1982 VCU Commencement Speaker

Virginia Commonwealth University welcomes as its Commencement Speaker Malcolm S. Forbes, Jr., President of Forbes, Incorporated, and Senior Editor of *Forbes Magazine*, one of the nation's oldest and distinguished business management publications.

Mr. Forbes was born in Morristown, New Jersey, and graduated *cum laude* from the Brooks School, North Andover, Massachusetts, in 1966, and from Princeton University in 1970.

While at Princeton, Mr. Forbes was founding editor of *Business Today*, a quarterly publication designed to give students a balanced perspective of the business world. *Business Today*, with a nation-wide circulation of 200,000, became the country's largest magazine published by and for students.

Following military service, Mr. Forbes joined the business publication founded by his grandfather in 1917. He became a Director of Forbes, Inc., in 1971, and was appointed Vice President and Secretary in 1973. In 1976, he became Associate Editor of the magazine, and assumed the post of Senior Editor in 1978. As Senior Editor, he is the third generation of his family to write editorials for each issue of *Forbes*.

In both 1975 and 1976, Mr. Forbes was awarded the "Crystal Owl," presented annually by the U.S. Steel Corporation to the reporter making the most accurate economic forecasts for the coming year. In addition to receiving the award in consecutive years, Mr. Forbes was the first writer to win the award twice during the 40-year history of the competition.

In 1977, Mr. Forbes wrote the text of the award-winning documentary, "Some Call It Greed," produced on the occasion of *Forbes Magazine's* sixtieth anniversary and narrated by Orson Welles, Lowell Thomas and Robert MacNeil.

THE UNIVERSITY

Virginia Commonwealth University was created by act of the General Assembly of Virginia on July 1, 1968, through the merging of the Medical College of Virginia and Richmond Professional Institute. The university takes its founding date from the Medical College of Virginia which was established in 1838.

Today the institution exerts a major influence in its region in the fields of education, research, health care, and community service. Virginia Commonwealth University is composed of the Medical College of Virginia Campus in the downtown business district and the Academic Campus in a nearby residential district. The university is authorized to maintain 1,058 beds in five patient care facilities.

Virginia Commonwealth University enrolls more than 19,000 students in the College of Humanities and Sciences and in the Schools of Allied Health Professions, The Arts, Basic Sciences, Business, Community Services, Dentistry, Education, Medicine, Nursing, Pharmacy, Social Work and Graduate Studies. There are hospital-based certificate programs available in blood banking, EEG technology, cyto-technology, and dietetic internship.

The university offers undergraduate, graduate, and first professional degree programs; 16 programs award the doctoral degree. Supporting the instructional programs are the James Branch Cabell Library on the Academic Campus and the Tompkins-McCaw Library on the Medical College of Virginia Campus. The library collection exceeds 456,000 volumes and is supplemented by many special collections in the arts, sciences, humanities and biomedical areas.

The university's 2,000 full and part-time faculty have distinguished themselves both in teaching and research, demonstrated by Virginia Commonwealth University's ranking among the nation's top 100 institutions in research activities. The faculty is sensitive to the need for constant curriculum revision to meet professional and educational requirements in a world of change. Accordingly, more than 30 new degree programs have been initiated in the past five years.

Because of its location in a large urban area of Virginia, the university operates highly developed day, evening, and summer programs.
