Honorary Doctor of Humane Letters

2007 Recipient

The Honorable James H. Webb

The Honorary Doctor of Humane Letters is Virginia Commonwealth University's highest form of recognition. Awarded by the President at Commencement, it recognizes the Commencement speaker as well as others who have made outstanding contributions to society through scholarship, public service, humanitarianism, science and art.

The Honorable James H. Webb
Commencement Speaker
Honorary Doctor of Humane Letters

Senator James H. Webb never planned to enter political life, but in 2006 he decided that the most effective way to offer Virginians real leadership — particularly on issues of economic fairness and national security — is from within the walls of Congress. On Jan. 4, 2007, Sen. Webb was sworn in as the commonwealth's 56th U.S. senator.

Born in St. Joseph, Mo., Sen. Webb is a descendent of the Scots-Irish settlers who came to this country in the 18th century and became pioneers in the mountains of Southwest Virginia. Both sides of his family have a strong citizen-soldier tradition; a sense of duty and service to one's country has been passed down through the generations.

First in his class of 243 at the Marine Corps Officers' Basic School in Quantico, Va., Sen. Webb served in Vietnam and was awarded the Navy Cross, the Silver Star Medal, two Bronze Star Medals and two Purple Hearts. He later taught at the Marine Corps Officer Candidates School, and then served as a member of the secretary of the Navy's immediate staff, before leaving the Marine Corps in 1972.

Sen. Webb received his J.D. at Georgetown University Law Center in 1975. He speaks Vietnamese and has done extensive pro bono work with the Vietnamese community dating from the late 1970s. He served in the U.S. Congress as counsel to the House Committee on Veterans' Affairs from 1977 to 1981. In 1984, he was appointed the inaugural assistant secretary of defense for reserve affairs. In 1987, he became the first Naval Academy graduate in history to serve in the military and then become secretary of the Navy.

In addition to Sen. Webb's public service, he has enjoyed a long career as a writer. He has authored eight books, including six best-selling novels, and has worked extensively as a screenwriter and producer in Hollywood, Calif. He taught literature at the Naval Academy, has traveled worldwide as a journalist and earned an Emmy for his PBS coverage of the U.S. Marines in Beirut. In 2004, Sen. Webb went to Afghanistan as a journalist, embedded with the U.S. military.

Sen. Webb now serves as the junior senator from Virginia. On Day One of the 2007 legislative session, he launched his career in the Senate by introducing a GI bill (S.22) designed to provide veterans who have served since 9/11 a level of educational benefits identical to those received by the veterans of World War II.

He is also an original co-sponsor of bills pertaining to stronger ethics rules, prescription drug pricing negotiations, the recommendations of the 9/11 Commission, stem cell research, energy/global warming, college affordability and rebuilding the military. Sen. Webb serves on the Committee on Foreign Relations, Committee on Armed Services, Committee on Veterans' Affairs and the Joint Economic Committee.

He is the proud father of children Amy, Jimmy, Sarah, Julia, Georgia (born just weeks before he took the oath of office) and stepdaughter Emily. He lives in Arlington, Va., with his wife, Hong Le Webb.

Edward A. Wayne Medal

2007 Recipient
Henry S. Becker

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Awarded by the President at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of Virginia Commonwealth University in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.

Henry S. Becker
Edward A. Wayne Medal

Henry Becker is the president of the North America operations of Qimonda, a semiconductor company focused on DRAM memory solutions. Formerly a part of Infineon Technologies, Qimonda was launched in 2006 with 11,000 employees globally and is publicly traded on the New York Stock Exchange (ticker symbol QI). As regional president, Mr. Becker leads a team of 2,800 employees based across the U.S., including Richmond, Va., Raleigh, N.C., Burlington, Vt., and San Jose, Calif.

An electrical engineering graduate of Ohio State University, Mr. Becker began his 22-year career in semiconductors at Motorola in its radio frequency division, developing a variety of wireless products, from cellular and radar systems to walkie-talkies. He held several engineering positions at Motorola facilities in Phoenix and Austin, Texas.

In 1996, Mr. Becker joined a team of Motorola and Siemens managers tasked with developing a new, large-scale silicon manufacturing facility in the eastern part of Richmond. This \$1.5 billion fabrication plant, named White Oak Semiconductor, opened in 1998 developing memory chips for PCs. A founding member of this joint venture, Mr. Becker held positions in engineering, manufacturing and facilities management at White Oak.

When Siemens assumed full ownership of the fab from Motorola and spun off its semiconductor business as Infineon Technologies, Mr. Becker was soon named managing director for the site. Under his leadership, the Richmond team launched a second fab in 2004 and broadened their product portfolio beyond PCs to meet demand for new applications like servers, digital TVs, video game consoles and portable electronics. Semiconductors now rank as the No. 1 export in the state of Virginia.

In addition to growing Infineon's business in Richmond, Mr. Becker also helped forge close ties with the local community. Recognizing the industrywide need to promote math and science initiatives in education, he led the company's support of the FIRST Robotics program in Richmond, sponsoring teams in multiple high schools and providing technical mentors for the students. Mr. Becker and the Richmond staff also worked closely with Virginia Commonwealth University on a number of initiatives promoting engineering and technology-based degree programs. He has served as chairman of the FIRST Robotics advisory board, a member of the VCU School of Engineering Board of Trustees and a member of the Henrico County Public School Foundation.

After a decade living in Richmond, Mr. Becker relocated to Raleigh, N.C., in 2006, where he currently resides with his wife and two children.

Edward A. Wayne Medal

2007 Recipient
Sam Kornblau

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Awarded by the President at Commencement, the medal is named in honor of Edward A. Wayne, who was chair of the commission that led to the establishment of Virginia Commonwealth University in 1968 by the Virginia General Assembly. Mr. Wayne served as the university's first vice rector.

Sam Kornblau
Edward A. Wayne Medal

Sam Kornblau has been involved in the real estate development business in North Carolina, Virginia and especially in the Richmond, Va., area, for more than 60 years. He began his real estate career in Richmond after returning from World War II in 1946 to work for Julian Meyer. After Mr. Meyer's death in 1949, Mr. Kornblau and John E. Grigg formed Grigg and Kornblau, a long-term business partnership that lasted until 1969.

Their partnership evolved into Realty Industries Inc. in 1971 with a public stock offering. Realty Industries was a diversified real estate enterprise that operated primarily in single-family residential, apartment and commercial construction and development. In 1985, it merged with Old Dominion Real Estate Investment Trust to create United Dominion Realty Trust Inc. Mr. Kornblau served as vice chairman of United Dominion Realty Trust until 1992 when he reached the mandatory retirement age of 70.

Currently, Mr. Kornblau serves as chairman of the board of SAMCO Development Corp., which he formed in 1985 as a holding company for apartment properties he had developed, and would develop, and to handle small-business enterprises.

Mr. Kornblau is a member of the Henrico County Economic Development Authority Board of Directors and is a former member and chairman of the Virginia Housing Development Authority Board of Directors. He has held leadership positions in Congregation Or Atid, Temple Beth El and the Jewish War Veterans. One of his notable charitable projects in the Richmond area is the Helen and Sam Kornblau Religious School of Congregation Or Atid.

In 2006, Mr. Kornblau made a significant investment in the future of Virginia Commonwealth University by making a generous \$2.5 million gift. This gift is being used to establish The Kornblau Institute as a permanent endowed fund within the VCU School of Business to support real estate-related research, teaching and service.

Mr. Kornblau is married to the former Helen Silver, and they have three children and six grandchildren.

The Edward A. Wayne Medal was established in 1971 to honor individuals who have made outstanding contributions or provided exemplary services to Virginia Commonwealth University. Awarded by the President at Commencement, the medal is named in honor of Edward A. Mr. Wayne served as the university's first vice rector.

W. Baxter Perkinson Jr., D.D.S.,
and Elaine N. Perkinson
Edward A. Wayne Medal

For more than 25 years Baxter and Elaine Perkinson have given tirelessly of their time and talents in service to their community. Dr. Perkinson, who began painting watercolors in 1980, has become one of the most renowned landscape artists in Virginia. Together, the Perkinsons have organized one project after another in donating these paintings to charitable causes.

Often hosting fundraisers in their home, the Perkinsons' philanthropic efforts have benefited innumerable churches, schools and other nonprofit organizations, including the Maymont Foundation, the Science Museum of Virginia, the American Heart Association and the Virginia Commonwealth University Walter and Inger Rice Center for Environmental Life Sciences. The Perkinsons have never sold a painting for profit and give away approximately 500 paintings a year. To date they have raised more than \$4.5 million for charitable purposes.

A graduate of the School of Dentistry at VCU, Dr. Perkinson has practiced dentistry in the Richmond area for more than 30 years and is the founder of Virginia's largest dental practice. He also is a full clinical professor in the VCU School of Dentistry. In recognition of Dr. Perkinson's years of support to the school, the VCU Board of Visitors recently approved naming the new dental school building in his honor.

Dr. Perkinson is a former member of the VCU Board of Visitors, serving from 1996 to 2004 and as Rector from 2002 to 2004. He also is a former member of the Intellectual Property Advisory Board. He currently serves on numerous boards at VCU including the VCU Health System Authority Board, the Rice Center Board of Trustees and the School of Dentistry Advisory Board. He is a member of the VCU Massey Cancer Center Campaign Committee and the Anderson Gallery Campaign Committee.

Elaine Perkinson graduated from Westhampton College with a degree in biology and attended graduate school in biochemistry at the Medical College of Virginia. In addition to raising four children and managing the family's extensive volunteer efforts in the community, Mrs. Perkinson is an artist and a sculptor and enjoys playing the flute.

All of the Perkinson children graduated with degrees from VCU — three are dentists in practice with their father and one is a nurse practitioner.

The Perkinsons, who have been married for 42 years, have two granddaughters.

Presidential Medallion

2007 Recipient
Carl R. Fischer

The Presidential Medallion was established in 1984 by the Virginia Commonwealth University Board of Visitors to honor the outstanding contributions of members of the university community. Awarded by the President at Commencement, the award recognizes these individuals for extraordinary achievement in learning and commitment to the mission of VCU.

Carl R. Fischer
Presidential Medallion

Carl R. Fischer came to Virginia Commonwealth University in 1986 as chief executive officer of MCV Hospitals. In 1992, he also was named associate vice president of health sciences. In 2000, he became executive vice president for corporate functions of the newly formed VCU Health System, which was created to integrate the functions of MCV Hospitals and MCV Physicians.

Mr. Fischer is credited with guiding the modernization of MCV Hospitals through several major building projects, including a new Ambulatory Care Center, the Massey Cancer Center at Stony Point and the Gateway Building. He also was instrumental in the formation of the MCV Hospitals Authority, which was established in 1996, and which created new opportunities to enhance patient care and to become more competitive in the health care marketplace.

Before coming to Richmond, Va., Mr. Fischer served as executive director of clinical programs for the University of Arkansas for Medical Sciences from 1980 to 1986 and as the executive associate administrator of the University of Cincinnati Medical Center from 1977 to 1980. From 1968 to 1977, he worked at the Yale-New Haven Hospital in positions of increasing responsibility, culminating in his serving as the associate director from 1975 to 1977.

Mr. Fischer was a founding member of the University Hospital (now HealthSystem) Consortium, which became one of the most successful business initiatives in the delivery models of academic medicine over the past 15 years. During his tenure as chairman of the board with UHC, he led the consolidation of the consortium's supply-contracting function with Voluntary Hospitals of America to form a new organization, Novation, which is now the leading health care supply purchasing company in the world.

Mr. Fischer has served as a member of numerous boards, including the Virginia Hospital Association, the Central Virginia Health Planning Agency, the Council on Accreditation of Nurse Anesthesia Education Programs and the MCV Physicians Board. He also was a consultant of the National Institutes of Health Clinical Research Centers.

Mr. Fischer is a graduate of Wagner College, where he received a Bachelor of Science in Nursing in 1964. He received a Master of Science in Nursing from State University of New York in 1966 and a Master of Public Health in Hospital Administration from the Yale University School of Medicine in 1968.

Mr. Fischer is married to Lynn E. Fischer and the couple has four children.

Presidential Medallion

2007 Recipient
Hugo R. Seibel, Ph.D.

The Presidential Medallion was established in 1984 by the Virginia Commonwealth University Board of Visitors to honor the outstanding contributions of members of the university community. Awarded by the President at Commencement, the award recognizes these individuals for extraordinary achievement in learning and commitment to the mission of VCU.

Hugo R. Seibel, Ph.D.
Presidential Medallion

Dr. Hugo R. Seibel, professor emeritus in the Virginia Commonwealth University School of Medicine, served as a faculty member at VCU for 37 years from 1967 to 2004. He began his career at VCU as an assistant professor of anatomy and achieved the rank of associate professor in 1970 and professor in 1976. He became the assistant dean of medicine in 1984 and the associate dean in 1987, where he served until his retirement.

In addition to his professorship, Dr. Seibel was the director of electron microscopy from 1967 until 1984, the director of graduate studies from 1976 to 1984 and the year-one curriculum coordinator in the School of Medicine from 1976 until 1987.

After more than 30 years of teaching anatomy to first-year medical students, Dr. Seibel achieved legendary status as an exceptional educator. In celebration of his contributions, a teaching professorship in the amount of \$250,000 is being established that will carry his name. The professorship — the first in the medical school to be created solely in support of teaching — will generate an annual award that will be used to supplement the salary of a pre-eminent teacher.

In 2003 Dr. Seibel and his wife, Dr. Edith Seibel, established the annual Edith and Hugo Seibel Award to honor a first-year medical student for excellence in gross anatomy.

Dr. Seibel is the recipient of numerous awards, including the J. Shelton Horsely Research Award in 1985, the AOA J. Glaser Distinguished Teaching Award in 1998 and the Council of Higher Education's Outstanding Faculty Award in 1999. He was awarded the Outstanding Teacher award eight times by medical classes from 1974 to 1986. He was the recipient of the Golden Apple Award four times from 1988 to 2001. In 2001, the award was renamed the Hugo R. Seibel Award.

Dr. Seibel completed pre-doctoral work at the University of Cincinnati, School of Medicine, in 1965. He received his Ph.D. from the University of Rochester in 1967.

Academic Costume

The academic costume worn at American college exercises derives from the Middle Ages. The oldest universities of northern Europe, such as Paris and Oxford, grew out of church schools, and both faculty and students were regarded in the Middle Ages as a part of the clergy. They wore clerical habits, largely borrowed from the monastic dress of that day, not just on special occasions but as their regular attire.

The head covering of the academic costume developed from the skull cap worn by the clergy in cold weather to protect the tonsured head. In the universities, the skull cap acquired a point on top, which evolved into a tassel. The bonnet with tassel is still worn by degree holders of European universities. In America, it has been replaced by the familiar mortar board, which still retains the medieval tassel.

The hood (the medieval caputium) was originally a covering worn over the head in bad weather, otherwise dropped on the shoulders as the monk's cowl. At first it was worn by faculty and students alike, but in the early 16th century it was restricted to graduates, thus becoming the mark of a degree holder. Today, each college has its distinctive hood lining by which its graduates may be recognized in academic processions. Graduates from Virginia Commonwealth University may wear a hood showing a black chevron on gold background.

The gown comes from the medieval robe and seems to have been borrowed from the habit of the Benedictine monks. In the Middle Ages, undergraduates, bachelors and masters could be

distinguished by the simplicity or intricacy of their gowns. The doctor's gown was often furred, which survives today in the ornamentation found on the doctoral gown. Usually the gown is black, but some colleges have gowns of different colors.

The wide velvet borders extending down the front of the doctoral gown, the velvet bars on the sleeves, and the borders of most hoods are colored according to the scholarly field of the wearer.

University Medallion

Serving as a perpetual symbol of Virginia Commonwealth University, the University Medallion is worn by the president at ceremonial occasions. The Egyptian Building, a historical and architectural landmark on the MCV Campus and the oldest medical education building in the south, is the centerpiece of the medallion. Egyptian hieroglyphics and images surrounding the building stand for medicine, the arts, the home, the community, writing and wisdom, measures and numbers, time, knowledge, and the sciences. These images represent VCU's mission of teaching, research, public service and patient care.

Recipients of Degrees

Because of rigid time requirements, this program must be printed before the final list of degree candidates and final graduation honor status for undergraduate students can be determined. The exclusion of the name of a student is not to be taken as indication of official status as a nongraduate, nor is the inclusion of a name of a student to be taken as certification of official status as a graduate. Only undergraduate students are eligible for honors designations. These designations do not apply to the degrees received by graduate students.

University Honors and Awards

Virginia Commonwealth University is committed to excellence in teaching, research, public service and patient care. To realize and recognize academic excellence is VCU's highest priority and the Honors College was established to help fulfill this objective by meeting the needs of academically talented undergraduate students.

University Honors and Awards

Students Graduating with the Award of University Honors

VCU bestows the accolade of "graduation with University Honors" on graduating seniors who have attained distinction through impressive achievement in course work as well as other formal and informal educational experiences. To merit this distinction, students must complete a rigorous honors curriculum, excel in their academic work and submit an academic dossier that reflects their commitment to learning in the best university tradition. Their petition to graduate with University Honors must be approved by the Honors College Council. The medallions worn by these students at Commencement recognize this achievement; this distinction also is noted on the students' official transcripts and on their diplomas.

The Honor Society of Phi Kappa Phi

Phi Kappa Phi is a national honor society founded in 1897. The Virginia Commonwealth University chapter was established in 1976. The primary objectives of the society are to promote the pursuit of excellence in all fields of higher education and to recognize outstanding achievement by students, faculty and others through election to membership and various awards for distinguished achievement.

Phi Kappa Phi typifies the honor society's ideal characteristic of American higher education, for it exists for the dual purpose of recognizing and honoring those students who attain high scholastic achievement and encouraging those students who are capable of doing so.

Phi Kappa Phi is unique because it recognizes scholarship in all academic disciplines and does not restrict membership to a specific field. Its interest and eligibility are extended across all subjects offered at the modern university and, by so doing, the society highlights the importance of appreciating and understanding more than a single limited specialty.

The chapter also awards undergraduate and graduate scholarships to VCU students. This year the chapter will give \$82,000 to 49 students.

Virginia Commonwealth University

Virginia Commonwealth University is supported by Virginia to serve the Richmond area, the state and the nation through teaching, research, service and patient care.

VCU offers comprehensive undergraduate, master's, doctoral and professional programs and encompasses one of the largest academic health centers in the nation. With more than \$210 million a year in sponsored research funding, VCU is designated as a research university with high research activity by the Carnegie Foundation. Its centers and institutes of excellence — involving faculty from multiple disciplines in public policy, biotechnology and health care discoveries — support the university's research mission.

More than 30,000 students pursue 196 degree and certificate programs through the university's 15 schools and one college. VCU has a full-time faculty of more than 1,700 who are nationally and internationally recognized for excellence in the arts, business, education, engineering, the humanities, the life sciences, social work and all the health care professions. With an annual budget of \$1.9 billion and with approximately 17,000 employees, VCU and the VCU Health

System also have a significant impact on employment and spending in the Richmond region.

VCU students and faculty can be found in locations around the state and around the world. VCU is the only state institution offering an accredited Master of Social Work program in Northern Virginia. The School of Medicine has collaborated with the Inova Health System in Northern Virginia as well to establish the VCU School of Medicine-Inova Campus for third- and fourth-year medical students. And, the university is in its sixth year of offering bachelor's degrees in graphic, fashion and interior design at the School of the Arts in

Qatar. In 1998, the university and the Qatar Foundation for Education, Science and Community Development entered into an agreement to establish the school at the request of the Qatar government.

VCU has been engaged in a long-range strategic planning effort that has resulted in such initiatives as a visionary master site building plan, the Virginia BioTechnology Research Park, the School of Engineering, the Carver-VCU Partnership for neighborhood development and VCU Life Sciences, a comprehensive undergraduate and graduate program incorporating all aspects of the university's academic and clinical missions in teaching, research and public education.

VCU's long-range planning also has sought to protect the future of the clinical health care mission, including providing top-quality patient care, indigent-care services and support for the teaching and research mission. The result is VCU Health System, which was established on July 1, 2000, and brings together MCV Hospitals, MCV Physicians, Virginia Premier Health Plan and University Health Services.

VCU and VCU Health System have been honored with more than a decade of national recognition for its top-quality graduate, professional and medical-care programs by U.S. News & World Report; local, regional and national guides to the best hospitals and best doctors; and professional societies and journals. The university also has been recognized for leadership in community and economic development in the 2002 report, "Leveraging Colleges and Universities for Urban Economic Revitalization: An Action Agenda," by CEOs for Cities and the Initiative for a Competitive Inner City. The report featured VCU, along with Columbia University, as a case study.

Congratulations to all!
