine Corps, Coast Guard, NOAA, civilian labs, etc., and the remaining 17% are from allied foreign countries.

The faculty consists of approximately 350 professors, many of whom are internationally recognized in their respective fields. Two thirds of them are on a tenured track while the rest are adjunct professors, and this arrangement allows the necessary flexibility to deal with variable demands. In order to keep abreast in their fields they are encouraged to do research beneficial to other governmental agencies. Over \$14 million of research is conducted or administered from this campus.

The school is administered by the Superintendent (RADM Robert Shumaker) who is assisted by a Provost (Dr. Dave Schrady). There are four civilian deans (Science and Engineering, Information and Policy Science, Administration, and Continuing Education); two Navy Captains serve as the Director of Programs, the Director of Military Operations.

The following eleven departments comprise the Postgraduate School: Administrative Science, Mathematics, Computer Science, Operations Research, National Security Affairs, Physics, Electrical and Computer Engineering, Meteorology, Aeronautical Engineering, Mechanical Engineering, and Oceanography.

The School became an Echelon II Command in October 1983 and, as such, now reports directly to the Vice Chief of Naval Operations.

Guests are invited to visit the Naval Postgraduate School Museum located in the basement of Herrmann Hall. The museum is designed to capture both the history of the school and that of the Old Del Monte Hotel through displays and artifacts.

THE AWARDS

MONTEREY PENINSULA COUNCIL NAVY LEAGUE AWARD FOR HIGHEST ACADEMIC ACHIEVEMENT — LT WILLIAM DOUGLAS FRENCH, USN

Presented to the graduating USN, USMC, or USCG officer who has maintained the highest academic grade average as a student at the Naval Postgraduate School.

CHIEF OF NAVAL OPERATIONS ANTISUBMARINE WARFARE AWARD — LT WILLIAM DOUGLAS FRENCH, USN

Sponsored by the National Security Industrial Association and presented in recognition of distinguished academic achievement to that ASW Curriculum graduate who has demonstrated outstanding academic performance and exhibited those qualities indicative of an outstanding military officer.

UNITED STATES NAVAL INSTITUTE AWARD — CDR LARRY D. LARUE, USN

Presented each quarter to that recipient of a master's degree in National Security Affairs whose achievement has significantly advanced professional, literary or scientific knowledge in the naval or maritime services.

CHIEF OF NAVAL OPERATIONS COMMUNICATIONS AWARD — LT THOMAS L. GRODEK, USN

Presented in recognition of distinguished academic achievement in the Communications Engineering or Telecommunications Systems program to that graduate who has attained an outstanding academic record and who exhibits those qualities of an outstanding military officer.

CHIEF OF NAVAL OPERATIONS AWARD FOR EXCELLENCE IN OPERATIONS RESEARCH — CAPT DEAN D. DEWOLFE, USMC

Presented semiannually to the outstanding USN or USMC graduate of the Operations Research Program on the basis of academic achievement, experience tour performance, thesis work and demonstration of those qualities indicative of an outstanding military officer.

MILITARY OPERATIONS RESEARCH SOCIETY GRADUATE RESEARCH AWARD — CAPT DEAN D. DEWOLFE, USMC

Presented in recognition of outstanding achievement in graduate research directed toward improving military force utilization. The primary award criterion is research which leads to demonstration of, or potential for increased operating effectiveness of currently available or near term assets.

JOINT CHIEFS OF STAFF COMMAND, CONTROL AND COMMUNICATIONS AWARD FOR ACADEMIC ACHIEVEMENT — CPT MICHAEL L. FINDLAY, USA

Presented to the outstanding graduate of the Command, Control and Communications Program in recognition of distinguished academic achievement based on marks attained, quality of thesis and overall performance.

ARMED FORCES COMMUNICATIONS AND ELECTRONICS ASSOCIATION HONOR AWARD — LT JAMES K. GRUETZNER, USN

Presented to that officer graduate who has achieved academic excellence and best demonstrated professional qualities in one of the following programs: Electronics, Communications, Intelligence, Command and Control, or Computer Technology.

NAVAL SEA SYSTEMS COMMAND AWARD IN NAVAL ENGINEERING — LT JAMES LAWRENCE O'KEEFE, III, USN

Presented in recognition of distinguished academic achievement in the Naval Engineering Program. The criteria for the award includes demonstrated academic excellence measured by marks attained, contents of thesis and demonstrated leadership potential in Naval Engineering.

*REAR ADMIRAL GRACE MURRAY HOPPER AWARD FOR COMPUTER TECHNOLOGY — LCDR EDWARD J. CASE, USN

Presented to graduating USN, USMC, or USCG officers on the basis of thesis quality, academic performance and demonstrated leadership ability in the study of Computer Technology.

*NAVAL SURFACE WEAPONS CENTER AWARD — LCDR DAVID R. LEWIS, USN

Presented semiannually to a U.S. Navy officer of high academic standing whose thesis topic and quality of supporting research demonstrate the greatest potential for contribution to Surface Warfare.
