Все глаголы английского можно разделить на две группы:
правильные неправильные.

Past Simple образуется прибавлением к инфинитиву (без **to**) правильного глагола окончания **-ed**.

wait — waited

Для того, чтобы образовать **Past Simple** от неправильных глаголов, необходимо знать их наизусть. Существует таблица неправильных глаголов английского языка.

Вопросительная и отрицательная формы образуются при помощи вспомогательного глагола «**DID**». При появлении **DID** смысловой глагол принимает форму инфинитива без частицы **to**.

Утвердительное	Вопросительное	Отрицательное
I saw	DID I see?	I didn't (did not) see
YOU saw	DID you see?	YOU didn't see
HE, SHE, It saw	DID he, she, it see?	HE, SHE, It didn't see

to live — lived

to stay — stayed

Употребление

Все 4 формы «будущего в прошедшем» употребляются в тех же значениях, как и обычные формы будущего времени, с той только разницей, что действие в этом случае представляется будущим не с момента речи в настоящем, а с какого-нибудь момента в прошлом. Грамматическое значение английских глаголов в формах «будущее в прошедшем» в русском языке передают глаголами в будущем времени:

We knew that we **would manage** somehow. Мы знали, что как-нибудь справимся.

The Future-in-the-Past Tense употребляется для выражения будущих действий, о которых шла речь в прошедшем времени, со следующими обстоятельствами времени:

Tomorrow	завтра
the next day	на следующий день
the day after tomorrow	послезавтра
two days later	два дня спустя
in two days	через два дня
next week	
the following week

14. Страдательный Залог (The Passive Voice)

В английском языке имеется два залога: **the Active Voice** (действительный залог) и **the Passive Voice** (страдательный залог).

1. Если подлежащее обозначает лицо или предмет, совершающий действие, то глагол-сказуемое употребляется в форме **действительного залога**.

The hurricane ruined almost all houses in this village.

Ураган разрушил почти все дома в этой деревне.

2. Если же подлежащее обозначает лицо или предмет, подвергающийся действию со стороны другого лица или предмета, то глагол-сказуемое употребляется в форме **страдательного залога**.

We **were given** a bonus.

Нам была выдана премия.

Образование времен страдательного залога

Времена страдательного залога образуются при помощи вспомогательного глагола «to be» в соответствующей временной форме и смыслового глагола в форме причастия прошедшего времени **Past Participle (Participle II)**.

	Indefinite	Continuous	Perfect	Perfect Continuous
Present	A picture is painted	A picture is being painted	A picture has been painted	-----
Past	A picture was painted	A picture was being painted	A picture had been painted	-----
Future	A picture will be painted	-----	A picture will have been painted	-----
Future – in – the – Past	A picture would be painted	-----	A picture would have been painted	-----

Таким образом, при спряжении глагола в страдательном залоге изменяется только глагол «**to be**», смысловой же глагол имеет во всех временах одну и ту же форму – **Past Participle (Participle II)**.

2. В страдательном залоге имеются только два времени группы Continuous: **Present Continuous** и **Past Continuous**; формы **Future Continuous** и **Perfect Continuous** отсутствуют.

Преобразование предложений из действительного залога в страдательный

1. Дополнение действительного оборота становится подлежащим страдательного оборота
Somebody has stolen **his car** (действительный залог).
Кто-то украл его машину.
His car has been stolen.
Его машина была украдена.
2. Глагол в страдательном обороте употребляется в том же времени что и в действительном.
I **wrote** the letter.
Я написал письмо.
The letter **was** written.
Письмо было написано.
I'll **take care of** your pets.
Я позабочусь о твоих питомцах.
Your pets **will be taken care of**.
О твоих питомцах позаботятся.
3. При необходимости упоминания лица или предмета, осуществляющего действие, а также предмета, являющегося инструментом действия или материалом, с помощью которого действие производится, используются предлоги **by** и **with**. При чем предлог **by** используется, чтобы сказать, **что** или **кто** выполнил действие, а предлог **with** – что использовал деятель (*инструмент или материал*) для совершения действия.
The cake was cooked **by** my Granny.
Торт был приготовлен моей бабушкой.

4. В пассивных вопросительных конструкциях, начинающихся с **who, whom** или **which** всегда присутствует предлог **by**.

Who **was** the Mona Lisa **painted by**?

Кем была написана Мона Лиза?

5. Если в состав сказуемого в действительном залоге входят модальные глаголы и их эквиваленты, то в страдательном залоге это сказуемое будет выглядеть следующим образом:

модальный глагол + be + Past Participle

действительный залог	страдательный залог
We must finish our work in May. Мы должны закончить свою работу в мае.	Our work must be finished in May. Наша работа должна быть закончена в мае.
