### Cattle Enterprise Budgets

- 1/ January bred cow inventory.
- 2/ Heifers that replace cows lost and cows culled so herd size is maintained.
- 3/ Includes both Forest Service and Bureau of Land Management grazing fees.
- 4/ Includes leases on Indian land, industrial forests, grazing associations, City and County lands, railroad lands, etc.
- 5/ Beef cattle concentrate 32-36 percent protein.
- 6/ Includes purchase and sales commission, brand inspection, health certificates, yardage, etc.
- 7/ Includes general farm expenses as telephone, organization dues, professional fees, etc.
- 8/ Includes real estate, personal property, vehicle use fees, and miscellaneous taxes.
- 9/ Interest is charged for only months when money is in use.
- 10/ Family labor is priced at the same rate as hired labor and does not account for management.
- 11/ Assets are valued at current replacement cost and then treated in the same manner as depreciation.
- 12/ Interest on investment is based on original purchase price.
- 13/ Interest is based on current market price for real estate.
- 14/ Return above cash costs and family labor minus capital replacement.
- 15/ Return to total investment minus interest on investment other than land.
- 16/ An animal month (AM) is a cow with a calf under six months old, a dry cow, or a calf or yearling over six months old.
- 17/ An animal unit month (AUM) is equal to 300 pounds of total digestible nutrients.

SHEEP ENTERPRISE BUDGETS

- 1/ Based on a 1982 wool support price of \$1.37 per pound and a national average market price of \$.684.
- 2/ Based on 80 percent of the difference between the support price and the national average market price for wool multiplied by 5 pounds which is the estimated average wool production per hundredweight of live lamb.
- 3/ Includes all pasture and rangeland leased other than federal grazing land.
- 4/ Includes all selling and purchase costs other than transportation.
- 5/ Ram death loss is a cash expense since it is incurred annually and requires direct cash outlays.
- 6/ Includes association dues, wool storage, predator control, legal and accounting fees, and utilities other than electricity.
- 7/ Includes both real estate and personal property.
- 8/ The sheep enterprises share of general farm expenses.
- 9/ Interest is calculated for only the time money is in use by the enterprise.
- 10/ Family labor includes work done by the operator or other family members. Family labor is valued at the same price as hired labor.
- 11/ Depreciation is based on current replacement cost of assets instead of original purchase price.
- 12/ Interest on investment is based on original purchase price.
- 13/ Interest on land is based on current market price.
- 14/ Return above cash costs and family labor minus depreciation.
- 15/ Return to total investment minus interest on investment other than land.
- 16/ Average month for wool marketing.
- 17/ Average month for lamb marketing.
