The European Association for Research in Industrial Economics (EARIE) is a professional society for academics and practitioners with an interest in the scientific field of Industrial Economics. EARIE, d in 1974, has a long tradition as a scientific association. The 30th Annual Conference of EARIE will take place in Helsinki, 24-26 August 2003. In line with the traditions of EARIE the Helsinki conference will consist of a balanced combination of invited plenary talks by recognized scientists in the field (Bengt Holmström, Margaret Slade, Hal Varian, Lars-Hendrik Röller) as well as of contributed submissions organized into parallel sessions.
