President's Message

Bruce Lindsay, President presented the following remarks:

The past two years in office have been very enjoyable and rewarding. I have made a lot of new friends and received a high degree of cooperation. In fact, the past two years have seemed like a dream.

In 1972, I joined our Association as a graduate student at the University of Massachusetts and attended my first annual meeting at the University of Rhode Island. Throughout the ensuing years, I presented papers, published in our Journal, served on committees, and chaired paper sessions as part of being an Association member. I never had aspira-

tions for serving as an officer. When I was asked to run for President-Elect, I felt this to be professionally something very special. I would encourage our membership to get involved in Association activities. You will find it to be rewarding both on professional and social levels.

I would like to thank my departmental chairperson, Ed Jansen, for allowing me a flexible schedule to handle my Association responsibilities. I also thank Dave Storey and Marilyn Altobello for the help they provided in organizing last year's annual meeting at the University of Massachusetts. Appreciation is extended to Past President, Virgil Norton, for allocating a large amount of time to our Association. I also extend a thank you to Secretary-Treasurer, Mary Templeton for dedication to our activities and the advice she has extended to me. I would also like to acknowledge the assistance given

to me by Lee Day and Steve Hastings in carrying out my responsibilities.

I wish President Hastings a good, productive year and look forward to helping him. Thank you members for making my two years in the office very rewarding.

There being no new business, Bruce Lindsay turned the gavel over to Steve Hastings the New President. Steve solicited volunteers for NAREA committee appointments, nominations for Distinguished and Honorary Life Members Awards and items for the Newsletter.

The meeting was adjourned at 4:15 pm.
