Memories shared by Nancy (Hill) Cron

Hometown: Bowling Green, Kentucky

Why I chose WKU: Saved expense of going away to school and I received a music scholarship

My major: Music Education

My class: 1968 and Masters 1983

Gemini Bands: The first one – Gemini 14

Instruments: Tenor sax and I was one of the singers.

Tours: The Caribbean tour. I opted not to go on the Germany tour because I had a senior recital that year and two operas with lead roles.

Friends: I was friends with all the group and still keep in contact with a few of them. Most of the girls were also in Delta Omicron with me.

Memories: It was quite an experience. The small plane taking us from one island to another was loaded with us and our equipment. We sometimes wondered if

we would make the take off and landings. We saw a lot of beautiful scenery and the tour through the Panama Canal was an educational experience.

Benefits: I saw places That I had never seen before and had a musical experience that was different from what I had previously experienced. It was a great opportunity.
