The second UK Conference to Address Clinical Skills in Children's Nursing Education.

The Cardiff School of Nursing and Midwifery Studies at Cardiff University is one of the first UK Universities to have developed a dedicated, child centred, clinical skills laboratory for the education of undergraduate and postgraduate students.

This conference aims to share and debate development in the teaching of clinical skills within children's nursing education, utilising a simulated clinical environment.

Lunch is sponsored by Laerdal Medical which allows us to offer this conference at a reasonable price of £25.00 per head.
