The regional North-American ESA meeting will be held at the Westward Look resort, Tucson, from Thursday November 12 (reception) through Saturday November 14. The theme of this year's conference is the connection between theory and experiments. We are delighted to announce that John Kagel (Ohio State) and David Levine (Washington University) have agreed to deliver keynote lectures. John Kagel "How Theory Can Inform Experiments (and vice versa)" David Levine "How Experiments Can Inform Theory (and vice versa)"
