DIY Answers: Getting More Utility Out of the HKU Scholars Hub
HKU Scholars Hub

• HKU’s online expertise directory, making HKU researchers and their research visible

• Expert finder - centralized information on about 1,500 professorial staff including their contact details, research interests, publications, patents, community service, RPg student supervision and grants received
What is the value?

• Reuses yearly performance data (publications, awards) that academic staff submit to APA
• Captures research grant data
• Captures RPg supervision & links to theses
• Links to bibliometrics
• Provides downloads for open access materials
• Shows community service
• Shows collaborations
• Makes the information easy to search for researchers, students, journalists etc.
• Consistent format across whole university
Searching?

- Google search for "telephone survey methodology" "Hong Kong"

- Search from HKU home page for:
  - Collaborator
  - Supervisor
  - Media contact
  - Top down search: faculty, dept, individual
Reuse pages via links

- Can use add link on departmental pages to avoid need to update personal pages
- [http://www.ssrc.hku.hk/director.html](http://www.ssrc.hku.hk/director.html)
What is the Hub?

- Current Research Information Management (CRIS)
- Research Information Management System (RIMS)
- Information discovery (external & internal)
- Decision support (internal)
- Cyberinfrastructure (the research eco-system)
- Virtual Research Environment (VRE)
- E-Research

The HKU Scholars Hub is the current research information system of The University of Hong Kong. As a key vehicle of HKU's Knowledge Exchange Initiative, The Hub strives to make HKU authors and their research very visible, with the goal of increasing all forms of collaboration.

Quick Search of The Hub for:

Publications | Research Collaborators | Thesis Supervisors | Media Commentary

FEATURED SCHOLAR

Dr Zhu, HJ

Clinical Assistant Professor

Research Interests:

- Using PETCT and MRI in the surveillance of patients treated for Multiple Myeloma and other hematological malignancy
- Using mixed modality biodistribution imaging to evaluate

HUB NEWS

Oct 2014: Created Quick Searches on different types of researchers.

Jun 2014: Created pages for faculties, depts & centres cumulating research and statistics to each one

May 2014: Created ORCID accounts for all HKU Professoriate staff.
## HKU Scholars in the Top 1%

According to ISI's Essential Science Indicators, every year the University commissions a search to identify the top 1% scholars at HKU. The database adopted for this exercise is Essential Science Indicators data from Thomson Scientific-indexed journal articles with results presented in 22 subject fields. For more information on the methodology behind ESI, please visit [Science: Understanding Core Data](#).
