PREFACE

This bibliography lists the publications sponsored by the NASA Wallops Flight Center/ NASA Goddard Space Flight Center, Wallops Flight Facility during the period 1980 through 1983. Most citations were obtained from the NASA central file of scientific and technical information utilizing the NASA/RECON computerized system. Some published works, therefore, may not be included in this list.

The bibliography contains citations listed by type of publication; i.e., NASA formal report, NASA contractor report, journal article, or presentation; contract/grant number; and accession number. The contract/grant numbers marked by an asterisk (*) indicate that the work was sponsored in part by other organizations. An author index is included.

NASA unlimited reports are placed on sale at the National Technical Information Service, 5285 Port Royal Road, Springfield, Virginia 22161. When ordering NASA publications, use the N accession number. Documents identified by an X accession number may be limited or classified and available only to certain individuals or organizations.

Government personnel, who are working at NASA Wallops Flight Facility, can arrange to borrow the scientific and technical reports from the NASA Wallops Flight Facility Technical Library.

I am indebted to Donald Scott, co-operative student, and Gerry Laws, summer aid, for their interest and time spent in collecting the data for this bibliography.

NASA Technical Memorandums (NASA TM-)

NASA TM-84417

N83-74269

Krabill, W. B., and C. F. Martin, *Analysis of Aircraft Vertical Positioning Accuracy using a Single Accelerometer*. NASA Goddard Space Flight Center, Wallops Flight Facility, Wallops Island, Virginia. February 1983.

NASA TM-84418

N83-22909

Parsons, C. L., *Total Ozone and Surface Temperature Correlations during 1972-1981*. NASA Goddard Space Flight Center, Wallops Flight Facility, Wallops Island, Virginia. February 1983.

NASA TM-84419

N83-22254

Maurer, H. E., W. Oderman, and W. F. Crosswell, *An Atlas of November 1978 Synthetic Aperture Radar Digitized Imagery for Oil Spill Studies*. NASA Goddard Space Flight Center, Wallops Flight Facility, Wallops Island, Virginia. February 1983.

NASA TM-84420

N83-34275

Parsons, C. L., *Determining the Operating Characteristics of an Ultraviolet Interferometric Spectrometer*. NASA Goddard Space Flight Center, Wallops Flight Facility, Wallops Island, Virginia. July 1983.

JOURNAL ARTICLES AND PRESENTATIONS - 1983

NAG6-1*
