Presidents Day	Thanksgiving Day
Memorial Day	Day After Thanksgiving
Independence Day	Christmas Day
Labor Day	

One additional day to be determined by the Commission and the CSEA Unit, which day will provide an additional long weekend.

- 2. If any such days excepting New Year's Day, fall on a Saturday, the previous Friday shall be observed. Should any such days fall on a Sunday, the following Monday shall be observed. New Year's holiday falling on a Saturday or Sunday shall be observed on the following Monday. Any day shall be observed as a holiday if so designated by the President of the United States or by the Governor of the State of New York, when approved by the Commission, and any day which the Commission may, within the law and its discretion, designate as a day off for the employees of the Commission.
- 3. In the event an employee is scheduled to work on any of the above holidays, or on days designated as holidays, within this Section, the employee will, in addition to his or her regular holiday pay, receive compensation at the rate of time and one-half (1-1/2) for the time actually worked. In the event of a call-out, the employee will, in addition to his or her regular holiday pay, be paid a minimum of three hours straight time pay for the first two hours or less. Time in excess of the first two hours will be paid at the rate of time and one-half. No more than one holiday premium pay will be paid per holiday.

 - a. Vacations shall be taken during the year following the anniversary date on which the vacation days are credited.
 - b. Each employee shall be encouraged to exercise at least five (5) consecutive days vacation in each year for the purpose of rest and relaxation; however, employees shall be permitted to take more than a total of ten (10) consecutive days vacation during the months of June, July and August of each year only upon approval of employee's immediate supervisor. Such extension to be limited to a maximum addition of five (5) days.
 - c. Vacations must be requested in advance, subject to the approval of the department supervisor whose consent shall not be unreasonably withheld. This provision shall be deemed waived in emergency situations. When the exercise of vacation rights by two or more employees, during wholly or partially concurrent periods, will, in the opinion of the department supervisor, unduly hinder the operations of the Commission, (1) vacation rights to be exercised during June, July and August will be granted to the employee making the earliest request and no consideration is to be given to continuous length of employment, and (2) vacations during months other than June, July and August will be granted to the employees having greatest continuous length of employment.

3. Maximum computed accumulation shall not exceed two hundred twenty-seven (227) days. Any days earned in excess of this cap shall be credited to the Sick Leave Bank at the end of each year.
4. Each employee shall report absence because of sickness to the department supervisor not later than the first half-hour of their regularly scheduled shift occurring after the onset of his illness. The expected duration of such absence shall be reported at this time. If the illness is of a longer duration than initially reported, the employee shall notify the Commission of this fact, not later than the first half-hour of his or her regularly scheduled work shift of the original expected day of return. Failure to so report each day of absence shall constitute absence subject to payroll deduction for each day absent. If the Commission be-

believes an employee is utilizing sick leave for purposes other than those for which it was intended, then the Commission shall request a meeting with the CSEA President or his designee and the affected employee(s) to discuss the situation. Subsequent to such meeting, should the Commission continue to believe that there is a misuse of sick leave, the Commission shall have the right to take whatever action is available to him under Civil Service Law.

5. Each employee shall be subject to a salary deduction for each working day absent in excess of the above applicable schedule(s). The Commission has the right to demand a doctor's certificate showing the employee is eligible for sick leave credit under the following conditions:
 - a. Employee absent from work in excess of three (3) or more consecutive days.
 - b. Sick leave that occurs contiguously with a vacation period.

 - d. Sick leave in excess of three (3) days or sick leave requested to run consecutively following vacations must be certified for by a statement signed by the employee supporting the need for such extended leave and certifying the employee's capability of resuming work. Such certification shall be presented, to the employee's immediate department supervisor upon the employee's return to work.
- B. SICK LEAVE BANK A sick leave bank shall be established and its operation shall be conducted by a four (4) member committee comprised of the Director of Municipal Utilities and one person appointed by him and the CSEA Unit President and one person appointed by him. Employees who wish to participate in such bank shall be allowed to contribute three (3) days accumulated sick leave to the bank. Additional contributions may be requested from time to time by the committee as they deem necessary.

Participating employees may withdraw sick leave from the bank, subject to a majority vote of the committee, which consent shall not be unreasonably withheld. To be eligible to withdraw days from the bank, the following conditions must be met: 1) the employee has contributed days to the bank; 2) all of his or her personal accruals have been exhausted; 3) the illness or injury for which banked days are to be used is of thirty (30) days or longer duration and; 4) the employee agrees to a schedule acceptable to the committee to repay the days withdrawn from the bank, upon his or her return to work.

C. LEAVE OF ABSENCE

1. Military leave shall be as provided by the New York State Statute.

4. Leave of absence shall not be granted to an employee to accept employment by an employer other than the Commission.
5. It is hereby established that any leave of absence in excess of four (4) months for sickness or maternity shall be deducted from the employee's earned time applicable to the next wage schedule bracket; that a leave of absence granted to an employee for a course of study or training, when such study or training is of the same nature and category with the stated employment of such employee, shall not be deducted in computing the earned time in regard to the increments earned or qualifying for the increments for

longevity; that a leave of absence of one (1) year for sickness or maternity shall be deducted from the earned time as applied to the increments for longevity; and that a leave of absence granted to an employee for any other reason than above stated shall be deducted in computation of earned time for increments and longevity increments, unless approved after consideration of the Commission. Only the actual time an employee is away from work during the granted leave of absence shall be deducted in computation of earned time for increments and longevity increments; however, any time worked during a granted period of leave of absence shall not extend the granted period of such leave of absence.

6. Sick leave, vacation leave and retirement credit shall not accrue during a leave of absence.

D. FUNERAL LEAVE

1. In each event of death in the immediate family, employees shall be granted, beginning with or immediately following the day of death, scheduled work days off without loss of basic pay, in accordance with the following schedule:

G. PERSONAL LEAVE

1. Personal leave not to exceed twenty-four (24) hours per year per employee shall be granted by the Employer, upon request of the employee. Such leave may be used in increments from one (1) hour to twenty-four (24) hours and will require prior approval by the Director or his/her designee. Such approval will not be unreasonably denied.
2. Such personal time shall be for illness or injury to immediate family members which requires hospitalization, attorney, doctor or dentist appointments or similar causes, when such activities cannot be accomplished on other than work time. (This list is not all inclusive but illustrative only).
3. If requested at least twenty-four (24) hours in advance the employee will not be required to give the reason for such request.
4. Starting with the June 1, 2005, contract year, personal days shall be credited to each employee on the anniversary of their date of hire and must be used by the following anniversary date or they shall be forfeited.

X. ABSENCE WITHOUT LEAVE

In the event a lay-off takes place, employees shall be laid off in the order of least seniority within the job classification. A laid off employee in the non-competitive grade may exercise his or her seniority to displace ("Bump") a less senior employee in the job title considered next lower in title in direct line of promotion. The non-competitive grades involved are: Working Supervisor, Maintenance Person and Laborer. Employees who are to be laid off are to be notified at the earliest possible time.

 6. Any employee who is interested in any position with the Company, other than their current position, shall be allowed to so notify the Director of Municipal Utilities, in writing, of any position the employee is interested in transferring into. Employees who so notify the Director, shall be considered for such a position when it becomes available.
