## 2010

22 – 24 June, 2010  
Ettington Chase,  
Stratford-upon-Avon, England

[www.cm-mfpt.org](http://www.cm-mfpt.org)

A Conference and Exhibition organised by  
The Condition Monitoring Technical Committee of  
The British Institute of Non-Destructive Testing

## ABOUT THE CONFERENCE

The conference is the seventh in the series of condition monitoring conferences organised by the Condition Monitoring Technical Committee of The British Institute of Non-Destructive Testing, the UKAS-accredited body responsible for the PCN Certification Scheme.

The 2010 Conference will take place at Ettington Chase, a four-star venue just outside Stratford-upon-Avon with an excellent reputation for quality service, food and drink, as well as outstanding conference facilities.

The programme will include:

- Plenary presentations
- Specialised keynote presentations (for structured session organisers)
- Invited presentations
- Expert panel sessions
- Exhibition and vendor presentations
- Social events

## SUBMIT AN ABSTRACT OR FULL PAPER

Papers are welcome on any aspect of condition monitoring or related disciplines and should be submitted online. Students may wish to enter the Best Student Paper Competition and can do so via the website upon submission of their abstract or full paper.

Guidelines for authors will also be available on the conference website:

[www.cm-mfpt.org](http://www.cm-mfpt.org)

## STRUCTURED SESSIONS, PANEL SESSIONS AND WORLD LEADING SESSIONS

Brief proposals for structured sessions, world leading sessions and expert panel sessions should be submitted by recognised professionals via the conference website on any aspect of condition monitoring or related disciplines.

Discounted registration fees are available for people organising these sessions in recognition of the hard work involved.

[www.cm-mfpt.org](http://www.cm-mfpt.org)

## THE VENUE

Ettington Chase is a four-star hotel set in 11 acres of landscaped grounds, located just outside England's famous Stratford-upon-Avon, birthplace of William Shakespeare.

Stratford-upon-Avon is a market town with more than 800 years of history, containing not only many buildings that survive today and would have been familiar to Shakespeare, but also a thriving community offering a wide variety of leisure and shopping experiences.

The conference venue offers state-of-the-art facilities and the space to enjoy the conference in a relaxed and professional environment. Free high-quality Wi-Fi will be available within the conference area to all delegates.

## ACCOMMODATION

BINDT has secured a limited number of bedrooms at Ettington Chase for an excellent discounted rate. Please see our website for further details of how to take advantage of these rooms.

Alternative accommodation will be available nearby, again please see our website for further details.

[www.cm-mfpt.org](http://www.cm-mfpt.org)

## SOCIAL PROGRAMME

The social programme provides you with the perfect opportunity to experience Stratford-upon-Avon as well as to network with other conference attendees and forge useful alliances with other people in the condition monitoring industry.

Visitors to the conference are invited to participate in a guided tour of Stratford. On the final night of the conference there will be a gala dinner, with fine food and wine being served in a friendly, relaxed setting.

## ATTENDANCE PACKAGES

Delegate registration is available for both part-time and full-time attendance, with several discounts available. The full-time fee covers your attendance at all sessions, including coffee breaks, meals and evening entertainment.

Exhibition packages are available at highly competitive rates. Companies wishing to take a more high-profile role at the conference are welcome to apply for a sponsorship package.

Full details are available on the conference website:

[www.cm-mfpt.org](http://www.cm-mfpt.org)

## FIVE REASONS WHY YOU SHOULD ATTEND

- Highly competitive attendance fees in respect of the current financial climate
- The event provides you with a unique opportunity to network with academics and industrialists from all over the world
- Leading figures in the field of condition monitoring will be presenting at the conference, ensuring that you learn something useful from attending the event
- An attractive social programme means that the event will be both informative and entertaining
- Exhibitors will be displaying state-of-the-art equipment and services, essential tools to stay current in a competitive market
