Skylab/EREP Report for the period of August 1974.
Project SR-397 Contract #NAS 9-13301

Activities during the subject reporting period were concerned principally with preparing for and attending the A.A.S. conference at Los Angeles to present a paper, "Evaluation of Skylab Data for Land Use Mapping".

(A) Overall Status

The financial needs for the Skylab extension were evaluated and are being put in formal form.

(B) Scientific Recommendations

No recommendations are being made this reporting period.

(C) Expected Accomplishments

The contract extension proposal will be finished during the month of September. Also analysis will begin on the filtered data sets when they are received.

(D) Results

No results are being reported for this reporting period. No new data is available.

(E) Travel Summary and Plans

A trip was made to Los Angeles for the A.A.S. conference to present a paper by L.L. Biehl and L.F. Silva at the EREP session. Dr. LeRoy Silva and Larry Biehl attended.
