A BIBLIOGRAPHY OF PLANETARY GEOLOGY
PRINCIPAL INVESTIGATORS AND THEIR ASSOCIATES, 1980-1981

A compilation of selected bibliographic data specifically relating to recent publications (May 1980 through May 1981) submitted by principal investigators and their associates, supported through NASA's Office of Space Science and Applications, Earth and Planetary Exploration Division, Planetary Geology Program.

Serves as a companion piece to NASA TM 82385, Reports of Planetary Geology Programs, 1980, NASA, Washington, DC, December 1980.
